Mrs. Frank Palmer, of Adrian, has been spending a few days with her mother, Mrs. Carrie Whitmarsh, and attended the social Friday evening.

Mr. and Mrs. Ira Philo and daughter, Hazel, and Mr. and Mrs. Oliver Jones of Adrian, were callers at Mrs. Bowerman and Mrs. Lewis, Sunday.

Dr. Bell, of Detroit visited Saturday and Sunday at the home of Mr. and Mrs. John McElroy. Miss Irene McElroy occompanied him home Sunday evening.

Mr. and Mrs. W. P. Rainey and son, Eryl, motored to Detroit the first of the week to visit Mrs. Rainey's sister, Mrs. Gale Fisher, and husband. Miss Marjory, who has been spending some time there, returned home with them.

Mr. and Mrs. Robbins of Detroit have been visiting Mrs. Wm. Preston and Clifford. Mrs. Robbins was formerly Miss Francis McWilliams, and has often visited here. They were married Thursday evening and were on their wedding trip.

Mr. and Mrs. Tommie Kerr received word that their daughter, Miss Murita, is sick of appendicitis in New Mexico. She with her sister, Zura, have been there for some time for Murita's health. She may be brought to Ann Arbor for treatment. Mrs. Kerr who spent the winter there with her daughters, returned home a few weeks ago.

But the chicken hearted man crows only in his sleep.

May Be Old Man Before Returning

Corporal E. G. Church, In Germany With U. S. Forces, Sends Newsy Letter to His Mother.

It is feared by Corporal Ernest G. Church of Tecumseh that he will be an old man before he is sent back from over seas by the officials of the United States war department, he telling of there being no likelihood of his early return in an entertaining letter to his mother, Mrs. George Church. Corporal Church is now at Coblenz, Germany, with the American army of occupation, he being a member of Company D, Fifty-Eighth infantry.

He says the indications are that he will not be home for a long time, the latest word in regard to this matter not being of an encouraging character.

Corporal Church is now battalion librarian, and thoroughly enjoys the work, as it relieves him of guard and drill duty. He speaks in the highest terms of the war work done by the Knights of Columbus.

In part his newsy letter is as follows:

Coblenz, Germany.
June 15, 1919.

Dear Mother:

Just a few lines to let you know that I am feeling fine and dandy. It has been awful hot here the past week, but it cooled off yesterday and today. We had a few light thunder showers night before last, which is practically the first rain in over a month and a half. This part of the country is in bad need of rain, although the showers the other night did a little good, it was just like a drop in the bucket. Today is one of the most beautiful days we have had yet on the Rhine, the sun is shining bright, the air is refreshing and just warm and nice for comfort. Nobody in the world could ask for a nicer day even a poet would not ask for anything better, in describing a beautiful day, because it equals anything that his imagination could ever bring out.

Well I think I had better get off this beautiful weather stuff, or you will think that I am enjoying myself over here, in the land with the square heads, as we call the Germans. The Germans are a jolly people and they seem to use us pretty good, but we have got to remember the terrible crimes they have committed in the past war. They thought their crimes were wonderful and perfectly all right and rejoiced over them, while they thought they would win the war, but now they are pleading for sympathy and say they are not responsible for their crimes, which were committed under the Kaiser's government. Its not so, they simply rejoiced in committing them and now they must take their medicine, the only trouble is, the medicine isn't strong enough for the damage they have done and the terrible conditions that they have brought upon the world.

Well, I am almost forgetting myself, I am on the third page now, and have not mentioned anything about father and you, when your last letter states that both of you are cripples, you are certainly having troubles enough. Our old home must almost resemble a hospital, with you laid up with a bum hand and rheumatism in your knee and hip, while father is marking time with a bullet wound in his leg. I think both of you had better be careful because I am a long way from home, and it don't look as if we were ever coming home. Father must look funny going around with crutches and you with your hand done up and limping around with your rheumatism.

I think you will be alright by the time I get home, because I will be an old man by the time I get home. It makes me tired when I read about the national army being home, it was just again yesterday that I read in the paper, that the war department announces, now that the northern army, is home, the regular army is the only one left in the A. E. F., while this Fourth Division may be a regular outfit, it is composed of 92% drafted men, with only 8% regular enlisted men, and still the National army is all on its way home. Today's paper is not very encouraging for us over here, when we read that the war department will open a big campaign to obtain 50,000 men to serve in the army of occupation. I don't know where they will get them from, after so many have gone home from here, telling everybody how they are used over here. I supposed all along that the ones that they have been enlisting the last three months, were to relieve us, but I find that they are being sent to the Phillipines and other posts of the American army. Its enough to make any one crazy, when we read farther down in the same article that the war department announcement gives no promise of relief from European service of the regular army units which now make up the Third army. It furthermore says that educational advantages in the army today are to be played as a strong feature in the new recruiting campaign. I don't see how they can use that when all the army, divisional and post schools were closed a week ago. I lost my job as instructor when they closed, but I have got another good job, as librarian for our battalion, which still excuses me from all formations of my company. I can tell you it seems good to get out of drill and guard duty, which no one likes to do. I remember what you used to say before I came into the army, that you would worry when I got into it and did guard duty, because I was so fond of sleep, and that I would have a time keeping awake. I have been on guard a good many times, although it was quite a struggle to keep awake, I have always managed to keep awake, but you don't have to worry now as long as I am on special duty.

I suppose you think it funny that I am writing on the Knights of Columbus paper, but I am here to tell you that they are the best organization over here for the benefit of the soldiers. Our chaplin, Father Sherron, he is a grand man, and I like him very much. I have been under him, while I was instructor, and now he has charge of the library. He was the battalion school officer and now he has charge of the library, So he is good to me, getting me on special duty which is a snap, and which the army term is "gold bricking." The K. of C. never charge a soldier for anything, they have never been known to charge for anything. We get doughnuts very day from the K. of C. doughnut factory and all we can eat. Their factory puts out 60,000 doughnus a day, some output, I'll say. They give us candy, cigarettes, smoking tobacco, soap, lemonade, writing paper and newspapers.

Well I think I have written enough this time, it isn't very often that I open up like this, but I feel like writing today, and you know that I don't feel like that very often, so I thought I would get busy.

Tell father he can write more often now, as he has got more time at present, while he is laid up. I will write him tomorrow or next day. I owe several letters, but it seems that I write real often, but I can never catch up.

Give my best to all my friends and I hope you and father will soon be well and dandy. Its no fun to be laid up this time of the year.

With all the best wishes, I remain

Your loving son,
Ernest.

Cpl. Ernest G. Church, Co. D 58th Infantry, Amer. Ex. F., Germany, A. P. O. 927.

Keep the Children Well

To keep the little ones well, sturdy and happy, free of coughs, colds, croup, little fevers and inflamed throats, use

Foley's Honey and Tar.

It is carefully made of selected remedies that loosen and break up a cough, stop croup and ease an aching inflamed throat, and it is clean of all narcotics.

The prompt use of Foley's Honey and Tar is very helpful for whooping cough, and the restless feverish state that attends children's diseases.

M. T. Davis, Bearsville, W. Va., writes: — "One of my patrons had a small child taken with croup. They came to my store and bought a bottle of Foley's Honey and Tar and before morning the child was entirely recovered."

For sale everywhere in Tecumseh.

HAS UNIQUE EXHIBIT

Elmer Lockwood Displays Mounted Birds, Bugs, etc., Interested Crowd.

Elmer Lockwood, the ornithologist, had an exhibit of birds, bugs and small animals in the old post office building last evening which was a revelation. It represented years of work and the 400 birds were mounted beautifully, Mr. Lockwood has arranged a painted background and on it placed his specimens mounted on twigs or on imitation rocks. The bugs, moths, butterflies and worms [illegible] into the thousands. Another feature shows the depredations of these little pests and how they would multiply were it not for our feathered friends.

Those who failed to see this exhibition [illegible] night missed a treat, both in interest and instruction.

BRADLEY OPERA HOUSE ATTRACTIONS

"A Modern Musketeer"

A film which has been advertised for some weeks and guaranteed to be the best picture Douglas Fairbanks ever made will be at the Bradley opera house Saturday evening, July 12. The picture is "A Modern Musketeer" and was produced partly in the depths of the Grand Canyon of Arizona and the scenic backgrounds are said to be the most wonderful ever seen in any movie feature.

"I will never forget 'A Modern Musketeer'" says Douglas Fairbank. "My proudest boast is that I didn't fake a scene—whether its scrambling to the pink peak of a church or diving to the drab depth of the Grand Canyon, I do it myself or it isn't shown. See 'A Modern Musketeer' on my personal guarantee that it is the best picture I ever produced and you will not be dissappointed.

Fairbanks plays the part of a young Kansas youth who has inherited from the mother, who was a great reader of Dumas) the chivalrous spirit of D'Artagnan; in fact, he is so chivalrous that the old man gets tired and, arming him with a "tin lizzie," instead of a trusty steed, starts him out in the world.

He finally lands out in the Grand Canyon of Arizona, where nature is supreme in its solemn grandeur, until Doug. puts "pep" into it, and has all kinds of trouble rescuing the fair lady of his heart.

Naturally this is where the fun starts, and they tell us confidenttially that Doug. got real sore because he couldn't jump across the Grand Canyon. It's a good picture from every possible angle, so come expecting to see the best picture Fairbanks ever made, take his own guarantee for it and ours added.

Norma Talmadge, Sunday Evening.

The patrons of the Bradley certainly have an excellent class of stars offered for their entertainment. On Sunday evening, July 13, Miss Norma Talmadge will be presented in her latest production "By Right of Purchase." Miss Talmadge is an exceptionally well liked star as is also her sister, Miss Constance, and when either of these favorites are offered the patrons of the Bradley are sure of an unusually fine picture and the management is sure of a good evening's attendance.

In addition to the main feature "By Right of Purchase," which by the way is in seven big acts, an exceptionally fine scenic production will be offered entitled "The Land of the Uklele" or a Visit to the Hawaiian Islands, which will prove very educational and entertaining to everyone.

Tecumseh Heroes Of the World War Form Organization

LOCAL UNIT OF AMERICAN LEGION NAMED UNDERWOOD-ORR POST, NO. 34.

Dr. H. H. Hammel Elected Commander and R. K. Anderson Adjutant; Charter Still Open Service Men Welcomed.

Underwood-Orr post, No. 34.

This is the name of the unit of the American Legion formed in Tecumseh last Friday night at an enthusiastic meeting of world war veterans held at Grange hall.

While the attendance was not overwhelming, it was fully as large as was expected and the fervor displayed bespeaks a successful career for the local organization of those who rallied to the colors when Uncle Sam needed champions of democracy.

The honor of being the first commander of the Tecumseh post of the American Legion was bestowed on Dr. H. H. Hammel, and R. K. Anderson was elected adjutant.

In the selection of the name for the post two heros from here, David Underwood and Wilford A. Orr were paid tribute, both of whom made the supreme sacrifice. Both were in the famous Thirty-second division which made such a remarkable record.

The charter of the Tecumseh post will not be closed until November and in the meantime the organization invites all those from this vicinity who served with the United States forces during the conflict in Europe to affiliate with the local unit, all being welcomed and urged to join.

The meeting at which the post was formed was called to order by R. K. Anderson, who explained why the session had been called and what the objects of the American Legion were. He said Tecumseh had already applied for a charter and that the number would be 34. Tecumseh, he announced, would be the first place in Lenawee to secure a charter. Mr. Anderson read the constitution of the Legion and pointed out what a great force the organization could be if all world war veterans would join and the aims and objects as set forth were energetically carried out. He remarked the Tecumseh post could be made a center where those who answered their country's appeal could meet and talk over their experiences in the service or out, that club rooms could be established, entertainments given of any method of recreation and pleasure adopted that the members of the organization desired. He said the post would be what the members made it. One point emphasized was the fact that the American Legion is for the enlisted man and that rank did not count. Former officers lose their title when they become members of the Legion, all in the organization being equals. After it was explained how the local post was to be conducted and that the principal officers would consist of a post commander, vice commander, adjutant and finance keeper, an election was held, resulting as follows:

Commander—Dr. H. H. Hammel.

Vice Commander — Louis Schneider.

Adjutant—R. K. Anderson.

Finance officer—Karl A. Braman.

Executive committee — John Clark of Clinton, for three years; Perry Satterthwaite of Tecumseh, for two years; Kenneth Pennington of Macon, for one year.

Then the question was taken up as to what name to give the post. No American Legion post can be named after a living person so the suggestion was made that the local organization be named after David Underwood and Wilford A. Orr, both Tecumseh lads and both of whom had sacrificed their all on the field of battle. The suggestion met instant approval and it was voted that Underwood-Orr post, No. 34, be the official designation of the Tecumseh unit of the national organization. These two courageous young men were members of apurely local unit having served with company B of the 126th infantry, which contained about forty from Tecumseh.

It was decided the dues from now until December 31, 1919, be $2 and the yearly dues thereafter be $2, with a similar amount collected as an initiation fee after the charter is closed.

The next meeting is to be held early in the fall and before that time an effort will be made to reach all those in this vicinity who participated in any way in the war on Prussianism, they to be asked to join the local post. The post extends a hearty invitation to all service men from the surrounding territory to affiliate with the Tecumseh unit, those interested being requested to communicate with Post Adjutant Anderson or any of the other officers of the new organization.

All branches of the service were represented at the meeting and there were former commissioned officers and buck privates, but here all were on an equal footing addressing each other by their given names, rank and official standing being obliterated. All present were provided with cigars and these and the exchange of trench and warship experiences helped to add a social touch to the gathering.

Among those present from out of town were Muri Boyd and John Clark of Clinton, and Kenneth Pennington of Macon. It was learned from Mr. Clark that Clinton contemplates forming a post.

Dr. Hammel had not arrived at the meeting when he was chosen post commander, coming later. He was given a rising reception and when informed he had been selected as the first leader of the new organization was surprised and deeply affected. The former medical officer said it was the highest honor the local post could bestow on a returned man and he would have preferred it be given one of the boys who served in the ranks and had shown his bravery, and not on a physician. John Clark of Clinton took exception to this statement, saying Dr. Hammel and other American medical officers who accompanied the British and United States troops in the early part of the war did heroic work and were entitled to every tribute that could be paid them. Dr. Hammel thanked the members for placing such confidence in him and assured them it was the highest honor ever paid him. He requested the co-operation of all and pledged himself to devote considerable time and effort to make the Tecumseh post one of the most active in the state. He called the attention of the gathering to the fact it was primarily through the efforts of R. K. Anderson that the Tecumseh post had been perfected, lauding the organizer highly for the big task he had so successfully and willingly accomplished.

Since the organization meeting was held the charter for the local post has arrived.

FREE SHOWS ARE OF A HIGH ORDER

Next Wednesday All-Music Program of Merit to be Presented.

Yesterday's street show was good, every act being a clever one.

The first offering was the Boyces' barrell jumping stunt, where the actor, tied in a bag and also blindfolded, jumped from the top of a barrel which was on two tables into another on the first table, then into a third on the floor and out again.

The second feature was the Alfred novelty musical act. The old farmer looking fellow smoking a log stemmed pipe began a story about being in Britton, when all at once he began to play on the stem of the pipe. His next stunt was a chime piece on a tiny accordian which he held part of the time in only one hand. His last instrument looked first like a toy one-wheeled wagon, but proved to be a one-stringed fiddle which he played with a wheel instead of a bow, but it made pleasant music nevertheless.

The last, Gehan and Gehan, were novelty acrobats and contortionists and presented some remarkable feats.

The Tipton band were the musicians.

For next week Manager Jones has promised Ike Fisher's orchestra of Ann Arbor and plans to give an all musical program, which is expected to be out of the ordinary.

In two weeks the Tecumseh ladies band will again appear.

ELMER BOYCE SUFFERS BIG LOSS BY FLAMES

Barn, 50 Tons Hay, 300 Bushels Wheat, Much Other Goods Burned.

Friday the large barn and silo on the farm of Elmer Boyce, about five miles northeast of town, was burned to the ground, including over fifty tons of hay, around 300 bushels of wheat, harness, wagons and many tools. One of the children, while at play on the back porch, noticed smoke coming from the barn and called to her father, who was at work in a nearby field. He came running, but flames seemed to break out in many places at once. The little girl and father got out the team, which was hitched in the burning building, and in so doing the father's hand and the face of one horse were burned quite badly. The loss is only partially covered by insurance. It is thought the fire was caused by spontaneous combustion.

The family has had much hard luck. Mr. Boyce and his brother, Ray, have an enviable reputation as apple growers, and only a few years ago a large section of their orchards was blown over in a cyclone and last season much of their crop was ruined by hail.

STORE AT CONE DESTROYED BY FIRE

Arthur Brukhart Suffers Heavy Loss; Engine Spark Blamed

Saturday at 11 a. m. the general store of Arthur Brukhart at Cone was destroyed by fire as also was the adjoining dwelling occupied by Mr. Brukhart and family. Both the building and stock belonged to Mr. Brukhart and only a small insurance was carried. A daughter and her five children resided in the rooms above the store and lost their clothing and household effects, they having no insurance.

Many of the goods which were taken from the burning building were stolen as they lay in the adjoining premises.

The fire, it is supposed, caught from sparks from a Wabash train, the buildings being along the right of way of the railroad. The remainder of the town was saved by the Milan fire department which went with to the escue with chemicals as soon as called.

Street Oiling And Auto Parking

IMPORTANT SUBJECTS BEFORE CITY COUNCIL

City Negotiating for Oiling Apparatus — Fire Hydrants in Business District Must be Accessible—Fire Truck Driver Hired.

Although there were only four members of the city council present besides President Hines and Clerk Coller, the regular meeting of that body Monday evening included some interesting business and discussions. The trustees present were Barrett, McCoy, Pulver and Campbell; the absent ones were Trustees Hendershot and Kemp, both being out of town.

Following the roll call and routine business, Geo. Hoag, assistant fire chief, asked the co-operation of the council in the matter of leaving accessible fire hydrants in the business district, suggesting that auto parking be prohibited for a distance of 25 feet each side of hydrants at the corners of the business district, especially on Wednesday and Saturday nights. Mr. Hoag further explained that 25 feet was none too much to properly and safely handle hose in case of fire, and for the safety of parked automobiles which might receive considerable damage from the action of the hose when pulled by the fire truck.

President Hines questioned the right of the village in allowing the filling of the streets with automobiles on Wednesdays, calling attention to the seriousness of such a condition in case of fire.

It was suggested that a space be left in the center of the street wide enough to allow the passage of the fire truck.

Trustee Barrett presented an amendment to the automobile ordinance prohibiting parking machines within 25 feet of the hydrants mentioned. The amendment was supported by Trustee Campbell and passed by a full vote of the members present.

Mrs. Jennie C. Law Hardy appeared before the council and presented a petition containing signatures of forty-one West Chicago street residents requesting that a street oiling ordinance be passed. Mrs. Hardy informed the council that the residents wished another application of the oil on their street, and mentioned the fact that only one resident refused to sign the petition and that all were pleased with the result thus far obtained. But the street now needed another application of oil and the residents were anxious that action be taken upon their petition. Perry Satterthwaite also presented a petition signed by Union street residents from Logan street to Bidwell street.

President Hines announced that he favored buying an oiling wagon now.

Two ordinances were presented, one a copy of the ordinance Clinton is operating under one drawn up by City Attorney Rathbun. The Clinton ordinance, the attorney explained, would not be desirable because it did not provide for a hearing to objectors to the improvement. The other ordinance would be effective, but would delay the work. He suggested that no ordinance be acted upon that night but the proposition should be given some thought—there might be a better way. The council may deem it advisable to buy a sprinkler and oil the entire city, taking the cost from the general highway fund. Another way he suggested is to procure a storage tank and oil as petitions are presented at a certain amount per foot frontage. Oiling the entire city would give us a dustless city next year, he said.

Trustee Pulver presented a motion that the president be authorized to get in touch with manufacturers of oil sprinklers with a view of purchasing and call a special meeting of the council. The motion carried. At a special meeting last evening the sprinkler was ordered purchased.

Trustee Barrett of the fire committee reported that he had an application from Barney McCaughen for driver and care taker of the fire truck at $70 per month, with the provision that council fix up the rooms in the council building.

Trustee Cambell introduced a resolution that a driver and caretaker of the fire truck be hired.

The resolution was adopted, President Hines appointed Barney McCaughen for the position and the appointment was confirmed by the council.

Auto speed law violations came up for discussion as did also violations of bicycle riders. These will be looked after more stringently.

There were seventy-seven births and sixty-three deaths in Lenawee county in May, 1919, according to the bulletin of vital statistics, which has just been received from Lansing. Cancer caused six of the deaths and the influenza four.

Tuesday afternoon Dr. H. H. Hammel and Nurse Lewis operated upon Lillian, the 10 year old daughter of Mr. and Mrs. Lewis Coller of Macon, for the removal of a tumor just above the eye. The little girl is coming on nicely, going through the ordeal like a little major.

Mr and Mrs. Fred Lines and daughter of Chicago, who have been visiting Mrs. Line's mother, Mrs Miles Baldwin, for two weeks, will return home Friday. They will stop in Kalamazoo enroute to visit relatives. Fishing and huckleberrying have been among the recreations the visitors from the Windy City have been enjoying while here, and from all reports they have been quite successful in both, hooking a number of the finny tribe and finding many lucious berries in the marshes in this vicinity.

Monday evening William Witherell suffered an accident which he came through fortunately. He was driving up the lane on a load of hay when some part of the wagon broke letting the load and driver off on the ground. Mr. Witherell landed on the top of his head, and was picked up in a dazed condition. Dr. Hammel was called and found a slight concussion of the brain, but the wonder is that the victim who is a large man, is not more seriously hurt. As it is he is much bruised and lame and has been confined to his bed since.

Miss Katherine Heesen is visiting Dundee relatives.

Mr. and Mrs. F. J. Heesen are in Detroit today, going for new Fords for Will Bly and Peter Melonakos.

Mrs. Raynor Lilley of New York City has been a guest of Col. and Mrs. A. S. Cummins for several days.

Mrs. Minnie Snell has returned from Petersburg accompanied by her sister, Mrs. Wise, and son who will visit relatives.

Mary Evangeline Wood of Howe, Ind., grandniece of Mrs. Mary Smeltzer, arrived in Tecumseh Monday for a visit.

Mr. and Mrs. Ed Lamb of Detroit and Mrs. Younglove of Chicago spent yesterday with Mrs. L. B. Thompson and Mr. and Mrs. A. S. Titus.

The Misses Albertine Mobbs and Anna McKendry have finished their course at the Detroit Business University and have excellent positions in that city.

Report coming from the bedside of Miss Elizabeth Satterthwaite who was operated upon last week in Ann Arbor, give her condition as improving steadily.

The Misses Geraldine and Frances Gillespie returned last evening from Detroit after a two weeks' visit with their aunt and uncle, Mr. and Mrs. Jas. A. Davis.

Rev. Carl Critchett and wife of Iowa were in town Thursday, motoring home from Columbus, Ohio, where they had attended the great Methodist Centenary meeting. His aunt, Mrs. E. M. Lewis, and his sister, Miss Clara Critchett, accompanied them as far as Grand Rapids, visiting with friends at Albion and Kalamo enroute. The ladies visited another brother of Miss Critchett until Tuesday, returning home that afternoon.

BROOKLYN AGAIN DEFEATS TECUMSEH

Napoleon Will Play Here Next Sunday Afternoon.

Brooklyn has a baseball team that is a repeater as a winner, at least so far as playing against the Tecumseh Independents is concerned. The invaders from the Jackson county town laid down such a heavy barrage in front of the local players Sunday afternoon at League park that the home team could not go over the top, losing the battle by a 5 to 4 score. The players from Tecumseh were also unable to withstand an attack from this same enemy at Clark's lake on Independence Day, having but three scores when the smoke cleared away while the opponents displayed eight. The largest crowd which has attended a game in Tecumseh this season saw the Independents fall before the onslought of the Brooklynites.

Next Sunday afternoon the local aggregation will clash with the Napoleon team, and as about half of this nine is composed of members of the Brooklyn club another fierce encounter is looked for.

Members of the Tecumseh team place most of the blame for the loss of the Sunday skirmish at the door of "Chuck" Cole, who had an off day and was fumbling the ball much of the time. Heretofore he had been considered one of the classiest players on the local roster and his team mates hope he has rid himself of his accummulation of bungles and will be in his old form again next Sunday afternoon for the engagement with the Napoleon baseballers.

CAMPBELL-GURTZWEILER

Former Tecumseh Young People Are Wedded at Adrian.

On Saturday last in Adrian Roy Campbell and Miss Ivah Gurtzweiler, both until recently of this place, were married, the ceremony being performed by Rev. Cope of the Friends' church at his home. The young couple were attended by Lawrence Drouillard of Tecumseh as best man and Miss Wilhelmina Chorman of Adrian as bridesmaid. The bride wore a pretty gown of white crepe over pink silk. After the ceremony the couple went to their home in that city which they had already furnished and there the groom's mother entertained the bride's parents and a small party of relatives and served refreshments. That evening the young couple were given a reception at the bride's home near Petersburg, which was attended by a large company of friends. They were presented with many gifts.

Both have many friends in Tecumseh who wish them the good things of life. The groom has an excellent position with the Schwartz Electric Co. in Adrian.

Editorial Comment

The world has not been made safe for democracy; democracy is not safe in America. Democracy perhaps will never be in that happy condition where a struggle to maintain it will not be necessary. The world history proves that where upbuilding is attempted or going on, some force is always seeking to tear down. The constructive work of stabilizing human liberties has never met with experiences that teach differently. With a potential strength of 4,000,000 men who bore arms across the seas or at home, the American Legion, Underwood-Orr post, No. 34, of of which was organized in Tecumseh last Friday evening, is comted to the policy of strengthening and developing the liberties, opportunities and rights of the individual acquired under our form of government. They are distinctive benefits of democracy as we have come to use the term—the safeguards that the people, collectively, pledge to each other through our governmental organization.

Of necessity, such an objective precludes partisan politics. There is now and has been for months much talk, and what the Legion leaders characterize as "mawkish bunk" about the "soldier vote." Undoubtedly, partisan politicians will make the usual appeal to the "soldiers vote" and will take the usual steps dictated by fear of that "vote." But, insofar as the most serious utterances of the leaders of the American Legion are concerned—reiterated everywhere by the members—there is only one class of men that need fear the "soldier vote" — those who are not American in spirit and deed; the men who fail to realize that living in the United States means living in the land where human liberty has reached its highest degree and they owe to that land, the flag that symbolizes it —the duty of safeguarding and extending the principles and ideals that gave gave birth to these liberties.

Whether the forces that the American Legion will combat are alien or home birth; whether they seek to destroy by violent means or insidious gospel or whether they are motivated by greed and the desire for power to pervert American deals and governmental control to their own benefit—the Legion will not differentiate, its leaders assure. The Legion intends to carry on in America the struggle it bore in France and Germany and precisely the same objective.

It is seeking to crystalize in concrete terms at home the ideals that underlay America's entry into the war. And a review of the trend and conditions in the United States will not deny that the Legion has a great mission—a duty, even, for which it is peculiarly fitted by experiences and lessons of the last two years.

Automobilists should use more caution in parking their machines near the New York Central railroad tracks on Evans street. It is only due to the carefulness of the engineers on the locomotives of passing trains that some of the autos left standing near the railroad tracks are not damaged. Frequently short, sharp blasts of the locomotive whistle gives warning for somebody to shove a car out of the way and there have been times when actually the train had to come to a stop to prevent damage to some thoughtless person's automobile. Alongside of the railroad track is a risky place to park machines and drivers should be cautioned against leaving their cars too near the track.

Interest in street oiling is on the increase to such, an extent that it is almost safe to predict a dustless city for Tecumseh next year. This fact was demonstrated when two petitions, numerously signed, one from West Chicago street and the other from Union street, requested the village council Monday evening to pass a street oiling ordinance. At the meeting it was also stated that other streets were ready to adopt the modern method of dust laying as soon as an ordinance was passed.

President Hines gave evidence of his interest in the oiling proposition by recommending the immediate purchase of an oiling apparatus so Tecumseh would be in a position to oil her streets without depending upon loan accommodations from other cities, and that the members of the council are also in accord with the improvement was manifested in authorizing the president to negotiatt for an oil sprinkler. The oiling proposition will be given more thought in order to adopt the best method of procedure. It looks favorable for a dustless Tecumseh next year.

"The Village of Tecumseh ordains: That an ordinance entitled, 'An ordinance relating to automobile and motor machine vehicles,' as passed May 3rd, 1915, is hereby amended by adding a section thereto to stand as Section (2A), which will read as follows:

"Section (2A). No person shall park or stand or allow his automobile, motorcycle, other motor or machine vehicle to be and remain within a distance of twenty-five feet from any water hydrant, on or along the streets of said village."

Carried by the following vote: Ayes—Barrett, Pulver, Campbell, McCoy. Nays—None.

Motion made and supported that we now adjourn. Motion carried.

LOCAL AND PERSONAL

D. J. Hodges was home from Detroit Sunday.

Jesse Coller on Monday went to Detroit for treatment at the Marine hospital.

Mrs. R. B. Gillespie and daughter, Miss Jennie, were with Detroit friends from Friday to yesterday.

Geoge H. Stacy of Detroit was here Saturday, on business. He was the guest of his sister, Mrs. Benj. Dove.

Dr. and Mrs. Penman and daughters of Detroit spent Sunday here with friends and at the Schreder farm.

Ernest Burdette, recently home from overseas, was a guest of his father over Sunday. He has gone back to his old job with the Ford Motor Co.

Ovid Marsh took a few days' vacation from the Big Chief garage the first of the week and joined his wife and daughter at Sand lake.

Mrs. Sam McClure of Erie, Pa. has been the guest of her mother, Mrs. May Smeltzer, since Saturday. She plans to return to her home today.

Mr. and Mrs. R. F. DeSpelder and little daughter arrived Saturday from Columbus, O. They are spending their vacation in an outing at Evan's lake.

Mrs. Kate Fellows and nephew, Lester Fisher, of Clifton, N. Y., arrived the latter part of the week for a visit with Mrs. Fellows brother, John Sherman and family.

Mr. and Mrs. George Bangs motored over from Adrian Saturday. Mrs. Bangs remaining for a week's visit with her sisters, Mrs. Mary Smeltzer and Miss Clara Bangs.

Mr. and Mrs. F. S. Turner motored to Detroit Saturday, accompanied by Mr. and Mrs. F. J. Temple and daughter, Mis Vie, and the party remained until Sunday night with friends.

Dr. and Mrs. E. E. Hendershott went to Millington Monday to attend the wedding of their son, Fred, and Miss Corine Cardwell, which took place Tuesday. In Detroit they were joined by their daughter, Miss Vevia, who also went to Millington.

Mr. and Mrs. H. S. Temple and son, Jimmie, and Mr. and Mrs. W. L. Jones and daughters Marian and Majel, drove to Detroit Sunday. There they were joined by Mr. and Mrs. Floyd Ager and went to Belle Isle for a picnic dinner and to give the little folk an outing.

Sgt. Earl Coller was home from Ft. Sheridan hospital from Friday until Monday evening, and Mrs. Coller was here from Lansing for that time. "Chic" was out of the hospital for five days furlough and hopes to be discharged in a few days. While in town the couple were guests of Mr. and Mrs. W. L. Coller.

E. C. Taft, wife and two children of Yale, Mich., are here on a ten days' visit with Mr. Taft's uncle, John Sherman. The family made the trip overland in their auto and noticed the dry condition of this vicinity although they passed through sections that had been more fortunate.

Among those motoring to Tecumseh Friday evening from Adrian were Mr. and Mrs. Otto Schultz and daughter, Wilmetta, Mrs. Claude Bosenbark, and Mrs. Frank McDyer and two children, Louise and Marjory. Mrs. McDyer and children reside in Detroit but are at present visiting relatives in Adrian. The visit here was a business and pleasure trip, Mr. Schultz attending the Tecumseh Co-Operative Association sale, while the other members of the party called on relatives.

Mike Melonakos has sold his interest in the Tecumseh Candy Kitchen to his brother-in-law, Pete Vagekos of Erie, Pa., and has purchased an interest in the Monroe Candy Kitchen, going into partnership with his uncle, Charles Melonakos, who was with him when he first came to Tecumseh. Mrs. Melonakos will move their household effects to Monroe as soon as they can find a suitable house. Since coming here Mike has become very popular and the townspeople generally extend their best wishes to the young couple in their new home.

Miss Lillian Kennedy is enjoying a few days' outing at Sand lake.

Harold Halladay is at Sand lake for a few days' fishing with Dr. N. B. Trask.

Eugene Service returned Saturday from a vacation trip to Mackinac Island.

Points Worth Knowing About Automobile Tires

(By A. L. Murray, president of The Double Fabric Tire Company.)

The modern pneumatic automobile tire ought to be called "The 8th Wonder of the World," for, as one man expressed it, the real wonder is, not that they give out once in a while, but rather that anything made of cotton fabric and rubber can stand the work an automobile tire is put to.

Tires carry about as much "pressure" (60 to 90 lbs.) as commonly used in a steam boiler—yet, the boiler has only to "stand still" while the tire has to whiz over all kinds of roads, over rocks, bumps and railroad tracks at 25 to 40 miles an hour—sometimes properly inflated and sometimes sticking out on both sides like a man with double mumps.

Despite this hard service and the thousands of road accidents to which a tire is subject, it is surprising how very few strictly high grade tires fail to make good big mileage.

The owner's part in the obtaining of large mileage resolves itself into first buying of the best possible tire and then in giving it reasonable care in the important matters of keeping up pressure—avoiding excessive blows, stones, etc., as much as practical and prompt repair or reinforcement of numerous damages.

In the selecting of "what tire to buy" it is first necessary to remember that tires like shoes, hats or clothes are made in the three grades of "cheap," "medium" and "extra fine" and that "best service" and in the long run "lowest cost" always follows "best quality."

The purpose of this article then, is to provide the owner with more "definite" information about tires than manufacturers usually give in the belief that this will not only be appreciated but that it will also actually help the owner more than any other one thing.

What "Quality" Means.

"Quality" is a word so often misapplied to even the cheapest tires, that it recalls the Aesop fable of the boy who hollered "Wolf! Wolf!" when there wasn't any wolf—with the result that when a real live one came down the pike nobody heard him and the wolf ate the boy all up.

"Quality" in tires, however, consists of certain absolutely definite things about which (as owners become better posted) they will probably demand more definite statements.

Two "Kinds" of Fabric Used

The strength of a tire—which means its ability to resist damage for the longest possible time—depends primarily on the strength of the fabric or cord of which it is made—and of the quantity used.

There are two principal grades of fabric, which are commonly used in the production of probably 95% of all automobile tires.

The best and strongest of these is what is known as Egyptian Fabric—being fabric woven (in this country) from imported long fiber cotton grown along the Nile River—the rich over flow soil of which produces a cotton especially adapted to give long service in tires—due both to its long fiber and also to the extra large number of little branches or spurs which give a twisted strand of Egyptian cotton its ability to hold together exceptionally long, under the constant "flexing" of tire use.

The other, or second grade, is what is commonly known as American or "peeler" fabric—a material which costs factories 10% to 12½% less than Egyptian.

The total amount of Egyptian cotton imported into this country (after deducting amounts known to be used in other trades, such as a fine hosiery, etc.,) is so small as to indicate plainly that the great bulk of tires today necessarily must be using the cheaper or "peeler" grade.

The important point between the two grades of fabric is not that a fair tire cannot be made of "peeler" fabric, but simply that a tire NEEDS the extreme limit of DURABILITY—and this Egyptian fabric gives.

How Many Plies.

A tire can "get by" with only the number of plies of fabric used in tires sold at so-called standard prices which give you 3½-inch sizes made only 4 ply thick—4-inch sizes 5 ply thick—4½-inch sizes 6 ply thick and 5-inch sizes 7 ply thick.

Most tires are built to only the above number of plies and belong to what the trade call the regular or "non-extra ply" class, but gradually one tire company after another has been compelled by the exceptional success and exceptional mileage records of the "extra ply" tires to go to a higher schedule until today no tire is really in the extra quality, extra long mileage class unless it is built to the new schedule of 3½-inch sizes built 5 ply thick—4-inch 6 ply—4½-inch 7 ply and 5-inch eight ply. Well known tires of the definite extra ply class are Kelly Springfield, Hood, Mohawk and the Nobby Tread tire of the United States.

In short, this "extra ply" construction gives the strongest fabric body that can be built in a tire and a durability which "one less ply" cannot produce.

It is not difficult to tell "whether" any given tire is built of Egyptian fabric and with one extra ply, or not, for you can safely "bet your old hat" that if they are so made, the makers will let you know about it **definitely** and **positively** in their advertising.

There are, of course, many ways of "camouflaging," that cost much less than actually to use "Egyptian fabric and one extra ply"—such things as "wonderful service"—"finest quality fabric"—"enormous factory production," etc.—but when a jeweler sells you something that is "18 Karat Gold" you can count on it that he will take particular pains to show you the "18 K" mark—while if its only 14 or 12 he'll look out of the window or show you the beautiful "engraving."

The Importance of Para Rubber.

Rubber is one of those few God given **natural** products, which like "untarnished" gold—like the "warmth" of wool, has certain properties peculiar to itself not found in any orther article, and which therefore probably never will be successfully imitated or substituted.

In rubber this peculiar natural property is wonderful strength, combined with what we term its "elasticity" (or the ability to stretch to a wonderful degree—millions of times, and yet come back to its original length) and combined with this are the equally wonderful properties—that it is impervious to water and practically unaffected by any ordinary degrees of either heat or cold.

Some idea of the strength of Pure Para Rubber and its wonderful elasticity and also of the utter futility of trying to get true rubber merit by adding to it or substituting any other materials, can be gathered from the fact that to pass Government requirements (which are always set high) a tube must stretch not less than 7½ times its length before breaking (in other words, 1 inch length must stretch to 8½ inches long)—while some idea of how fine rubber can be made when it is all pure Para and properly cured is gained from the fact that the U. S. Bureau of Standard test on our own Brazil Rubber Inner Tube shows that it stretched a little over 10 times its length before breaking.

In a "highest possible quality" tread stock (in which elasticity is needed to cushion the road shocks—combined with great wear quality) the best tread is made by using the highest possible percentage of pure Para Rubber combined with just enough of oxide of zinc to give extreme toughness against wear—the high government repuirement being that it shall stretch not less than 4½ times its length before breaking—our tread (Bureau of Standards test) showing a 6¼ times stretch before breaking.

What "Rubber" Does in a Tire.

The first and one of the most vitally important uses of rubber in a tire is to HOLD THE PLIES TOGETHER—since we depend upon the united strength of all the plies to resist blowouts, and if "separation" occurs between any of the plies—the life of the tire will be greatly shortened.

There are three vital things in holding the plies together—the first being, that the rubber must be so thoroughly pressed down into the fabric from both sides that it will meet together in the intercises (or little holes between the threads) thus forming little rubber rivets which join the rubber on one side of the fabric to the rubber on the other side.

The extreme importance of getting these little rivets as large or fat as possible and of having them of the very toughest and strongest rubber can be understood when it is explained that separation between two plies of fabric almost invariably takes the form of simply pulling the rubber out of the fabric by the breaking of these little rubber rivets—due to their being too small or to weak.

To gain exceptional strength at this vital point we first obtain a greater than usual toughness in the rubber itself by making it all pure Para in place of mixing it with some softer, cheaper rubber, as is commonly done, to make the calendar work "easier." Starting out with the greatest possible strength of the rubber itself, we have then developed a process of our own which by actual test puts 17% more rubber right down into the fabric—thus making the little rubber rivets both very much larger and stronger—with the result that separation of the plies in AUBURN tires is practically unheard of.

The next important use of rubber in a tire is to form an elastic body between the plies, which will allow the necessary motion between the plies as the tire constantly "flexes," and here again the long life and durability of the tire and the holding of the plies together without separation are dependent entirely on using rubber having the very last notch of toughness, strength and durability—which again is obtained and can only be obtained by the use of the purest possible Para. Our sworn-to Government affidavit made at the time of soliciting war orders, shows that this rubber in AUBURN tires is 91% pure Para, which with the necessary sulphur to cure leaves practically nothing but pure Para rubber, and is well above even the high Government requirements of 75% to 80% Para.

The next step in rubber's use is to join and hold the tread of the tire to the fabric carcass. One of the hardest things in tire building and which has given all the factories some trouble, but which we have fully conquered by the use of a stock between the tread and carcass which combines a little of each, and thus joins perfectly with both—plus a certain carefully developed further refinement of our own which has given the remarkable result of more than twice the high tread cling strength required in the highest government specifications.

The final step in rubber's use is to make a tread so "live" that it will constantly form a resiliant protecting cushion to prevent damaging road shocks from reaching the fabric and that will outwear the tire itself.

Right here, a misconception on the part of owners (or perhaps it should even be called a certain unfairness) has acted to prevent factories from making a tread as tough as they could—for the simple reason that if the tread wears out about the same time that the fabric of the tire is due to give out, the customer is satisfied because his tire "looks worn out," and he therefore feels that the fabric has lasted as long as could be expected.

While if the tread is made to that extreme toughness which a high percentage of Para rubber scientifically cured can produce, the tread will only wear off about 1-32 of an inch per thousand miles of normal use, with the result that tires which have gone 5,000 to 7,000 miles, WILL OFTEN NOT HAVE EVEN THE NON-SKIDS WORN SMOOTH—with the perhaps natural result that if something then happens to the tire the owner jumps to the conclusion that the fabric "must have been rotten"—although, he would have been fairly well satisfied if the tread had only been WORN OFF more. Admitting the difficulty of overcoming this popular "impression," and that it gives an opportunity for the unscrupulus and unfair dealer or owner to demand unfair adjustments, we yet have the nerve to make our tread AS TOUGH AS WE KNOW HOW, because of the important point that one of the big purposes of a tread is to save the carcass of the tire from road shocks, and this vital "protecting of the fabric" result is only obtained where the tread is so tough and wears so little that it continues to keep a thick cushion of live rubber between the fabric and the road. The AUBURN TREAD BY SWORN GOVERNMENT AFFIDAVIT IS 81% pure Para, (balance being oxide of zinc with necessary sulphur to cure), making the PUREST RUBBER tread we know of.

The Bead of a Tire.

There is a whole science in itself in the building of a tire bead, so that there will be no rim cuts no matter how long the tire is used—excepting that small to be expected percentage which is bound to occur where tires are run under-inflated or accidentally run flat. The secret of proper bead construction lies in doing the extra work, or in other words, putting in the extra cost of molding and semi-curing each bead first before it is built in the tire, so that it is bound to be correctly placed and to keep its proper shape—most bead trouble being due to hasty factory methods of laying the bead in its raw or crude form, and then trusting to luck that it will form to "about" the right shape in the molding of the full tire. It's a practice, however, that is dying out, and because of it, rim cuts are becoming comparatively rare. In our own tire, we have been particularly fortunate in this respect, with the reputation of having the bead right from the very start.

Method of Building Tires.

There are two methods of building tires, which are commonly called "machine built" tire ly called "machine built" and "hand built." The "machine built" tire helps in the matter of making extreme large production practical—because less dependent on skilled labor, and therefore something which can be more quickly increased during the rush season and more readily laid off at dull times. As far as the article produced is concerned both methods can probably build a good tire but just as a "hand built" shoe and tailored suit of clothes has never YET been excelled—if indeed it can be equalled by the "machine made" goods, so it is safe to count on the fact that a "hand built" tire is equally "unexcelled."

Different Methods of Curing Tires

Practically all tires are made either by the "full molded" or "wrapped tread" process, there being in truth, no particular choice between the two, since a thoroughly fine tire can be built by either process, providing only, the proper care is taken throughout, from the handling of the crude rubber up. Practical proof of which is fond in the fact that among the best known tires—both of extra quality and of so called standard quality, the tires which have shown best results do not belong either to the one class or the other—but are equally divided.

The advantages which we (and some of the highest grade manufacturers in the country) believe lie in the full moulded process, is that the tire being completely built of uncured stock, all parts then are naturally and perfectly united while under heavy pressure and softened by heat—while the "double cure" process has the tread "semi-cured" and presents some of the same difficulties to good union that you would get if you tried to join two sections of partly baked bread.

But neither "moulded," "wrapped" or "double cure" process can alone give a tire materially more mileage. That in truth lies—not in any one thing or feature—but rather in making each and every step—liberally right.—adv.

Vigor

SUCCESS IS ACHIEVED by vigorous men and women.

When one is lacking in strength and endurance, when good health is wanting, when physical power is at low ebb, it is impossible to accomplish one's work.

One of the causes of ill health and low vitality is the improper functioning of the kidneys. Trouble results when they fail to eliminate waste and poisonous matter from the system, and rheumatic pains, backache, stiff joints, sore muscles, and other symptoms quickly follow.

Foley Kidney Pills

banish effects of kidney and bladder trouble by removing the cause. They are healing and curative. They tone up and strengthen the weakened or diseased organs.

High Grade Prepared Foods Are The Cheapest

In purchasing prepared foods during these hot days it is well to bear in mind that the cheapest are not always the best.

Especially is this true of packed fruits and vegetables and the economical housewife will use discretion in buying such necessities.

The prudent ones will buy the famous DEL MONTE and HEINZ products, they being the best obtainable, quality and price considered. We have a wide variety to choose from, all being of the delicious kind.

Auto Parking Station

IS OPEN FOR BUSINESS

On Pearl Street, Just North of Chicago

People motoring to Tecumseh now have a place where they may park their cars and where the machines will be guarded.

An auto parking station has been opened on Pearl street just north of Chicago street where two experienced men will be in charge to guard the vehicles. The station is well lighted and provides an ideal place to leave machines while in Tecumseh on business or pleasure.

Checks will be issued to each auto owner with which to identify cars and attendants will be on duty all day and at night until 10:30 o'clock, and on extraordinary occasions like the "Wednesday Night Specials," Saturday evenings and on nights when dances are given the parking station will be open and guards on duty until midnight. The charge for parking will be 25 cents.

GASOLINE STATION WILL
BE IN SERVICE SATURDAY

In connection with the parking place will be a gasoline station. This is being completed and will be ready for business Saturday, July 26.

We are now equipped to give motorists the best of service, offering an excellent parking place, having enlarged our gasoline station and can do repair work quickly and expertly.

Samson Tractor

Made Good in the Test

Every one familiar with tractor plowing knows that firm ground is required for ideal results.

We are more than pleased with the showing made by this tractor last Saturday near the Bidwell Stock farm. The soil there was so dry it would crumble away under the wheels and that of course makes hard plowing. But the way several hundred farmers expressed themselves convinces us that we have the outfit for the farmer that wants to invest less than $1,000.

We are also much disappointed in the small number of these tractors assigned to us for this fall, but with the largest foundry in the world being built right now in Janesville, Wis., by the Samson Tractor Co. (General Motors Corp.) we feel that we may be able to secure enough for another year.

BEAVER BOARD

Why Live with Cracked Walls and Ceilings When They're Easily Covered Up

Beaver Board will cover them up for all time and you'll never have the job to do again. While Beaver Board is doing away with the danger of falling plaster it is covering up old dingy wall paper on walls and ceilings and giving you an ideal surface for painting and decorating.

Many an old homestead has been revived with this knotless, crackless manufactured lumber. Room after room has been made over—one at a time if you please—without muss or litter.

Beaver Board is real lumber. It is built up into large panels from the strong, pure fibres of the spruce tree. Each panel is treated with the patented *Sealtite* process which prevents warping. If you need to build or re-build, restore or enlarge ask us how you will profit by using Beaver Board.

TWENTY-SEVEN EFFORTS TO SHOOT TWELVE FEET OF FILM FOR "WOMAN"

Show Remarkable Attention to Detail of Motion Picture Making.

The infinite care and patience which goes into a motion picture production is exemplified by a remarkable instance of painstaking attention to detail in the making of Maurice Tourneur's "Woman."

One of the episodes of "Woman," which depicts the feminine influence through the ages, presents the Garden of Eden with Adam and Eve and the more or less well known serpent as the principals. The Garden of Eden scenes were filmed in July, that is, all except one scene, a sunset effect on a hill. Time and again, Mr. Tourneur tried to catch the right sunset effect but without success.

The other episodes were gradually completed but still Eve, otherwise Ethel Hallor, of the Century roof show, and Adam, alias George West, remained on the Tourneur pay roll while the director tried over and over to film just the sort of sunset he wanted. August came, and September and finally October.

With the weather getting cooler, Miss Hallor threatened rebellion and other things. "Put yourself in my place," she protested. "It's all very well to wear a smile in July but not when the frost is on the pumpkin—not for all the art in the world."

But just before the production was shown in New York, Director Tourneur fond his sunset. It was, to be exact, the twenty-seventh time that Mr. Tourneur, Miss Hallor, in her Eve negligee buried beneath furs, Mr. West, as a shivering Adam, and the Tourneur cameramen, had motored to that particular Jersey hill selected to depict the Garden of Eden.

Eve and Adam restrained sneezes and twelve feet of film were shot. With which everyone breathed a sigh of relief particularly Miss Hallor, who had been anxiously studying calendars for months. But Mr. Tourneur's 12 feet of Eden sunset comes pretty near being the most worried about bit of celluloid ever filmed. At least it shows Mr. Tourneur's care in tiny details.

"Woman" will be at the Bradley opera house, Tecumseh, for one night only, Sunday, July 27. —adv.

Community Picnic and Play Day

A meeting was held Monday evening at the M. P. church with the intention of organizing some sort of a Community Welfare or Improvement society. Rev. J. C. DeRemer acted as chairman of the meeting and Mrs. C. J. Gorham, secretary. Owing to the small attendance it was decided to postpone the effecting of a permanent organization but in the mean time to arrange for a community festival in the way of a picnic and a day of play.

The chairman was authorized to appoint a committee, which should include the two pastors, to make all the arrangements for such a day. The committee as provided stands as follows: Rev. Tamblyn, chairman; J. C. DeRemer, Mrs. Chas. Gorham, Mrs. Ernest Palmer, Mrs. Arthur Underwood, Mrs. Wesley Exelby, Glen Gripton, Miss Doris Pilbeam, Miss Donna Exelby and Wilbur Clark.

Rebekahs Install Officers.

The following newly elected officers were installed by the Rebekah's at their meeting Monday evening:

P. G., Jessie VanNest; N. G., Ida Miller; V. G., Ethel Kanous; recording secretary, Nettie Curry; financial secretary, Minta Pocklington; treasurer, Mrs. Mary Oliver; warden, Della Brisbin; conductor, Grace Pocklington; I. G., Nellie Zeluff; O. G., Ray Pocklington; chaplain, Lizzie VanDeventer; R. S. N. G., Martha Gorham; L. S. N. G., Florence Osterhout; R. S. V. G., Fannie Allen; L. S. V. G., Miss Mary Oliver.

The work was nicely done by District Deputy President, Sarah DuBois, and her assistants. At the close of the meeting a fine social hour was enjoyed as well as the pot luck supper that was served.

Church Notes.

The usual services were held Sunday morning in the churches.

The Holloway C. E. society was the Sunday evening guest at the union C. E. temperance meeting here. Many helpful points were brought out and discussed. Rev. J. C. DeRemer preached a forceful sermon, using for his topic, "The needs of our community." In his talk he urged the organization of a society for civic improvements and ere long it is expected such an organization will be perfected.

The usual services will be held Sunday morning. In the evening Rev. Samuel Tamblyn will preach his second sermon of a series on Bunyan's Pilgrim's Progress. There is plenty of room and all are urged to attend these excellent union services.

Four refrigerator cars were derailed on the Wabash Railroad Sunday evening causing a tie up for several hours. The wreck was caused by a broken drawbar and happened about one-half mile west of here. One of the cars, loaded with bacon for Europe, landed in the ditch and was badly damaged. The contents were transferred to another car. The others were right side up but off the track. One of these contained syrup and the small boy surely had all he wanted of it for once, as it trickled from the car.

Mrs. Laura Courtney-Smith, formerly a resident of this vicinity, is here for an indefinite stay with relatives. About eight years ago she went as teacher and missionary to Valpariso, Chile, South America, where she worked for several months going from there to Santiago. Since her marriage to Mr. Smith, a Canadian bybirth, they have made their home in Victoria. Mrs. Smith speaks Spanish fluently and her dessription of South American life is very interesting. It took her four weeks to make the trip here. At present she is visiting her aunt, Mrs. J. T. Exelby, in Detroit.

SAFE, GENTLE REMEDY BRINGS SURE RELIEF

For 200 years GOLD MEDAL Haarlem Oil has enabled suffering humanity to withstand attacks of kidney, liver, bladder and stomach troubles and all diseases connected with the urinary organs and to build up and restore to health organs weakened by disease. These most important organs must be watched, because they filter and purify the blood; unless they do their work you are doomed.

Weariness, sleeplessness, nervousness, despondency, backache, stomach trouble, pains in the loins and lower abdomen, gravel, difficulty when urinating, rheumatism, sciatica and lumbago all warn you of trouble with your kidneys. GOLD MEDAL Haarlem Oil Capsules are the remedy you need. Take three or four every day. The healing oil soaks into the cells and lining of the kidneys and drives out the poisons. New life and health will surely follow. When your normal vigor has been restored continue treatment for a while to keep yourself in condition and prevent a return of the disease.

Don't wait until you are incapable of fighting. Start taking GOLD MEDAL Haarlem Oil Capsules today. Your druggist will cheerfully refund your money if you are not satisfied with results. But be sure to get the original imported GOLD MEDAL and accept no substitutes. In three sizes. Sealed packages. At all drug stores.

For Tractor Lubrication

Heavy Polarine Oil
Stanolind Tractor Oil
Extra Heavy Polarine Oil

Stanolind Tractor Oil has been found, through severe and thorough tests, to be the best lubricant for more than one-half of the tractors made.

This oil is one of great durability. It stands the high temperature developed in a tractor engine without change in body.

It has the correct body to thoroughly lubricate the remotest frictional surfaces, eliminating scored cylinders and undue wear.

Where mechanical conditions or design make it desirable to use a slightly heavier, or slightly lighter, oil than Stanolind Tractor Oil, Extra Heavy Polarine Oil or Heavy Polarine Oil is recommended.

Any Standard Oil representative will be glad to show you the chart of Tractor lubrication, prepared by our Engineering Staff. It indicates specifically which of these three oils the Standard Oil Engineers have found will give the best results in your particular tractor.

We have just published a 100-page book "Tractors and Tractor Lubrication," prepared by our engineering staff, which you will find a valuable reference book, and we believe it will save you many days of tractor idleness with the resultant money loss. It's free to you for the asking. Address

Mr. and Mrs. J. G. Hanford returned Monday from a few days' visit with their daughter, Mrs. Leigh Beach, in Dexter. While away they purchased a nice, modern house in one of the best localities in Chelsea and will make their future home there at a later date.

Albert Snell, formerly of Tecumseh but now of Detroit, is now a benedict, having been married to Mrs. Grace McDarsy of the City of the Straits. They went to Niagara Falls on their wedding trip, remaining there two weeks. They will make their home in Detroit.

Arthur Harding received a message yesterday morning from Marion, Kansas, stating that his brother, Rev. Will Harding, who has been ill for the past two weeks with typhoid fever, was not so well. Arthur left for Marion that noon. Rev. Harding is an old Tecumseh boy and his many Tecumseh friends hope for better news.

Owing to the evacuation by the government of the Ford hospital, Detroit, back to the city, the soldier patients were moved to Ft. Sheridan Friday. These included Sergeant Earl Rector of Tecumseh. His sister, Mrs. G. E. Nemire, received a few lines from him Tuesday in which he said he stood the journey well.

Mr. and Mrs. H. D. Cutting have recived word from their son, Ned, of Los Angeles, that he had been notified by the adjutant general to report at New York City before August 4 to represent California in the international rifle and revolver shoot which will take place in that city during August. Ned was high man in the whole state in the elimination shoot. He and his wife will make Tecumseh a visit either to or from New York.

Rev. J. H. Hornung and family of Cleveland, Ohio, will be over Sunday guests at the manse. Those who remember Rev. Hornung's lecture last September on the rehabilitation work of the Red Cross will be glad to hear him again. Mr. Hornung spent six months during the winter in Red Cross work in various war camps. He speaks at the men's class at the Presbyterian church at 10 o'clock and at the morning service.

At her farm home west of Jasper Mrs. Charles Mead on Monday morning took her own life by shooting herself through the heart with a shot gun. She was 60 years of age and is survived by the husband and a son, Lawrence, who resides across the road from his parents' home. Mrs. Mead had suffered a nervous breakdown since the death of her son, Leland, last December.

Thursday afternoon in trying to avoid running over Richard, the little son of Mr. and Mrs. L. P. Williamson, Bob Eagan sacrificed a wheel on his auto. He was coming down Chicago street, when on the corner of VanBuren street young Richard ran out into the road. Another machine was passing so Mr. Eagan, to prevent hurting the little fellow, went down into the ditch and smashed into the cross walk, breaking one wheel.

Although a large touring car containing four Detroit people tumbled down an eight foot embankment in the Irish hills Sunday morning none of the occupants was seriously hurt. A woman was driving the machine and it is said lost control of the car and it went over the embankment, rolled over twice and landed right side up. All the occupants were bruised but not badly hurt. None of the members of the party would give their names. They were on their way to Chicago. They were taken to Adrian and from there went back to Detroit by train.

Henry W. Stevens is in Adrian today acting as coroner at the inquest being held there into the death of Mrs. Clara Bailey, who was killed a week ago tonight when an automobile in which she was riding tipped over on the Wheeler street road west of the county seat. The car was owned by Robert Shadbolt and he was driving it, the third occupant being Mrs. Edna Lockwood, who was seriously injured. Shadbolt was only slightly hurt. He has been detained since the accident. The driver says he does not know how the accident happened. According to the owner of the car the trio was on the way to Sand lake to get a relative. Shadbolt admitted having had some beer before starting on the trip. The inquest into the fatality is being held this morning in the court room at Adrian. This accident is of particular interest to Tecumseh people as the car involved was formerly owned by Ed Mark of this place, it being an Overland.

John Duiguid of North Adams was in town Sunday, going on to Pontiac with his brother, O. J. Duiguid, who was home for the day.

Among the names of boys to arrive in New York Tuesday was that of Donald P. Vincint, Tecumseh, Mich., Ammunition Train No. 50.

Mrs. A. C. Bryan is improving so nicely from her recent operation that tomorrow she plans to go to Floyd Bryan's country home for a visit.

Mrs. C. A. Slayton's Sunday school class met with their teacher Tuesday evening and enjoyed a picnic supper. With the ladies were Mrs. Helen Wilson Hill of Cleveland and Miss Alice Cutting of Battle Creek.

The dance at Witherell hall Wednesday evening was largely attended—over ninety couples dancing to the music of Coller's orchestra and all had a good time. Nearly every town in lower Michigan was represented.

Mrs. Mary Smeltzer on Sunday entertained Mr. and Mrs. Glen Griswold and Mr. and Mrs. Brennan of Sandusky, Ohio, Mrs. McClure of Erie, Pa., and Mrs. Geo. Bangs of Adrian and Mr. and Mrs. Lyman Howe of Tecumseh.

VanDoren's auto parking station on North Pearl street is now ready for business and a 1,200 gallon gasoline tank has been placed underground in front of the garage for the new oil station.

SUPER CIRCUS IS TO SHOW IN ADRIAN

Sells-Floto Tent Attractions Will Be at County Seat July 31.

Never before has such a splendid aggregation of circus people been gathered under one big organization as the hundreds this season who are members of the Sells-Floto Super circus, the circus that comes from its far western home Denver, which is making a tour of the east this season, and which is meeting with unbounded success. And it will be seen in Adrian on Thursday, July 31. A glance at the circus roster shows such well-known artists in circusdom as Priceess Victoria and Herberta Beeson, wonders of the wire; the Silverlakes, the Alfred Codona troupe, the Sweeneys and Newtons, in trapeze acts; the Wright Trio, the De Garro Troupe, the Earls, in revolving, swinging and comedy ladder acts; the Lloyds, the Hodgini's, the Hobsons, in sensational riding acts; the Montgomery's, the Elder's the Evans in working the elephants; the Livingstons, the Abreau Troupe, the Stokes troupe in feats on the bars; the Seven Bon-o-Mor Arabs, in Dervish acrobatics; the Kincaid troupe and the Luckeys, the beauty human butterfly acts; the Wells, the Biggs, the Kafka troupe, the Bennetts, the LaMonteau's, the scores of others. Then there's statuary work with some of the greatest artists in the world. Indian riders galore please the audience. And for the chilren, there are dog and pony acts with monkey riders; there's clownville in flames; there's the darkies and the mules who are instrumental in creating much merriment the clowns. There are Jo-eys galore, and they have a bunch of up to the minute fun that would cause Old Man Gloom to grin. The festivities of the day begin at 11 o'clock in the morning when the stupendous street pageant starts from the circus grounds. Performances open with "The Birth of the Rainbow," bugles sounding the entrance of the pageant at 2 and 8 o'clock each afternoon and evening.

OUR LAST DAY IS SATURDAY, JULY 26

Grateful

Are we for the patronage received during the first few days of the closing out sale of the K. E. Kehoe stock now being disposed of by the Detroit Jobbing Co. at the old location, at prices that are bringing people from shopping centers and the surrounding vicinity.

Opportunities

Such as presented by this closing out sale seldom come to the people of this vicinity, and those who have not purchased and at this timely sale have only a short time to reap the values from this great saving harvest which

Await You

Now That the

Closing Out Sale

Means so much to you, as dry goods are going higher---be wise and buy at this great slaughter sale. The entire stock must be sold out regardless of profit or loss, as it is our policy to dispose of everything rather than move them. Storekeepers are invited to attend this sale. Store fixtures and all nust go.

After dinner the members and teachers of the Daily Vacation Bible School will be furnished transportation to Wampler's lake for a general good time. The Sunday school will close after next Sunday for a month's vacation.

Daily Vacation Bible School a Big Success.

The most optimistic anticipations of the leaders in the D. V. B. School, now in progress at the Presbyterian church, have been more than realized by the attendance and interest the first three days of this school. There has been an average attendance of 75, which is better than the Sunday average. All ages up to 16 are included in the school. Many of the intermediate boys are working so could not be present.

The sessions continue from 9 to 11:30 a. m. and a great variety of good things are presented. The work of Prof. Laidlaw in physical culture is especially appreciated, as is also the work of Mrs. Laidlaw in her practical talks to the girls.

Miss Mildred Boyce is superintendent of the school. Her assistants are Mrs. F. C. Dickinson, Miss Martha Caldwell, Miss Alice Cutting, Miss Minnie Lowry, Miss Nina Lowry, Miss Doris Anderson, Miss Gertrude Peters and Mrs. Leon Rosacrans.

The kindergarten and primary work is conducted by Mrs. J. D. Service, Mrs. R. M. Moiles, Miss Winnefred Mitchell and Miss Anna Cutting.

Elmer Boyce's barn, containing fifteen large loads of wheat, about twenty tons of hay and some farm implements together with his silo burned to the ground last Friday. The fire was caused by spontaneous combustion.

A load of wheat which Sumner McCullom was hauling to the barn one day last week tipped over. In falling he struck the ground so forcibly that the bone in one of his heels was broken and the ligaments badly torn. Dr. Beardsley of Tecumseh is attending him.

Will Camburn, who has been in the U. S. service during the last twenty months, gave his people a surprise Friday when he returned from Camp Sherman, Ohio, where he received his honorable discharge. He had spent eighteen months overseas where he was a driver of a supply truck out from an artillery camp.

Little Ruth Randall had a lucky escape from a serious accident last Saturday when she was thrown from an automobile driven by her father. Ruth was sitting on the back seat alone and when Mr. Randall turned the corner by the telephone office the slowing up of the car and the jolt in crossing the cement walk caused the girl to bounce out. She perhaps struck the fender which broke her fall and she escaped with a badly skinned face and some slight bruises.

JUSTICE COURT NOTES

John B. Smith, our deputy sheriff, has raised the fare from Britton to Tecumseh from about 15c to $8.75, so he asserts. He on Thursday last arrested Noah B. Miller, coming from Indiana, going through the village at 40 miles an hour. Miller saying he was trying to beat the D. T. & I. train up from Britton. Miller was brought into Judge Hosmer's court on the charge of violating the auto speed law. He pleaded guilty and was fined $5.00 with $3.75 costs.

On Saturday William Weeks, who has been boarding at George Chapman's a few days, got into a little altercation with Mr. Chapman over the matter of board and on Monday the latter had the stranger arrested on a charge of assault and battery. The prisoner was brought before Judge Hosmer and his trial set for July 30th. Weeks says he had been a drinking man, subject to sprees following each pay day, that he came to Michigan, which he had been assured was dry, yet he gets into trouble even here.

Sunday Frank Gottschalk and family, living south of Holloway, went away for the day leaving their hired man, one Chas. Cooper in charge. Upon their return in the evening a gold watch belonging to Mr. Gottschalk was missing. Suspecting Cooper as the thief, a warrant was procured for his arrest and on Monday Deputy Sheriff John B. Smith brought him to this place. On Tuesday Cooper was taken to Judge Hosmer's court. He produced the watch and was fined $25 with $7.10 costs or to serve thirty days in the county bastile. Being minus the cash, the deputy sheriff took his prisoner over the rough road to Adrian.

BUTTER TOOK DECIDED DROP

WHEN PEDDLED BY PROFESSED SECRET SERVICE MAN

Sixty Pound Firkins for Seven Dollars Was Bargain Offered People.

For the last week or ten days a man has been hanging around town, passing himself off as a secret service agent, sent here to look into the supposed thefts from the postoffice. The fellow gave his name sometimes as Clarence Grant, again as Johnson.

Monday night, Louis Kozel "tipped" John B. Smith, the deputy sheriff, to the fact that this same man had been to his home that day selling butter from a truck, disposing of 60 lb. firkins of Blue Valley creamery butter for $7.00. It looked like a bargain to Louis so he had purchased, but thought after the man had gone that the proposition seemed scaley so reported it to the officer.

Mr. Smith picked his man up that night late at the Orendorf restaurant and lodged him in the county jail on suspicion. At noon on Tuesday into town came three men from Detroit, a Michigan Central detective and another of the same profession, Wm. J. Collins, and the driver of the truck, whom they had nabbed in that city. The latter, however, proved his innocence, saying he had been hired to drive the truck load of butter to Tecumseh, and came along to help find Grant or Johnson and show where he had disposed of the butter.

The men were astonished to hear upon their arrival here that their bird had been caged and went right to Adrian for him.

While in the local jail in the afternoon waiting to be taken back to Detroit, the prisoner showed his audience how easily he could remove a pair of handcuffs and when the word "John is coming" was passed on, he locked them again as easily as you please, proving to the bystanders he was no stranger to the shackles.

The Michigan Central man said Grant had come up to a Blue Valley Creamery car in the yards to Detroit and saying "I am a Blue Valley man, give me forty tubs," the checker had immediately handed them over and they were loaded on the truck, so it was "just as easy."

Out of the forty tubs, thirty seven had been recovered. One head had broken in so that Grant had heaved into the ditch on the way out from Detroit and the place of sale of the other two the driver could not remember. All which Grant had not sold he had placed in Williamson's cold storage.

The townspeople are all interested in hearing the outcome of the "butter deal" as it is called over the street and hereafter secret service men who talk much will be regarded with suspicion and asked if they are in the commission business.

SMOKE HOUSE IS TO HAVE BOWLING ALLEYS

Tecumseh is to have an up-to-date bowling alley, Gordon Bailey to install one in the Smoke House. It is expected to ready for business by September 1.

The equipment will consist of three alleys, all with automatic pin setters. They will be located in the basement, excavations now being made to install them. Other alterations are also beign made at the Smoke House. A partition in the back part of the store is being taken out, greatly improving the appearance of this popular gathering place for amusement seekers. It will also provide space for an open stairway to the bowling alleys and leave room for Mr. Bailey to add another pool table to his present equipment.

For several years there have been no bowling alleys in Tecumseh and the annoucement that the Smoke House is to provide opportunity for this sort of recreation is expected to be received with pleasure especially by the younger men.

o

EARTH SLIDE NEARLY BURIES A TEAMSTER

Charles Bennett has been enjoying (?) a vacation from labor this week, yet had rather been at work. He and his team were in the gravel pit one day the last of the week when in shoveling he loosened a mass of dirt from above and down it came knocking him under the wagon. Another great chunk followed which partially covered the wagon, miring it also or the horses would have dashed out running over Mr. Bennett. Although covered to his neck he managed to scramble out. He is suffering badly across the back of the shoulders.

IS NEARING THE FOUR-SCORE MARK

Mrs. Augusta Sutfin Was Given an Agreeable Surprise on Sunday.

Mrs. Augusta Sutfin, the aged mother of Mrs. Minor D. Strang, was the victim of a most pleasant surprise on Sunday when her children, grandchildren and great grandchildren were gathered at the Strang home in a delightful family reunion.

Mrs. Sutfin was born near the village of Clinton 77 years ago and has lived her whole long life in that place and Tecumseh. Her husband died 47 years ago, and for the last 17 years of that period she has made her home in Tecumseh with her daughter, Mrs. M. D. Strang, and husband.

Those present to celebrate her birthday were her two daughters, Mrs. James Gillen of Adrian, and Mrs. Strang and her son, Melvin Sutfin, and daughter, Lillian, of this place; her grandchildren Lee Gillen, wife and four children of Lansing, Otis Gillen and wife of Jackson; Mr. and Mrs. Verne Hornby and daughter of Adrian; Ed. V. Gillen, Chas. Gillen, wife and daughter, Jane, and Mr. and Mrs. Strang of this place.

At noon a splendid birthday dinner was served and the day was spent in a pleasant sociable family way by all. Mrs. Sutfin was presented with several nice gifts and all her relatives united in wishing her continued health and longevity.

FLAMES AID IN RAZING ICE HOUSES

Fire Department Called to Globe Mill Pond Several Times.

The last week Ray Bachtal and B. W. Flowers began tearing down the old ice houses at the Globe Mill pond for Charles Williamson, they to have half the material. As fast as the buildings were razed Mr. Williamson's portion was piled on his own premises. On Thursday when the men went back to work after dinner they found the sawdust in one building afire, supposedly caught from some lounger's cigarette. The fire truck was called and the men thought the blaze had been extinguished. Saturday night the fire broke out afresh, and at midnight the fighters thought they had it out for keeps, but on Sunday forenoon the lumber was found afire again. This time the department was called, but though they made record time in getting there most of the lumber and part of the second building which was still standing, were destroyed. About 3:30 again rang the bell and again the fire laddies and on-lookers wended their way to the pond, but this time the flames made a clean sweep.

Messrs Bachtal and Flowers seemed to be the losers, but Mr. Williamson says he won't see them lose by the deal any way?

o

AGED WOMAN'S HURT IN FALL; MAN IS SLASHED

Two persons, one aged 91, were injured in a brace of accidents which occurred last Friday evening, Dr. P. B. Hardy being called in both cases.

About 6 o'clock Mrs. Eliza Wilson fell over a wire in the door yard at the home of her son, Richard, with whom she resides, her collar bone being broken and right shoulder dislocated. She is 91 years of age but withstood the shock heroically, reporting Saturday morning that she had slept like a babe Friday night despite the broken bone. She is being attended by Dr. Hardy.

When this physician got back to his office after caring for Mrs. Wilson he found Ed Ferguson awaiting his return. Mr. Ferguson, who is on the Mrs. Bowen farm, had accidentally stabbed himself in the left knee while reparing a roof. He suffered an ugly gash but it is believed willl not be permanently disabled.

o

TWO HONOR GUESTS AT A BIRTHDAY PARTY

Sunday being the birthday of Peter Handy of Evans lake, he and his family were invited to the home of his daughter, Mrs. A. H. Carson on Union St., where he was met by 32 of his children grandchildren, it also being the birthday of the youngest grandson, Claudie Creger. A birthday dinner and a merry good time was enjoyed by all. All as they departed for home, wished the honor guests many happy returns of the day.

New Ice Concern Organized Here

Mutual Ice Company Plans to Sell Product at Low Price.

Another ice company has been formed here and now Tecumseh has two such concerns. The new organization is the Mutual Ice Company, and the concern's announcement says it will be under the direct managemet of some of Tecumseh's leading busines men.

It is declared by the Mutual Ice Company that it will have every facility to handle ice at a low overhead expense. Ice users may take stock if they desire. According to the statement of the company, it is not planned as a purely money-making proposition, but rather to furnish the people of this ctiy with ice at as low a price as posible.

The new concern's announcement declares the conditions under which ice has been sold here this year have not been ideal and the business men interested in the Mutual Ice Company have clubbed together in the hope of securing and furnishing others this frozen product at a lower price. The patronage of the public is solicited.

HENDERSHOTT-CARDWELL

Well Known Tecumseh Athlete Weds Millington Girl, Former Teacher Here.

On Tuesday, July 22, at Millington, some 28 miles from Saginaw, a wedding took place which was of unusual interest to Tecumseh people. The contracting parties were Fred Hendershott, son of Dr. and Mrs. E. E. Hendreshott, and Miss Corinne Althea Cardwell for three years teacher in the second grade in our schools. The ceremony was performed by Rev. Carr, a Methodist clergyman, at the home of the bride's parents, Mr. and Mrs. Orrie L. Cardwell. Only the immediate families made up the wedding party. The couple were unattended, entering the room to the strains of a wedding march played by Mr. Damon of Detroit, an uncle of the bride.

The dainty little bride wore a gown of pale pink georgette with a corsage of pink rosebuds and sweetpeas. The rooms were handsomely decorated with smilax and sweetpeas, as were also the tables at the wedding feast which followed the ceremony.

After the trials and tribulations usual to escaping newlyweds, the bridal couple got away, their honeymoon journey being a motor trip to Fondulac, Wis., where they are guests of Mrs. Hendershott's sister and family.

After September 15 Fred and the wife will reside at Berea, Ohio, where he has been appointed director of athletics at the large Methodist college.

Fred is a graduate from the local high school and last February was graduated from the engineering course of the U. of M. Both in the local school and the university he was highly interested in athletic, having been on the football squad of the latter. He is a live wire and a friend maker. Miss Cardwell, who came here after her graduation from the Normal was very popular among the young people and especially loved by her little charges. The best wishes of the townspeople are theirs.

INDEPENDENTS TAKE A GAME FROM NAPOLEON

Tecumseh's baseball team has struck its stride again. It defeated the Napoleon aggregation here Sunday afternoon, 5 to 2.

Bricken and Derwyor were the battery for the locals and Hulbert and Richardson officiated for the visitors.

The Tecumseh men made seven hits while Napoleon clouted out five clean bingles.

It was a local player who brought in the first tally made in the Sunday encounter at League park, Tecumseh scoring in the second inning. The home club repeated this stunt in the next round, the team from the Jackson county village also having sent a man around in this inning. The losers got their last marker in the final period, Tecumseh in the meantime having circled the sacks twice in the sixth and once in the seventh inning.

There was a good attendance.

Next Sunday afternoon's opponents for the Tecumseh Independents will be the fast Jasper team. This game was to have been played in Jasper but it was decided to hold the contest here instead. The game will start at 2:30 o'clock.

MILK PRODUCERS TO MEET ON SATURDAY

At the fair grounds in Adrian Saturday afternoon, August 2, will be held a meeting of milk producers of Lenawee county and all dairymen in this community are invited to be present.

It is planned to form a great milk selling organization for Michigan, Ohio and Pennsylvania, the project to be outlined at the meeting Saturday by Dr. Oscar Erf, head of the dairy department of the Ohio State university. N. P. Hull, president of the Michigan Milk Producers' Association will speak in behalf of that organization.

The officers of the Lenawee County Milk Producers Association urge all Tecumseh and other dairymen to attend this important meeting as questions of deep concern to all will be considered. The meeting is to open at 1:30 sharp.

UPDYKES AND KEYSERS HOLD FAMILY REUNION

Some fifty members of the Updyke and Keyser families met at Wampler's lake Thursday for their annual reunion. A great picnic dinner was enjoyed at noon and the afternoon was spent in visiting and participating in the pleasure of the lake.

Present from away were Mr. and Mrs. Dick Underwood of Tillsbury, Ont.; Mrs. Chas. Carpenter and son of Chicago and Mrs. Ira Culver of Hudson.

MUSICAL PROGRAM PROVES A WINNER

That the great crowd in town last night appreciated the numbers of the Bargain Day show was evidenced by the frequent applause and honking of auto horns, proving that the musical program as arranged was a distinct success.

Ike Fisher's orchestra of Ann Arbor opened the entertainment and played frequently. The violinist and pianist in that organization are artists. Then the Boston trio, three young ladies, was the best singing number, so musicians in the audience said, which we have had here in several seasons. Understanding that they are not accustomed to work in the open air, their voices carried beautifully and there was real music.

Two young ladies, the Poltroff Sisters, sang, and played saxophones, Pollyanna, the accordionist, was good, but the real fun makers of the evening were the Tianita Midgets. They sang a little, played the cornet and danced a little but it was their boxing stunt which took with the crowd. They boxed in true Carrie Nation—Jack Dempsey [illegible], Carrie not hesitating to use her feet. It finished with Jack on his back and Carrie crowing. Our own Wesley Clark was referee and seemed to be second to both.

The Tecumseh [illegible] band will play next Wednesday.

ROAD NORTH IS [illegible] TRUNK [illegible] HIGHWAY

Good news [illegible] farmers and motorists in [illegible] and vicinity is the word received from Adrian that the [illegible] leading to Clinton from [illegible] taken over as a trunk [illegible] highway.

The Lenawee [illegible] road commissioners at their [illegible] session at Adrian decided [illegible] make the road commencing [illegible] the north line of the [illegible] lage of Tecum[illegible] northwest [illegible] the river to the Clinton corporation line a trunk line highway. The road will not be rebuilt this year, but it will be maintained, scraped and graveled and not allowed to deteriorate.

It is possible that this road may later be taken over as a trunk line highway by the state and made a permanent channel of traffic north and south, and to withstand the heavy travel to which it will be subjected it will in all probability be paved.

o

LOCAL AND PERSONAL

John B. Smith was in Jackson yesterday on an auto theft case.

Mrs. F. L. Kelley of Adrian is a visitor at Vern Harrison's this week.

Mr. and Mrs. Harry Wells of Jackson visited his parents, Mr. and [illegible] John Wells, over Saturday night.

The Misses Franc Rosebrugh and Mary Hosmer of Freeport, Ill., are guests of S. P. Hosmer and Miss Asenath.

Orton C. Sweetland who resides north of town, on Tuesday was married to Miss Frances Windisch of Wauseon, O. The ceremony was performed by Judge Harry L. Larwill at the court house in Adrian.

Mr. and Mrs. A. W. Stahler and their son, Harry, and wife were in Detroit Sunday when the son purchased a new Studebaker. The son and his family plan now to return to their home in North Kakima, Wash., about September 1, the parents and Mrs. Albert Foster accompanying them.

Mr. and Mrs. Arthur Kennedy arrived home Saturday from Pensacola, Fla., after a visit extending over several months with their son, Gerald, and family. Mr. Kennedy has not been idle as his friends know, having been at work much of the time at the shipyards at his trade of plumber.

A couple cars and the caboose from this morning's freight on the Jackson branch left the rails near the John Adams farm south of town and as a result the morning north bound passenger had to go around on the D. T. & I. A rod broke under one of the freight cars which caused the difficulty.

Yesterday afternoon Mrs. D. F. Wright entertained a party of the neighborhood children in honor of the small son, Billy's, birthday. The little people played games and then came the "real party" as they call it, the nice supper. The guests were Eleanor Caldwell, Isabel McIntyre, Bobby Stuckey, George Elliott and Glenn Hines.

A week ago the village council passed an ordinance prohibiting the parking of autos within twenty-five feet of the fire hydrants. The people on Wednesday night took heed in fine shape. Assistant Chief Hoag was on the job and only had to ask two cars from the Shull and Methodist church corners to move away. This was splendid because formerly these two corners had been packed with cars. The enforcement of this law right now is more necessary than ever. The buildings about town are as dry as tinder and every means possible should be used to assist the fire laddies in their work.

Among the arrivals from overseas into New York this week have been Clyde Way of Clinton on Monday and on yesterday's boats were John D. White of Clinton and Geo. W. Tripp, son of School Commissioner G. J. Tripp of Adrian.

John Nemire has purchased the Red club house in the south shore of Wampler's lake, which he is rebuilding into a double cottage for himself and Mrs. Nemire and their son, Guy, and family. He is also [illegible] cottages on [illegible] rested a week ago on complaint of George Chapman charged with assault and battery, was brought back from Adrian Wednesday morning for his hearing in Judge Hosmer's court. After the testimony was heard, the judge dismissed the case by the consent of the prosecutor on the grounds of no cause for action

R. S. Bumpus and Mrs. Burl Bumpus were in Ann Arbor Tuesday and Wednesday with the latter's little daughter, Norene, who has been suffering from an injury to one of her eyes. The little girl can see nothing with the optic but the doctors in Ann Arbor say there is nothing in it to cause the trouble. On July 4 while the child was at play a splinter of stone flew into her eye and she has seen nothing since with that member.

A jolly bunch occupy the Monagin cottage, Wampler's lake, this week. They are Miss Clara Waldron and two friends, Mrs. Grove and Mr. Keppie, of Port Huron, James Waldron of Lansing, Mrs. Alice Satterthwaite Wood and little son, Frederick B. of Sacramento, Cal., Mrs. Athol Brainard and daughter of Springville, Miss Ruth Keeney of Carson lake, Minn., the Misses Beth Satterthwaite, and Marion Rosacrans and John Keeney.

IS GIVEN A SURPRISE ON 79TH BIRTHDAY

On Sunday V. Vandercook reached his 79th birthday and in honor of the event his wife invited a party of relatives to help him celebrate. The affair was a complete surprise to Mr. Vandercook which made it more delightful. In the group were the daughter and husband, Mr. and Mrs. Rollo crabb, and daughter, Geraldine, of Farmington, Mrs. Rebecca Cole of Clinton, Will Cole of Monroe, Edward Cole of Battle Creek, Andrew Cole of Jackson, Mr. and Mrs. Hammill and daughter, Helen, of Addison. Mr. Vandercook received a number of gifts, no small portion being quite a considerable sum of money.

Mr. and Mrs. Vandercook have both been in poor health for some time, Mr. Vandercook having been unable to be at his work for some months. Five week ago Mrs. Vandercook fell in her garden and the injury to her limb which she suffered then has forced her to be under a doctor's care since.

HARDING BROTHERS IN THE SAME HOSPITAL

Mrs. Arthur Harding received a letter yesterday from the Hardings in Kansas, saying Rev. Will Harding, whom we reported last week as being ill with typhoid, had been moved from his home in Marion to St. Francis hospital at Topeka and the doctors there give them every encouragement that Rev. Harding will recover.

Arthur, who was suffering from inflammation in his eyes when he left home to go to his brother, is also a patient at the same hospital, being in the care of Dr. Alkire, a doctor famous in that vicinity for eye trouble.

Editorial Comment

Oiling of streets in Tecumseh was given marked impetus when the village council, at a special meeting Wednesday evening, July 23, authorized the purchase of an oiling wagon.

Tecumseh's councilmen acted wisely in buying such a vehicle, as the indications are that soon the residents of every street in the city will desire their thoroughfares oiled. At first there was opposition to this method of laying the dust, but as soon as the real merits of the plan were realized sentiment in regard to the question changed. Now at most every session of the council a petition is presented for the oiling of some street, showing that Tecumseh people are progressive and are anxious to make their home town as up-to-the-minute along all lines as possible.

Heretofore it has been necessary to borow an oiling wagon or rent one, but as the result of the favorable action taken by the council this will no longer be necessary. And doing the work with a Tecumseh-owned wagon will be more satisfactory to all concerned than any other method. We will not have to wait the convenience of some one else, will not have the constant expense of securing a wagon and in more ways than one the new arrangement will bring better results.

Now Tecumseh is prepared to make its streets as near dustless as modern methods will permit, and The Herald believes the plan suggested by City Attorney Rathbun at the last regular meeting of the council is the most practical one yet advanced. Mr. Rathbun said Tecumseh's council might deem it advisable to oil all the streets in the city and take the cost out of the general highway fund. Under this arrangement all residents of Tecumseh would be equally benefitted and all would share in the expense, and this city could be made dustless. This would be an ideal way of solving the dust problem and making Tecumseh an even more desirable place in which to live than it is now. By treating the streets with oil it will also greatly reduce the cost of keeping them in repair.

Let's let the aldermen know that we favor this plan and get busy at once to make Tecumseh not only "The Biggest Little City in Michigan" but also "The Biggest Little Dustless City in the State."

Attention has been called to the fact that traffic in Tecumseh is now heavier than ever and the suggestion is made that drivers of automobiles and other vehicles use more caution in approaching the main thoroughfares.

Chicago and Evans streets being the principal channels of travel, these are "right of way" thoroughfares and vehicles coming into or crossing these streets should do so with care.

Some autoists race around corners and onto these main arteries of traffic in a dangerous manner and it is surprising that more accidents have not occurred. It should be borne in mind that Evans and Chicago streets are much used and caution is necessary when approaching them.

If all vehicle drivers will just bear in mind that traffic on these two streets have the right of way collisions are not so liable to occur with the resultant injury to life and limb and damage to cars.

It required a league of nations to whip Germany and it will still require one to make Germany behave. Japan and Mexico have to be watched also. Yes, a league of nations is necessary if wars are to be ended and the world is to enjoy peace and security.

A correspondent writes President Wilson certainly did "look the picture of health" as he rode down Pennsylvania Avenue Tuesday night of last week. Wonderful for a man who has had the whole "world on his shoulders" for two years.

Constructive criticism can do far more toward realizing the ideals of democracy than the destructive criticism of misguided "revolutionists" who cannot even intelligently wreck an old structure, to say nothing of building a new.

Lots of men are lenient with themselves because of their belief that charity begins at home.

High Grade Prepared Foods Are The Cheapest

In purchasing prepared foods during these hot days it is well to bear in mind that the cheapest are not always the best.

Especially is this true of packed fruits and vegetables and the economical housewife will use discretion in buying such necessities.

The prudent ones will buy the famous DEL MONTE and HEINZ products, they being the best obtainable, quality and price considered. We have a wide variety to choose from, all being of the delicious kind.

RACINE TIRES PROVE TO BE HIGHEST QUALITY ON MARKET

In an endeavor to ascertain what make of the many kinds and grades of automobile tires now being offered motorists is best suited for all purposes, a comparison was made and it was found the Racine Rubber Company's products were supreme. They were proven so scientifically constructed and so thoroughly tested as to overcome all the flaws evident to a more or less extent in other makes of tires.

The Racine Rubber Company's super-fine line consists of Extra-Tested Multi-Mile Non-Skid Cord Tires, Country Road Tires and Multi-Mile Cord Tires and Extra-Tested Red and Gray Inner Tubes.

In Tecumseh these Tires Are Sold by Albert VanDoren

WHAT RACINE RUBBER COMPANY OFFERS AUTO OWNERS

REAL TIRE VALUE

Racine Country Road Tire

Extra-tested is more than a phrase. It represents all the watchful extra care in selection of materials, extra quality of workmanship, the extra inspection, and fourteen rigid extra tests to which each Racine Country Road Tire is subjected.

In the factories where these Extra-Tested, extra value tires are made, there is one inspector to work with every seven tire builders. They inspect each process—watch each step in tire construction.

Guarantee—scientifically built and Extra-Tested to meet severe service on country roads.

POSITIVE NON-SKID

The Multi-Mile Cord contains the many known excellencies of multiple-strand cord tire construction—plus that wear and quality alone imparted by the many Extra Tests conducted in Racine Rubber Company factories.

Now, also, the exclusive Racine Absorbing Shock Strip means more tire mileage for car owners. This is an extra strip of scientifically blended rubber which unites the tough rubber of the tread to the softer rubberized cord carcass of the tire. It equalizes road shocks and eliminates danger of tread and carcass separation.

Racine Non-Skid Tire

CORD TIRE SUPREME

Racine Multi-Mile Tire

Racine MULTI-MILE Cord tires set a new high standard by which to judge cord quality. The MULTI-MILE Cord comes to the car owner service-proved in actual use, and backed by the quality reputation which Racine Rubber Company has earned. It is backed, too, by the many Extra Tests which hold every Racine Rubber Company tire to this highest of quality standards.

Thousands of tire users who give serious thought to the question of tires have chosen Racine MULTI-MILE Cords for their cars. The careful tire buyer is quick to see the extra dependability in the MULTI-MILE Cord and the extra degree of utility these tires add to his car.

RACINE EXTRA-TESTED RED AND GREY INNER TUBES GIVE MUCH LONGER AND BETTER SERVICE THAN OTHERS

There is a well established reason for the Racine Rubber Company's Tires standing above others for service and durability. A Special Extra Test completes each stage of the manufacture. Each extra test is so thorough. Each is exacting. Each adds quality. Each adds mileage. Each adds wear. A racine Tire pays big dividends in satisfaction. It is covered by a 5,000-mile guarantee, and good service can be expected far in excess of this figure. Hundreds of users report mileage records far beyond the guaranteed distance.

Auto owners in Tecumseh and surrounding territory may obtain these superior tires and tubes of

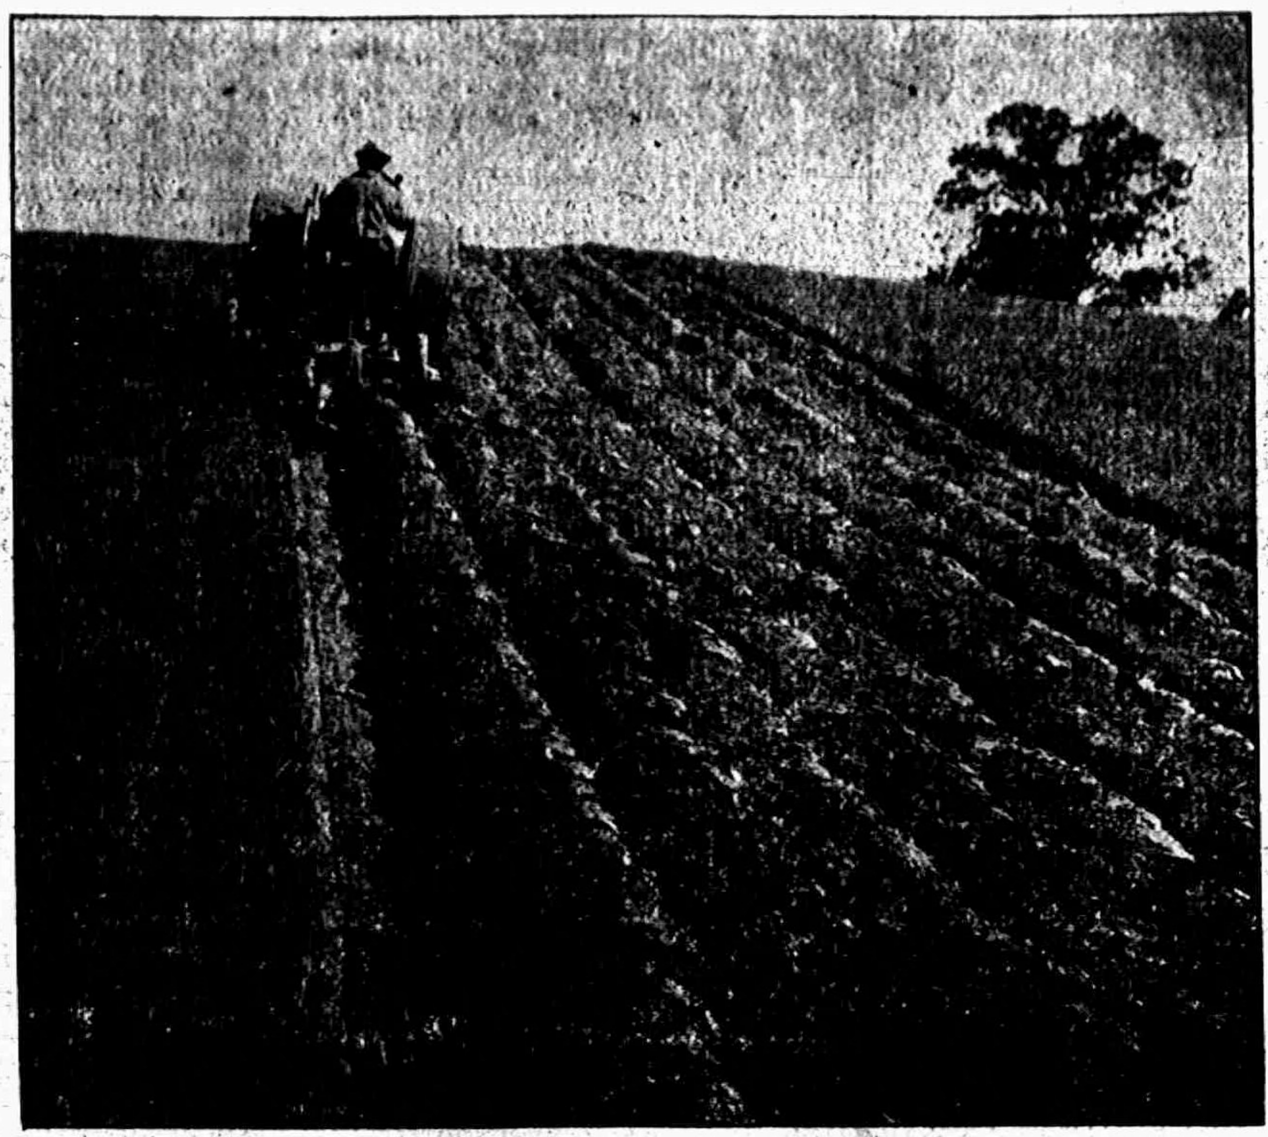
Samson Tractor

$650.00 f. o. b. Janesville, Wis.



Above is an illustration of the Samson Tractor, the little giant, hitched to a plow, at a recent demonsration on the M. E. Conklin farm, just northwest of Tecumseh.

The ease with which this little giant tractor turned over the furrows in a difficult field to plow, gave plenty of evidence of the extraordinary power concentrated in a comparatively small machine. The spectators at the demonstration marveled when they saw that there was power to spare.

Our allotment of Samson Tractors for this season is small. The demand is steadily growing and those who get in their order first will be supplied first.

For a power plowing outfit below the $1,000 mark, the Samson cannot be beaten.

The above photo shows plainly the excellent work the Samson is capable of. Any farmer can do the same and save the first cost in feed and horse flesh.

While here they visited Mrs. Underwood's father, W. B. Keyser. Mr. Underwood went back home Monday, but Mrs. Underwood will remain here for an indefinite visit with her parent.

All residents of West Chicago street are now in favor of the proposition that this thoroughfare be oiled. When the petition was first circulated one of those residing on the street was opposed to the project, but has since realized the great benefits to be received and has placed his signature to the request, with the result that the sentiment is now unanimous in favor of the new method of laying the dust.

The suggestion has been made that motorists and the drivers of other vehicles bear in mind that Chicago and Evans streets are "right of way" thoroughfares and that those coming onto these streets from other roads do so cautiously to avoid accidents. Some autoists dash from side streets onto these main and much traveled thoroughfares in a reckless manner and it is surprising more accidents have not occurred, say those who have observed many near collisions. It is contended that those coming from the side streets onto Chicago or Evans should remember that vehicles on these thoroughfares have the right of way and that the safest way to drive onto or across these streets in slowly and watchfully.

Manslaughter is the charge placed against Robert Shadbolt, driver of the auto in which Mrs. Clara Bailey lost her life the night of July 17 on the Wheeler road out of Adrian when the car went into the ditch. This is the case in which Henry W. Stevens of Tecumseh officiated as coroner, the inquest having been completed last Thursday afternoon. The auto under which Mrs. Bailey lost her life was formerly owned by a Tecumseh man. The coroner's jury found that Shadbolt was intoxicated when the accident occurred and was driving recklessly, and as a result he was accused of manslaughter in Justice Bennett's court in the county seat. Prosecuting Attorney Bean demanded an examination on behalf of the people and this was set for August 5. Bail was fixed in the sum of $1,000 which was furnished.

Mrs. John Welch is very low with heart trouble.

Mrs. Rose Burrow is taking a week's vacation from the Rosacrans store.

Mr. and Mrs. F. S. Samson were in town Sunday, callers at the Gillespie home.

Mr. and Mrs. Fred Rosacrans and daughters are spending the week at the Krone cottage, Sand lake.

Miss Beth Satterthwaite was in Ann Arbor Sunday, going to visit her aunt, Miss Elizabeth Satterthwaite.

Mr. and Mrs. Floyd Willnow moved into town Monday, occupying Mrs. Mertie Campbell's house on Cummings street.

Mrs. George Knapp of Los Angeles, who is visiting her many old friends here, is this week the guest of Mrs. C. A. Slayton.

L. D. Kenyon is taking a week's vacation from Avery's grocery. Part of the time he will spend with his daughter and husband at Grass Lake.

IT is indeed hard to stand at one side while the stream of life flows by. A man or woman condemned to sickness that does not permit him or her to perform the active duties of life, to do his or her share of the world's work, is a pathetic figure deserving of sympathy.

Much sickness, pain and misery result from disordered kidneys and bladder. Failure of the kidneys to do their work properly and filter impurities out of the blood leads to rheumatic pains, backache, sore muscles, stiff or swollen joints, puffiness under eyes, floating specks, biliousness, bladder weakness, nervousness, or other symptoms of kidney trouble.

Foley Kidney Pills

are effective in removing the cause of the trouble for they strenghthen and invigorate weak or deranged kidneys and help them to normal functioning so that the blood stream is purified and the cause of disease removed.

F. M. Platte (Brakeman), Sec'y. Switchman's Union, 518 Blaine St., Peoria, Ill., writes: "Two bottles of Foley Kidney Pills relieved all symptoms of my kidney and bladder trouble, stopping the backache and pains, correcting the kidney action, clearing secretions. I am also free from dizziness and floating specks before my eyes. Foley Kidney Pills cured me."

IT'S NOT YOUR HEART IT'S YOUR KIDNEYS

Kidney disease is no respecter of persons. A majority of the ills afflicting people today can be traced back to kidney trouble.

The kidneys are the most important organs of the body. They are the filterers, the purifiers, of your blood.

Kidney disease is usually indicated by weariness, sleeplessness, nervousness, despondency, backache, stomach trouble, pain in loins and lower abdomen, gall stones, gravel, rheumatism, sciatica and lumbago.

All these derangements are nature's signals to warn you that the kidneys need help. You should use GOLD MEDAL Haarlem Oil Capsules immediately. The soothing, healing oil stimulates the kidneys, relieves inflammations and destroys the germs which have caused it. Do not wait until tomorrow. Go to your druggist today and insist on GOLD MEDAL Haarlem Oil Capsules. In twenty-four hours you should feel health and vigor returning and will bless the day you first heard of GOLD MEDAL Haarlem Oil.

After you feel that you have cured yourself, continue to take one or two capsules each day, so as to keep in first-class condition and ward off the danger of other attacks.

Ask for the original imported GOLD MEDAL brand. Three sizes. Money refunded if they do not help you.

GOVERNMENT GRADES WILL CONTROL WHEAT

Farmers and Grain Dealers Should Both Know Grades and Prices When Crop Is Marketed.

East Lansing, Mich.—The fact that the United States Grain Corporation has issued instructions that all wheat shall be bought according to the federal grades makes it very necessary that both farmers and grain dealers understand thoroughly the grades of wheat established by the United States bureau of markets. This ruling means that the application of grades will extend to small country points where wheat is sold, as well as ruling at the terminal markets, and a difficult situation may arise when the 1919 wheat crop begins to move unless the regulations are thoroughly understood.

The importance of the grades was brought out at a series of meetings held recently at Detroit, Saginaw, Grand Rapids and Kalamazoo at the request of the Michigan Agricultural College. At these meetings Supervisors H. P. English of Washington, D. C., and R. M. Taylor of Detroit gave the demonstrations.

Some question has arisen among the farmers of the state as to whether they will get the government price of $2.26 a bushel for their wheat at their local buyer's. In explaining this point at the Grand Rapids demonstration meeting, John Higgins of the Valley City Milling Company, stated that the government price guarantee expressly states a price of $2.26 at Chicago, for his locality, for No. 1 red wheat. From this price, Mr. Higgins explained, must be deducted 8 cents a bushel freight from Grand Rapids to Chicago, 2 and 26 hundredths cents a bushel (1%) charge by the U. S. Grain Corporation for handling at the terminal buying point, and 6 cents a bushel charge by the grain dealer to cover his expense of handling the grain. As a result the government price at the local buying point will be based upon the $2.26 price, less handling charges and freight to Chicago or to some sea board shipping point.

F. B. Drees, secretary of the State Millers Association, Lansing, states that in many Michigan points "the most favorable shipping point" designated in the United States Grain Corporation contract is more likely to be a sea board point such as Philadelphia or New York, instead of Chicago. This means a considerable variation in the freight, and the individual handling charges also vary considerably according to the volume of business and the handling facilities.

Farmers with badly smutted wheat, with wheat considerably mixed with rye, weed seeds or dirt, or with wheat which runs light in weight will receive a price based on the value as compared to No. 1 red wheat. In case of dispute as to the proper grade, the grower and buyer may obtain an official grade test by sending a two quart sample in an air tight container to the nearest licensed grain inspector.

The inspectors are located at the following points: W. W. Recker, Chief Inspector, Detroit Board of Trade, Detroit. D. R. McEachron, Association Commerce Bldg., 35 Pearl N. W., Detroit. H. L. Peters, Chamber of Commerce, Port Huron, Mich.

In taking the sample for test, both parties should together take several small samples from the lot in question, mix them, and enclose the whole sample in an air tight container such as a tight molasses bucket, which should then be mailed or expressed to the inspector.

Questions in regard to the application of the grades will be answered by R. W. Taylor, Detroit Office Bureau of Markets, 605 Free Press Bldg., Detroit. If properly understood and applied the grades will work to the good of grower, dealer, and consumer, alike.

Delicate Mechanism

Despite its scope Swift & Company is a business of infinite details, requiring infinite attention.

Experienced men must know livestock buying with a knowledge of weight, price, the amount and quality of meat the live animals will yield.

Each manufacturing operation must be done with expert skill and scientific precision. A highly perishable product must be handled with speed and care to avoid loss.

Chemists, engineers, accountants, and other specialists are required to take care of our intricate problems.

Alert wisdom and judgment must be used in getting stocks of goods into the open channels of demand through our four hundred branch houses. Branch house organizations must show activity and energy to sell at the market in the face of acute competition from other large packers, and hundreds of small ones.

All these requirements of intelligence, loyalty, devotion to the task, are met in the personnel of Swift & Company. Yet the profit is only a fraction of a cent per pound with costs at minimum.

How can the workings of this delicate human mechanism be improved upon?

Do you believe that Government direction would add to our efficiency or improve the service rendered the producer and consumer?

IS GIVEN SURPRISE ON 76th BIRTHDAY

Mrs. Susan Linn Honor Guest of Mrs. Hurry's Sunday School Class.

The pleasant home of Mr. and Mrs. Elmer Linn was the scene of a very pleasant gathering July 21 when Mrs. Hurry's class of the M. E. Sunday school gathered to celebrate the 76th birthday of Mr. Linn's mother, Mrs. Susan Linn.

The event was a complete surprize to the aged lady, who enjoyed the occasion to the fullest. The hours were spent with social converse and later a picnic supper was served, two tables being spread where some twenty guests were seated.

A pleasing feature was the birthday cakes, two being used to accomodate the 76 candles. Mrs. Linn was the first to blow upon the candles, and with her first effort, every candle was extinguished. Miss Emma Rogers, whose birthday was Sunday had the first chance at the second cake, and left only three or four lighted candles.

Miss Lucy Train brought a photo of "Helen's babies," the original class of some forty years ago and read a poem descriptive of the members.

Death took one of the older members this season, Mrs. Nellie Doke, whose remains were brought here from Detroit a few weeks ago for burial. A few of the original members were present at the meeting.

The Poem is as follows:

"Helen's babies"—Mrs. Helen M. Griswold, Teacher.

I came across a photo not many days ago—
Of "Helen's Babies" brave and true,
All standing in a row,
And host of recollections kept coming into view,
So I'll picture them for you dears
The old ones, to the new.
There was Helen in the middle,
Our well beloved one,
Whom we fololwed to the grave yard
When her work was fully done.
Nellie Haines and dear Belle, Neeley,
Carrie Potter, our north Star.
Emma Darling, Emma Rogers,
Miss Montgomery, now afar,
Stella Bangs and Emma Vedder,
And ou genial Emma Ford.
Then our darling Ella Webster
Whom we all loved and adored.
Julia Waring how we mourned her,
Maggie Smeltzer, Jen Knouase.
Ida Lanning and Fred Waldron,
Lucy, quiet as a mouse,
Then come kindly Mrs. Gillett
She was with us for a while,
Then she moved away to Kansas.
And we missed her pleasant smile.
Death has taken from this circle
Our beloved teacher friend,
Ella Webster, Julia Waring, Nellie Haines, the story ends.
We are happy, fond and loving.
Each to each, proved tried and true.
Of our number as we count them,
There remains a faithful few,
Time and change have thinned the circle
But sweet memory lingers yet,
And our circle is not broken we forget
Not one dear one, whom we cherished,
In the days of long ago.
In our hearts they still are standing
Side by side, a loving row.
When death claimed our darling teacher.
Sister Barnes the place supplied.
Faithfully she sought to guide us,
But Alas, she too has died.
May our darling sister Hurry
Linger with us many a day,
Guide us in the path of duty
Lead us in the better way.
Heaven bless her, keep her ever
In the way of love and peace,
Till her work on earth is ended,
And her trials all shall cease,
Dear ones, as we meet together
Let us pledge ourselves anew,
Faithfully to do our duty,
Ever earnest ever true
May God bless us, keep us ever
A united loving band,
Till our days on earth are ended
And we cross the shining strand.

Camel Cigarettes

18 cents a package

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes; or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

They Win You On Quality!

Your enjoyment of Camels will be very great because their refreshing flavor and fragrance and mellowness is so enticingly different. You never tasted such a cigarette! Bite is eliminated and there is a cheerful absence of any unpleasant cigaretty after-taste or any unpleasant cigaretty odor!

Camels are made of an expert blend of choice Turkish and choice Domestic tobaccos and are smooth and mild, but have that desirable full-body and certainly hand out satisfaction in generous measure. You will prefer this Camel blend to either kind of tobacco smoked straight!

Give Camels the stiffest tryout, then compare them with any cigarette in the world at any price for quality, flavor, satisfaction. *No matter how liberally you smoke Camels they will not tire your taste!*

CROPS POOR IN SOME PARTS OF KANSAS

Tecumsehite, Member of Party From Here In West, Writes of Conditions There.

All parts of Kansas are not to be blessed with bumper wheat crops, as early reports indicated, according to word received from a party of Tecumseh men who recently went west and are now located in South Dakota.

A letter received a few days ago by The Herald from a member of the party is as follows:

Falun, Kan., July 15, 1919.
Editor Herald.

We arrived at Salina about 6 o'clock Tuesday of last week. After looking the town over we took rooms for the evening. Then decided to stroll the streets for a time. A farmer soon found two neighbors in need of help, so we took an auto ride of seventeen miles after 11 o'clock arriving at the place at midnight. Wednesday was quite cool, they said, it being 102 in the shade. Thursday it was some hotter, being 116 in the shade. What must it have been in the field. They told us about 10 degrees more. There was little wind stirring all day.

They begin work here at 7 o'clock in the morning, toil until noon, then begin at 2.30 and labor until 8, taking a half hour for lunch. Don't you think I will make a good d-v-l if I can stand it to work in this climate?

You no doubt have all read of the big wheat crop in Kansas. They meant the prospect they had. The rain almost drowned it and the hot sun dried it up so that some will not pay to harvest. Heard of a farmer threshing all day and did not get enough to pay the threshing costs. The wheat on the high spots is the best, and this is where they expected the least. Most of the wheat tests from 54 to 58 and is yielding at the best only about twenty bushels to the acre.

We are eating new potatoes. They are selling for 4 cents a pound here, fine ones.

Corn here is tasseling but is in need of rain. The farmers are about through stacking. They are about getting ready to plow. There are eight small tractors on the siding this afternoon ready to be unloaded. The weather is hot and sultry after the shower of Sunday afternoon. It is almost impossible to plow with horses. We have seen only one span of mules here. Saw some in the stock yard at Kansas City, although I hear a "Missouri mocking bird" every morning at meal time.

Saw some jack rabbits in the field the other day, but they do not run as it is too hot.

The people here are from Sweden and are fine folk. They furnish good meals and everything is fine.

Falun is about the size of Tipton and is situated in a sunken spot with hilly country all around. The soil is sandy but is too hard at present to plow, so they are going to work it with two large disc and tractor.

We leave the last of the week for South Dakota and we hope to reach there in time to shock wheat.

Later News From "Spooks."

Hitchcock, S. D., July 20, '19.
Editor The Herald:

We left Falun, Kan., last Thursday for Hitchcock, S. D., and stayed that night in Lincoln, Neb.

The wheat in Kansas is poor. It was beaten down and did not fill on account of such hot weather after so much rain.

Saw them digging their potatoes about Kansas City. They were in the weeds so deep could not see the rows, but they were good. The are selling at 4½c a pound.

The railroad follows the rivers around in Kansas and Nebraska. One river we ran beside had it all over the Raisin for being crooked. Saw the Kansas river, the Blue river, Missouri and none of them looked very inviting to anyone who wanted to take a bath as the water looked like water in a clay mud hole.

Some time after sundown we arrived at Lincoln, Neb. Took in the town by lamp light, wrote some cards to friends and went to bed at 10 p. m. to arise at 4:30 to take the 5:05 for Hitchcock, S. D. Took breakfast in Omaha, Neb. Crops looked some better here, especially the corn, as there was some water standing along side the road.

At Omaha we followed the Missouri river. It is a muddy river, not very deep and full of sand bars.

We took dinner in Sioux Falls. The train does not have any dining car or sleeper. Gave us 30 minutes for a meal at some fine railroad hotel. A few miles out of Sioux Falls the train just moved and on looking out of the window saw that the road bed had been washed out recently and on making inquiries found out they had a cloud burst that damaged the road for a mile or more last Sunday night. At Huron, S. D., we stopped for supper in a rain storm. Huron is a small town, but it does more business than any city in South Dakota, I am told. We went through Iroquois, S. D. This is an old home town of Charley Allbright, an old school teacher of mine at district school at Gurnee. About 10 o'clock we arrived at Hichcock and went to the hotel and inquired for the Stitts boys and on making our names known my name was the same as the landlord's. I asked if there were any of these fellows around here, showing him the three links (Odd Fellow pin). He said some. On being told that the rooms were all occupied, said I must have some place to stay for the evening. Just then I heard a voice say "come on you three-linker, if you want to share my bed with me." That sounded pretty good to a fellow who had ridden from 5:05 in the morning till 10 at night. So much for the I. O. O. F.

The next day we rode 68 miles in a truck and set up 2 binders. The following day took a binder out in the country 22½ miles and set it up. Saw some pheasants along the side of the road and saw a pheasant rooster. He is a funny looking bird and I was told he could run as fast a a dog.

Got back to town at 3 o'clock that afternoon and did some letter writing. My palls spent the night with the Stitts brothers. The have a job shocking. I am going to work in town for a while. All kinds of jobs are to be had. I could work on an elevator or help build a bank building or go shocking, anything to make the money.

I am waiting to hear from North Dakota as to the crops up there. I have been told that the crops were quite badly damaged by the drouth.

Had a good shower here this afternoon.

WEST MICHIGAN PEACH ORCHARD PAYS WELL

Fifteen Acres Earn Thousand Dollars Yearly for First Twelve Seasons.

East Lansing, Mich. A fifteen acre Michigan peach orchard, owned by Messrs. J. K. Barden & Son of Allegan county has returned a net profit of nearly a thousand dollars a year during the first twelve seasons, according to a report just published by the horticultural department of the Michigan Agricultural College. The total profit for the twelve-year period is $11,263.05.

F. M. Barden, one of the owners, kept all the records on the orchards and included every item of expense from the initial cost of the young trees to the marketing of the last crop. Even the labor put in by the owners was charged up at the prevailing rate. Total expenses for the twelve years are $7,831.37. This deducted from total receipts of $19,094.42 gives the net profit shown above. The average yearly net profit per acre is $62.57.

A bulletin giving full information on the records of the test giving all items in detail, may be had by writing to R. S. Shaw, director experiment station, M. A. C. East Lansing.

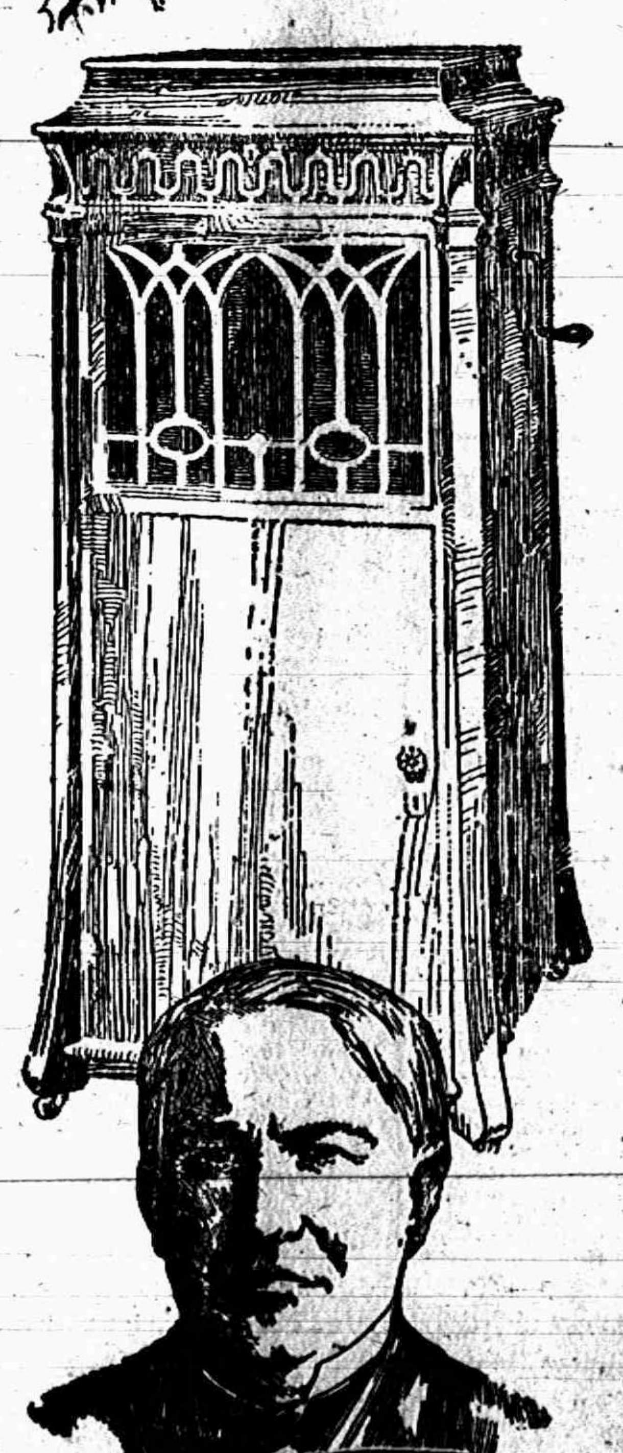
Let Us Send The New Edison To Your Home—Only a Small Payment Down

TAKE advantage of this offer now. For a small first payment, you can have The New Edison in your home at once. You can have it to cheer the leisure hours of your vacation days; you can enjoy its sweet music as you sit in the soft twilight breezes. Find out for yourself what a comfort and a joy Mr. Edison's wonderful musical instrument will be to you and all your family—how it can furnish amusement for every mood and every hour.

Make a small payment and we'll send The New Edison to your home. Then, after 30 days, if satisfied, start paying for the instrument on easy monthly terms, so low that you scarcely feel the expense.



The NEW EDISON

No Needles to Change
Even records of all other makes sound more human when played on The New Edison

A Boon Everywhere

A phonograph is needed in every home. Most of all in the village, small city and farm homes.

Wherever you may be, whatever your station in life, really and truly the Edison Phonograph, with its laughter and merriment, with its refining, educating and soul-stirring influence should prove a Godsend to you.

On the lonely ranch, at the public meeting place, out with a camping party—and above all in the home—the Edison will do more for you to make life worth while than a score of other articles that you might buy for ten times the cost of an Edison.

Music's Re-Creation

That is the only term which can really describe Mr. Edison's wonderful phonograph. For it really creates music anew. It does more than merely reproduce music like the "talking machine." Everyone can tell "talking machine" music when they hear it, but actual tests before over two million music lovers have proved that when the music of the New Edison is heard side by side with the living artist who made the record, the ear cannot tell which is which.

Yes, that *is* wonderful. But it took no less a genius than Thomas A. Edison, the world's greatest inventor, to accomplish such a miracle. The New Edison is his favorite invention. He worked for years and spent a fortune to perfect it. Now, since we make this liberal offer, will you be satisfied to have anything less than Music's Re-Creation in *your* home?

Don't Wait!

Don't deny yourself the pleasure which The New Edison will bring for another day. Come in and hear it. Bring your family. We'll gladly play any records for you which you would like to hear. Select your outfit and let us send it to your home on our liberal offer.

SOLDIERS PERMITTED TO RETAIN EQUIPMENT

Those Who Have Restored Same to Government May Now Secure it.

Tecumseh and other returned soldiers who have restored to the government all or part of their equipment and who desire possesion of the same now have an opportunity to secure these articles of warfare or wearing apparel. The Tecumseh Herald has received from Congressman Earl C. Michener of this district a copy of a letter which details the steps necessary to obtain a reissue of certain articles of uniform clothing and equipment and it is here published for the benefit of local soldiers:

"The following articles of clothing and equipment may be permanently retained by enlisted men upon honorable discharge:

"One overseas cap (for all enlisted men who have had service overseas) or 1 hat and 1 hat cord for all other enlisted men; 1 olive drab shirt; 1 service coat and ornaments; 1 pair breeches; 1 pair shoes; 1 pair leggins; 1 waist belt; 1 slicker; 1 overcoat; 2 suits underwear 4 pairs stockings; 1 pair gloves; 1 gas mask and helmet (if issued overseas); 1 set toilet articles (if in possession when discharged); 1 barrack bag; 3 scarlet chevrons

"Any enlisted man who served in the United States army during the present war and who was honorably discharged or furloughed to the reserve since April 6, 1917, and who has restored to the government any of the above articles, or to whom for any reason they were never issued, may make application for such articles to the Supplies Division, Office of the Director of Storage, Munitions Building, Washington, D. C., and similar clothing and uniform in kind and value as near as may be will be returned to him. The application should state sizes required and will be accompanied by affidavit made before any civil or military officer authorized to administer oaths, setting forth the soldier's record of service since April 6, 1917, the date and place of his discharge or furlough to the reserve; the articles and kind of clothing restored to the government, whether cotton, O. D., or woolen, O. D., and certifying that none of the articles applied for were retained by him at the time of his discharge or furlough to the reserve, or if retained, that they have been restored to the government since that ime.

"Officers and enlisted men who have returned the gas mask or helmet may make similar application for these articles and they may be issued if available."

Congressman Michener also sends word that he will gladly furnish information to any soldier who desires it. Address Congressman Earl C. Michener, 476 House Office Building, Washington, D. C.

Among the deaths reported from violence were 13 in railway, 7 in electric, and 28 in automobile accidents; 39 committed suicide, 26 were drowned and 6 died in fires.

There were 6,539 births in Michigan in May. In Lenawee couty there were 77 births; 63 deaths; Detroit, 2,045 births, 854 deaths.

A report from the registration area of the United States shows the births of 14,394 pairs of twins and 155 sets of triplets for 1917.

The reports for 1,241,727 of the births occurring in 1917 in the United States contanied information as to number of child in order of birth. Of these reports, 339,042 were for the first child born to the mother, 264,044 for the second, 191,528 for the third, 134,331 for the fourth, and 95,931 for the fifth. In the remaining 216,846 cases, or 17.5 per cent of the entire number for which information upon this point was obtained, the total number of children born by the mother was 6 or more; in 37,914 cases it was 10 or more; in 1,600 cases 15 or more; in 56 cases, 20 or more; and in one case, that of a colored woman, the birth of a twenty-fifth child was reported.

Fearful losses of life and economic waste result yearly in this country from industrial accidents. Unfortunately the government is in the dark as to the number of industrial accidents, notwithstanding continuous demands by labor and forward-looking employers for definite data from state and federal authorities. The only accurate data on hand is confined to mining and transportation. For the 5-year period ending December, 1917, a total of 16,526 workmen were killed and over 49,000 injured in our mines and quaries. For the 5-year period ending December, 1917, the railroads of the U. S. killed 48,801 and injured 931,764. Of the killed and injured more than 7 out of 8 were railroad employees.

It must be remembered that men who work in mines and quarries and on the railroads are picked men. Invariably they are the strongest physical types.

One million five hundred thousand persons die in the United States every year, many of the deaths being premature. It is estimated, no doubt conservatively, that for every death there are two additional persons sick, a total of three million sick. The loss each year in this country due to sickness ranges from $1,500,000,000 to two billion. The greater part of such sickness is preventable. There is no more profitable undertaking than the promotion of health and no form of knowledge more urgently needed in curricula than effective hygienic scince. In 1908 there were 35,000 deaths from typhoid fever and 350,000 cases in the United States.

Better local sanitation would have prevented 75 percent of the cases. About 80 percent of the cases of typhoid develop from drinking impure water, a cause easily removed by simple scientific methods.

The eight hour day adds life to the workers. Wage earners find this the most effectual way to more equitably distribute social wealth and the greatest prevention of disease. Since the union cigar makers adopted the 8 hour day in 1886, from 12 to 15 years have been added to the average life of cigarmakers. Printers have added 10 years to their lives since they abandoned the 10, 11 and 12 hour days. Similar experiences have been proportionately recorded by miners, machinists, bricklayers carpenters, metal polishers and thousand of other organized wage earners.

If "pork barrel" congressman persist in the coming years, they will need to be deep thinkers. How can one of them get an appropriation to make the air above Goose creek navigable for freight airplanes?

Buy From Your Home Merchants Everything You Use or Consume!!

JACKSON COMMUNITY SERVICE BUREAU

Your home merchants pay their share of taxes—City, County and State.
They contribute their full quota to the support of your district.
They help build the roads by your farm and pave the streets by your home.
They help support the public, parochial and district schools.
They help you to have pure foods, good water and sanitary living conditions.
They help to give proper fire protection.
They help to give adequate police protection.
They are residents of the district,—your friends and neighbors,
They employ district labor exclusively.

They are one of the main factors in supporting your home community and are always to the front in civic activities. The first people called on by organizations in every form of civic betterment are the District Merchants.

To patronize your District Merchants is simply to patronize yourself. Take money out of his pocket and you take it out of your town—there can be no two ways about that. Every progressive citizen now recognizes the truth of this. Some communities have progressed much further in this direction than we. They conduct civic movements to foster and encourage home buying. The main thing to remember is that buying at home is buying from yourself.

If your neighborhood store does not have "just what you want," come to Jackson where you can buy anything that you can buy elsewhere and in many cases at a considerable saving in price.

The folowing merchants, members of the Jackson Commnnity Service Bureau, are pledged to quality, service and worth for price:

Attention, Dairymen!

For the benefit of the **MILK** and **CREAM** producers of Tecumseh and vicinity, we will open a **MILK** department at our plant August 1st, and will take in **MILK** every morning from six to nine.

We will market the Milk in Detroit, where we will receive the highest possible prices. The prices to be determined by the Detroit Milk Commission every month.

There is a considerable amount of **MILK** going out of Tecumseh that should be marketed here, and while we only receive a small compensation for handling this extra business, we feel that the milk belongs in Tecumseh, hence the reason for making the market.

We are also paying the highest possible prices for **BUTTER FAT** all the time, and we believe if you will sell your **MILK** and **CREAM** to your home Creamery, rather than ship to outside concerns, you will receive just as much if not more for your product in **DOLLARS AND CENTS**, and at the same time be one of the many boosters for **TECUMSEH**.

Mr. and Mrs. William Hanham were in Detroit the first of the week, going to visit their son, Earl, who has been sick with lung trouble since being discarged from service. Yesterday Earl, accompanied by his brother, Roy, started for Greenville, S. C. where he will receive treatment at the government hospital,

Mr. and Mrs. Ned Cutting of Los Angeles, Calif., visited his father, H. D. Cutting, and family from Tuesday night until this morning. Mr. Cutting is on his way to Colwell, N. J., where he will take part in the big rifle shooting tournament at the government rifle range in that place as the representative sharp shooter of the state of California. The match extends from August 4th to 30th. Our old townsman is a crack rifle and revolver shot and has made the record of 49 bullseyes out of a possible 50.

Dr. H. H. Hammel came near laying himself up for awhile Sunday. In the early hours a man came to the house to summon the doctor for some one sick in his family and roused the physician from a sound sleep. He was only half awake and in his hurry to reach the door tripped on the stairs and fell the full length, spraining his ankle. Just as soon as the injured foot could be bandaged off he limped to care for the sick person. If one of his own patients had walked on a foot as badly swollen as his has been this week he would have spoken his piece in no uncertain tones.

John P. Farote, traveling freight agent for the New York Central, was in town Tuesday.

The Universalist church building is being reshingled by the Lenawee Lumber & Supply Co.

Mr. and Mrs. Seth Dixon and daughters and Mrs. John Crebbin of Dundee visited the Williamson-Heesen home Sunday. Miss Katherine Heesen returned to her home with them after a short visit at Dundee and they took Miss Esther Brewer back for another visit.

A branch store of the Great Atlantic and Pacific Tea Co. is being installed in Mrs. H. T. Dunn's building, just east of the Webster Anderson Co's. store. The carpenter sent here from Chicago put up the shelving and fixtures Tuesday and yesterday. His speed attracted a crowd of onlookers.

Mr. and Mrs. Lavern Heesen and two sons passed through town Tuesday enroute from their home in New Brighton, Pa., to Wampler's lake. With them were four auto loads of friends from Beaver Falls, Pa., who will be joined by two more car loads on Friday. Vern and family will now and then drive down from the lake for a visit with his relatives.

Miss Eva Wright, daughter of Mr. and Mrs. George Wright, was taken to Ann Arbor Sunday morning and upon her arrival at the hospital was operated upon for appendicitis. Her sister and husband, Mr. and Mrs. Leonard Brown, of Clinton accompanied the young lady to Ann Arbor. Reports from the hospital are to the effect that she is coming through the operation splendidly.

Mr. and Mrs. A. W. Mills' guests this week are Mrs. Adelbert Mills, daughter, Mary Elizabeth, and son, Adelbert, of Ithaca, N. Y., Mrs. A. M. Keeney and daughter, Mabel, of Morris, Mich., also the two little grandchildren, Mills and Mary Alice Crittenden, of Brookyn, N. Y., and the son, Wilfred Mills, who was discharged from the hospital at Lansing only last Monday, after a light atack of smallpox.

NEW ICE COMPANY ORGANIZED

The ice business in Tecumseh has become unbearable to such an extent that the business men have formed a Mutual Ice Company under the direct management of some of our leading business men in order to get ice at a reasonable all season charge without making several raises as under the present ice management, which are unnecessary and unwarranted.

The prices of ice in Tecumseh should be much less than that of Detroit or Toledo, where the delivery expense is so much greater, causing more waste and general expense.

The new company will have every convenience to handle ice with the least overhead expense possible and be a strictly mutual company. Users can take stock if they wish. The idea is not a money-making scheme but a means of getting ice for Tecumseh by Tecumseh people at cost plus interest on the investment.

It has been stated and is true there is not room in Tecumseh for two ice companies. It is also true that when one firm has the monoply they should not misuse the same as that causes such intense dissatisfaction that competition results. Had prices been fair and just there would have been no need of this new company.

Mr. and Mrs. Thomas Wellwood were down from Clinton Tuesday.

Mrs. Nora Cornelius was delighted to receive a visit from her son, Harold, and daughter, Miss Harriett, of Detroit over the week end. Harold was home on a furlough from the New Haven, Conn., hospital.

When the old Ford hospital was evacuated [illegible] government, Orris Bumpus, who has been attached to that hospital for some time, was sent to a government hospital in North Carolint. While in Detroit Orris was listed as a tuberculosis patient but at the North Carolint hospital, he says they do no find tuberculosis symptoms and his lungs are sound.

For a short time on Wednesday morning there was on display in front of W. L. Coller's place of business a dead badger, which attracted considerable attention. The animal was shot by Harry Crable on the Quaker Mill flats. It was of medium size but was viewed with interest by many people as badgers are scare in this vicinity now.

Proving they were first-class entertainers for small people as well as older ones, Lieut and Mrs. T. R. Mills on Tuesday entertained Raymond's six little nieces and nephews, at a picnic at the Cuples home. These little folks are Mary Elizabeth and Adelbert Mills of Ithaca, N. Y., Mills and Mary Alice Crittenden, of Brooklyn, N. Y., and Raymond and Hellen Louise Sanford of Tecumseh. Other guests were Mrs. Adelbert Mills of Ithaca and Mabel Keeney of Morris, Mich.

ORDINANCE

The Village of Tecumseh ordains: That an ordinance entitled, "An ordinance relating to automobiles and motor machine vehicles," as passed May 3rd, 1915, is hereby amended by adding a section thereto to stand as Section (2A), which will read as follows:

"Section (2A). No person shall park or stand or allow his automobile, motorcycle, other motor or machine vehicle to be and remain within a distance of twenty-five feet from any water hydrant, on or along the streets of said village."

Business Gains Credited to Advertising

Chicago Dispatch:—Huge gains in business by retail stores of Chicago and other large cities is indicated by the report of a federal trade investigation just made public.

To newspaper advertising, the report gives a large part of the credit for the tremendous release of buying power.

"Immediately after the war a great increase in newspaper advertising was noticed," says the report. "Each month it has continued and today it is not unusual for newspapers to report 100 percent increases in national advertising in lineage over the same period in 1918.

"Many manufacturers of advertised products report they are unable to fill the demand and are running behind on their orders, and it is fair to say that newspaper advertising is responsible for a large part of this improvement in retail and wholesale business, and newspapers will render as notable a service in the readjustment period as they performed during the war.".

Advertising Creates Desire

The Tecumseh Herald enters over 1,500 homes in Northern Lenawee. Its readers watch for the announcements of business men. The wise dealer will advertise his wares in The Herald and strengthen his advertising with good window or counter displays, and by making each purchaser a satisfied customer.

GIRL IS KILLED BY LIGHTNING

MISS VELMA DIBBLE OF ADRIAN LOSES LIFE AT WAMPLER'S LAKE

Had Relatives Here; Louis Kozel's Home Struck, Considerable Damage Done; Electric Light Plant Turbine Burned Out; Farmers Lose Stock.

One person was killed in the storm of Monday night and the other damage resulting included one building struck in this city, the big turbine at the electric plant was put out of commission and much trouble developed for the telephone company.

Miss Velma Dibble, daughter of Mr. and Mrs. Charles Dibble of Adrian was struck by lightning and killed at Wampler's lake. With her parents and brother she was at their cottage, not far from the Aldrich cottage, and had gone to the kitchen on an errand while the family were at supper. Just as she reached the kitchen lightning entered the room passing diagonally across. It came in at one corner of the ceiling and knocked out two windows on the other side. The brother, hearing the sister drop to the floor, rushed to her side, but she had expired instantly.

The girl, who was about 16 years of age, was a relative of Mrs. James Eccles and Mrs. Lawrence Derby of Tecumseh and the father is well known in this city as a contractor and builder, one of his jobs here having been the erection of the Brewer foundry plant.

Louis Kozel's home, just over the river in Brownville, was struck during the evening storm of Monday. The north end of the roof was shattered, a window torn out and plaster scattered every way.

The damage at the electric plant put out the lights over town a large portion of the night. The river was so low owing to the continued drought that the water power was not available. The American Steel and Wire Co. gets its power from the electric company and the damage to the electric turbine forced the fence concern to close until it could get current enough to move its looms.

The telephone and electric linemen have had their troubles. Transformers have burned out, poles have been struck and yet many could not understand why they could not get service. Both crews worked until into Tuesday night but could not cover all the damaged lines.

The first storm Sunday night put many phones out of commission then came the severe electrical disturbance of Monday night, when about two-thirds of the remainder went "dead."

Tuesday noon up came another electrical display and the work of the linemen in repairing the lines went for naught. Yesterday but two toll lines were working out of town and the country lines had not yet been put back in commission.

From the country about comes stories of stock being killed. Fred Aylesworth lost nine sheep and Horace Lamkin seven, while a colt belonging to David Kempf, son of George Kempf, the contractor, was so badly hurt that he died on Wednesday. The colt was one of a valuable team of which Mr. Kempf has been very proud and it is the fourth horse he has lost since Christmas.

WIDOW OF FORMER PASTOR HERE EXPIRES

Mrs. A. J. Bigelow received a message Wednesday telling of the death of her sister-in-law, Mrs. W. E. Bigelow, which had occurred that morning very suddenly at her home at Lulu, Monroe county, Mr. and Mrs. F. S. Turner and Mrs. Bigelow drove to Lulu yesterday afternoon.

Mrs. W. E. Bigelow was the widow of a former Methodist clergyman of this place who is well remembered by some of the older members of that denomination. Mrs. Bigelow has visited her Tecumseh relatives frequently and has formed a circle of friends of more recent years, who will be grieved to hear of her death.

ZIMMERMAN-GOFF

Elroy Zimmerman, for many years operating a successful second and business here, was married Monday to Mrs. Elzora Goff, also a resident of Tecumseh nearly her life time. Rev. Frederick Hewitt of Detroit, an intimate friend of the groom, performed the ceremony at the home of Mr. Zimmerman's sister, Mrs. L. H. Clark, at Clinton.

Both have hosts of friends in the village who extend their best wishes.

Tecumseh Boy Gets Close to the Kaiser

Leslie Johnson Within Half Mile of Former Emperor While Serving U. S.

Leslie Johnson, it is believed, got closer to William Hohenzollern, Germany's recent ruler, than any other boy from these parts.

Not being accepted in the navy, he joined the merchant marine in July, 1918, and after a few weeks of training shipped to South America. Later he was aboard another boat which touched at LaHavre, France, then going to Rotterdam, Holland. There their boat lay three weeks and the boys were given shore leave. The town of Amerogen, the refuge of the kaiser, was of course the most talked of place in Holland, so the boys headed that way, Leslie among them. The castle of the kaiser and suite was one-half mile distant but it was not one of his reception days o the marines didn't see him, getting quite close to him, however.

Leslie was discharged in New York City a week ago, having enjoyed his part of the service and the many trips he has taken.

More Time Granted For Paying Taxes

Council Makes Aug. 23 Last Day for Collections; Two Complaints Alleging Nuisances Received.

Tax payers in the city of Tecumseh have been granted a two weeks' extension of time in which to make settlement, action to this effect being taken by the board of councilmen Monday evening at their regular session. The last day for paying the taxes now due is August 23.

Part of the council's deliberations were held by lamplight as the electric current failed before the session was over, but the power was turned on again just as the meeting closed. The lightning is believed to have affected the current.

Two of the councilmen were absent, Trustees B. J. Pulver and William E. Barrett being out of the city.

Complaint was made that a certain rabbit breeding place was odoriferous and the councilmen decided to investigate and see what could be done. It was also reported that objectional language was being used at a place on the south side of town and this was also to be investigated.

A petition, signed by a number of newsboys, was received, the newsies requesting permission to ride bicycles on the sidewalks during the time they are delivering their papers. No action was taken, it being the concensus of opinion that the council had no right to grant special privileges of this character, an ordinance forbidding the riding of bicycles on walks. It was also feared that should an accident happen the village would be liable for damages.

A number of bills were ordered paid.

TECUMSEH SCORES 39, BLANKS JASPER TEAM

It was a wierd game of base ball which the Tecumseh Independents and the Jasper team staged at League park Sunday afternoon, the locals winning 39 to 0. The losers were the same players who earlier in the season blanked the Independents, the other end of the score being 3.

The Tecumseh batters had deadly aim in the Sunday contest, touching the Jasper hurler for 38 hits. The visitors got 5.

Howe and Clark were the battery for the Independents and Mason and Knox were the principals for Jasper.

It was a case of the home nine being too fast for the invaders, Tecumseh outshining the opposition in all departments of the national pastime. Charles Hanna made two three-base hits, while "Chuck" Cole played a brilliant game and hit safely seven times.

The attendance was large.

The Independents have an open date next Sunday, no game being scheduled and the team will rest.

LENAWEE DAIRYMEN

AFFILIATE WITH MICHIGAN MILK PRODUCERS' ASSOCIATION

Prof. Erf of Ohio University and N. P. Hull, President of State Milk Producers' Association, Address Big Meeting.

Approximately five hundred Lenawee dairymen last Saturday unanimously voted to affiliate with the Michigan Milk Producers' association, after listening to two addresses, one by Prof. Oscar Erf, head of the dairy department of Ohio university, the other by N. P. Hull, president of the state association.

The big meeting was held in the grand stand at the Lenawee fair grounds in Adrian, and every section of the county was represented in the large crowd of men.

H. W. Porter of Weston, president of the Lenawee organization, presided at the meeting, introducing first Prof. Oscar Erf.

Prof. Erf urged thorough organization of the milk producers so as to operate under a central selling agency. He told of the success of such organizations and selling plan in other dairy sections.

Comparing figures with city labor he told the farmers they were not getting a fair deal; that where the city laborer was getting 42c per hour the farmer was receiving only nine cents per hour for his labor.

Going into the cost of production, his figures showed that it cost the farmer $4.60 per hundred to produce milk for which he received $2.50. The farmer should receive for his products the cost of production plus a reasonable profit. He is the only producer that allows others to fix the price of his products, and it is high time that he should stand by his rights and tell the other fellow what he will sell for.

Prof. Erf strongly urged organization and a collective selling plan. This plan has been in successful operation in other dairy sections where organizations have selected committees and appointed them selling agencies. He predicted a desperate future for the farmer and that city people would soon call them profiteers.

N. P. Hull spoke along organization lines and told what the state organization has thus far accomplished and some of the difficulties encountered. A great deal of the state organization's efforts have been concentrated about the Detroit district, because Detroit is Michigan's practical outlet. He explained that the state association entered into ironclad contracts with individual members appointing the board of directors as their selling agents, each agreeing to turn over all of his milk except such as needed for family use. The board of directors also enter into contract with milk-buying concerns, binding them to buy no milk except through the state association.

One of the greatest difficulties encountered to receive a just price for milk was the fact that Lenawee farmers and other unorganized districts were selling at a low price. He urged them to join the state association and stick for their rights. The market for condensed milk jumped from $2 to $14 per hundred in the past two years.

Upon the recommendation of Prof. Erf the Lenawee association voted to change their by-laws, fixing membership fees at $1 per year instead of 50 cents per cow. The amendment carried.

A committee of three, H. W. Porter, L. W. Hayward and W. H. Howell, was appointed to act as conferees for the Lenawee association with the board of directors of the Michigan association.

During his address Mr. Hull stated that he had authentic information that the VanCamp condensery plant at Adrian would be taken over by a Detroit milk concern. Mr. Kennedy, manager of the Adrian plant, we understand, has denied the truth of any pending transaction whereby the plant would be sold, and denied that the plant is for sale.

We wish through The Herald columns to show our appreciation to all eligible members of Underwood-Orr post for the great honor they have bestowed on our son. Were David to speak he would say: "I ask for no greater honor."

As great as the loss of our son is we realize that all his comrades of Company B suffered as did he and their sacrifice, though God willed should not be the supreme, was as great.

THREE AUTOS FIGURE IN COSTLY COLLISION

A mixup in automobiles Monday evening at the main corners fortunately did not result in any serious injury to the persons involved, although three cars received damages which run up to a high figure. There were too many conflicting stories afloat to get a correct idea of the cause of the accident but a Ford owned by Leroy Odell of Clinton, was the innocent victim, being badly damaged.

Mr. Ehinger of Palmyra, driving an Elcar, came from the north and turning east around the flag pole collided with Frank Arnold going west. As the two machines came together the impact threw them to the north side of the road were was parked the Odell car in front of the Aldrich grocery.

Mrs. Odell and two daughters had driven to town on a shopping expedition and one of the daughters was just about to step in front of the machine to crank it when she saw the machines making for her. Putting her hands over eyes she stepped back just in time to escape serious injury, as the Ford was smashed against the curb. Telephonic communication brought Mr. Odell and son, Harvey down with another car to take the ladies home, while the damaged autos were hauled to the garage for repairs.

Mr. Odell's Ford was much damaged, the Elcar received a bent fender, smashed radiator, in fact the whole front of the car is damaged and "Spot" Arnold's Overland has a hole through the radiator.

TECUMSEH BOY SCOUTS

TROOP NO 1 MAKES GOOD IN TOLEDO SCOUT CAMP

Was Tied With Troop No. 5, Toledo, in Race For President's Cup—Tecumseh Day Planned.

With the first week of the Toledo Second Class Scout Camp at Vineyard Lake finished it may be said that the Tecumseh representatives have kept up their end well. With a representation of seven Scouts in a camp of 120 boys, Troop No. 1, Tecumseh, (Rev. J. G. Widdifield, Scout Master) was [illegible] with Troop No. 5, [illegible] place in the race for the President's cup, and Troop No. 6 has sixteen scouts in camp. The Mayor's cabinet consists of ten boys, the Tecumseh troop has three of the posts—mess sergeant, Russell Abbott; bugler, Dale Bowen, and fire chief, Thos. Mead.

A large number of visitors from Tecumseh were at the camp on Sunday, and the general concensus of opinion seemed to be that it was an ideal spot and a splendidly conducted camp. After five years experience in conducting this camp in this same location, very little is now experiment; and with the Toledo business men behind the movement the Scout authorities have accumulated a magnificent equipment for a Scout camp. The national director of camping for the Scout movement said: "Of the many camps I visited the Toledo camp was the best."

The discipline is rigid, and from first call at 5:55 a. m. to taps at 9:30 p. m. the day is well filled, a careful balance being maintained between work and recreation.

The evening camp fire features have been as varied as one could dsire. Each tent must take some part in each feature, or serve time on the woodpile.

Troop No. 1 (Tecumseh) has not yet paid a forfeit. John E. Anderson strove in the pie-eating contest; in the circus Russ. Abbott and Dale Bowen put on some acrobatic work for the main ring production and Charles Gray, appropriately costumed, did the snake charming stunt for the side show. Some of the boys have a few stove lengths under the eye of the chief of police, but it has been as an aid to memory rather than punishment for breach of discipline. Ass't. Scout Master Perry Hayden took charge on Monday when Mr. Widdifield returned to Tecumseh.

This year Tecumseh's quota was limited to one tent of seven boys and a leader; there is little doubt that next year the privilege of the camp will be extended to so as many as wish to attend, on the same basis as the Toledo troops.

Plans are under way to make tomorrow a Tecumseh visiting day at the camp. Scout Master Widdifield wants to secure enough machines to take the rest of the troop to the camp for the afternoon and evening, and would urge any interested in the boys to pay the camp a visit on Friday afternoon, take supper with you and attend the camp fire feature in the evening. The best way to reach the camp is to follow the Chicago Pike around north of Sand lake and right on through the Irish Hills past the stone school and church. From there the road is all sign-posted "To the Toledo Scout Camp" and a large red arrow on white card board signs.

Aermotor Was Invented Here

Orignator of Device Gives History of Machine Following Death of President of Company.

Tecumseh people, especially the older ones, will be interested in an account of the invention of the Aermotor, which was perfected in this city in the late eighties by Thomas O. Perry, who was assisted by LaVerne W. Noyes, the latter having died recently in Chicago. Mr. Noyes was president of the Aermotor Company and was very wealthy when he passed away. His demise was chronicled in the Chicago Evening Post and he was credited with having invented the Aermotor, the article resulting in Thomas O. Perry, who was the originator of the device, to make reply, setting forth the facts in the case. Carl V. Wisner of Chicago, a member of the law firm of Wisner & Walsh and son of Mrs. A. B. Wisner of Clinton R. F. D. No. 1, sent his mother a copy of the article by Mr. Perry and as it tells of the Aermotor being perfected here it will be of unusual interest. It follows:

The "Aermotor's" Start.

Oak Park, Ill., July 28—To the Editor of The Post, Sir: The article in your paper of July 24, noticing the death of LaVerne W. Noyes, while containing much that is true, also makes important statements so much at variance with facts that some correction is needed in justice both to the living and the dead.

I refer especially to the claim made for Mr. Noyes that he made the 5,000 experiments with sixty-five wind wheels in preparation for his invention of the Aermotor in 1889.

Now, the facts are that these experiments, often enumerated in early Aermotor literature put out from time to time, were specifically credited to Thomas O. Perry by Mr. Noyes in almost the exact language used in your paper.

The first Aermotor was made by myself in the light of these experiments in 1886-7, while I was residing in Tecumseh, Mich., and it was there that Mr. Noyes first saw it in operation, pumping water. Mr. Noyes came to Tecumseh from Chicago on my invitation, expressly for the purpose of seeing my windmill. He knew of my previous experiments, which were made in Batavia, Ill., but had nothing to do with making them. He was one of the first to appreciate them, and he organized the Aermotor company expressly for the purpose of manufacturing and utilizing the structure which I had made.

According to our article, the experiments were made about two years after the signing of my contract with Mr. Noyes. We were much too busy at that time to repeat experiments which involved expensive apparatus and the better part of two years' time. What Mr. Noyes did do about the time mentioned was to purchase two ten-foot windmills of the prevailing standard, as made by the two leading manufacturers, and set them to work for several weeks or months alongside of the first Aermotor which he constructed, pumping water thru water meters borrowed from the Chicago city water department. This he did to satisfy himself that there was no mistake about my claims for the Aermotor. But even these experiments were made by me under his direction.

If further proof is needed, I have before me the Aermotor bulletins of Nov. 15 and Dec. 15, 1893, in which Mr. Noys himself describes my part in the development of the Aermotor, and also his own. If these accounts could be reproduced in their entirety, there would be no need of my saying anything. Here is a single quotation in Mr. Noyes' own language:

"No deviation has been made in the form of the wheel with which the Aermotor company originally started out which did not lessen its efficiency and value. The fact that all manufacturers are closely imitating the Aermotor as it was made to start with, is due to the fact that they could not sell wheels made differently. [illegible] that one of them for a moment could candidly pretend to say but what Mr. Perry, so far as the practical form of the wheel is concerned, put it in its final shape."

A more extended acount of my experiments with windmills can be found in the Universal Encyclopedia, which also gives some of the expressions later used by Mr. Noyes is Aermotor literature.

I will mention one other matter of comparatively small consequence. The statement is made that, "He had all his friends thinking up a name for it, and finally coined the term Aermotor." This is different from Mr. Noyes' statement in the Aermotor bulletin of Dec. 15, 1893, where he says, "I selected the name Aermotor and furnished the money and motive power to make it go, etc." That is perfectly true. He did not claim to have coined the word "Aermotor," nor, as far as I know, has it ever been denied by anyone that I was the one who coined and urged the adoption of the name which he finally selected.

If the article in your paper involved anly omissions of proper credit which belongs to others, that might be excusable in an obituary notice. One hundred years from now it will probably make no difference to anyone whether windmill history is correctly presented or not. But there are several still living who are sufficiently conversant with the history of the Aermotor, or who know some of its history by hearsay, to make it unpleasant for the living to have their versions apparently called in question by what you have published.

Besides, it is inconceivable to me that Mr. Noyes could wish to have claims made for him after his death which can be so easily disproved, since he freely gave due credit to me while he lived. [illegible] as agreed to by myself, and I would be a contributor to the promulgation of such loose statements as led Napoleon to assert that "History is fable agreed to."

Very truly yours,
THOMAS O. PERRY.

On reading the foregoing communication in the Post Carl V. Wisner, who knew many of the facts mentioned by Mr. Perry, having resided near here in younger days, sent the inventor of the Aermotor a letter, of which the following is a copy:

August 1, 1919

Mr. Thomas O. Perry,
Oak Park, Ill.

My Dear Mr. Perry:

I have just read with keenest interest your letter published in the Chicago Evening Post, today's issue, in regard to the Aermotor's start.

I am pleased that you should have written this letter, particularly as I happen to know many of the facts in regard to the origin of the Aermotor through having lived for many years near Tecumseh, Mich., and knowing of you and your efforts and great success in your chosen field. I also know Mr. LaVerne W. Noyes quite well, he being a fellow club member of the Union League

Editorial Comment

The Herald always welcomes any movement that will benefit Tecumseh and the surrounding community, and we believe the announcement last week by the Tecumseh Butter Co. that they would open a milk department and receive the milk of farmers in the vicinity of Tecumseh is such a movement. It is a movement that will mean more co-operation between the farmer and the business interests of Tecumseh.

The dairy business in the past few years has seen an impetus that makes that portion of farm production look more profitable to the farmer. The demand for milk and its products has increased to a wonderful extent and the future outlook is better than ever for the producer.

While Tecumseh has had a good market for cream or butter fat in the past, this has not been sufficiently conducive to increased efforts in the dairy business, especially to the farmers who market the whole milk and do not wish to bother with a separator. With an outlet for the whole milk near to the farm and the advent of the labor saving milking machine many of the farmers will take a different view of milk production and increase their output, for every good farmer knows that the cow is a valuable asset to soil fertility.

Milk that should have been marketed in Tecumseh has been passing through our town to another market, and the product has been paid for by checks issued on other than Tecumseh banks. A milk station here will not only change this, but will add to the general prosperity of the business interests of Tecumseh and the farming community. Many farmers can bring their own milk and save the expense of hauling and the loss because of impassable roads during certain seasons of the year.

The future milk business is looking so big that it would not be surprising to see our small milk station develop into something larger—a condensing plant, perhaps, that would so faciliate the economic handling of the lacteal fluid that the loss in spoiled milk would be reduced to a minimum.

That Tecumseh is a good market center for farmers has been proven by the fact that farmers receive just a little more money for their products than nearby markets are offering. They like to trade here, for they get as square a deal as they can get anywhere.

No mistake will be made if farmers increase their dairy activities, produce more milk and bring it to Tecumseh.

An appeal is being made by those gathering information regarding the war service records of Tecumseh soldiers and sailors that assistance be given so these reports be as complete as possible. This work is of great importance, as future generations should know what part Tecumseh had in winning the world war, and it is hoped all who can be of assistance to the historians will willing co-operate.

Tecumseh city and township was largely represented on the battlefields of Europe when the fate of the world was being decided by the bloodiest battles known to man, a number from here sacrificing their lives in democracy's cause, and it is due all the local heroes that their deeds be recorded with those of the service men from other parts of the state. Soldiers and sailors or their relatives are requested to furnish such data as the historians desire, that the service records of the local men be as complete as possible.

Mrs. E. E. Hendershott is the chairman for gathering this information in Tecumseh, she being assisted by Mrs. Joseph Eaton and Dr. Pauline Bredow. Mrs. C. M. Hunter of Adrian is the chairman of Adrian is the chairman for Lenawee county. Much of the work has been accomplished, but some information is still lacking and it is desired that the service men and their relatives co-operate in making the reports complete.

Tecumseh village council did not make any mistake in engaging a care taker for the fire truck and the council building. This fact will be noticeable to any visitor to the building at any time. The truck is kept up in fine shape—clean and sparkling and the engine room has a like appearance. The neatness and order established deserves favorable mention.

Highly appreciated by the farmers was the breaking up of the long drought that threatened the ruination of the corn and potato crops. In some localities the rain did not come soon enough to save these crops, but many fields worth thousands of dollars were saved.

The new law requiring auto drivers to hold driver's license becomes effective next Thursday, and beginning with that date it will be unlawful to drive a car without this license, regardless of the machine license. One object of this law it is hoped will be realized and that is the curbing of the reckless and incompetent drivers that have been a menace on the public highways.

FRANKLIN

Deming Family Reunion.

The second annual meeting of the Deming family was held at Mrs. Lillian Norcross' home in Adrian, Saturday, Aug. 2. About seventy were present. A bountiful picnic dinner was served on the lawn under a commodious awning. The program consisted of recitations by Catherine Fisher, Laura Wisner, Elowees Anderson, Douglass Deming; song, Wilford Allen, who responded to an encore; recitation, Willis Deming, who also responded to an encore; piano solo, Glen Bradley; history of the Deming family, Mrs. A. B. Wisner.

Relatives were present from Coldwater, Jackson, Hudson, Watson, Medina, Pontiac, Cleveland, Chicago, Battle Creek, Charlotte, Toledo and Tipton.

Officers elected for the ensuing year were:

W. C. Deming, president; Jewett Barlow, vice president; Mrs. Howard Norcross, secretary and treasurer; Mrs. A. B. Wisner, historian; Miss Lura Norcross, chairman of program committee; Mrs. Addie Bunting, chairman of refreshmant committee.

The family will meet in August, 1920, at Wampler's lake.

Franklin News Notes.

Chester Baker is very ill with measles.

Mrs. Myra Tripp of Battle Creek is visiting relatives here.

Wilford Allen and family are picnicking at Wampler's lake this week.

Mrs. E. J. Whelan visited her brother, Frank Billington, in Adrian Saturday. Mrs. Billington is very ill.

Catherine Fisher, who has been visiting her grandfather and his people, returned home Saturday, after attending the Deming reunion.

Mrs. Samuel Thomkins' sister and five children visited her the last half of [illegible] week. Mrs. Thomkins visited in Ogden the first half of this week.

Among those attending the dairymen's meeting in Adrian Saturday from here were Alton Whelan, C. L. Wisner, Clarence Fisher and Victor Wisner.

Mrs. Wait Deming of Coldwater, a resident of Franklin many years ago and who came here for the Deming reunion, is spending the week with Will Hooten and family. Monday they were calling on the old friends of Mrs. Deming in Tecumseh and elsewhere.

Callers at Mrs. Otis Whelan's Sunday were Mr. and Mrs. Bert Aten of Tecumseh, Mr. and Mrs. LeClare Whelan, Mr. and Mrs. C. L. Wisner, Mrs. Myra Tripp, Mrs. A. B. Wisner and several relatives from Jackson. Mrs. Whelan is doing as well as could be expected after her accident.

Earl Wisner writes from Chicago under date of August 2: "The race war is still on and seems hard to get under control, but I am hopeful that another week will see the end of it. It broke out last night in a fire that consumed about 12 city blocks and rendered about 3,000 homeless."

S. Newell Wisner attended the Grange rally at Hillsdale last week Thursday and reports a delightful time. It is estimated there were about 3,000 present. The principal speakers were John Ketchum, master of the State Grange, and President Campbell of the National Dairymen's Association.

NEVER was such right-handed-two-fisted smokejoy as you puff out of a jimmy pipe packed with Prince Albert! *That's because P. A. has the quality!*

You can't fool your taste apparatus any more than you can get five aces out of a family deck! So, when you hit Prince Albert, coming and going, and get up half an hour earlier just to start stoking your pipe or rolling cigarettes, *you know* you've got the big prize on the end of your line!

Prince Albert's quality alone puts it in a class of its own, but when you figure that P. A. is made by our exclusive patented process that cuts out bite and parch—*well*—you feel like getting a flock of dictionaries to find enough words to express your happy days sentiments!

Toppy red bags, tidy red tins, handsome pound and half-pound tin humidors—and—that classy, practical pound crystal glass humidor with sponge moistener top that keeps the tobacco in such perfect condition.

Get Efficiency From Your Tractor

KEEP it in service constantly. The one best way to do that is to give it all the lubricating oil it will take, providing you select the correct oil.

The Standard Oil Company (Indiana) has produced three oils which will correctly lubricate the entire range of tractors. These are:

Heavy Polarine Oil

Stanolind Tractor Oil

Extra Heavy Polarine Oil

Any Standard Oil representative will be glad to show you the chart of Tractor lubrication, prepared by our Engineering Staff. It indicates specifically which of these three oils the Standard Oil Engineers have found will give the best results in your particular tractor.

We have just published a 100-page book, "Tractors and Tractor Lubrication," prepared by our Engineering Staff, which you will find a valuable reference book, and we believe it will save you many days of tractor idleness with the resultant money loss.

DATA SOUGHT ABOUT TECUMSEH WAR VETS

Historians Would Make Complete Report of Service Record of Local Heroes

For some time workers have been active compiling a service record of the soldiers and sailors of Lenawee county and to make these reports as complete and accurate as possible another appeal is made to the world war veterans and their relatives to co-operate with those gathering this data that no important part be omitted. Mrs. C. M. Hunter of Adrian is the director of war records in Lenawee county, having been appointed by the governor. The chairman of this work in Tecumseh is Mrs. E. E. Hendershott, she being assisted by Mrs. Joseph Eaton and Dr. Pauline Bredow. It is requested that Tecumseh's returned soldiers and sailors or their relatives give every assistance that the records of the local heroes be accurate and complete.

The county chairman, in asking for the co-operation of the service men and their relatives, points out that the war record organization wants a complete war history of every man in Lenawee. She says this cannot be accomplished unless the men and their relatives realize the great future importance of such a record and volunteer the information that is required. To date there have been compiled in Lenawee county the war histories of about 1,500 men, but there are still many records missing, it is believed by the historians, and they are now making a final effort to secure them.

Mrs. Hunter has received from Lansing two attractive leather binders for the filing and preservation of the war service records of Lenawee county. There will be two official copies made, one to be sent to Lansing to be placed on file in the state capital, while the other will be presented to the Lenawee county board of supervisors. Although no action has been taken it is possible the supervisors will decide to keep this record at the court house.

BRITTON

Pocklington Family Reunion.

Among the pleasant family gatherings was the reunion held recently at the home of Mr. and Mrs. C. F. Smith. The day was all to be desired and about sixty-five guests were present to enjoy themselves in visiting and a general good time. A large canvas had been erected west of the house beneath which the tables were spread and where the splendid pot luck dinner was served.

A fine program was given in the afternoon, and at the business session Guy Pocklington was chosen president for next year and Miss Stella Pocklington secretary-treasurer.

Various amusements and music aided in quickly passing the time and before good-byes were said ice cream and cake were served all, hoping to meet next year with Mr. and Mrs. Clarnce Underwood, east of town.

Those attending from away were Mr. and Mrs. Frank Pocklington and daughter, Mrs. Dora Hardman and two children of Eustis, Fla.; Mrs. F. C. Pocklington and grandson, Donald, of Detroit; Mr. and Mrs. Fred Nixon and son, Gilbert, of Benton Harbor, and Mr. and Mrs. Neal Pocklington of Holloway.

Church Notes.

Regular services next Sunday morning.

The union services in the evening will be at the Christian church. Rev. Samuel Tamblyn will preach.

August 17 is the time for the Macon and Ridgeway Sunday school convention to be held in Macon Presbyterian church afternoon and evening. Plan to attend.

MICHIGAN FIRST IN WAR GARDEN WORK

State Leads Country in Results From Home Garden and Canning Clubs.

East Lansing, Mich.—Michigan stands first in the United States in war garden work, according to a report recently received from Washington by the Michigan Agricultural College. Of thirty-three states listed in the report, Michigan leads in the results attained both by the home garden clubs and by the canning clubs which were organized to work with the gardeners.

Crops raised and harvested by the clubs in Michigan reached a total value of $133,546.44 during the year 1918. More than 29,000 were enrolled in the work in this state, while Connecticut with 28,000 club gardeners stood a close second.

Girls of the State who took up canning work last year in the 648 clubs organized by the extension division of the agricultural college canned a grand total of 254,994 quarts of vegetables and fruits, valued at more than $88,000. There were 13,234 girls engaged in the work. Nebraska with 6,000 girls enrolled in the clubs stood second in the country.

Although special impetus was given the work last year by the nation-wide food campaign, the gardening and canning clubs for boys and girls of the state are to be kept up year after year as an aid to better gardening and canning work in Michigan.

Vigor

SUCCESS IS ACHIEVED by vigorous men and women.

When one is lacking in strength and endurance, when good health is wanting, when physical power is at low ebb, it is impossible to accomplish one's work.

One of the causes of ill health and low vitality is the improper functioning of the kidneys. Trouble results when they fail to eliminate waste and poisonous matter from the system, and rheumatic pains, backache, stiff joints, sore muscles, and other symptoms quickly follow.

Foley Kidney Pills

banish effects of kidney and bladder trouble by removing the cause. They are healing and curative. They tone up and strengthen the weakened or diseased organs.

H. D. Castleberry, Marine Engineer, Port Vincent, La., writes: "I consider Foley Kidney Pills the greatest medicine for kidney and bladder trouble I ever used. I recommend them to all who suffer with kidney and bladder trouble."

State of Michigan. The Circuit Court for the County of Lenawee, in Chancery.

In the matter of the petition of The Uncle Sam's Macaroni Company, praying for dissolution.

Before the Honorable Burton L. Hart, Circuit Judge, at Chambers, in the City of Adrian, in said County of Lenawee, on the 4th day of August, 1919.

On reading and filing the petition of the majority of the Directors of the Uncle Sam's Macaroni Company, a corporation duly incorporated under the laws of the State of Michigan, and having its principal office in said County, that a Receiver be appointed for the assets of said corporation, that its funds be distributed by order of this Court and that it be dissolved, and stating that all of its debts have been paid. ORDERED, that the several stockholders of said corporation, named in the schedule accompanying said petition, show cause before me at my office in the Courthouse in the City of Adrian in the County of Lenawee and State of Michigan on the 15th day of September, 1919, at nine (9) o'clock in the forenoon of said day, why the prayer of petitioners should not be granted.

And it is Further Ordered, That Rudolph A. Heesen be appointed Receiver of the assets of said corporation upon the approval of his bond as such Receiver in the penal sum of $6,000.00.

And it is Further Ordered That notice of the contents of this order shall be given to each of said stockholders at least thirty (30) days before the 15th day of September, 1919, by mail, addressed to the last known post-office address of each, and that a true copy of this order shall be published once in each week for three (3) weeks successively in the Tecumseh Herald, a newspaper published at Tecumseh, Michigan in said County of Lenawee.

Burton L. Hart.
8-21 Circuit Judge.

Notice of Determination.

Notice is hereby given, that at a meeting of the Board of County Road Commissioners of Lenawee County, Michigan, held at the City of Adrian, in said County and State, on the 26th day of July, 1919, on a yea and nay vote of the said Commissioners of said County, as shown by the records of the Board of County Road Commissioners of Lenawee County, Michigan, it was determined that said Board of County Road Commissioners of Lenawee County, Michigan, shall take over and adopt as a part of the County Road System, according to the statute in such case made and provided, the following described roads, located in the Township of Tecumseh, Lenawee County, Michigan:

KIDNEYS WEAKENING? LOOK OUT!

Kidney troubles don't disappear of themselves. They grow slowly but steadily, undermining health with deadly certainty, until you fall a victim to incurable disease.

Stop your troubles while there is time. Don't wait until little pains become big aches. Don't trifle with disease. To avoid future suffering begin treatment with GOLD MEDAL Haarlem Oil Capsules now. Take three or four every day until you are entirely free from pain.

This well-known preparation has been one of the national remedies of Holland for centuries. In 1696 the government of the Netherlands granted a special charter authorizing its preparation and sale.

The housewife of Holland would almost as soon be without food as without her "Real Dutch Drops," as she quaintly calls GOLD MEDAL Haarlem Oil Capsules. They restore strength and are responsible in a great measure for the sturdy, robust health of the Hollanders.

Do not delay. Go to your druggist and insist on his supplying you with GOLD MEDAL Haarlem Oil Capsules. Take them as directed, and if you are not satisfied with results your druggist will gladly refund your money. Look for the name GOLD MEDAL on the box and accept no other. In sealed boxes, three sizes.

Mr. and Mrs. C. N. Graebner have purchased the home of the late Mrs. Margaret Garlinghouse Brewer on West Chicago street, expecting to move in next week.

The sheriff of Calhoun county was in town Tuesday and arrested Jack Devin, one of the carnival men, for non payment of a board bill while in Marshall. He took Devin back to Marshall with him.

A league has been formed for a series of ball games between teams from Heesen's foundry, the fence works, Brewer's foundry and the clerks. A game is planned for each Thursday after working hours.

Henry Wagner has been enjoying pleasant visits from his children this week. His son, Wm. H. Wagner, wife and three children arrived Saturday night from Sioux City, Iowa, for two weeks' visit and the daughters, Mary and Ada, were home from Detroit for over Sunday.

Last evening Mrs. Chas. Benedict entertained a party of ladies honoring her cousin, Mrs. Nellie McCormack, of Baltimore. The guests were Mrs. A. D. Macham of Plymouth, Mrs. A. D. Lawrence, Mrs. John Heesen, Mrs. C. A. Slayton, Mrs. J. F. Rector and the Misses Grace and Jennie Gillespie.

Bill Torren, the manager of the carnival exhibiting here this week, is the brother of Peter Torren, who ran a barber shop here in 1878 in the rooms now occupied by Dr. Beardsley's office. The family come from Ireland from the same town as many of our Orangemen families and Mr. Torren has had a good time visiting while in town.

Ernest Church wired his parents, Mr. and Mrs. Geo. Church, of his arrival at New York Friday and that he had been sent to Camp Merritt. He writes that on the boat, the Mt. Vernon, were over 9,000 persons, not one being seasick. His people expect him home the last of the week.

The other day Carl VanEtten and Olva Brickert had a little discussion over an account of $5.00. In the mixup which followed Brickert seemed to get a little the worse treatment so had VanEtten arrested for assault and battery. Monday VanEtten pleaded guilty in Judge Hosmer's court and was fined $5.00 and $3.45 costs.

Quite a few of the Friends congregation attended the quarterly meeting at Raisin Valley Saturday and Sunday. Among them were A. A. Comfort's family, Miss Mabel Lockwood, Naomi and Eyrcil VanWinkle, Rev. Edw. Escolme, Lorin Rhoades and family. The Christian Endeavor camp fire held Saturday evening was especially interesting and attracted many from the local church. Bernard Mott, a former Tecumseh boy, but now preaching at Lupton, Mich., was present.

Dr. P. B. Hardy had a list of operations for the removal of tonsils and adenoids the past week. Last Thursday he performed this operation on Marie, the daughter of Rev. W. A. Warren, the Congregational minister at Clinton, Dr. Hendershott assisting. Miss Ruth Wolf of Manchester was the patient Friday when Dr. Kent assisted. Yesterday Dr. Hendershott assisted Dr. Hardy with Leland Smith of Britton the patient and today the little daughter of Mr. and Mrs. E. H. MrConnell underwent the operation with Dr. Conklin and Nurse Beth Satterthwaite assisting..

WEDNESDAY PROGRAM

Big Crowds Enjoy Show and Visiting on Streets.

The usual great crowd was in town last night for the street show. The Tecumseh Ladies' Band furnished the music and did splendidly. The program was varied and highly enjoyed. First came the "Boxing Twins" as they call themselves, with their father as time keeper. Major Ward, the strong man, was a little fellow about the size of the midget of last week. He was tiny but gave some good stunts on the trapeze and breaking an iron bar in his mouth. Otto and Bardell gave some fine juggling stunts and to fill out a good program Manager Jones brought up from the carnival Lamott, the majician, who untied any old knot in a chain. He was fastened to a board by townsmen but soon extricated himself.

That our Wednesday night shows retain their popularity is evidenced by the blocks of long string of autos parked in every direction. We "have 'em coming" from all around and the merchants enjoy a good trade these evenings as a result.

CRUISE OF BATTLE SHIPS

Harry Chiverall Writes From Panama—Stationed on the Maine.

Mrs. Will Chiverall has received from her son Harry many cards and letters, also a copy of The Star and Herald a paper printed at Panama City, telling of the cruise the six battle ships—the Wisconsin, Maine, Alabama, Illinois, Kearsarge and Kentucky—are making through the Panama Canal and along the Pacific. Harry is on the Maine. The six monster boats, some of the largest in the navy, were raised the 85 ft. to Balboa in four and one-half hours. At Balboa they gave the officers and men a grand reception, with vaudeville entertainment and dance to which the young ladies of the city were invited.

The trip was begun June 1st and is to end Sept. 7th.

On the Maine are 127 graduates of the naval academy at Annapolis on a training trip.

SON SUFFERS FROM STING OF HONEY BEE

Father, Elmer Harris, Receives Painful Blow From Slipping Jack.

Seth, the younger son of Mr. and Mrs. Elmer Harris, was stung in the back of the neck Sunday by a honey-bee. The pain was terrible, so the parents started for town to find a doctor. Before they had located Dr. Conklin the child was spotted all over and partially unconscious. Dr. Conklin soon had him feeling better and he is all right now.

The next day Mr. Harris, while assisting a boiler maker in repairing the boiler at his sawmill, was frightfully hurt. They were placing a jack under the boiler when the jack slipped and a timber they were prying with struck Mr. Harris under the jaw cutting a big gash. He was brought to Dr. Hendershott and two stitches were taken to close the wound. Three teeth also go as a result of the accident.

Mrs. Will Hazlett has returned from a visit in Detroit.

Mr. and Mrs. Lester Rogers were in Toledo Tuesday.

G. H. Rathbun was a passenger for Dundee yesterday.

Mr. and Mrs. John Sherman spent Sunday at Wampler's lake.

Mrs. Anna Renner Meyer of Toledo is spending the week with Mrs. C. N. Graebner.

Mrs. Amiel Blohm and little son of Adrian is visiting her mother, Mrs. Lula Beaubien.

Mrs. F. L. Geddes and son, Paul, of Toledo are visiting S. P. Hosmer and daughter Sena.

Mrs. E. C. Hoadley and two children of Adrian came yesterday to visit Mr. and Mrs. Ernie Topps.

Mr. and Mrs. John Snow and little Elizabeth spent last week with Mrs. Chas. Williamson and family at their Sand lake cottage.

William Rhefuss of Manchester visited his daughter, Mrs. Chas. Jones and husband yesterday. Mrs. Rhefuss is caring for Mrs. Jones.

G. B. Garlinghouse and Lloyd Whelan drove two Buicks in from Flint yesterday for the Garlinghouse garage. One, a roadster is for John Sherman.

Another large crowd attended the dance Wednesday evening at Witherell Hall. The Wednesday night dances become more popular every week.

Mrs. W. D. Reed was in Clinton Saturday evening attending a reception given at J. D. Hause's for F. E. Wilcox, a former superintendent of the Clinton schools and now of Grand Rapids.

Mr. and Mrs. R. B. Stuckey and Mrs. E. C. Heilman were in Ann Arbor last evening, going for Miss Frances Lewis, who was operated upon recently for appendicitis. Ed. Heilman, they found coming on nicely.

Mrs. C. A. Slayton was elated yesterday when she received a wire from her son Percy, that he had arrived in Norfolk, Va. Whether he will be sent straight through to California from which state he enlisted is not known.

Richard, the 10-month-old son of Mr. and Mrs. Elwin Bradley, passed away yesterday forenoon, after a two weeks' illness with pneumonia following whooping cough. Frank Bradley, the grandfather went to Jackson to see the parents yesterday. The funeral will be held at the home in Jackson tomorrow at 1 o'clock with burial on the Bradley lot in Brookside cemetery, Tecumseh.

OBITUARY

Alice E. Rumler.

Alice Elmira Rumler was born near Custer, Ohio, April 21, 1909, and died at the home of her parents near Dundee, Mich., July 30, 1919, aged 10 years, three months and nine days. Alice was the fifth child of Mr. and Mrs. E. P. Rumler and is survived by her parents, four sisters and three brothers, one sister dying in infancy, and a host of other relatives and friends. At the age of three years she with her parents moved to Britton and moved to a farm near Dundee at the age of eight.

Brief funeral services were held at the home, Rev. W. J. Prestige officiating. Many sorrowing relatives and friends of the bereaved family were present and the floral offerings were beautiful and numerous.

Alice Rumler was an especially bright and lovable child and during her short life had endeared herself to many, her circle of friends being large.

The sorrowing family has the sincere sympathy of their many friends.

Card of Thanks.

We want to thank the neighbors for their assistance during the sickness and at time of death, of our beloved daughter, Alice, also the school mates who acted as pall bearers, for the beautiful flowers given by the present neighborhood and the old neighbors where we lived before we moved here; the school where she attended for their flowers; the singers for their beautiful singing and Rev. W. J. Prestige for words of comfort.

Mr. and Mrs. E. P. Rumler and family.

AERMOTOR WAS INVENTED HERE

(Continued from Page One)

Club, and seeing him almost daily for several years past.

I am clipping your article and sending it to my mother, Mrs. A. B. Wisner, who lives two miles north of the home formerly owned by your father, whom she knew as "Elder Perry." It is a matter of interest to me and to her that your father performed the marriage ceremony of my mother and father, my father being Samuel Newell Wisner and my mother's maiden name being Allen, both born and residents of Franklin township, about two miles north of your former home.

The early part of this month, I spent ten days motoring with my family to southern Michigan, around Tecumseh, Adrian, Ann Arbor, Detroit and most of the towns of southeastern Michigan. I visited many of my relatives and neighbors and passed your old home. I found this section exceedingly prosperous and up-to-date, planning new things, getting electricity and electrical power for their houses and evidencing enterprise and prosperity very gratifying to see.

My mother has been for a great many years correspondent of the "Tecumseh Herald" and I am suggesting to her that she give your article some publicity in and around Tecumseh. Many of the local people will be greatly interested in this matter, and particularly in the fact of the connection of a former resident of that locality with the pioneer work in this most important field.

Very truly yours,

In another letter recently received by Mrs. Wisner from her son, he tells of his family having taken a week end motor trip during which his daughter, Katherine, was injured. The girl lost her hair ribbon out of the car and before the machine could be stopped she jumped out, stepped off backward and was thrown under a rear wheel and the vehicle passed over her right hand, breaking the middle finger.

In his letter Mr. Wisner tells of having been very well acquainted with LaVerne W. Noyes, the two men having been members of the same club. Mr. Wisner has only words of praise for Mr. Noyes, who was a millionaire when he died. Practically all of his money is bequeathed for charitable and public uses, a fund of a million and a half dollars to be used for the education of wounded or injured soldiers and the children of injured or wounded soldiers. This sum was given by Mr. Noyes, as he had stated publicly, because he himself could not serve in the war.

Mr. Wisner informs his mother that he has never met Mr. Perry but that he hopes to look him up and get acquainted with the invenor of the Aermotor.

Business Gains Credited to Advertising

Chicago Dispatch:—Huge gains in business by retail stores of Chicago and other large cities is indicated by the report of a federal trade investigation just made public.

To newspaper advertising, the report gives a large part of the credit for the tremendous release of buying power.

"Immediately after the war a great increase in newspaper advertising was noticed," says the report. "Each month it has continued and today it is not unusual for newspapers to report 100 percent increases in national advertising in lineage over the same period in 1918.

"Many manufacturers of advertised products report they are unable to fill the demand and are running behind on their orders, and it is fair to say that newspaper advertising is responsible for a large part of this improvement in retail and wholesale business, and newspapers will render as notable a service in the readjustment period as they performed during the war."

Advertising Creates Desire

Paved Highway Is Looming Up

ABUTTING PROPERTY OWNERS MEET NEXT MONDAY

Tecumseh Grange Hall at 7:30 Designated as Place and Time—State Highway Commissioner Anxious to Proceed at Once With Preliminary Work so Construction Can be Started Early Next Year.

All owners of property abutting on the Monroe turnpike from Britton to the Jackson county line in Cambridge township are earnestly urged to meet at the Tecumseh Grange hall on Monday evening, August 18, at 7:30 o'clock.

The meeting is called for the discussion of the construction of the new trunk road and abutting property owners are also urged to bring a description of their property (which can be taken from tax receipt) so as to be ready to sign petition at the meeting and save much time and labor. It is desired to present the state highway department a petition containing the signatures of 100% of the abutting property owners. Plan to attend the meeting Monday and comply with the request.

Preliminary work, such as passing on petition, surveying and whatever other details are necessary, all out of the way so actual construction of the new paved highway from Britton to the Jackson county line can be started early next season is the plan State Highway Commissioner Frank Rogers desires to carry out in regard to Monroe turnpike.

To assist in carrying out this plan a meeting was called by Tecumseh Commerce club Monday evening to arrange for a big gathering of abutting property owners all along the proposed improved highway.

Hon. Chas. A. Evans, state representative from this district, met with the men and explained the procedure necessary and the wishes of the state highway commissioner.

It is the present intention of the state highway commission to improve Monroe turnpike with a permanent pavement from Britton village west through Ridgeway, Tecumseh, Franklin to one mile west of Tipton, continuing from that point with a class C gravel top road through Cambridge township to the Jackson county line, connecting with the improved road to Jackson.

With the liberal 75% state and federal aid, Mr. Evans advises the people along Monroe Turnpike to insist upon a permanent pavement—a pavement that will stand up with the continually growing overland traffic.

When asked how the remaining 25% of the cost of construction would be assessed Mr. Evans stated it would be divided between the county, the townships through which the road passes and the assessment districts. The apportionment to the latter would be so small that it would hardly be noticeable.

H. S. Temple questioned the wisdom of changing from pavement to gravel road through Cambridge township. Mr. Evans replied that the choice would be left with the people interested, also stating that with the present maintenance patrol system gravel roads made splendid highways. Mr. Rogers thought that perhaps Cambridge people would prefer to have the same type of road as the road to Jackson.

Mr. Evans also advised that the work of securing signatures to the petition be left to two or three men, one man taking in the entire route as it is necessary to swear to the genuineness of the signatures.

On motion of H. S. Temple, W. E. Barrett was appointed chairman of a committee of general arrangements for a meeting called for Monday evening at Grange hall and to secure signatures of abutting property owners. The motion carried.

It was the opinion of the men present that representation of the abutting property owners along the turnpike would be large at the meeting Monday night and some doubt was expressed as to the capacity of the Grange hall being large enough to accommodate the meeting.

Mr. Evans stated that the state highway commission advisory board, of which he is a member, has allowed Lenawee county 21½ miles of road improvement in addition to the 500 miles already granted. This will be used to close gaps.

The length of the proposed new highway from Britton to the Jackson county line is about 21 miles.

For the Chicago turnpike through Clinton Mr. Evans stated it would not be necessary to secure petitions, as the state highway department will act on that road.

The meeting was well attended and full of interest.

Spending Week at Lake.

The Misses Agnes McIntyre, Winrifred Mitchell, Gladys Bowen, Edna Taylor and Muza Rice of Adrian are spending the week at the Nemire cottage at Wampler's lake. Miss Ethel McIntyre will come from Kalamazoo Saturday to join them for over Sunday.

ALLEGED DESERTER IS NABBED IN TECUMSEH

A woman came to town Thursday looking for her husband, George Asnley, saying he had left her and four small children without a cent at Battle Creek and she imagined he had come here with the carnival. Marshal Mominee accompanied her to the grounds and there discovered the run-away working on the merry-go-round. She invited her husband to go back to Battle Creek with her and he refused. Then the marshal stepped up and said "Then you come with me," and he came. The sheriff of Calhoun county was notified and came for his man with a warrant for wife desertion, the woman accompanying the men back.

Henry W. McClure Now Postmaster

IS APPOINTED TO POSITION HE HAS BEEN FILLING TEMPORARILY

Has Been In Postal Service Eighteen Years; Wins Place As Result of Devotion to Duty and Capability.

After eighteen years' service in the Tecumseh postoffice, Henry W. McClure on Saturday received a telegram from Senator Charles E. Townsend, confirming his appointment as postmaster. Since the death of Postmaster E. C. Brown last October, Mr. McClure has been in charge of the office.

Several months ago a civil service examination was held for the competitors for the position with the above result. Mr. McClure served as assistant postmaster during the terms of Judge Jas. W. Wightman, Charles Bidwell, sr., Charles Bidwell, jr., and E. C. Brown.

HENRY W. McCLURE

Outside of his family and the postoffice, Mr. McClure has taken few recreations, attending chiefly to business. His interest in the I. O. O. F. has been a pleasure, however, and he has been recognized in the state grand lodge as an energetic worker. He has served on several committees in that body acting as chairman of two. Before going into the postoffice he was employed in the old car shops, previously having been in the grocery business.

He has proven himself very competent as acting postmaster and his commission comes through merit, not politics.

Troop No. 2 Of Boy Scouts

ENJOYING CAMP AT MANITOU BEACH

Eighteen Members With Scout Master Curtis Out for Ten Days' Outing.

Eighteen members of Troop No. 2, with Scout Master Curtis left for Manitau Beach, Devils lake, yesterday for a ten days' camp.

The boys are well equipped with tents and the necessary paraphernalia and expect to have the time of their life. It is not the intention of Scout Master Curtis to make this camp of a military nature, but the development will be more along moral lines, with health-building exercises, games and Scout work.

Monday evening the boys were given instructions in first aid, especially in bandaging by Dr. Conklin.

Mrs. Curtis is also at the lake giving an outing to several girls.

FRANK CROSSMAN DIES

Former Tecumseh Man Was Express Agent Many Years; Resided In Jackson.

Frank Crossman, known by so many in Tecumseh, passed away Friday at his home in Jackson after a lingering illness with Bright's disease. He is survived by the wife, who was formerly Miss Mary Snauble of Macon, and one daughter, Mrs. Beulah Winchell, of Jackson, also two brothers, Arthur Crossman of St. Louis Mo., and Truman Crossman of Tecumseh. The funeral was held at the home Monday at noon with the burial in Clinton.

Mr. Crossman was the son of the late E. R. Crossman, coming from an old and well known Tecumseh family. When a young man he left Tecumseh but kept up his friendship here by frequent visits. He had resided in Jackson some thirty-five years and had been an express agent on the Grand Rapids branch of the Michigan Central many years.

Local Post Will Have Club Rooms

AMERICAN LEGION ALSO TO GIVE ENTERTAINMENTS

Membership Contest Started, Losers to Provide Banquet; World War Vets Will Be Given Aid.

World war veterans in Tecumseh and vicinity are not to be inactive during the coming months, Underwood-Orr Post, No. 34, American Legion, already having taken steps which will make their presence known here. A membership contest is to be held, club rooms and entertainments are to be provided and the post will also be of assistance to former soldiers, sailors and marines in regard to allotments, insurance or in any other way that the organization can be of service to the veterans.

Action along this line was taken at a meeting last Thursday night in K. of P. hall, much enthusiasm being displayed. A committee composed of H. H. Hanna, Carl Schneider and Percy Bowen, was appointed to investigate the matter of establishing club rooms and securing an assembly hall. Another committee, consisting of Jay Larsen, Henry VanDuzer, Leon McLachlin, Archie Boyd and Ben Hastings, was named to arrange for and give entertainments from time to time.

One of the other important matters decided was a membership contest, which is to close September 11. The present members have been divided into two teams and the losing side is to banquet the winners in the new club rooms. Charles Hanna is captain of one team and Joe Satterthwaite will lead the other.

It was determined that Underwood-Orr post would take up and push all claims for allotments, insurance, back pay, travel pay, bonus, bond, compensation, loss of personal effects, vocational training of disabled members.

Through the kindness of Congressman Earl C. Michener the local post has been supplied with blanks through which members may secure Victory buttons, additional travel pay and equipment.

Any soldier, sailor or marine having a claim of any kind against the government is invited to communicate with Post Commander H. H. Hammel or Adjutant R. K. Anderson and they will be pleased on behalf of the local organization, to render every assistance possible.

Clinton Mill Floor Collapses

FORTUNATE ABSENCE OF OFFICE FORCE

Prevents Loss of Life and Injury—Wheat and Flour Precipitated.

Fortunate for owner and employer was the fact that the office and front portion of the Atlas mill building in Clinton was deserted when the floor over the front portion of the structure collapsed, precipitating tons of wheat and flour.

The accident occurred Saturday during the noon hour while Mr. Hoyt, the proprietor, was at dinner. Frank Fabrique, office clerk, had just left the office and was about to return for something he had forgotten when the crash came. Two other men were in the building, but out of harm's way.

The accident was due to a weakened worm-eaten sill and the damage to the front of the building is considerable. The wheat and flour thrown to the floor and ground below was salvaged as much as possible.

The Atlas Milling Co. have nearly completed two large silos which will be used for storing grain.

STARTS ON VACATION, THEN GETS MARRIED

11

Edward E. Berry started Sunday afternoon on a ten days' vacation and now word comes that he is not taking it alone. On Monday morning he was married to Miss Gertrude Heinzman of Adrian by Rev. J. S. Mies at St. Joseph's parsonage in that city. The couple left on a lake trip to Mackinac Island and the Soo, to return to Tecumseh later and occupy the house soon to be vacated by Mr. and Mrs. R. N. Lowe. For four years Mr. Berry has been connected with the H. Brewer Co. for some time as salesman. Mrs. Berry has become quite well known among the young people of the town, through her attendance at the parties and will be warmly welcomed here as a resident.

Sarah V. Wastell

OLDEST WOMAN IN SOUTHERN MICHIGAN DIES IN CLINTON

Monday afternoon the people of Clinton saw the remains of their beloved centenarian, Mrs. Sarah V. Wastell, aged 105 years, borne to their final resting place.

Mrs. Wastell passed away Sunday evening after an illness of several months, thus closing the life of a remarkable woman.

Deceased was born in Trenton, N. J., June 6, 1814, and came to Michigan with her parents, Mr. and Mrs. Cornelius Polhemus at the age of 14 years, locating on a farm eight miles north of Clinton. She was married to Adam VanTuyle in 1843 and five children were born to this union, three sons and two daughters. The sons are W. D. VanTuyle, John and George VanTuyle of Clinton, the two daughters dying several years ago. Her first husband passed away in 1870. In 1873 she married Rev. W. P. Wastell, who died in 1897.

SARAH V. WASTELL

Mrs. Wastell, who lived in Clinton nearly all of her long life, was a wonderfully preserved woman, enjoying good health and retaining her keen mental faculties nearly up to the time of her illness. She took an unusual interest in local and world activities and enjoying visits from friends and neighbors, especially on the anniversary days of her birth.

Mrs. Wastell was the head of five generations and, besides the three sons mentioned above, is survived by five grandchildren, Mrs. Carrie Woodward, Mrs. Eva Winders, Percy VanTuyle of Clinton, Miss Kathryn VanTuyle of Charlotte, N. C., and Albert VanTuyle of Clinton; 17 great-grandchildren and two great-great-grandchildren. The great-great-grandchildren are Ara Taylor of Adrian and Charles Stetler of Clinton.

FREE SHOWS OF A VARIED CHARACTER

Musical Program Next Week, With Boston Trio on Return Engagement.

Last night's street show was varied to an unusual degree. The Tecumseh Ladies' band furnished the music, and the quality shows they are improving all the time. The stunts were all good.

Wright and Wilson, acrobats, Gaylor, contortionist and equilibrist, recognized as an actor who had been here before, but a good stunt, and Connors and Martin in a roller skating act, were the out-of-town talent, but the interest seemed most centered when two local boys, Roy Van Winkle and Bernard Hastings, gave a three minute sparring match, refereed by Everett Cilley. Hastings has proven his metal by frequent bouts while in the Red Arrow division "over there" and won considerable fame as an athlete, while "Rip" is coming on nicely in the game.

For the next two Wednesdays there will be no afternoon shows, but in the evening splendid entertainments are promised. Willett's orchestra of Adrian has been engaged for both evenings. Next week will be another musical program, with the Boston trio, the star number of last week, as a feature. On August 27 one of the Webber and Field Company's troupe will be here for a musical comedy. In the troupe are eight girls and three men and the people may look for something extraordinary. Manager Jones is doing his best to please the people and is succeeding.

Ridgeway Warmly Welcomes Heroes

CELEBRATION FOR RETURNED SERVICE MEN GLORIOUS EVENT

Parade, Music, Feast, Sports, Program and Stirring Address By Judge H. L. Larwill are Features of the Day.

In all the demonstrations that have been given for the returned soldier boys none was any more effective than the gala day held Saturday in Ridgeway. In time gone by this [illegible] and township has proven herself among the foremost in the history of the county. Of late years, however, there seems to have been a sort of lethargy as if matters were being taken just as they came. But on Saturday there surely was an awakening and Ridgeway village was thoroughly aroused and alive.

The committee which had this matter in charge certainly was wide awake as was shown by the excellent parade that was given.

All business places had floats, the Red Cross, children, everyone, even to Uncle Sam, who marched ahead of the 14 uniformed soldier boys, was present and took part in this parade. Clinton band had been procured and played all day for them, enlivening things only as a band can. The ball game between Ridgeway and Macon was an exciting one and was won as expected, by the home team. There were races of all kinds, but the most exciting one was the old fashioned stunt of catching the "greased pig." Sherman Stalter came off victorious amidst the shouts and cheers. Everyone was merry from early dawn until evening.

At 7 o'clock in the church dinning room an elegant picnic supper was served which was a pleasing feature. Then came the evening's program which was truly enjoyable throughout. Rev. Combellack presided and with the aid of Rev. Somers, a much interested former pastor, announced the program which was as follows:

Singing, "America."
Invocation, Rev. J. E. Somers.
Solo and encore, Chas. Allen.
Chautauqua salute to the "boys" asembled.
Address, Judge H. L. Larwill of Adrian.

In his address Judge Larwill paid glowing tribute to the boys who have been fighting "our war" and congratulated those who were present upon having been fortunate in being able to return home. He feelingly spoke of the 50,000 who rested beneath the lillies in France, speaking of them as our contributors for liberty and justice and of the other 50,000 who died in camps and who, too, sacrificed their all upon the altars of war. Then he spoke of what would have been the result if the other fellow had won. The Adrian judge is heartily in favor of the League of Nations and he talked at some length upon this, telling what it means. In concluding he again turned to the honored boys and congratulated them upon being physically fit, as was plainly visible by their manner, texture of muscle, type of American citizenship and erect bearing that enabled them in a time when they were needed to answer "Here."

After singing the doxology and benediction was pronounced this perfect day came to a close

O'DELL-FRENCH

13

Tecumseh Girl Becomes Bride of Clinton Young Man at Unusually Pretty Wedding.

The home of Mr. and Mrs. William French on Division street was beautiful yesterday with sprays of golden glow profusely decorating the living rooms. The occasion was the birthday and also the wedding of the oldest daughter, Miss Jessie Pearl, the groom being Harvey Blaine O'Dell of Clinton.

The guests, who included only the immediate families, were received by the bride's small brother, Marion, while his twin sister, Mildred, played the wedding march. The ceremony was performed in front of a great bank of golden glow in the parlor by Rev. C. M. Thompson of the Methodist church. The couple were attended by the groom's brother, and sister, Martin and Miss Hattie, Carl E. DeMerritt of Adrian and Miss Lenore McLachlin.

The bride was gowned in a handsome dress of white satin and chiffon, carrying an armful of golden glow, while her bridesmaids wore pink silk.

Following the ceremony the guests were served a two course dinner. Among the guests were Mrs. Lee Francisco of Dundee, the groom's parents, Mr. and Mrs. Leroy O'Dell, and family and Mrs. Mary O'Dell of Clinton.

After a trip to AuGres, where the young people will visit the bride's grandmother, and other points in the northern part of the state, they will return to the groom's farm east of Clinton where they will reside.

Miss French was a member of the graduating class of last June, and since commencement has been book-keeper in Dr. H. R. Conklin's office. She was highly interested in the work of the M. E. church and will be greatly missed as she was a teacher in the primary department. Mr. O'Dell is a hustling young man with a fine reputation in his home town and they have the best wishes of a lots of friends.

INDEPENDENTS WIN A DOUBLE HEADER

Instead of resting last Sunday as they had expected, the Tecumseh Independents played a double header ball game winning both ends of the bargain bill. The opponents were the Blissfield All Stars and the Onsted team.

Up to Friday of last week the Indpendents had no game scheduled for the following Sunday, but then word came that the Blissfield team desired to come [illegible] contest and Onsted also notified the locals that a game was sought. The Independents decided to take both teams on the same afternoon and plans were hastily made for the double header.

The Blissfield All Stars were the first ones to meet defeat, they getting the short end of an 8 to 4 score. This was the same team that was given a drubbing here by the Tecumseh players on July 13, the score on this occasion being 15 to 2.

Onsted did not fare any better losing 13 to 5

"Chuck" Cole wielded the ash effectively, among the hits he secured being a drive to the fence which sent three runners across.

The attendance was good.

The Blissfield Independents will be here for a game Sunday afternoon.

Editorial Comment

The proposed paved highway from Britton through Ridgeway Tecumseh, Franklin and Cambridge townships in an interesting topic for discussion at this time when the new highway laws become effective.

This project should be of interest to every resident along the route and especially to Tecumseh and the other villages through which the trunk line passes, for these towns will be provided with a pavement at little expense—an opportunity not dreamed of a few years ago.

Now that three-fourths of the expense of construction of this road and one-half of its maintenance is assumed by the state and federal government every owner of abutting property is enthusiastically in favor of the project.

Once in a while, however, a person not overly well informed will be met who does not approve of the paved highway. In Tecumseh township, it is pointed out, the gravel road is fine and it is too bad to tear it up. True, we have fine gravel roads, but, as it is now the township must pay the entire cost of up-keep. When taken over by the state this expense will be cut in half.

We wish to urge every person enterested in this proposition to attend a meeting of abutting property owners to be held at Tecumseh Grange hall Monday evening. Hon. Chas. A. Evans will be present to explain every angle of the proposition. If you can't attend the meeting remember the following points.

The increasing traffic over the main highways demand permanent construction. Methods of road construction of the horse and buggy period are obsolete.

Overland trucking is still in its infancy and gravel will not hold up under the pressure.

The state and federal government pays 75% of the cost of construction.

The state pays 50% of the cost of maintenance.

Only 25% of the cost of construction is born by the county, township and assessment district.

Only a small percent of the 25% will be assessed against benefited property.

More liberal road legislation never before was given the people of Lenawee and Michigan and a change of administration may see the withdrawal of some of the liberality.

Get roads while the getting is good.

It is good business economy for people of a community when they are served with a good local newspaper to patronize stores that use a regular space to communicate weekly with the buying public. As a rule the advertiser is not of a penurious disposition and you can bank on getting a square deal at his store. He is more likely to be the merchant that carries a family through a strenuous period of sickness. He is the one that will put his shoulder to the wheel and actually help in any progressive community-betterment movement, while the other fellow stands on the curb and talks about what should be done and "lets George do it." He appreciates the value of a good local newspaper and helps to give the people of the community such a paper. He is the real live wire of the town and deserves the consideration of the people of the community.

Along this line we might call attention to the advertising campaign now being launched by the Merchants' Division, Jackson Chamber of Commerce. Newspapers within reasonable trading distance are being used, among them The Herald. It is a clean campaign. Jackson business men are putting up and not at all antagonistic to merchants of smaller towns, as their slogan in this week's advertisment will indicate. "A community can prosper only by the support of its people. The closer home you keep your dollar the quicker it will get back to you." Good sound sense in that slogan.

Federal and state authorities are becoming active investigating the high cost of living and the governmental net is spread to capture the profiteers and hoarders.

Attorney General Palmer has appealed to the state food administrators to call on their assistants in the counties to appoint fair price committees to probe handling of food stuffs by retailers and if the prices are in excess of what the committee considers just, to publish a list of fair prices for the guidance of the public.

While all this may seem sufficient to meet the case, such methods are slow and ineffective, as we had fair price committees during the war and prices remained excessively high in spite of this.

Some drastic action is needed to bring food stuffs down within the reach of the laboringman at once. It is seldom the retailer who reaps the big profits, it is the ones higher up and steps should be devised by which these interests can be reaced by the law's firm but just hand.

If the factions in congress which are now at odds over the League of Nations question would drop that wrangle long enough to get together and enact drastic laws to bring the food profiteers to terms they would be accomplishing a world of good for long suffering, overcharged American people.

Surprised at the large Saturday night crowd in Tecumseh, a tourist from Indiana asked one of our citizens if anything unusual was going on. Upon receiving a negative answer, he remarked: "Why, this is remarkable; your sidewalks are crowded nearly as badly as State street in Chicago. Never saw a town of the size beat it." Well, when we get our new pavement we expect to even have larger crowds.

TIPTON

Community S. S. Picnic.

The community Sunday school picnic was held at Sand lake last Thursday. The forenoon was spent in visiting and a rifle contest. One hundred sixty sat down to a bountiful picnic dinner at noon. After dinner races and sports of different kinds were held.

The biscuit and banana contest proved very interesting and Miss Mabel McClure demonstrated she was most profficient in this line. Mrs. Mary Sowles was winner in the ladies' nail driving contest. Lamont Simmons won the boys' peck of potatoes and Julia Ogden the girls' peck in the potato races.

A tug of war between Congregational and Methodist Sunday schools resulted in victory for the Congregational school. All then went to the ball grounds where a very exciting game of baseball was played betwen the young men and the married men. It resulted with a score of 8 to 7 in favor of the young men.

All departed for home feeling the day well spent.

The NEW EDISON

No Needles to Change—Even Records of All Other Makes Sound More Human When Played on The New Edison

WHEN you think of music—think of RE-CREATION. Let that word "RE-CREATION" burn into your memory. It represents a new standard—a new art in music. It means the imperishable ***"Re-Creation"*** in your own home of the living music of the masters—Re-Created with all the fleeting breath of reality.

¶ Don't misunderstand. There is talking machine music—as ordinarily conceived—and there is a wonderful new art—the Re-Creation of Music. In that field the New Edison stands alone—a solitary, dominating figure. Other instruments are made only to reproduce music. The New Edison Re-Creates it. A small distinction in words but a tremendous one in performance.

¶ In thousands of public tests it has been conclusively demonstrated that it is impossible to distinguish which is the New Edison and which is the living voice when the instrument and the artist are heard together. This direct comparison test is one test that no other phonograph manufacturer dares to make.

¶ Close your eyes and the record in your home is the living artist singing. It is wonderful. It is true Re-Creation of music. Come and hear the art of the New Edison. It will be a revelation to you.

¶ There is a wide range of Edison models. There is one to meet ***your*** need. Come and ask to hear it.

¶ Miss Elsie De Wolfe, America's foremost interior decorator, after examining the new line of Edison Period Cabinets volunteered this unqualified endorsement of them:

"The Period Cabinets which Mr. Edison has adopted are in pleasant contrast to the rather grotesque cases one so frequently sees—the superior furniture value of the Edison cabinets can scarcely fail to impress the lover of good furniture."

And *they will impress you.* So come in today and see these beautiful cabinets—hear the marvelous music Re-Creations. Both will delight and surprise you.

Mrs. Guy Belding is entertaining her niece and nephew, Edna and Llewellyn Grant, of Brooklyn.

Mrs. Norman Taylor and baby are here from Detroit visiting her parents, Mr. and Mrs. Hobart Mitchell.

Lucile, the oldest daughter of Merlow Packard, has been ill for three weeks with a glanular throat trouble.

Miss Mary Triboies of Coldwater has been visiting her sister, Mrs. A. J. Artman, and family this week.

Mr. and Mrs. John Jones and son, Robert, of Jackson were over Saturday and Sunday guests at the Tansley home.

Mrs. Martha Boyd returned Monday from Detroit, leaving her daughter, Mrs. Percy Boyd, much improved.

Mr. and Mrs. Mike Melonakos moved their household goods to Monroe Monday. He reports business great there.

Robert Graves started for Boston Monday after a week's visit with his cousins, Lieut. and Mrs. R. K. Anderson.

Rev. and Mrs. Rex and family were in town over Monday night, enroute from Colon to visit his relatives at Tiffin, O.

Mrs. Will Knodle returned Tuesday to her home in Bloomdale, O., leaving her son, Russell, for a longer visit.

Mr. and Mrs. Frank Snedecor are enjoying a visit from their daughter, Mrs. Harry Snedicor, and two children of Jackson.

Mrs. Dan Miller and little daughter, Eva, arrived Tuesday from Everett to visit her mother, Mrs. Della Flager, and children.

Miss Eva Wright has returned home from the Ann Arbor hospital where she was operated upon for appendicitis. She is doing finely.

Miss Helen Deming visited in Dundee from Saturday to Tuesday, bringing two girl friends back with her, Misses Mae Rirnell and Mildred Harsch.

Mr. and Mrs. Lloyd Whelan and daughter, Glenola, Mr. and Mrs Fred Marsh, Miss Hazel Stahler and Charles Hanna made a party for the lakes Sunday.

Married, in Judge Hosmer's office, on August 7, Rufus A. Rose and Miss Ruth A. Bly, both of Jackson county. Mrs. May Mobbs and Lester Heesen were the witnesses.

Mr. and Mrs. Truman Crossman and Mrs. Harriett Britten were in Clinton Monday for the burial services of Frank Crossman who had died on Saturday in Jackson.

Miss Mabel Skinner, who has been spending several weeks at Lake Harbor, arrived home Saturday. Today she and Miss Lelia Snell go to Ann Arbor for operations on their throats.

Mrs. Henry Wilson returned Saturday from an extended visit at the home of her daughter, Mrs. Frank Osborne, in Columbus. Her granddaughter, Miss Margaret Osborne, accompanied her here.

At the depot at Tecumseh Junction a new ticket case has been installed; and all business is transacted through the south window in the waiting room, thus saving many steps for the operator who is also the ticket agent.

Mr. and Mrs. Myron Conklin and grandchildren, Georgiana and Jack Conklin, are taking an outing at Sand lake, occupying the Williamson cottage. Dr. and Mrs. Conklin and Mr. and Mrs. D. F. Wright and son spent Tuesday night with them.

Mr. and Mrs. George Church and son, Ernest, with their guests Mrs. Ashbel Cheal and daughter, of Battle Creek and Mr. and Mrs. Frank Allen of Jackson, spent Sunday with a brother of Mrs. Church and Mrs. Allen, George Ransom, and wife in Adrian.

The Sunday school classes of Mrs. R. S. Moore and Miss Lula Stahler entertained Troop 2 of the Boy Scouts out at the Wm. Becker farm last Friday evening. There were about fifty present and a jolly evening resulted. Games galore were followed by the serving of light refreshments.

Sgt. Lavern Brown of Jackson spent last week with his cousins, Mr. and Mrs. John Saul, and Joe Gray. He has just returned from overseas service. His brother, Burdette Brown, and wife were down from Jackson Sunday for the day, taking Sgt. Brown back with them.

Mr. and Mrs. R. M. Moiles, Alva Spayde and the Misses Bess Spayde and Alice Cutting visited Mr. and Mrs. James Henderson and family in Adrian Sunday. Lieut. Herbert Henderson has just returned from overseas and his stories of the life over there and the souvenirs he has sent home made the day delightful.

Mr. and Mrs. Charles Williamson accompanied by cousins, Mr. and Mrs. Seth Dixon, of Dundee started Friday on a motor trip to New York City, planning to be gone three weeks. Mrs. Leslie Bower is caring for the Williamson little people in the meanwhile.

You Will Like This Collar

It's cotton, it's stiff, but it is not starched. Doesn't have to go to the laundry. No ironing. Just a little water, a wash cloth, some soap and two minutes' time. It's a

CHALLENGE CLEANABLE COLLAR

On your neck, no one can tell it from the average cotton collar. Here's the difference: The cotton collar you now wear is stiffened with starch. Ours is stiffened by a process that makes it impervious to water. It doesn't wilt when wet. Perspiration doesn't touch it. Yet it's pliable and comfortable.

Costs about $15.00 a year for ordinary cotton collars and laundering. $2.00 worth of our cotton collars will last a year. Saving—$13.00. Isn't it worth considering?

AUCTION SALE!

Wednesday Evening August 20th

We are closing out our Hardware and Harness business and to do so quickly, have decided to auction the same, together with such of our Implements as we are overstocked in. We had expected to start this auction in the afternoon and continue during the evening of the above date, and if necessary, to still continue it to the following Saturday afternoon and evening, but on account of the auctioneer having been already booked for sale on Wednesday, we will not open the sale until evening.

Our Harness Department consists of single driving harness, double work harness, collars, whips, robes, stable blankets, sweat pads, combs, brushes and other harness sundries. This is all No. 1 stuff.

Hardware Department comprises Barn Door Track and Hangers, Forks, Shovels, Tile Hoes, Spades, Scythes, Window and Door Screening, Lawn Rakes, Lawn Hose, Belting (Rubber, Leather and Canvas) Hammers, Saws, Axes, Hatchets, Sprayers, Majestic Ranges, Banner Range, Oil Heaters, Heating Stoves, Kerosene Ranges, Chemical Closets, Lanterns, Roller Skates, Lawn Mowers, Incubators, Stove Piping, Boilers, Chicken Waterers, Lawn Seats, Wheel Barrows, Snow Shovels, Oils, Grease, Poultry and Stock Tonics, Milk Pails, Milk Cans, Fly Traps, Wash Boards, Ironing Boards, Spraying Hose, Oil Cans, Kerosene and Gasoline Cans, and hundreds of other articles too numerous to include in this list.

In the Implement line we will offer a few Side Rakes, Wheel and Walking Cultivators, Clover Bunchers, Gas Engines 1½ H. P. to 7 H. P. Manure Spreaders, Spring Tooth Drags, Walking Plows, and may still add some other sundries according to the buying spirit shown.

You should anticipate your wants even for next year, as you surely will want some of these goods. You will have a large selection and the goods are all first class. It will be to your advantage to attend this sale and get in on some of these exceptional bargains, but you will want to be on the job early before the assortment is all cleaned up.

REMEMBER THE DATE—WEDNESDAY, EVENING, AUGUST 20.

Terms announced day of sale.

Corn Binders

Of course you realize the only way to get the most from your corn crop is to cut it at the exact time it is ready to cut, not to wait a few days depending upon a neighbor's machine to use when he is through with it. This waiting may save you a few dollars, but how about the loss on the corn crop?

Many have believed that by waiting machinery would be lower in price. Instead of lower prices we may expect the same or higher prices on everything.

In order to get the best results order a Corn Binder early. We have a fine selection to choose from the

DEERE MOLINE DEERING

Fertilizer

Will be used more extensively this fall than ever. The supply is already being exhausted at the plants, but we have secured the promise of a reasonable tonnage, and suggest you place orders early for your requirements. We are able to offer you:

Nit.	Phos.	Potash	
1	9	1	Complete Fertilizer.
	16		Acid Phosphate
2¼	28		Bone Meal, no filler.
1	23		Half Bone Meal, half Acid Phos.
2	12	2	Complete Fertilizer.

The Coal Situation

The mines are not working to capacity. Threatening strikes are in the air everywhere. The car situation never was so bad owing to the large number of coal cars needing repairs and shop men on strike. A great many million tons more coal were in the customers' bins last summer than this. The result will be, with a normal winter, intense suffering due to the shortage when you want it.

Buy your coal now; get it in your bins while you can get not only coal but the prepared coals to avoid the necessity of being compelled to use inferior coal during the winter as was the case two years ago.

We never had a more complete assortment than now and urge you to take the advice of the Government and every National Coal Bulletin. These know the exact situation and they fully believe it more acute than two years ago at this time.

the advisability of maintaining a banking connection is not a disputable question.

To insure safety and convenience in financial affairs, and establish credit, it is undeniably essential.

The matter for careful consideration is: "Which bank offers the most reliable service?"

IS GIVEN SURPRISE ON HER BIRTHDAY

To remind Mrs. George Belding that Wednesday was her birthday a large company of the Lady Maccabees walked into the back door of her home Tuesday afternoon, surprising completely Mr. Belding who was home alone. Then when Mrs. Belding returned from calling on a friend these ladies were preparing supper and making themselves at home.

A splendid social hour resulted and a nice supper was served. As a souvenir of the visit and token of the love of her guests, Mrs. Grant Schreder presented Mrs. Belding with a handsome pocketbook.

YOUTH IS ACCUSED OF STEALING WATCHES

Verne Whetstone of Toledo was arraigned in Judge Hosmer's court Monday morning charged with theft on complaint of Mrs. Charles Cornell.

It seems that August 3, a party of relatives of Mr. and Mrs. Cornell drove up from Toledo to spend the day, young Whetstone acting as chauffeur. After the party had left the family missed three gold watches and a gold bracelet and they suspected Whetstone. Mrs. Cornell acted as her own sleuth, going to the chief of police in Toledo and telling her story. She found where two of the watches had been pawned and the sheriff picked up the man on suspicion. Deputy Sheriff Smith, armed with a warrant, went to Toledo Sunday and brought back the young fellow. Monday the sheriff and Franklin J. Russell, assistant prosecuting attorney, brought him over from Adrian. Here he waived examination and in default of bond was taken back to Adrian to appear in the circuit court October 13. The third watch and bracelet were found at his boarding place in Toledo.

Deputy Sheriff Smith yesterday received word from Chief of Police Herbert of Toledo to hold Whetstone on suspicion of being guilty of the larceny of $225 from Mrs. W. F. Baker of that city.

Annual Meeting of District No. 7 Tecumseh, Mich., Held at Public Library July 14, 1919.

The County Commissioner of schools, Mr. Geo. J. Trfipp, has advised the secretaries of the various graded districts in the county that in order to comply with provisions of an act of the state legislature passed in 1917 it would be necessary to publish the entire proceedings of each annual school meeting.

Conforming with this requirement the secretary hereby presents for publication that part of the minutes of this year's annual school meeting not already published:

Meeting was called to order by President J. H. Smith.

Present: President J. H. Smith. Trustees F. B. Wood, Charles Burridge, E. D. Brown and C. F. Patterson, also 25 other voters of the district.

Minutes of last meeting read and approved.

Secretary then read his annual report to the district as follows:

(See Tecumseh Herald July 17, 1919.)

President Smith then gave a brief address and review of the schools for the past year.

Motion was then made, supported and carried that the secretary's annual report to the district be accepted and adopted.

The treasurer's report was then read, the various figures and balances corresponding with those in the secretary's report.

Motion was made, supported and carried that the treasurer's report be accepted and adopted.

The librarian's report was then read showing that at the present time the library contains 6,965 volumes. Two hundred fifty-five books were added to the library and thirty-four withdrawn or a net gain of 221 volumes.

Motion was made, supported and carried that the librarian's report be accepted and placed on file.

Trustee Wood then explained to the voters present that in consequence of a law recently passed it would be necessary to vote on the advisability of adopting said law to classify school districts having certain stated populations.

Ballots had been prepared and printed a copy of one following:

Vote on proposition to adopt the act classifying school districts having a population of five hundred or more and less than seventy-five thousand, as districts of the third and fourth classes, and providing for the government, control and administration of such school districts and the schools therein.

Make a Cross in the Appropriate square below.

Shall the act classifying school districts having a population of five hundred or more and less than seventy-five thousand as districts of the third and fourth classes, and providing for the government, control and administration of such school districts and the schools therein be adopted?

YES [ ]
NO [ ]

President Smith appointed H. S. Temple and Robert Moore, sr., as tellers.

A ballot box had been prepared and a vote was then taken.

Whole number of ballots cast, 30—all No.

President Smith thereupon declared the question of adopting stated classification in this district lost.

The meeting then proceeded to the election of a trustee by ballot on account of the expiration of the term of office of Trustee F. B. Wood.

Whole number of votes cast 30, of which F. B. Wood received 25 votes and a mojority of all votes cast, and was declared elected trustee of the district for the ensuing three years.

A motion was then made, supported and carried to adjourn.

C. F. Patterson, Sec'y.

Juggernaut Reunion.

The first reunion of the pupils of the Old Juggernaut and the Old English Brick school in District No. 3, Ridgeway, was held Friday, August 8, in the Christian Church in this place. The afternoon was spent in visiting and renewing acquaintances. Rev. J. C. DeRemer was chosen temporary chairman and Mrs. C. J. Smith secretary and an organization was perfected under the name of the "Old Juggernaut School," and the following officers were chosen:

President, Geo. W. Smith; vice president, A. E. Palmer; secretary, Edward DePuy; assistant, Mrs. Dewey Sturtevant; treasurer, E. J. Exelby.

Mrs. G. L. Gripton favored with reading "Some Twenty Years Ago" after which the Britton Orchestra, which delightfully played several selections, played "Silver Threads Among the Gold." Then all were invited to the dining room where a fine picnic supper was served with covers laid for fifty. After the supper, A. E. Palmer as toastmaster called on several of the old schoolmates and as each responded everyone listened attentively to the stories of more than 60 years ago. Rev. J. E. Somers of Dundee, Samuel Tamblyn and J. C. DeRemer also made remarks. Only five pupils of the Old Juggernaut school were present, namely G. W. Smith, G. W. Underwood, A. E. Palmer, John Pilbeam and Mrs. Delphia McIntyre. There are only two teachers living, Edward DePuy of Saline and E. C. VanVleet of Tecumseh. They will meet next year in the same place the last Wednesday in August.

Those from away attending were: John Pilbeam of Ypsilanti, Mr. and Mrs. Lon Hastings of Azalia, Mrs. Delphia McIntyre of Holloway, Mr. and Mrs. Ed DePuy of Saline, Mr. and Mrs. J. T. Exelby of Detroit and Dr. J. B. Haynes and Rev. J. C. Somers of Dundee.

Family Reunion.

The twenty-third annual reunion of the Exelby-Underwood families was held Saturday, Aug. 9, at the home of Mr. and Mrs. Everett Exelby on North Main street. It was an ideal day and the 123 guests assembled proceeded in having an ideal time. The morning hours were spent in greetings until dinner, which was served under the maple trees, was announced. A program of music and recitations followed the dinner and the business meeting which resulted in the election of W. L. Exelby, president; Miss Velma Swick, secretary-treasurer. On account of war conditions no reunion was held in 1918 and the records show that during the past two years there have been 10 deaths, 7 births and 5 marriages. Out of six who were in service, three died and the other three have returned home. So while hearts were gay still there was a sadness as the absent faces were missed.

Ice cream and cake was served and as the shades of night drew near good byes were said, all hoping to meet again next year at the home of Mrs. Frank Zeluff.

Those attending from away were: Gorden Bachman, Mrs. Anna Campbell, Mike Bachman and children and Miss Glendora Gibson, of Deerfield.

Fire at Gottchalk Farm.

Two large barns, fifty tons of hay, an old straw stack, six hogs a tool shed and several farm implements were destroyed by fire Thursday afternoon on Frank Gottchalk's farm 3½ miles south of town. Well diggers had just pulled in the yard and were preparing to drive stakes to anchor their digging apparatus when the fire was noticed and the supposition is that sparks, from the engine, had fallen in some dry corn fodder that was in the smaller barn, causing the blaze. A shortage of water prevented them from saving anything within range, so attention was turned toward the house, which is comparatively a new one, and with help this was saved. Mr. Gottschalk's grain was still in the field and he feels thankful that that was not destroyed. There was some insurance but not enough to cover the loss.

Gala Day.

Don't forget that Wednesday, August 20, is the reception to our returned soldiers and the community picnic. The dinner will be served in Britton's grove and the sports that have been arranged, will take place on the school ground. The stores will closed from 10 until 3 so that all may attend. The business people and lodges are planning on taking part in the parade. The soldiers are requested to wear their uniforms. Be sure and attend and give the boys a rousing welcome. Be a booster also for your own home town.

Church Notes.

Services as usual next Sunday morning in both churches.

No services in the evening on account of the Sunday school convention which will be held in Macon.

Keep the Children Well

To keep the little ones well, sturdy and happy, free of coughs, colds, croup, little fevers and inflamed throats, use

Foley's Honey and Tar.

It is carefully made of selected remedies that loosen and break up a cough, stop croup and ease an aching inflamed throat, and it is clean of all narcotics.

The prompt use of Foley's Honey and Tar is very helpful for whooping cough, and the restless feverish state that attends children's diseases.

M. T. Davis, Bearsville, W. Va., writes:—"One of my patrons had a small child taken with croup. They came to my store and bought a bottle of Foley's Honey and Tar and before morning the child was entirely recovered."

OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and digestive organs.

This being true, it is easy to believe that by keeping the kidneys and digestive organs cleansed and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.

For over 200 years GOLD MEDAL Haarlem Oil has been relieving the weaknesses and disability due to advancing years. It is a standard old-time home remedy and needs no introduction. GOLD MEDAL Haarlem Oil is inclosed in odorless, tasteless capsules containing about 5 drops each. Take them as you would a pill, with a small swallow of water. The oil stimulates the kidney action and enables the organs to throw off the poisons which cause premature old age. New life and strength increase as you continue the treatment. When completely restored continue taking a capsule or two each day. GOLD MEDAL Haarlem Oil Capsules will keep you in health and vigor and prevent a return of the disease.

Do not wait until old age or disease have settled down for good. Go to your druggist and get a box of GOLD MEDAL Haarlem Oil Capsules. Money refunded if they do not help you. Three sizes. But remember to ask for the original imported GOLD MEDAL brand. In sealed packages.

State of Michigan. The Circuit Court for the County of Lenawee, in Chancery.

In the matter of the petition of The Uncle Sam's Macaroni Company, praying for dissolution.

Before the Honorable Burton L. Hart, Circuit Judge, at Chambers, in the City of Adrian, in said County of Lenawee, on the 4th day of August, 1919.

On reading and filing the petition of the majority of the Directors of the Uncle Sam's Macaroni Company, a corporation duly incorporated under the laws of the State of Michigan, and having its principal office in said County, that a Receiver be appointed for the assets of said corporation, that its funds be distributed by order of this Court and that it be dissolved, and stating that all of its debts have been paid. ORDERED, that the several stockholders of said corporation, named in the schedule accompanying said petition, show cause before me at my office in the Courthouse in the City of Adrian in the County of Lenawee and State of Michigan on the 15th day of September, 1919, at nine (9) o'clock in the forenoon of said day, why the prayer of petitioners should not be granted.

And it is Further Ordered, That Rudolph A. Heesen be appointed Receiver of the assets of said corporation upon the approval of his bond as such Receiver in the penal sum of $6,000.00.

And it is Further Ordered, That notice of the contents of this order shall be given to each of said stockholders at least thirty (30) days before the 15th day of September, 1919, by mail, addressed to the last known post-office address of each, and that a true copy of this order shall be published once in each week for three (3) weeks successively in the Tecumseh Herald, a newspaper published at Tecumseh, Michigan in said County of Lenawee.

Why Have Tractor Troubles?

LUBRICATING oil is inexpensive — the cost of a burned-out bearing will pay for the lubricants necessary to keep the machine in order for months. The Standard Oil Company (Indiana) manufactures three lubricating oils for tractors—

Heavy Polarine Oil

Stanolind Tractor Oil

Extra Heavy Polarine Oil

One of these three is the correct oil for your tractor.

Our Engineering Staff has prepared a chart showing which one will give the best results in your particular tractor. The nearest Standard Oil representative will be glad to show it to you.

Write for "Tractor Lubrication," which you will find a valuable reference book of 100 pages and we believe it will save you many days of tractor idleness with the resultant money loss.

Electricity is a Wonderful Home Maker

It shortens (eliminates many) hundreds of household tasks; contributes many conveniences to the happiness and joy of the family.

It lowers the cost of living in many ways.

If your house is not wired for Electricity, or if it is wired and you are not enjoying the full benefits, what more incentive could you have than these war days of conservation to put the running of your home on an Electrical basis.

We like to exchange our Electrical ideas with the family folks and show them how readily Electricity can be applied to their particular ways of living.

ADAMS FAMILY HAS PLEASURABLE REUNION

It was a decidedly enjoyable occasion when the Adams family held its first reunion last Saturday at the home of Maurice Adams, one and a half miles south of town. There were twenty-one present.

The forenoon was spent in a social way, a delicious pot luck dinner being served at noon. Will Fletcher, a member of the family, had been selected to impersonate Uncle Sam at the celebration for returned soldiers, sailors and marines at Ridgeway so all motored over there with him and participated in the festivities, this being a pleasurable feature of the day. The party returned to its meeting place for supper and a group photo was taken of the gathering.

It was decided to meet again next year, but the time and place are to be decided later.

During the last ~~two~~ years nine members of the family have passed away, one of these dying in the service of the United States.

"A Community Can Prosper Only By the Support of Its People"

The Closer Home You Keep Your Dollar The Quicker It Will Get Back to You

Did you ever stop to think what becomes of your dollars? Whether YOU, Personally, are getting all the value they can possibly purchase?

IT'S UP TO YOU—In these days of so-called high prices to consider your money outlay from every angle in order to spend intelligently, economically and to your own best advantage.

TO ACCOMPLISH THIS—You should buy in your district, everything you use or consume. Where this is practiced there can be only one result. Within a short space of time, every dollar you spend has been returned to you.

FOR EXAMPLE—X is a farmer who sells a load of produce to the grocer, the grocer's wife buys wear appared at a local store. A is a clerk the local store, his employer pays him his weekly wage A turns over the greater part of this to Mrs. A, whose duty it is to pay all bills for the maintenance of the house and household.

B, is a real estate man from whom A is buying a home. Mrs. A makes the regular weekly payment to B, who in turn passes the money on to C, a district contractor, who uses it to pay for labor on other houses under course of construction.

D, a laborer is the next to receive this money and the very night on which he receives it he spends it for school books for his children, the book dealer deposits it with a local bank, which in turn passes it out to a butcher who pays it to a farmer for stock, the farmer's wife promptly returns it to the local store where it is again paid to A as his weekly salary. By this money being used in the district the same money has accomplished 11 distinct and individual transactions, on each of which there was a legitimate profit.

YOUR DISTRICT PRODUCED THIS DOLLAR—When it comes to you, SPEND IT IN THE DISTRICT, keep it where it will work for the betterment of the whole community.

Give your neighborhood store the first chance, if your needs cannot be supplied there, come to Jackson, the city of your district.

Camp Lempert Boy Scouts

SITUATED ON FINE SITE, VINEYARD LAKE

Visitors on Tecumseh Day Enjoy Inspection of the Scout Camp.

Visitors at Camp Lempert of Vineyard lake on Tecumseh day, Friday, upon arrival were immediatel impressed with the splendid site chosen for a camping place that the Boy Scouts of Toledo and Tecumseh appreciate to the fullest extent. Situated upon a high bluff, a fine view of the beautiful lake is obtained and the natural drainage makes it an ideal sanitary spot for out door living.

Two rows of tents facing a wide street house the boys, a hospital tent with a prominent Toledo physician recently returned from military service in charge looks after the health of the Scouts.

The mess tent, commodious and screened to keep out flies, is a place of lively animation at meal time, and the cook tent in charge of an experienced chef is a model of neatness. In fact, the camp is finely equipped even to shower bath and electric lights.

The bathing beach is at the foot of a long sandy slope, more difficult to ascent than descent, and is a popular place at certain times of the day. Boys returning from bathing are expected to bring a number of shells taken from the water, thus making the bottom of the bathing place more comfortable to the feet.

The regular morning inspection keeps the tents and grounds surrounding neat and clean. Untidy conditions are not allowed. The tent occupied by Tecumseh boys is labeled "Chief Tecumseh's tent," Our boys were pleased to see the Tecumseh visitors.

Violators of camp regulations are required to replenish the kitchen wood pile with a certain number of pieces of stove wood 16 inches long and three feet in diameter.

The salute to the flag at the sunset gun was interesting as was also the drill by the boys before mess call. The boys were under two commands, with Perry Hayden in charge of one.

In the evening the visitors were privileged to enjoy with the boys a minstrel show staged at the foot of an incline. Among the cast was Perry Hayden as Mr. Gasoline, one of the blackface comedians.

Fourteen Tecumseh Boy Scouts were among the visitors, taken to the camp by Scout Master Widdifield, Prof. E. E. Crampton, Prof. O. W. Laidlaw, and E. H. Ahrens, C. F. Patterson accompanying Prof. Crampton.

Messrs. Widdifield and Laidlaw exhibited some efficiency in out door cooking, serving fried bacon, potatoes and coffee direct from the fire.

Other visitors were Mr. and Mrs. Fred Rosacrans, Mrs. Hicks and Mrs. Krone of Richmond, Ind. Mr. and Mrs. H. S. Temple and son James, and Lieut. and Mrs. T. R. Mills; Mr. and Mrs. Howard Bredow.

HAS HIGH PRAISE FOR CAPT. MILBURN HAWKES

Col. A. H. Ganser Says Tecumseh Hero Will Be Mentioned In Annals of Thirty-Second Division.

There were happy, friendly relations between Capt. Milburn Hawkes of Tecumseh and the commander of his battalion, Lieut. Col. A. H. Ganser, the father of the local fallen world war hero being assured of this in a letter recently received from Col. Ganser. Capt. Hawkes made the supreme sacrifice on the field of battle and the father is informed by Col. Ganser that the brave Tecumseh young man will be given his just memoir in the annals of Company D, 125th Infantry, Thirty-Second division, of which he was an officer.

Col. Ganser says in his letter to George C. Hawkes, father of Capt. Milburn Hawkes:

"Am sure Milburn wrote you of the happy relations between the company D commander and his battalion chief. On July 14 it was just one year that our First battalion, 125th Infantry, was honored by being selected to parade before Marshall Joffre, General Gamiel, General Hann, Thirty-Second division commander, and other celebrities at Massevaux. On that day permitted all my officers to stay over in Massevaux, while I took the men back to Sentheim, Alsace, and later I allowed as many of the men as cared to go back, to do so, having carried out my orders to 'march in review at Massevaux, July 14, the French Fourth of July, and thereafter to return at once to my front line trench station.' This just by way of reminiscence, and because Milburn came to me early next morning and told me what a good time he and Capt. Larned, Capt. McLachlin, Capt. Cook and Capt. D. D. Smith had had. It proved to be their last jolly time on earth, for all four of my beloved company commander paid the supreme sacrifice for world peace and world democracy within three months.

"Milburn was just 'a boy grown tall' but with a lion heart and judgment far beyond his years. Peace to his ashes. Rest assured Capt. Hawkes will be given his memoir in the annals of the 125th infantry and the Thirty-Second division. I hope sometime to be able to visit Lenawee county and pay tribute to Milburn."

TOM MINGAY SENDS ENTERTAINING LETTER FROM SAULT STE. MARIE

Sault Ste. Marie, Mich.
August 11, 1919

My dear Friends, the Editors;

I told you I would write you a letter or two while I was away, so here goes for No. 1.

I found the Soo much the same as I have found it on former visits, except that it was very cloudy with smoke which is quite pungent and makes ones eyes smart. Last night there was quite a fog off the lake and the combination of smoke and fog is quite tasty, to say the least.

The country presents a very desolate appearance with the smoke and the blackened trunks of trees pointing upward. All verdure is browned and scorched in most places, although here and there you do run across a green oasis.

Yesterday afternoon, Sam Taylor (who is well known to many in Tecumseh), his daughters, Marjorie and Audrey, and myself, took a walk over to see the new lock, what is left of the once beautiful falls and the big railroad bridge between the two Soos.

The Sault Ste. Marie, or in English "Falls of Ste. Marie," once extended almost wholly across the river, and it was quite an exciting thing to shoot the rapids in an Indian canoe, guided by the expert hands of the Indians, but that is a thing of the past. The encroachments made on the falls by the big locks, particularly the last big lock, which is still in course of construction, have done away with all this.

There are four locks—the old original Weitzel lock, with its wooden gates now just about obsolete; the Poe lock, named after General Orlando M. Poe, formerly colonel of the old Michigan Second regiment in the war of '61-'65; the Davis lock, and the fourth and largest lock, which has not yet been named. I cannot give you the dimensions of these great pieces of modern engineering as I have not the figurs at hand, but they are certainly wonderful pieces of mechanism, and are well worth a visit here to see.

Owing to the labor troubles incident to this old and new world reconstruction period, the locks are not nearly as busy as they usually are, and the country at large is the loser thereby.

I meet people here on the streets who know some of our Tecumseh people quite well, and ask about them are glad to hear about them.

I am going over to the Canadian Soo today to make arrangements for my trip to Duluth, which I expect will commence next Sunday.

This is not much of a letter, but I expect to give you a better one in my next. Sincerely and fraternally yours

Tom W. Mingay.

POPULAR AS MANAGER

A. B. Boyce Honored by Employes of the Columbus Dry Goods Co.

We clip the following from The Columbus Citizen of last Wednesday. We notice our friend Boyce is as popular in the Columbus store as when manager for The Webster Anderson Co.

"After the store closed Tuesday afternoon, employes of the Columbus Dry Goods Co. presented A. B. Boyce, president and general manager of the company, with a leather pocket book, a bouquet of flowers and a birthday cake bearing a candle in honor of the first anniversary of his management. Several short talks of appreciation were made by employes. The year has been the most successful in the store's history.

It costs more to be stingy than it does to be charitable.

STATE HORTICULTURISTS ON INSPECTION TOUR

The midsummer meeting of the Michigan State Horticultural society will be held August 19th and 20th. The meeting will take the form of an inspection trip through the heart of Southwestern Michigan's fruit belt. The party will be in charge of G. M. Low, secretary of the society. Several hundred cars will start from Bangor at 9:00 a. m. on Tuesday, the 19th. The party will stop at Woodward's hotel, Paw Paw lake, for dinner and at Benton Harbor for the night. On Wednesday dinner will be procured at St. Joe and the tour will end at the home of Ballard Bros. at Niles, where a short business session will be held. This tour will be very valuable to the practical fruit grower; results of fertilizers, new spray materials, and up-to-date methods of fruit growing will be very thoroughly investigated.

Not one auction sale advertised in The Herald last season proved a failure. This is a fact that farmers contemplating auctions this season should remember. The owners of The Herald are well posted in auction advertising and are ready to give expert advice along that line. See us first and if you are not convinced that we can save you expense then go to the other fellow.

Foley Kidney Pills

help weak, overworked or diseased kidneys and bladder to normal and healthy action, so that the system is freed from waste and poisonous matter that causes backache, pains in side, sore muscles, stiff joints, lumbago, rheumatism, puffiness under eyes and kindred symptoms.

Mrs. J. D. Miller, Syracuse, N. Y., writes: "For many years, off and on, I suffered from kidney trouble and rheumatism. I had a severe backache and felt miserable, and I got to a place where I had to do something. I bought Foley Kidney Pills and after taking two bottles I can say my backache is gone, and where I used to lie awake nights with rheumatic pains, I now sleep in comfort and enjoy a good night's rest. Foley Kidney Pills did wonderful things for me, and I recommend them."

PLANT COVER CROPS FOR ORCHARDS NOW

High Priced Seed Must be Saved by Better Cultural Methods.

East Lansing, Mich. — Cover crops should be planted in Michigand orchards during the last of July and early August, according to Prof. C. P. Halligan of the M. A. C. horticultural department. Among those crops recommended for "cover" use are winter vetch clover, oats, rye, buckwheat, cow peas, and alfalfa.

"It is a common fault for Michigan fruit growers to delay seeding their cover crops too long," says Professor Halligan. "The middle of July is not too early for seeding such crops as clover and winter vetch. While good stands can often be secured when the seeding is made as late as the first part of August, it is generally better to plant as early in the 'seeding time' as possible, July being preferred. Where late seeding is made necessary for any reason, rye is about the safest cover plant, as it makes a quick growth.

"The present high price of seed, especially of clover, makes it necessary for the orchardist to use the very best cultural method in planting his cover crop, in order to save seed. Better preparation of the seed bed, and the use of a drill instead of broadcasting the seed, will make it possible to cut down the amount of seed used per acre. For instance, while from 20 to 25 pounds of winter vetch seed must be sown broadcast per acre, good results have been obtained from the use of 18 pounds per acre when drilled into a well prepared seed bed."

A bulletin giving full in formation on cover crops may be obtained by writing to the Horticultural Department, M. A. C. East Lansing.

SIGNING FOR PAVED HIGHWAY

GOOD INTEREST AT ROAD MEETING MONDAY EVENING

Representative Chas. A. Evans Explains Procedure to Large Audience at Tecumseh Grange Hall—Paved Highway Assured.

Among the important points brought out at the road meeting Monday evening first was to get the petition signed and sent in as soon as possible to get preliminaries out of the way so construction can be started early in the season next year.

Farmers owning land on both sides of the road will not have to pay more on account of such circumstances, because the assessment is not made according to lineal frontage, but according to valuation. The assessment districts will be determined by the state highway commissioner and may extend a mile or more back of the road on each side.

The federal and state governments will pay 75% of the cost of construction, the county, townships through which it passes and the assessment districts will pay the remaining 25%. It is understood that the percentage on the assessment districts will be small.

The federal and state governments will pay half of the maintenance cost of this road.

Our state tax will not be less if the road is not built. There are 82 other counties that want the money spent in their territory.

Despite the severe storm of Monday evening more severe west of us than here, Tecumseh Grange hall was nearly filled with persons interested in the good roads movement, and, judging by the interest manifested, there is no doubt whatever that the project will be put through and people along the old Monroe turnpike will enjoy a paved highway, making access to markets an all year around convenience.

The meeting was called to order by John R. Nyland in the absence of the chairman, W. E. Barrett, who appeared at the close of the regular meeting of the village council.

Mr. Nyland, stating that all present knew the object of the meeting, called upon Representative Charls A. Evans, in whom he said all had implicit confidence, to explain the paved highway proposition.

Mr. Evans, sizing up the meeting, stated that he did not believe the project would fail for lack of effort, but if it did fail it would be for lack of merit. He gave a history of the contemplated improvement as started a couple of years ago under the Covert act passed in 1915—a law patterned after the drain law and requiring the signatures of 60% of the owners of the lineal frontage of abutting property. The petition for the west end of the road was circulated by Mr. Beebe of Tipton and the required signatures secured. On account of war activities the work was dropped.

In the meantime Mr. Evans took the matter up with the highway commissioner with the view of making it a state road, finally, after more liberal legislation, was successful in having it classed to secure federal and state aid. The county system adopted by the people of Lenawee county has also aided in lightening the burden on abutting property owners.

The old petition is still valid

SURPRISE THEIR FRIENDS BY BEING WEDDED

Mrs. C. A. Newton and C. L. Hills have sprung a surprise on their friends by announcing their marriage. The ceremony was performed in Jackson August 1, after which the couple went to the home of Mr. Hills' father near Lansing and have just returned to Tecumseh. Mr. Hills has been here for sometime as repair man at Graebner's shoe store. Mrs. Newton, a Morenci resident, came here some months ago to assist her brother and wife, Mr. and Mrs. C. A. Reckner, in the restaurant but soon took up her work as dressmaker at which she is very efficient.

They have the best wises of their Tecumseh friends.

MILLS DOUBLE STORE SOLD TO DETROIT FIRM?

Mrs. Mary E. Campbell of Detroit last Saturday bargained with A. W. Mills for his double store building now occupied by William Palman. Mrs. Campbell is well known to the local grocers as a demonstrator of Rumford baking powder, but rumor has it that she is buying the block for the Smith grocery firm who have so many stores in Detroit. This she did not tell Mr. Mills but did say she had just bought stores in Manchester and Clinton.

GIRL'S ARM BROKEN IN PECULIAR MANNER

Miss Gladys Meade broke her arm in a peculiar manner Friday. She was riding in the back seat of the auto with her father driving when they passed a horse and wagon. She feared they were running too close to the animal and stuck her arm out of the car to push him away when the arm caught between the horse's collar and one of the braces of the car, breaking one of the bones of her forearm.

AUTO TIPS OVER BUT MILK IS NOT SPILLED

Kenneth Routson was coming into town with a ten gallon can of milk Saturday evening when his machine absolutely stood bottom side up and not a drop of milk was spilled nor did Kenneth receive a single scratch.

He had turned into the ditch to avoid a horse and carriage and in getting into the road the machine swerved in some loose gravel, turning bottom side up. That top is a thing of the past and the windshield was also demolished.

IS NEARLY ELECTROCUTED

WILL J. C. HASTINGS SEVERELY BURNED BY CURRENT

2,300 Volts Pass Through His Hand While He Is Working On Pole at Shawnee and Oneida Streets.

Will J. C. Hastings was seriously burned on one hand and received a shock Friday noon while at work with electric wires. With his son, Bernard, and Ralph Smith he was transferring lines to a new pole at the corner of Shawnee and Oneida streets when he received the wire's full voltage of 2,300 through his hand. Had he not taken the precaution of strapping his leg to the pole he would have fallen to the ground and likely been killed. Ralph saw him hanging over the cross bar and heard him groan. He ran to the nearest transformer, two blocks away, and cut off the current, and the man was lowered to the ground in an unconscious condition.

Dr. H. R. Conklin was summoned and took Mr. Hastings home. Three fingers on one hand were frightfully burned and the victim has since suffered from the nervous shock. One finger may be left stiff as it was burned through the cords to the bone. Taking it all together Mr. Hastings counts himself lucky to get out with no worse result.

Adrian's Best To Be Here Sunday

Tecumseh Independents Take Blissfield Down the Line By 11 to 1 Score.

Next Sunday's game is expected to be one of the most difficult on the schedule of the Tecumseh Independents, as they will battle with the Adrian City team, which has made such a remarkable showing this year. The county seaters will have the noted Schwartz in the box and if he lives up to his reputation the locals will have to extend themselves to the limit to vanquish the visitors.

Tecumseh had what proved to be a good practice game last Sunday afternoon, as the Blissfield Independents did not show the class they had displayed against other opponents this season. This city's players romped around the bases eleven times, while Blissfield had to be content with one tally. Tecumseh's easy victory is all the more noteworthy as this is the first encounter the Blissfield men had let slip this year. There was a large crowd at League park and with such a heated contest anticipated this Sunday it is likely the attendance will again be above the ordinary.

Howe and VanGiesen were on the firing line for the home team while Welverton and Heuter faced the Tecumseh batters and T. Case did the receiving. The local batsmen registered seventeen times in teh hit column and the losers pelled out four clean swats. There were six two-station drives made by the victorious Tecumsehites, VanGiesen and Howe each getting a pair and Cole and Hanna making the other two.

The game was won in the third inning, as Tecumseh sent three of its fleet-footed men all the way around in this frame, the Blissfield boys not getting their lone score until in the eighth. In the meantime Tecumseh's representatives on the diamond had scored one in the fifth, two in the sixth, three in the seventh and then tallied twice more in the eighth.

Adrian is determined to win from Tecumseh and in an endeavor to cinch the Sunday game is sending its best team to clash with the Independents.

MUSICAL COMEDY TO BE NEXT ATTRACTION

The musical entertainment given on the street last evening was unusually attractive, but not half appreciated on account of the noise. Although all Manchester was entertaining her returned soldiers and Britton was having a celebration the crowd was a large one. Willett's orchestra of Adrian splendidly played frequent numbers and accompanied the other features.

First Post and Post with their jokes, songs and slide trombone comedy brought the laughs, then came Miss DeWeese in her trick violin work and the little dog in his cute antics. Her act was above the ordinary.

The Boston Trio, who made such a good impression two weeks ago, were greeted with much applause. They sang beautifully, using megaphones so that all could hear.

Next week comes the big attraction, the musical comedy by a Webber and Field troupe. This is not the last free show, as several more are to be given.

TECUMSEH PLANS FOR DOLLAR DAY

BARGAIN PRICES TO PREVAIL ON SATURDAY, AUGUST 30.

Dealers In All Kinds of Goods Will Offer Special Inducements to Purchasers from Far and Near.

Saturday, August 30, is to be an eventful occasion in Tecumseh.

People for miles around this city will want to do their shopping here that day.

They will be eager to take advantage of the extraordinary opportunities to be offered.

It is to be Dollar Day in Tecumseh.

Merchants will place before the purchasing public bargains that will appeal.

They say they will offer at a dollar goods that could not be bought for almost double that price at any other time.

Others will cut the price on "more than dollar" articles to such an extent that customers are expected to be eager to take advantage of the reduction.

These rare bargains are to be available for this one day only, that being placed low for this occasion by the various merchants that shoppers may buy all kinds of articles on the same day at savings that will be worth while.

Dollar day will mean savings on all lines of goods.

The grocer and the milliner will reduce prices.

Druggist and clothier will sell regardless of cost.

The dry goods merchant and the candy vendor will lower their usual scale of prices.

The shoe dealer and the jeweler will make special inducements to new and old customers.

Meat markets and fancy goods and notion stores will place on sale goods, which at the prices quoted, are expected to be cleaned out early in the day.

While Tecumseh is at all times a city where many good things may be purchased cheaper than at any other place, on August 30, the local merchants plan to make a special effort to convince people residing here and those for miles each way from this town that the "Biggest Little Town in Michigan" is the logical place to do their shopping the year around.

Those who aim to make a saving on every purchase made and who are seeking high grade merchandise at prices much lower than ordinarily sold, will do well to come to Tecumseh on Dollar Day.

And Dollar Day is Saturday, August 30.

NO RUSH HERE FOR GOVERNMENT FOOD

Few Orders Taken by Tecumseh Postmaster; Some of the Prices are Quoted.

Food supplies offered Tecumseh people by the United States government, the orders being taken through the local postoffice, are not being bought up as eagerly as some thought they would. There has been no large demand for the goods placed on sale by the federal officers, Postmaster Henry W. McClure says. He states there have been some orders placed for a variety of food stuffs, but there has been no rush to secure them.

Among the food products the government is desirous of selling is bacon, corned or roast beef, beans, flour, peas, rice, canned cherries and tomatoes. The goods are not handed out at the Tecumseh postoffice, the orders being taken here and the products shipped from the Chicago food station of the government.

Reports from other cities show that the people in those places are no more eager to buy the government goods than are the residents of Tecumseh and vicinity.

Here are some of the prices quoted by the federal officials:

Trey offer bacon in 12 pound cans at $4.33 a can.

Corned beef in one pound cans sells for 31 cents a can.

Baked beans in one pound cans sell for 6 cents the can, or a two pound can for 9 cents.

Flour is offered in 100 pound sacks at $7.05.

One hundred pound sacks of rice go at $7.79.

Other food stuffs are on sale at the same price ratio most of the products coming in case lots, the number of cans in a case ranging from six to forty-eight.

The postmaster is prepared to take the orders.

PARSELS REUNION IS LARGELY ATTENDED

Over seventy members of the Parsels family held their reunion at the home of H. B. Tallman Saturday. Visitors were present from Plymouth, Grestline, Shelby, Bucyrus and Swanton, O., Weston, Clayton, Cadmus, Tipton and Adrian. A great tent had been erected on the lawn but the weather man was unkind and the splendid dinner was served on the veranda. In the afternoon the sun came out and so did the guests. They pitced quoits and enjoyed other games and held a short business session. After a cafetria supper the guests departed for home, to meet next year with Mrs. Reynolds at Plymouth, Ohio.

Take advantage of these rare bargains for Saturday only at Daisy Market: Lemons, 30c doz.; strictly fresh Hamburg, 25c lb.; high grade bacon, in 1½ to 3 lb. chunks, only 28c lb.—adv.

DR. HAMMEL GIVES A "LESSON" IN ROAD LAWS

Dr. H. H. Hammel effectively taught an Ohio man the Michigan rules of the road Sunday. The Ohio man refused to give half the road and the doctor was in a hurry to reach a patient, so at the first opportunity slipped by without "honking." His fellow traveller called him a bad name which rankled in the doctor's mind and after going a little farther stopped his car. The fellow coming behind got out and made a pass at him. The doctor with but one upper cut laid the man who was a big one, in a nice soft cool mud puddle. Then stepping up to the lady in the stranger's car tendered his card and told her any time her friend wished to learn Michigan rules of the road and common courtesy, to come up.

Pupils Are To Be Protected

"DRIVE SLOW" SIGNS TO BE PLACED NEAR THE NEW SCHOOL

Council Grants More Time To Pay Taxes; Motorists Warned Against Parking in Front of Fire Station; Taxi Stand Request Not Acted On.

Extension of time in which to pay taxes, placing of "drive slow" signs near the new school, discussion of restrictions on parking in front of the fire station, hearing a request for the privilege of establishing a taxi stand on the east side of the Murry hotel and the placing of "do not park here" signs on the fire hydrants were all matters which came before the Tecumseh board of village trustees at the regular meeting of this body Monday evening. All the aldermen were present and the evening's business was disposed of with dispatch as the trustees were eager to attend the good roads meeting being held at the same hour at the Grange hall.

Village Treasurer Gillespie requested the trustees to grant her more time in the collection of taxes, as a number of these owning property here resided in far off California or equally as distant and could not be reached in the time alloted for the collection of the village tax. Two more weeks was granted, this extending the time to September 6.

A request was received from Arno Daniels that he be permitted to establish a taxi stand on the east side of the Murry hotel, but the council decided not to take any action in the matter.

Sarah Shutt, the widow of an old soldier, called the attention of the trustees to the fact that in making the assessment against her property she and not been granted the $1,000 exemption to which she was entitled, and as she had paid the full amount in taxes she asked a refund of $10. Her plea was granted.

To guard the safety of school children signs warning autoists to drive slow are to be placed in the vicinity of the new school and it is oped all motorists will heed the admonition.

Attention was called to the fact that autos are being parked in front of the fire station, especially on Saturday nights, and that it would be difficult for the fire truck to get out of the station if this condition was permitted to prevail. Seps are to be taken to assure the fire fighting apparatus ample room in which to get under way in case of a blaze and car owners are urged to park their autos in some place other than in front of or near the engine house.

All bills presented were ordered paid after they had been audited.

Signs are to be placed on the fire hydrants warning against the parking of vehicles within twenty-five feet of these places.

The state game laws will permit the shooting of fox squirrels from October 15 to October 31, but Tecumseh is opposed to the extermination of these animals and an ordinance is to be drafted forbidding the killing of these squirrels in this city during the open season.

PLEASURABLE REUNION HELD BY FERGUSONS

Saturday was a great day for family reunions, another such delightful gathering being the getting together of the various branches of the Ferguson family at Willow Grove, Wampler's lake. There were about ninety-five there, coming from Lansing, Grand Rapids, Dewitt, Detroit, River Rouge, Jackson, Brooklyn and Mr. and Mrs. Guy Belding and Mr. and Mrs. Ed Ferguson and sons of this place. A short business meeting followed the picnic dinner, when Ed Hoxie of Wampler's lake was elected president and Mrs. Ella Lankton of Clinton secretary. The family will meet at the same place next year.

TECUMSEHITES RESCUE MAN AT SAND LAKE

Leon Rosacrans and Dr. H. H. Hammel, while rowing on Sand lake Sunday, saw what at first they thought to be a barrel floating on the water. Rowing closer they found it to be an overturned canoe with a man hanging to it by one hand, in a worn out condition. They lifted him into their boat and carried him to shore when it developed he was Edward Rathbun of Toledo, stopping at a cottage on the south shore. He was near a collapse when rescued, but a few minutes' first aid efforts revived him.

Tecumseh Boy Scouts Enjoying Their Camp at Devil's Lake. Have Many Diversions.

Devil's Lake, Mich., Aug. 19, 1919
Editor Tecumseh Herald:

On the south shore of Devil's lake near Manitou Beach is a group of tents in which 18 boys from Tecumseh, members of Boy Scout, Troop No. 2, are comfortably established in a summer camp. Two large tents form the sleeping quarters. These tents are about twelve feet apart. The room between is used as dining room, this also being covered by a 12x24 canvass. Another tent 7x7 is used as a cook room. Large oak trees around furnish an abundance of shade, while one of the finest bathing shores cames up to within twenty feet of the tents. The Scoutmaster acts as cook and leader and two boys in turn are detailed to help get each meal.

Plenty of boats are at their disposal. All have been for a 9 mile launch ride. Some great fishing trips have been taken. A game of ball was played against another troop from Hudson who are camping on another landing, the Tecumseh troop winning while another game was played against a troop from Bryan, the Tecumseh troop being defeated as the Bryan team were mostly large boys. Hikes are taken to different parts while a great deal of sport has been had in the water. Some interesting discussions have taken place at the half hour morning worship. A group of girls from Tecumseh are here also living in a furnished cottage with Mrs. Curtis as mother. The two groups are co-operating.

Camp will break up Saturday the 23rd.

MULL AND HASS FAMILIES CONVENE

At the lovely home of Mr. and Mrs. Burton C. Gray, 218 James street, Tecumseh, friends began to arrive at an early hour Wednesday from Adrian, Clayton, Metamora, Blissfield, Clinton, Weston, Sutton, Stony Creek and Cone. There were over eighty-five present. After partaking of a bountiful dinner under a tent on the lawn came recitations, songs and election of officers. Then visiting until ice cream and cake were served.

The next reunion will be held the third Wednesday in August, 1920, at the home of Pearl D. Hayes.

FOSTER FAMILY HAS ITS ANNUAL REUNION

At Albert Foster's yesterday was held the gathering of the Foster family with thirty-five coming from Rollin, Hudson and Clinton. A big dinner was one of the features of the day and the way Albert led his guests in beseiging that table was heroic. Afterward came a short business session when Loren Ball of Rollin was elected president and Mrs. Howard Goodsell of Clinton, secretary and treasurer.

Next year Mrs. Ray Pearill of Hudson will entertain the reunion.

CLERKS ARE LEADING IN CITY LEAGUE

The Clerks are now leading the City Baseball league. They have won both games they have played and as a result have a perfect percentage. The H. Brewer & Co. and the American Steel and Wire Co. nines are tied, each having won and lost a contest. Heesen Bros.' aggregation has the cellar position, having lost two and captured none.

The teams play Monday and Thursday evenings, the next contest being scheduled for this evening. The H. Brewer & Co. team will meet the American Steel and Wire Co. players.

There was no game Monday, the contest between Heesen Bros. and the Clerks being rained off.

LOCAL AND PERSONAL

Mr. and Mrs. John Smith of Saline were in town Wednesday.

Miss Alice Warren of Detroit is Miss Elizabeth Smith's guest at the Smith cottage, Wampler's lake.

Mr. and Mrs. Lester Coller are to move into the Mark flat vacated by Mr. and Mrs. Mike Melosakes.

Morice Shaw was here from Ft. Wayne, spending the first of the week with his brothers, Irving and Beverly.

The Herald has a few more reduced rate admission tickets to the Michigan State fair which will be sold to the first comers.

Mr. and Mrs. Ray Gilmore and Mr. and Mrs. Samuel Boyce were in Hudson Sunday for the funeral of their uncle, Judson Douglas.

Orris Bumpus arrived home Friday night, having been discharged from the Oteen, S. C., military hospital. He is still far from well.

Mrs. John Saums and children, Garnet and John, were here from Dundee yesterday, spending the day with her sister, Mrs. Clement Hardenburgh.

Mrs. J. D. Mosher and daughter, Roberta, of Coldwater and Mrs. A. H. Miller and son, Leo, of Lansing are guests of the ladies' mother, Mrs. Mary Hastings.

Thursday Miss Leona Miller of Britton was operated upon by Dr. P. B. Hardy assisted by Dr. Lusty of Britton. Miss Miller was terribly burned on the hand when a baby by a hot flatiron and as it healed the hand contracted. The operation straightened the hand perfectly giving her, when it is healed, a useful member.

Mr. and Mrs. J. R. Nyland were in Toledo Tuesday.

Mr. and Mrs. John Vedder and Mrs. Martha Vedder are hosts today at the reunion of the Mattis-Lanning families. The gathering is being held at the Grange hall. This is the thirteenth reunion of these families and a large crowd is enjoying the event.

Miss Doris Wood of Detroit has been a guest of Mr. and Mrs. Allen Montgomery since Monday. Today she returns to Detroit enroute to Pittsburg, where she will visit her brother, Herbert, who was a Tecumseh resident some years ago.

Geo. Stanley, who has been with the H. Brewer & Co. as superintendent for the past fifteen months, has resigned his position. He has accepted a similar place with the Portage Foundry Co. at Arkron, Ohio, and enters upon his duties Monday, August 25. His family will follow soon.

Yesterday Dr. P. B. Hardy, assisted by Dr. E. E. Hendershott and Nurse Gillespie, grafted eight square inches of skin onto the wound which Maurice Adams received some eight weeks ago when he was injured by the breaking of a bolt on a hay baler. The wound healed from the bottom but did not cover as readily as deemed necessary, so strips of skin were cut from the man's thigh and the wound closed in this manner.

At Wampler's lake Sunday occurred the drowning of Edward, the eight-year-old son of Dr. and Mrs. Arthur Thompson, of Metamora, Ohio, who own a cottage near the Lentz store. The youngsters along the beach had been playing with an inflated inner tube as a life saver, and when tired of their play came in from the water. They did not notice that Edward was missing until the parents inquired for him and instantly a search was started. The body was discovered in shallow water some two hours later.

LUCK

We are apt to think of Luck as that which makes other men successful.

If it is luck that does it, then Luck is hard work and honesty, steadfastness of purpose and never-ceasing effort, the ability to spend less than one earns.

With these qualifications, success will follow. It does indeed take some effort to be lucky.

Editorial Comment

The paved highway through Tecumseh and adjoining townships east and west is practically an assured fact. Of course one hears an objection or two, mainly in Tecumseh township already blessed with a highway that is considered good now, but a canvass of the entire length of the road gives assurance that the petition will receive more than the required number of signatures of abutting property owners. But why shouldn't we make the demand for the improvement unanimous and thus advertise the people along the district through which the road passes as strictly up-to-date and progressive?

Farmers who pause to see the vision of the future recognize the importance of the improvement. They see a market road open to them at all times of the year—a road that will mean the saving of much valuable time. They can see the growth of the overland trucking business—a neat platform before their premises full of produce labeled with the address of the consignee ready for the truckman who hurries it to its destination at a saving of time, cartage and freight bill. He can see his hogs, sheep, veal and beef taking the same direct route to market and escape the loss of shrinkage the old way of shipment entails. The thinking farmer sees this time coming in the near future and he is mighty thankful that he will have such easy access to markets.

The man who has been satisfied with a good road leading to his farm is one who is now in the minority. He is passing rapidly into the ranks of those who look in the future and catch the broader vision. A few who have expressed the idea that the present road is good enough for them have come to the conclusion that there are others that need service and have decided to place their signature upon the petition for the paved highway. The nonsigner will be in the minority without dispute. Why not, we ask, make it unanimous?

It is seldom that a law suit ends with both sides being satisfied, but such was the case in Henry Ford's million dollar libel action against the Chicago Tribunt, the Detroit auto magnet being given six cents damages. When the jury returned its verdict after being out ten hours, granting Mr. Ford six cents damages, his attorneys announced he had been vindicated and the lawyers representing the Chicago Tribune said they had proven their case.

The suit grew out of the publication by the Chicago Tribune of an editorial in which the Windy City paper accused the Michigan motor king with being an anarchist, and the trial, held at Mt. Clemens was watched with keen interest by the people of Tecumseh and vicinity.

Just what Mr. Ford gained by starting libel action against the Chicago newspaper is difficult to see, unless it is newspaper publicity and some of that could not be classed as enviable. It certainly did not increase his standing in public opinion and the newspaper involved did not lose or gain any valuable prestige. The attorneys, however, received fat salaries and the monetary circulation was somewhat stimulated in the city where the trial was conducted.

To an unbiased observer the entire proceeding looked more like a waste of time, money and energy.

Some automobile owners have been parking their cars in front of the fire station, especially on Saturday night, and as this interferes with the blaze-fighting apparatus answering alarms the practice must be discontinued, this matter being called to the attention of the village trustees at the regular session Monday evening. Car drivers and owners are to be prevented from leaving their machines in front of or near the fire station that the apparatus in case of a blaze, may make the run as quickly as possible. It will be well for motorists to keep this in mind.

Action has been taken by the Tecumseh board of trustees to place signs near the new school house cautioning motorists to drive slowly when passing this building so as not to endanger the lives of the pupils. This is a step which all progressive cities are taking and one which the parents of school children will heartily approve.

Autoists are urged to heed the warnings and guard the safety of our future men and women while they are gaining an education which will aid them in making their mark in the world.

Some Tecumseh people seem to be slow in paying their taxes. Two weeks ago, when the time had expired for the collection of this year's tax, the village treasurer requesting more time. Now the council has again been asked and has granted 2 weeks additional in which to complete the work, to give those who have failed to contribute to the funds needed by the village to make the payment which is due, and save them the trouble of setttling with the county treasurer later on.

It is indeed hard to stand at one side while the stream of life flows by. A man or woman condemned to sickness that does not permit him or her to perform the active duties of life, to do his or her share of the world's work, is a pathetic figure deserving of sympathy.

Much sickness, pain and misery result from disordered kidneys and bladder. Failure of the kidneys to do their work properly and filter impurities out of the blood leads to rheumatic pains, backache, sore muscles, stiff or swollen joints, puffiness under eyes, floating specks, biliousness, bladder weakness, nervousness, or other symptoms of kidney trouble.

Foley Kidney Pills

are effective in removing the cause of the trouble for they strengthen and invigorate weak or deranged kidneys and help them to normal functioning so that the blood stream is purified and the cause of disease removed.

F. M. Platte (Brakeman), Sec'y. Switchman's Union, 518 Blaine St., Peoria, Ill., writes: "Two bottles of Foley Kidney Pills relieved all symptoms of my kidney and bladder trouble, stopping the backache and pains, correcting the kidney action, clearing secretions. I am also free from dizziness and floating specks before my eyes. Foley Kidney Pills cured me."

OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and digestive organs.

This being true, it is easy to believe that by keeping the kidneys and digestive organs cleansed and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.

For over 200 years GOLD MEDAL Haarlem Oil has been relieving the weaknesses and disability due to advancing years. It is a standard old-time home remedy and needs no introduction. GOLD MEDAL Haarlem Oil is inclosed in odorless, tasteless capsules containing about 5 drops each. Take them as you would a pill, with a small swallow of water. The oil stimulates the kidney action and enables the organs to throw off the poisons which cause premature old age. New life and strength increase as you continue the treatment. When completely restored continue taking a capsule or two each day. GOLD MEDAL Haarlem Oil Capsules will keep you in health and vigor and prevent a return of the disease.

Do not wait until old age or disease have settled down for good. Go to your druggist and get a box of GOLD MEDAL Haarlem Oil Capsules. Money refunded if they do not help you. Three sizes. But remember to ask for the original imported GOLD MEDAL brand. In sealed packages.

United Doctors Specialist

Brings the knowledge of their Organization and Experience in their Successful Treatment of

THOUSANDS OF CASES

Offers Services Free of Charge

The United Doctors is an organization of reputable, licensed physicians. They are all specialists in the treatment of certain diseases. They treat without surgical operations diseases of all internal organs, stomach, intestines, constipation, piles, liver, spleen, heart, nerves, skin, rheumatism, sciatica, goitre, tape-worm, leg ulcers and all long standing, deep seated diseases. Many years experience. The complete record of thousands of cases successfully treated prove that their methods are right. They were among the first to earn the name.

"BLOODLESS SURGEONS"

Each staff member has at his command the knowledge and resources of the organization. Many people suffer from diseases that can be alleviated just because they cannot afford to go to high priced Specialists and Hospitals at a long distance from their home. No community has a sufficient number suffering from these diseases to support special Hospitals for their treatment and cure. The United Doctors have solved the problem. Their highly trained Specialists go to each community and will advise a proper course of treatment for the sufferers and instruct them how to take care of themselves at home. No matter what you have been told or the experience you had with other physicians, consult him on this visit. It costs nothing. If your case is incurable he will give you advice as may stay and relieve the disease. Married ladies must come with their husbands and minors with their parents or guardians.

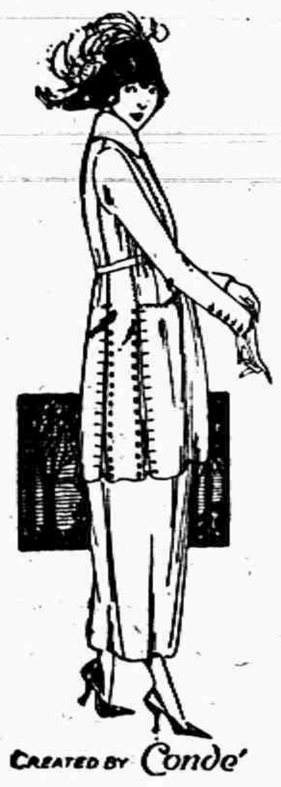
Weigh the Claims of Garment Styles

It is not by chance that the season's smartest styles are to be found in the coat and suit models created for us by CONDE.



Where other establishments depend on one or two designers, CONDE has the benefit of the creative genius of a score of Paris and Fifth Avenue master designers.

The touch of CONDE'S practical individuality always completes every garment bearing a CONDE label.

It is quite impossible for more restricted activities to offer the diversity or success of the garments we get from CONDE, Designer and Tailor of International experience.

No other ready to wear garments excel the standards of style or perfection of workmanship to be found here in these excellent creations.

The suit pictured is graced with inset plaits outlined with rows of buttons and button-holes in parallel rows. A very slight distending of the pockets and cross belt straps at the front are quite sufficient to mark this model for early selection.

There is no tax on coats and suits, whether plain or fur trimmed.

Hay fever is making its annual visit with Thomas Langton so he has gone to Mullet lake.

Special communication Tecumseh lodge F. & A. M. tomorrow evening. Work in F. C. degree.

Quite a number of Tecumseh people were in Manchester yesterday for the reception to the returned soldiers.

Ray Young, a Texan, but recently of Detroit, has rented John Linton's restaurant at Tecumseh Junction.

The Woman's Home Missionary society of the M. E. church will meet with Mrs. H. R. Conklin Thursday, August 28.

J. J. Orr is taking a week's vacation from Pulver's drug store and with Mrs. Orr started Tuesday to visit in Detroit.

Percy Bowen is taking a vacation from the store, spending part of the time with his brother, Ralph, and wife in Detroit.

R. W. Puffer left Tuesday evening for Chicago to look after the shipment of long ordered fall goods for The Webster Anderson Co.

The reunion of the Hendershott family is being held at the home of Mr. and Mrs. Gustine Sisson on East Pottawatamie street today.

The household effects of Mr. and Mrs. Floyd Juckett were moved to Flint Monday. Mr. and Mrs. Lyman Curtiss will occupy the house thus vacated.

Out at their Sand lake cottage Sunday Mr. and Mrs. Thos. McCann entertained Mr. and Mrs. John Schwab and son of Holloway and Gibson and Miss Rhoba Arner.

Mrs. Leslie Drake went to Detroit yesterday to meet her father, Wm. Dyer, and her sister, Miss Alice Dyer, of St. Catherines, Ont. The latter returned from nursing in France about a month ago.

Lamont Austin and family and Leon Coller and family of Detroit camped at Sand lake Saturday and Sunday. This was the first time in thirteen years that the sons of Jesse Coller had been together.

Mr. and Mrs. Will Hoy, Mr. and Mrs. Frank Breen, Mr. and Mrs. Bert Gargulo of Detroit came for a Sunday visit with Mr. and Mrs. John Hoy. Merlow Gargulo, who had visited there a week, returned to Detroit with the party.

Mr. and Mrs. Maynard Mulvaney are arranging to erect a house on their lot on Maiden Lane immediately. They have just purchased of Dr. Loree additional land joining their lot on the south, making them a splendid location.

Friends here have received news of the serious illness of Vincent Beneway at Grand Island, Neb., whose wife is the daughter of Mrs. George Sisson of this place and a former resident here. The letter from Mrs. Beneway written Monday said Mr. Beneway had been unconscious since the Saturday before.

Mr. and Mrs. Howard Bredow and mother, Mrs. Abner Wilson, motored to Lansing Saturday to visit Dr. and Mrs. William McNamara. From there they went Howell where they were guests of Mr. Bredow's relatives. His mother, Mrs. F. W. Bredow, of Glenwood, Fla., returned home with them for an extended visit.

Miss Ethel Lukens of Detroit visited her aunt, Mrs. J. F. Stauffer, last week. She reported her father, Cal. Lukens, as just out of the hospital where he had been laid up with injuries resulting from a wreck in the yards at Detroit where he was an engineer. From the present outlook he will not drive an engine for a long time.

A jolly party took their dinner at Walbridge Park, Toledo, Sunday. In the group were Mr. and Mrs. Fred Aylesworth and son, Raynor. Mr. and Mrs. Willis Smith, Mr. and Mrs. Floyd Freeman, Mr. and Mrs. Milburn Keyser, Mr. and Mrs. Otis Sisson and daughter, Vera, Mrs. Ida Spencer, Mrs. Dell Cairnes, Howard Manley and Lynn Butrick. The Tecumseh people were guests of Mr. and Mrs. Lynn Roberts.

Mr. and Mrs. Eugene Berry are to occupy the Whiting flat upon the removal of Mr. and Mrs. R. B. Stuckey and son, Robert, jr. Mr. Stuckey has resigned from The H. Brewer & Co. and with his family will go to West Virginia for the winter. He plans to start a manufacturing business of his own at once.

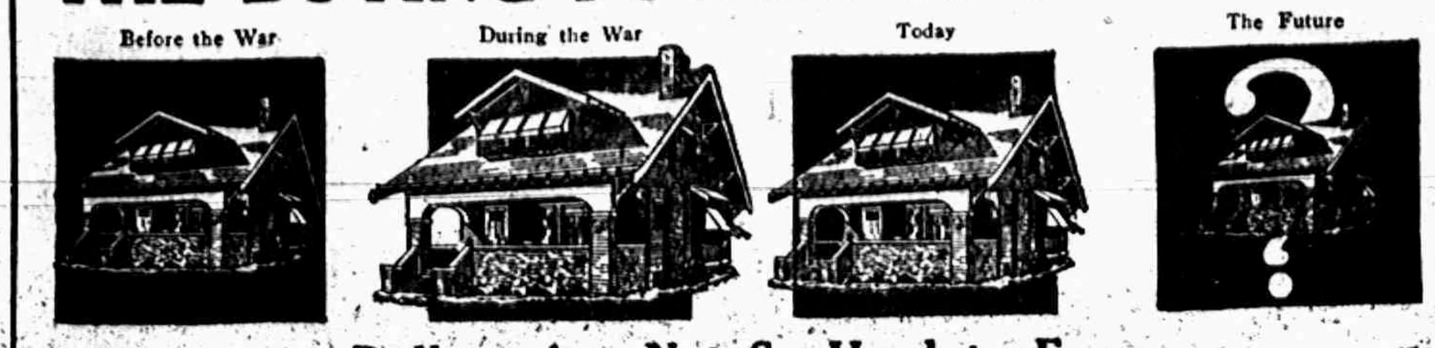
Mrs. Henry McLain was operated upon in St. Joseph hospital, Ann Arbor, Tuesday for appendicitis. Her husband, son, Elliott, Lee McConnell and her sister, Miss Jennie Elliott, of Buffalo were in Ann Arbor for the day, Mr. McConnell and Elliott McLain driving home that evening. They left her resting comfortably.

Dr. and Mrs. Hartzog of Mason were guests of their Tecumseh friends from Friday to Monday. While here they stopped with Mr. and Mrs. Horace Lamkin. On Sunday Dr. Hartzog occupied the pulpit of the Baptist church in the absence of Rev. W. R. Curtis who is at Devil's lake with his Boy Scouts. The Sons of Veterans, of which organization Dr. Harzog is an enthusiastic member, were represented by a large company.

Miss Jessie Smith, who formerly resided here, is a guest of Mr. and Mrs. R. J. W. Bowen. She has been over seas in Red Cross work and talks very interestingly of conditions abroad at present. While on a furlough she went through Belgium and her stories of the terrible loss of life and complete destruction of whole cities are proof of the horrible work of the Germans. She is enroute to her home in Berkeley, Cal., were she will continue her work as teacher in the city schools.

THE BUYING POWER OF A DOLLAR

Before the War During the War Today The Future



Dollars Are Not So Hard to Earn

today as they were in 1913. Before the war, if you were farming, or engaged in the distribution of food products, clothes, metals, drugs or house furnishing goods, you did not receive as much money for your products or your efforts as you do today.

For instance, since 1913 food has risen 85% and clothing 120%, while lumber and building materials have advanced about 50%. In other words, a dollar today buys 1 7-10 times as much building materials as it does food and 2 2-5 times as much building materials as it does clothing.

That is why we say, *Build Now*.

CURTIS WOODWORK

The above illustration pictures the comparative buying power of a dollar's worth of "all commodities." Apparently the best time to build was 1917. But we can't turn the clock back, so do the next best thing and *Build Now*.

We can show you over a hundred homes from which to make your choice.

HALF & HALF FERTILIZER.

Tecumseh, Mich., Aug. 13th, 1919.

Darling Fertilizer Works,
Chicago, Ill.

Gentlemen:—

We notice on page 22 of your booklet in mentioning Half-Half you state 12% is available. How about the balance of this fertilizer?

Yours truly,
L. E. TEMPLE & CO.

Chicago, Ill., August 14th, 1919.

Messrs. L. E. Temple & Co.,
Tecumseh, Mich.

Gentlemen:—

Replying to your letter of August 13th, our Half & Half Fertilizer is a mixture of Pure Ground Bone and 16% Acid Phosphate, used in equal parts. This gives us an analysis of 1% Ammonia, and 23% Total Phosphoric Acid, of which 12% is immediately available, and the other 11% becomes available in a short time after it is applied, and the necessary bacterial action has taken place in the soil. By using approximately 1,000 lbs. of Steamed Bone to the ton, we might say, that this Phosphoric Acid is pretty nearly in the same shape as the same element, when derived from Bone alone.

Pure Ground Bone is conceded to be a very good Fertilizer for Fall use on Wheat, and we have never yet been able to supply the demand. The same applies to our Half & Half, but the latter at our price, is about the cheapest thing we have listed on our contract.

Yours very truly,
DARLING & COMPANY.

FRIENDS SUNDAY SCHOOL HAS A FINE PICNIC

The Friends Sunday school enjoyed a happy day Tuesday in A. A. Comfort's woods, it being their annual picnic. All sorts of stunts, races and games were followed by a splendid supper. These were capped by a tug of war, Parker and Russell Comfort being the captains with the former and his men pulling the others across only by great effort. The kiddies were given rides on the Comfort Shetlands and many went wading in the Raisin. The spot is ideal for picnics and the fifty present appreciated the hospitality of their hosts.

BRADLEY OPERA HOUSE ATTRACTIONS

"Wives of Men."

On next Sunday evening, August 24, the management of the Bradley opera house, Tecumseh, will offer for your approval, what will undoubtedly prove to be the most interesting photoplay presented in Tecumseh in many months. The production is "Wives of Men" with Florence Reed in the leading role.

For three weeks, every afternoon and evening, the big Casino theatre Broadway, New York city was packed to capacity when "Wives of Men" was shown there, a success on Broadway and will prove a sensation here.

This big seven-act special production is one of the screen's most dramatic stories. It will enthrall you with its absorbing plot, thrill you with its dramatic situations, astound you with its true-to-life acting. "Wives of Men" is a story of scoiety life as it is lived today. From the time of the astounding revelations brought out at the wedding in the first act, until the surprising ending in the seventh, the interest never lags for a moment.

Fashion loving women will rave over "Wives of Men" as Miss Reed is noted for the fashionable gowns she wears in this production.

A special orchestra will furnish music for the evening. For the benefit of all those who can, the management would suggest that you see this wonderful photoplay from the beginning, you will enjoy it so much more. The pictures start promptly at 7:30, doors open at 7:00. From all advance indications a capacity house will see "Wives of Men" at the Bradley next Sunday evening so come early and get a good seat, it want cost you a cent more and it might keep you from standing.

Biliousness

WHEN you have a bilious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea, vomiting and a terrible headache. Take Chamberlain's Tablets. They will tone up your liver, clean out your stomach and you will soon be as well as ever. There is nothing better.

Is it Possible to Legislate Life and Brains?

Swift & Company is primarily an organization of men, not a collection of brick, mortar, and machinery.

Packing Plants, their equipment and usefulness are only outward symbols of the intelligence, life-long experience, and right purpose of the men who compose the organization and of those who direct it.

Will not Government direction of the packing industry, now contemplated by Congress, take over the empty husk of physical property and equipment and sacrifice the initiative, experience and devotion of these men, which is the life itself of the industry?

What legislation, what political adroitness could replace such life and brains, once driven out?

SIGNING FOR THE PAVED HIGHWAY

(Continued from Page One)

and the state highway department can act upon it, but on that petition 25% reward would be all that we could get, where now we can get 75% of the construction cost.

We must take a bigger view of road construction than the road by our door. Inside of five years most of the freight will be hauled over the public highway and we must prepare to have roads that will withstand the heavy traffic. The speaker wanted the people to realize that if they signed the petition they were rendering a service—a sacrificial service.

"I believe that any man that pays $500 toward this highway will receive $1,500 worth of benefit," said Mr. Evans.

Lenawee county is especially favored by the state highway department, for there is not one county in the state that will get more mileage, and this, too, with no special effort on the part of the people. Other counties have organized, counties have even formed groups in an effort to get road construction. Lenawee will receive nearly one million dollars federal and state aid money.

Mr. Evans corrected the impression that this is the Chicago turnpike. We call it the Monroe turnpike. The Chicago turnpike running through Clinton should have been one of the first to be constructed. The state highway department has taken that over and will act upon it without petition.

The state highway department has in command about twenty million dollars for the first year of Michigan's program of road construction.

Speaking of the luke-warmness of a few Tecumseh township residents in the proposed paved highway because they have a good road, Mr. Evans said we are fortunate in having a man for highway commissioner that understands his business, and the chances are that we will not be able to keep him long, for the county and the state are looking for such men. While we have a good road now that road will be mighty expensive to maintain in the future.

Several quesions were asked by members of the audience which were answered by Mr. Evans. One asked what material would be used, which was answered by the statement that the material would be decided upon at a meeting called latter by the state highway commissioner. Mr. Rogers had in mind concrete from Britton to one mile west of Tipton, then gravel surface.

Geo. Hines, president of Tecumseh, asked in regard to the assessment through Tecumseh village—would it be assessed to abutting property owners or the village at large. Mr. Evans answered this was another matter to be determined by State Highway Commissioner Rogers.

Mr. Evans, sating that he had heard some people complain that improved roads would increase valuation and increased valuation would mean increased taxes, frankly admitted that improved highways would increase valuation and that Lenawee county has sent out $100,000 to increase valuations in other counties. It's time we received some money from the other counties.

The Lenawee county board of supervisors received good words of praise from Mr. Evans, who stated that the board did some wonderful work in keeping the valuation down to about the same as last year, while other counties went up. When people this year compare their taxes with that of two years ago they will not find it increased as much as they expect.

Mr. Evans also called attention to good legislation passed by the state legislature.

Petition Readily Signed.

When Chairman Barrett called upon people to sign the petition, after it was read by Mr. Evans, there was a ready response and just a little rivalry as to who would have the first privilege and honor. Nearly every owner of abutting property promptly came to the front and placed his signature on the paper that will give Lenawee county the first paved highway.

MORTGAGE SALE

WHEREAS, Lee A. Deyo and Hazel A. Deyo, husband and wife, and George H. Miller and Herma E. Miller, husband and wife, on the 17th day of January, 1919, made and executed a mortgage to Edwin R. Farwell, to secure Eleven Thousand Dollars ($11,000.00) payable five years after date with interest at six per cent per annum until maturity and seven per cent per annum after maturity; interest to be paid semi-annually, which mortgage was recorded in the office of the Register of Deeds in and for the County of Lenawee and State of Michigan on the 20th day of January, A. D. 1919, at 4:20 o'clock p. m. and recorded in Liber 213 of mortgages, on page 168; and

WHEREAS, it was in and by said mortgage expressely agreed, that should any default be made in the payment of the said interest, or any part thereof, on any date whereon the same was payable, as expressed in said mortgage, and should the same remain unpaid and in arrear for the space of thirty days then and from thenceforth, that is to say after the lapse of the said thirty days—the principal sum of Eleven Thousand Dollars mentioned in said mortgage with the arrearage of interest thereon should, at the option of the said Edwin R. Farwell, his executors, administrators or assigns, become and be due and payable immediately thereafter, although the period limited in said mortgage for the payment thereof might not then have expired, anything thereinbefore contained to the contrary thereof in any wise nothwithstanding; and

WHEREAS, it was in and by said mortgage further expressly agreed that the said mortgagors within forty days after the same became due and payable would pay all taxes and assessments, special or otherwise, which should be levied upon the lands described in said mortgage; and

WHEREAS, it was in and by said mortgage further expressly agreed that the said Mortgagors would keep all buildings erected upon said lands insured against loss and damage by fire with insurers and to an amount approved by the Mortgagee as a further security to said mortgage debt and assign and deliver to the Mortgagee all insurance upon said property; and

WHEREAS, said Mortgagors have neglected and refused to pay the interest which became due on the 17th day of July, A. D. 1919, or any part thereof, and have neglected and refused to pay taxes levied upon the said lands described in said mortgage within forty days after the same became due and payable, and have neglected and refused to procure the said insurance against loss and damage by fire as stipulated by and in said mortgage; and

WHEREAS, More than thirty days have elapsed since said interest became due and payable pursuant to the provisions of said mortgage, and since said default in the payment of taxes and the procuring of insurance and the undersigned has elected and hereby elects that the whole principal sum shall become and be due and payable immediately, and

WHEREAS, there is due on said mortgage at the date of the first publication of this notice the principal sum of Eleven Thousand Dollars ($11,000.00), together with interest thereon from the 17th day of January, 1919, in the amount of Three Hundred and Ninety-Three & 84-100 Dollars (393.84); Taxes paid by the undersigned in the amount of One Hundred and Fifty-six & 12-100 Dollars ($156.12) and interest thereon from the 16th day of June, 1919, in the amount of one & 97-100 Dollars ($1.97); and Two & 30-100 Dollars ($2.30) paid by the undersigned to procure insurance on the 27th day of June, 1919, making altogether the sum of Eleven Thousand Five Hundred & Fifty Four & 23-100 Dollars ($11,554.23), and on suit or other proceeding has been instituted at law to recover the debt secured by said mortgage or any part thereof; and

WHEREAS, by virtue of said defaults in the conditions of said mortgage the power of sale therein contained has become operative:

Notice is therefore hereby given that by virtue of said power of sale and for the purpose of realizing the moneys above claimed to be due, together with interest thereon and costs of this proceeding, including a lawful attorney fee and any sums which may be hereafter expended for insurance or taxes upon the property in said mortgage described and conveyed, I will, on Saturday, the 15th day of November, A. D. 1919, at the East front door of the Court House in the City of Adrian, in the said County of Lenawee and State of Michigan, that being the place where the Circuit Court for said County is holden, at ten o'clock in the forenoon of said day, sell at public vendue to the highest bidder all that parcel of land described in said mortgage and situated in the township of Seneca, County of Lenawee, State of Michigan, described as follows, to wit:

The East half (½) of the Northwest quarter (¼) and the East half (½) of the Southwest quarter (¼) of Section Eight (8) in Town eight (8), South of Range two (2) East, containing one hundred and sixty (160) acres of land more or less.

Dated this 21st day of August, A. D. 1919.

Electricity is a Wonderful Home Maker

It shortens (eliminates many) hundreds of household tasks; contributes many conveniences to the happiness and joy of the family.

It lowers the cost of living in many ways.

If your house is not wired for Electricity, or if it is wired and you are not enjoying the full benefits, what more incentive could you have than these war days of conservation to put the running of your home on an Electrical basis.

We like to exchange our Electrical ideas with the family folks and show them how readily Electricity can be applied to their particular ways of living.

FORD

The Universal Car

Ford cars are important servants everywhere. They help the family enjoy life, bring the pleasures and advantages of the town within reach of the farmer and give practical service every day in country and town. They require a minimum of attention; anyone can run the Ford and care for it, but it is better to have repairs and replacements taken care of by those who are familiar with the work and have the tools, the genuine materials, and skilled men to do the work promptly. We pledge Ford owners the reliable Ford service with real Ford parts and standard Ford prices.

Buy Your Coal Direct From Mine—Big Saving

The high cost of coal is a thing of the past! At least, there are [illegible] this accou[illegible] removal of government restrictions—among those who have learned how to buy coal. The way to buy coal is to get it direct from the mines. This saves several middlemen's profits. It saves hauling expenses. Anyone can now buy at mine prices, whether a carload buyer or one who uses only ten or fifteen tons a year. This has been made possible through a plan evolved by a large and old-established concern, THE BERNICE COAL COMPANY, with main offices at 1347 Como Building, Chicago.

This company has thousands of customers in various sections of the United States who receive all of their coal direct from the mines. These customers are pleased not only because of the many dollars they save every year, but also because of the quality of coal they are getting. Many write that they never before had coal that makes so little dust, that burns so well, leaving so few ashes. If you are a coal user—whether you use hard or soft coal, much or little—it will be greatly to your advantage to write the Bernice Coal Co. at once for prices, stating kind and quantity of coal you use.

"SPOOKS" SENDS LETTER FROM HILLSBORO, N. D.

Hillsboro, N. D., Aug. 10, 1919.
Editor Tecumseh Herald:

I suppose the people of Tecumseh will wonder where I am by this time. I bade Hitchcock, S. D., good bye last Monday at 10:20. Started for Hillsboro N. D., and got as far as Fargo. I remained there over night and resumed my journey the next morning at 6:20. I arrived here in about one hour and called up where I worked last year just to find out that they would finish cutting their grain that day. Got a job that afternoon and then it had to rain, 2.65 inches of water falling besides some hail. The next day I came in town and got a job doing carpenter work on an elevator which pays pretty good, $6.00 for 12 hours.

The crops are just the same here as in Kansas, only the straw is not so rotten. When threshed it only made dust. They will not cut all of the wheat around here as the late sown is too poor. Threshing will be a short job here.

My palls are doing fine. One has got "M. D." after his name, so did not follow on. The other will be here in a day or two.

The price of a hair cut is 50c even if you have a marble top, one of my palls says. We are having the time of our life. The country around here is level as it is in the Red River Valley. It is about 12 miles to the Minnesota line, which is the Red River.

Expect to be in Grand Forks next Sunday to see a cousin of mine and also the man that I worked for last fall, Mr. Williams. I wrote him about work and he said in reply that he had sold everything except his fine horses wich he took to Grand Forks to fit up for market. He had some fine ones. At Hitchcock I had a fine time visiting with Byron Stitt. Saw some pictures of people that I knew. It is more pleasant this trip than last year when I did not see anyone that I ever had seen before.

Every day you see some one stealing a ride on a train. Saw two boys riding on the front of an engine just under the boiler. They must of had a fine ride as it was a flyer between Grand Forks and Fargo.

BRYAN REUNION IS HIGHLY DELIGHTFUL

The Bryan reunion was held August 16, at the home of Mr. and Mrs. Floyd Bryan on the N. L. Bryan farm, southwest of Tecumseh. In spite of the rainy day a very good attendance was in evidence, there being 61 present. A potluck dinner was served to which everyone did justice. After dinner a business meeting was held and the following officers were elected:

President—Bert Slater.
Vice president—Delmar Bryan.
Secretary and treasurer—Vera Sisson.

An invitation was tendered by Mr. and Mrs. Delmar Bryan of Adrian to meet with them next year.

The Bryan family also celebrated the 21st wedding anniversary of Mr. and Mrs. A. C. Bryan and the 11th anniversary of Mr. and Mrs. Delmar Bryan. Mr. and Mrs. A. C. Bryan were presented with linen while Mr. and Mrs. Delmar Bryan were given some cut glass, Mrs. Floyd Bryan making an unique presentation.

A short program was then given, which ended in a general visitation and good time by all.

Those from out of town who attended were:

Mr. and Mrs. Delmar Bryan, Mr. and Mrs. T. Sisson and three children and Ralph Bryan, all of Adrian; Ed Sisson of Detroit; Mr. and Mrs. Robert Bryan, Miss Smitzer and Mr. Gulliner of Jackson; Fred Slater of Tipton; Mr. and Mrs. Vandersee and Mrs. Vandersee of Ottowa lake; Mr. and Mrs. Oscar Bryan and Mr. and Mrs. George Bryan and 2 children of Peru, Ind.; and Mrs. Albert Matthews and 4 children of Clinton.

LOCAL DAIRYMEN TO GO TO STATE MEET

Will Attend Mid-Summer Session of Michigan Holstein-Friesian Ass'n. at M. A. C. Saturday.

Lenawee county will be represented by a large delegation of Holstein breeders at the big midsummer meeting and basket picnic of the Michigan Holstein-Friesian association and allied organizations at the Michigan Agricultural College, Saturday, August 23. A number of those who are planning to make the trip will go by automobile and it has been suggested that members of the Lenawee County Holstein-Friesian association phone Secretary C. A. Reed of Jasper, and make the trip through in a party, as several delegations from other organizations are planning to do. A good early start in the morning should give plenty of time to reach East Lansing before the events start at 11 o'clock.

The forenoon will be given over to viewing the campus and visiting the college barns and herds and the program will start at 1:30 following the basket lunch.

The program will be as follows:

M. W. Wentworth, Battle Creek, chairman.

"Address of Welcome," Dr. F. S. Kedzie, president of M. A. C.

"Reminiscences," A. C. Anderson, professor dairy husbandry, M. A. C.

"Scotch Songs," M. D. Cutler, DeWitt; "Michigan's Harry Lauder."

A Message from "The Northwest," Senator J. M. Hackney, St. Paul, Minn.

"Greater Possibilities for Holsteins in Mich." Hon. D. D. Aitkin, Flint; president Holstein-Friesian Association of America.

The college campus is a beautiful place for a picnic and the program promises to be especially high class. Every Holstein enthusiast from this county should plan to attend the meeting on Saturday.

DECLINE IN CROP OUTLOOK PAST MONTH

All Products Affected by Drought; Beans Suffer Least from Dryness.

Lansing, Mich., August 20. — From the excellent prospects that prevailed on July 1, a marked decline in all crops has taken place since. The drought that began in June continued until after the 20th of July before general rains came to relieve the situatoin. In the mean time pastures had dried up, the growth of all cultivated drops checked, the ripening of hay and grains hastened, and fruit prospects decreased. This is the substance of the joint report issued by Coleman C. Vaughan, secretary of state, and Verne H. Church, Michigan field agent, U. S. bureau of crop estimates. Harvesting is nearing completion and threshing is in progress. Yields of wheat are generally good, but rye is disappointing many growers. Oats and barley are light in yield and short in straw. Corn, potatoes, beans and sugar beets withstood the severe drought remarkably well and are in a condition to improve, except in occasional local areas. Fruit prospects show a further decline.

The estimated yield of winter wheat is 19.5 bushels per acre, which is considerably above the ten-year average and the largest crop in the last 15 years except that of 1915. The total production is placed at 19,247,000 bushels. Extremely hot weather, rust and smut have produced some shrunken grain in localities but, on the whole, the quality is fairly good. Based upon the reports of mills and elevators, 990,000 bushels of wheat were marketed during July, which practically cleans up the 1918 crop. The condition of spring wheat is 66 per cent, indicating a crop of 915,000 bushels; the yield per acre is 14.0 bushels as compared with 19.2 last year.

Corn withstood the effects of the dry weather to a remarkable degree, and only small local areas "fired" to an extent beyond recovery.

The condition of oats has declined 11 points to 62 per cent since July 1.

While early potatoes are yielding very poor returns, the late crop withstood the drought fairly well except in some southern counties. The recent rains will undoubtedly cause some improvement in the prospects. The outlook was reduced during the month from a crop of 31,250,000 bushels to one of 27,845,000.

The hay crop was secured in excellent condition, and is estimated to be 5,282,000 tons. The total acreage is five per cent less that last year, and that of clover is 14 per cent less. The yield of clover is 1.15 tons per acre.

Beans have suffered less than most of the other crops, only occassional fields showing yellow leaves which is the first sign of maturing.

Startling Cuts In Prices To Prevail On "Dollar Day"

Tecumseh Merchants Will Forgo Money-Making for One Day, Bargain Seekers to Benefit By Dealers' Loss.

SATURDAY, AUGUST 30, IS DATE OF EVENT

Every Economical Shopper Will Feel Compelled to Take Advantage of Big Inducements.

Never have such magnetic bargains been offered by Tecumseh merchants as they will have on display Saturday, August 30.

This date has been set aside as Dollar Day in Tecumseh when dealers in all lines of goods will renounce profits and make inducements to shoppers that are expected to draw buyers with herculean force.

And the merchandise on which prices are to be so mercilessly carved are not shoddy goods placed on the shelvs just for this special occasion. The articles placed on sale next Saturday will be from the lines usually handled by the local merchants, the only remarkable thing about them will be the low price.

Tecumseh merchants never do things by halves. When they decide on the course to be taken they go about the task with a determination to accomplish it thoroughly. These precepts are also their guide posts in the coming Dollar Day.

To impress on local people and those residing for miles in each direction from this city that Tecumseh is the logical and most economical place in which to make their purchases, the business men will make extraordinary inducements August 30. While money can always be saved on goods bought in Tecumseh, for Saturday merchandise will be priced so low that the present day shrunken dollar will purchase as much as it did twenty years ago.

The fact that dealers in all lines of merchandise will simultaneously lower prices will stimulate interest in this day of days for bargains. Those economically inclined will have an opportunity on this occasion to make purchases of a large variety of merchandise all at a very marked reduction. Dry goods, clothing, shoe, grocery, jewelry, meat, fancy goods, candy, drug and millinery dealers will banish the money-making idea for this day and give Mr. and Mrs. Consumer an opportunity to let their money do its utmost in paying for dependable merchandise.

In view of the noticeable trimming of prices for this noteworthy event it behooves all to take advantage of the extraordinary offerings that will be made in Tecumseh Saturday, August 30.

LADIES BAND ELECTS B. J. PULVER PRESIDENT

Fast Progressing Musical Organization Has Semi-Annual Business Session.

The members of the ladies band held a business session Monday evening at their regular practice at the council building. In the absence of the president, Mrs. Bert Gray, Mrs. Thomas Deniston acted as temporary chairman. The following ladies were unanimously leected to membership: Mrs. Melvin McWilliams, Mrs. Paul Hunt and the Misses Vivian Miller, Ellen Mohr and Vesta Wilson. The following officers were elected for six months:

President—Benj. J. Pulver.

Vice president—Mrs. R. J. McCoy.

Secretary—Mrs. R. T. Meade.

Treasurer—Mrs. E. M. Campbell.

Director and business manager—Claire Camburn.

The members of the band are enthusiastic over their venture and are making a splendid success of their organization. There are some excellent musicians in the company and others who knew absolutely nothing about music one short year ago are coming on splendidly under Mr. Camburn's instruction. The organization is a great source of pride to the village and is winning for us quite a record for the town musically.

MISS ALICE OWENS BUYS OUT MRS. SPLETTSTOESSER

Last Saturday Miss Alice Owens purchased Mrs. Florence Splettstoesser's Millinery business and has moved her stock and fixtures into the Freeman block formerly occupied by Mrs. Splettstoesser. For the first time in many years the Hanford block is vacated as a millinery store, but for the past five years Miss Owens have been very successful and the change gives her much larger parlors. Miss Elsie Plaggemars of Holland has already begun her season's work as trimmer for Miss Owens. She comes highly recommended and the prospects are bright for the enlarged business.

Mrs. Splettstoesser will continue her dressmaking department at her home on Ottawa street.

Woman Attacked By Unknown Man

Mrs. George Field Grabbed by Throat by Assailant While She Is On Way Home.

Tuesday evening the street lights about town were out for a time and the streets were left in Stygian darkness.

Mrs. George Field had been assisting her husband in his office, starting for home about 9:30. She saw a man following her near the old Coller house, but thought nothing of it until he passed her near the Hailey shops. He came back and grabbed her by the throat. She exclaimed "Leave me alone, you dirty coward," and fought him off, though a slight little lady.

She ran to a neighbor's home and was escorted safely home. She did not recognize her assailant.

MRS. A. E. CHEEVER IS CLAIMED BY DEATH

Had Been Ill With Bright's Disease Long Time; Resided Here Ten Years.

After a long illness with Bright's disease, Mrs. A. E. Cheever passed away Friday evening at her home on East Chicago street.

Nellie Ballou was born Nov. 14, 1875, in Macon, the daughter of Mr. and Mrs. Stewart Ballou. She became the wife of A. E. Cheever on Christmas day, 1894, and resided for a number of years in Britton. Later they made their home on a farm in Raisin, moving to Tecumseh about ten years ago. Three children are left to console the father: Mrs. Cleo Hunt, of this place, Carl D. now of Addison and Howard L. of Jackson. Four sisters and two brothers also survive: Mrs. Will Bennett, Tecumseh; Mrs. G. W. Bachman, Toledo; Mrs. Martin Harper, Adrian; Mrs. Ernest Hoagland, Britton; Alonzo Ballou, Tecumseh and Alfred Ballou, Macon.

While residing in Britton Mrs. Cheever was a member of the Christian church, but upon moving to Raisin joined the Presbyterian church and was a member of that faith at the time of her death. Yet it fell to the kind hands of Rev. W. R. Curtis, pastor of the Baptist church, to perform the last sad ceremonies which were held from the home Monday afternoon. That the sweet personality of Mrs. Cheever had won her many friends was evidenced by the great crowd which assembled, it overflowing the large house. The immediate family above named were all present, as well as many from Britton, Macon, Holloway and Franklin and Thurlow Bachman, Toledo: Mr. and Mrs. George Dixon of Clinton, Mr. and Mrs. Elwood Denison of Cone.

Mrs. Will Calhoun and Mrs. Kenneth Kopka, of Holloway, sang beautiful selections accompanied by Miss Carmen Gobba, also of Holloway. The bearers were Howard and Carl Cheever, Lester Hunt, Thurlow Bachman, George Dixon and Marshall Drewyur.

MAPES REUNION IS DELIGHTFUL AFFAIR

The twenty-first annual reunion of the Mapes family was held at the home of Mr. and Mrs. Arthur Mapes, 144 Charles street, in Adrian Wednesday, August 13. Although the morning was cloudy sixty-eight were present. Some had not met before in eighteen years. Mrs. Lucy Carlton and little girl of Detroit met for the first also Miss Lydia Mapes of Knoxville, Tenn., and Glen Whidden of Holt, Mich. At noon a fine picnic dinner was served to which all did justice. After dinner the gathering was called to order by the president, Edward Turner. The session was opened by singing with Mrs. Sarah Turner at the piano, all joining in "America." Next the secretary, Mrs. Sarah Turner, called the roll, sixty-eight being present. The secretary's report was read and accepted.

The old officers were re-elected for the ensuing year and then a short program was listened to, after which ice cream and cake was served.

Mr. and Mrs. Arthur Bailey invited all to meet with them next year at their home at North Adrian. All enjoyed a very pleasant time and all hoped to meet again next year.

FOUR HOLD A JOINT BIRTHDAY CELEBRATION

In celebration of their birthdays which come within a few days, Mrs. Thos. Wyrill, Mrs. George Belding, Mrs. Thos. Langton and Mrs. W. W. Shurtz entertained a party of ladies Tuesday evening at the home of Mrs. Wyrill on North Maiden Lane. There were twenty-eight in the company and the splendid supper served proved that the four were excellent cooks and delightful hostesses. The evening was spent socially.

Methodist Fourth Quarterly Meeting

REV. C. M. THOMPSON UNANIMOUSLY INVITED TO REMAIN

Reports From Various Departments Show Church Society in Healthy Condition — Officers Elected—Annual Conference at Owosso September 19.

The fourth quarterly conference of the Methodist Episcopal church, the most important business meeting of the church year, was held in the church Thursday evening of last week, August 21, the Rev. Dr. W. R. Fruit, district superintendent, presiding. In opening the meeting Dr. Fruit gave an inspiring address, putting special emphasis upon the plans of the denomination for work next year and urging the Tecumseh church to do its part in all advance movements. Then followed reports from the various departments of the church as follows: The pastor reported his own activities and the general movements of the entire church. W. D. Willett, the superintendent, reported for all departments of the Sunday school; Miss Vie Temple, acting for the absent president, reported the Epworth League; Mrs. E. M. Lewis, acting for the president, reported the Ladies Aid society activities; Mrs. A. J. Bigelow, president, reported the Woman's Foreign Missionary society and Mrs. Alfred Wright, president, reported the Women's Home Missionary society. Each of these two reports show a substantial increase in receipts for the year. All reports showed progress and were very encouraging.

Dr. E. D. Brown, the church treasurer, gave a report of the current expense fund which made a good showing considering the handicap at the beginning of the fiscal year, caused by the influenza epidemic. By some extra efforts and special offerings, together with the full payments of the regular contributors, the account will likely be balanced by the close of the conference year, September 14.

The following items of special interest are from the pastor's report. The Centenary fund exceeding $8,000 pledged in full. This fund is in weekly, monthly and annual payments running over five years. The pledges were made by 155 individuals and some Sunday school classes. The Epworth League pledged as an organization.

Other Centenary items are 120 persons signed up in the "League of Intercession" and tithers. Other items reported were new members received, 20; losses by death and removals, 14; net increased, 6; baptisms, 11; marriages celebrated, 6; funerals attended, 21; pastoral calls made 475.

Officers for the year consisting of trustees, stewards and committees were elected or re-elected.

The Election of Joseph O. Eaton as delegate and Mrs. C. M. Thompson as alternate, to the Lay Electoral Conference which meets in Owosso September 19, was confirmed.

The pastor, Rev. C. M. Thompson, was given a unanimous and hearty invitation to remain in this pastorate. Since coming to Tecumseh Rev. Thompson has won many friends and this invitation to remain another year in charge of the church is evidence that his people appreciate his energetic work as pastor. As a citizen he has not only been loyal to his town, but has also shown a spirit of loyalty to the flag of his country and his efforts along patriotic lines have been vigorous and successful.

The meeting Thursday was attended by about fifty of the representive people of the church, including most of the official members, and was an harmonious and enthusiastic gathering. The outlook for the future of this church is full of promise.

ENTERTAINS ON HIS SIXTIETH BIRTHDAY

William Swick reached the sixtieth milestone of his life on Sunday. To celebrate he and his sister, Mrs. Clara Anderson, entertained at a family dinner with the following guests:

His son, S. B. Swick, wife and two daughters, and his daughter and husband, Mr. and Mrs. W. R. Miller, and five children of Grand Rapids, Mr. and Mrs. J. E. Swick and four children of Neapolis, Ohio, Miss Sophia Kempf, Mr. and Mrs. William Pletcher, Mr. and Mrs. Irving Brollier and son and daughter.

After the fine pot luck dinner was out of the way the afternoon was spent in visiting.

School Is To Be Reopened Monday

PROSPECTS ARE BRIGHT FOR A MOST SUCCESSFUL YEAR

New Superintendent and Principal and Course in Physical Training for High School Girls are Features; All Students Urged to Be Present First Day.

Monday, September 1, is Labor Day and it will indeed seem a day for hard tasks to Tecumseh school children, for they will have to return to duty after a several months' vacation, the city school to open in all departments the first day of the coming month.

SUPT. E. E. CRAMPTON

When the school rooms are reopened next Monday morning it is anticipated that Tecumseh's institution of learning will begin what will prove the most successful year in its history. With a beautiful, commodious and most modern building, a new superintendent and principal and all departments strengthened the prospects are that the local school will seta new mark for progress made in any one year.

It is announced by the new superintendent, E. E. Crampton, that he will be at the office of the high school building Friday and Saturday of this week to classify any students who are entering the school here for the first time and to consult with any one who expects to enter school in Tecumseh.

In anticipation of the opening of the school, there will be a general teachers' meeting at the high school at [illegible] o'clock Saturday afternoon, August 30. At this time there will be a general discussion of the work for the year and ideas exchanged as to how to make the studies of the most benefit to the pupils.

School will open in all departments on Monday morning and it is expected that all pupils will be in attendance. It is pointed out that it is important all the students attend on the first day of school that the work for the year may be started auspiciously and be productive of good beginning with the initial session. If all scholars are present at the opening session the various classes can be completely organized and the term's work taken up with vigor at once. Parents of school children are urged to have their little folks present on the opening day.

Superintendent Crampton, in discussing the many advantages offered by the Tecumseh public school, had the following to say:

"Besides the regular academic courses, special instruction will be given in domestic science and domestic art. Everything possible has been done to make this a strong course and it is expected that many will take advantage of the opportunity offered. Few schools of this size have this course.

"The agricultural course offers exceptional advantges to boys who expect to go back to the farm when their high school course is completed and to those who expect to enter the agricultural college. The equipment for this course is very good and is approved by the state department. The course is under the instruction of O. W. Laidlaw, an experienced teacher.

"Any students expecting to prepare themselves for business careers will find our commercial course very valuable. It offers work in commercial arithmetic, bookkeeping, business practice, stenography and typewriting.

"This year the high school will offer for the first time a course in physical training for high school girls under a special teacher. While this course is elective, it is expected that practically every high school girl will avail herself of this unusual opportunity."

CITY LEAGUE STILL HEADED BY CLERKS

Three games were played by the City Baseball league during the past week but the Clerks retained their lead and still head the standings.

Tuesday evening Heesen Bros. team and the Clerks played off a postponed contest, the league leaders copping the clash by one score, the final tally being 10 to 9.

The American Steel and Wire Co. aggregation stacked up against Heesen Bros. Monday evening and lost, the score being 7 to 6.

Last Thursday night the H. Brewer & Co. men opposed the American Steel and Wire Co., the latter nine going down to defeat, the count being 7 to 6.

While a game had been scheduled for Labor Day, this will be staged some other time as the Tecumseh Independents will meet

ADRIAN SHUT OUT BY INDEPENDENTS

County Seaters' Pitching Marvel Proves Easy for Tecumseh, He Being Batted to Bench.

For five innings Sunday's ball game between the Tecumseh Independents and the Adrian City team was as pretty a contest as any fan would care to witness, but in the sixth things happened as a result of which the local players put over an 8 to 0 victory on the highly rated county seaters. And this was all done notwithstanding the fact that the visitors had their extra special crack pitcher, Schwartz, doing slab duty. But Schwartz or no Schwartz, the Independents had their swattings togs on for the Sunday afternoon encounter and pouded the erstwhile star pitcher to such an extent in the sixth round that he had to be succeeded by Barney.

Youngs and Bassett did the receiving for the visitors, Howe and VanGiesen being the battery for the Independents. Tecumseh garnered seven safeties while the losers got three hits. One of the drives in the productive sixth inning was a two-sack smash by Louie Howe, two runners scoring as a result.

Tecumseh people are still much interested in the national game, there being an unusually large attendance.

Tipton plays here Sunday and the Adrian team Labor Day afternoon, both games starting at 2:30 o'clock.

NEWLY MARRIED YOUNG PEOPLE GIVEN WELCOME

Mr. and Mrs. Charles Tribolet arrived in town Saturday evening and have since been guests of Mrs. Tribolet's sister, Mrs. L. P. Williamson, and Mr. Tribolet's sister, Mrs. A. J. Artman, and their families and their many Tecumseh friends.

To friends of the couple, which include about the whole town, the following announcement is of interest:

Married, August 20, at his home in Detroit by Rev. Cansfield, a Methodist clergyman well known her, Charles Tribolet and Miss Myrtle Foster.

Upon their arrival in town Saturday they were met by a large truck with "just married" labeled on the side. After a trip about town they were deposited at the home of L. P. Williamson, where there was a happy gathering of their relatives to make the evening a memorable one.

Miss Foster was for ten years in the millinery business in this city, selling out last fall to Mrs. Florence Splettstoeser. During these years she was prominent socially and very successful in business. Mr. Tribolet has made many visits in the town with his relatives and gained many friends among Tecumsehites who congratulate him and the bride most heartily. The couple will make their home at Ancon, Panama, where the groom holds a government position.

CORNELIA P. COLLER, LONG ILL, PASSES AWAY

Cornelia Pennock Coller, whose death occurred early Sunday morning, August 24, was born in Tecumseh March 26, 1838. At the age of 11 years she with her parents moved to Fairfield, Iowa, and when she was 12 years old her mother died, leaving her to care for the family, after which they moved back to Tecumseh. In 1859 she was united in marriage to Lester B. Coller of Macon, whose death occurred nine years ago. She had been a great sufferer for a number of years and patiently waited for her Master to call her home. She was a faithful member of the Macon M. E. church as long as her health would permit.

Three sons were born to this union, Jesse B., Ira P., now deceased, and Lewis W., who still lives on the farm. One sister, Mrs. Francis Thayer, one brother, Laban Pennock, of Adrian also survive.

SCOTCH MUSICIANS HERE NEXT WEEK

The show last night was "something different." No one could kick on that score. It was a musical comedy, put on by a Webber Field troupe, complete with chorus girls, comedians heavy man—and woman. The girls had the full quota of clothing (but no more) and the way some of our townsmen hustled for a close-up place was a caution. One little dancer was exceedingly clever and there were some good voices in the chorus.

The Willett orchestra of Adrian furnished the music which was the best part of the show.

Next week the Tipton band will play and a Scotch musical program be one important number.

HENDERSHOTT FAMILY HAS JOLLY REUNION

The children and grandchildren of the late Mr. and Mrs. Michael Hendershott met Thursday with Mr. and Mrs. Gustine Sisson for their annual reunion. There were forty-five guests to enjoy the picnic dinner which was served on the lawn. Later came a short business meeting when George Hendershott of Macon was elected president and Jennie Mills Ladd of Macon secretary and treasurer. It was also decided to hold the next reunion with Cassius Mills and Mr. and Mrs. John Ladd in Macon, the third Thursday in August, 1920.

Among the guests at the Sisson home were Mr. and Mrs. Grant Hendershott, Mr. and Mrs. Mike Hendershott with their families and Mrs. Wm. Hendershott of Leslie; Mr. and Mrs. Floyd Picary of Bunker Hill, Mr. and Mrs. S. M. Mizer of Mason, Mr. and Mrs. John Ladd and daughter, Cassius Mills, Mrs. Arlene Kerr, Miss Lillian Coller, Mrs. Addie Randall, son and daughter of Macon, Mrs. George Clark and son, Wilbur, of Britton.

Editorial Comment

At last profiteers are to be meted out the punishment due them. The lower house of congress has voted to amend the Lever food control act so that a $5,000 fine or two years' imprisonment will be the penalty for profiteering. And the vote on this question was practically unanimous, showing that our statesmen are finally enacting legislation that gives promise of bringing relief to a loud complaining public.

That such a law is needed is proven by developments at Lansing, where a shoe dealer confessed that he was making a 50 per cent profit. This Capital City footwear merchant admitted getting these big profits in his testimony during the attorney general's inquiry into profiteering in Lansing, the sessions being held before Judge Wiest of the Ingham county circuit court.

One of Lansing's leading retail grocers was among those called before the attorney general. He said he knew of no reason for the fast increasing cost of living. He declared there was no shortage of staple goods and that prices are not dependent in any way on supply and demand but upon the autocratic action of associations of producers.

And now the food price inquiry is to be extended to Lenawee county. Prosecuting Attorney Leland F. Bean has filed petitions in circuit court in the county seat asking a hearing into suspected profiteering in Adrian and Lenawee county in general. It is expected the inquiry will begin about September 5, when Judge Burton L. Hart will have finished his court work in Grand Haven. The probe in Lenawee county is at the direction of Attorney General Groesbeck, who has asked all counties to take up the inquiry. Local committees are to be named to aid in the investigation and it is planned to make it thorough. Dealers in food stuffs will be summoned before the investigators and every effort made to get at the bottom of the price fixing system. It is not unlikely that the hearings will be open to the public.

Tecumseh people have watched with deep interest the various steps taken by the federal and state officials in their efforts to reduce the price of existing and now that the county officers are to get busy they will be even more keenly concerned and will fervently approve anything done to lighten the burden.

Unless the people along the route of the new proposed highway experience a change of heart within the next few days and sign the petition for the improvement, our hope of unanimity will not be realized. However, according to reports from W. E. Barrett, who is making the canvass, the paved highway is assured, and nonsigners or objectors will be in the minority. Those who refuse to sign up now will get the benefit of the improvement just the same and will be compelled to stand their share of the expense. We do not hesitate to predict, however, that none of them will take four times the cost to have the pavement removed a year after its completion.

Mr. Barrett has met with some difficulty in pushing the canvassing to completion. Free autos for the trip have been hard to procure and farmers were found absent from home when visited. But perseverance promises success and the petition will receive more than the legally required number to insure the improvement.

We hear about prices going higher and that the cost of every thing needed to keep body and soul from separating is to advance still more. But a ray of hope has appeared in this depressing situation. Tecumseh merchants are to give the high price epidemic an anasthetic that will render it harmless for a whole day.

They are to have a Dollar Day Sale on Saturday, August 30, when they intend to greatly strentghen the purchasing power of the American dollar. This they have arranged to accomplish by making distinct reductions in prices. Goods are to be marked at figures that will instantly appeal to the economically inclined.

Dealers in all lines of merchandise will dispense with earnings for this one day in an endeavor to make the inducements so liberal that the seeker for genuine bargains will be compelled to admit that the merchants of this city can and do undersell their competitors in all the nearby towns.

Can you, Mr. and Mrs. Ultimate Consumer, afford to ignore this opportunity to purchase staple goods at prices that will attract the attention of every disciple of economy?

A SAFE TEST

For those who are in need of a remedy for kidney troubles and backache, it is a good plan to try Doan's Kidney Pills. They are strongly recommended by Tecumseh people.

A. C. Aylesworth, retired farmer, W. Chicago St., Tecumseh, says: "About four years ago I had severe attacks of lumbago, which, I am sure, were brought on by disordered kidneys. I finally heard of Doan's Kidney Pills and began their use. After taking them for a month or more, I was relieved of the trouble. I have had no recurrence of these attacks since and I am glad to recommend Doan's Kidney Pills."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Aylesworth had. Foster-Milburn Co., Mfgrs., Buffalo, N. Y.—adv

TIPTON

Service for Returned Soldiers.

The "returned soldiers' night" held Sunday evening was well attended, the church being comfortably filled. The following program was given:

Song by congregation, "America;" prayer, Rev. L. H. Kellogg; Scripture reading, S. H. May; solo, John Bryan; recitation, Miss Velma Sowles; solo, Miss Adelia Mapes; recitation, Mrs. Henry Baker; reading, "The Vacant Chairs," Mrs. Wellnitz, two chairs being draped in bunting and crepe in honor of the gold stars on the service flag which occupied a prominent place in the appropriate decorations; recitation, R. F. Bryan; recitation, Mrs. Edward Wahl.

Wade VanValkenburg, in a very able manner, then gave a talk on his expuriences as a marine and some of the things required of marines and some good words about the different welfare organizations with which he came in contact.

Then Mr. Huckster, who also went from Franklin township, told of his exxperinces at the front. The expereinces of the two were so much different that it proved very interesting.

M. E. Church Notes.

Morning worship, 10:30. Sunday school at 11:30. Prayer meeting Thursday evening at 8 o'clock.

The ice cream social held at S. L. Wyman's last Friday evening was a success in every respect socially and financially. A short program was given. Twenty-five dollars above all expenses was realized toward the piano fund.

The Be-Square class met at the home of Sherman Rogers Saturday evening. About thirty were present and the evening was spent in games and music. Refreshments were served by the hostess.

RIDGEWAY AND MACON SUNDAY SCHOOL ASSOCIATION MEETING WELL ATTENDED

Arthur Bortel Elected President; Addresses and Other Features of Program Prove of Very Helpful Character.

All delegates to the thirty-ninth semi-annual meeting of the Ridgeway and Macon Sunday School association have returned home with a broader view of their work and with a determination to strive zealously during the coming months in the interest of God's kingdom, the session having been of a distinctly inspiring character. The meeting, which took place in the Presbyterian church in Macon Sunday afternoon and evening, Aug 17, was well attended and the interesting and helpful program was thoroughly enjoyed.

The sessions were in charge on the president of the association, Arthur Bortel. The song services were lead by Earl Payne who proved highly efficient in this capacity. After prayer by Lavern Russel, six young ladies from Macon Presbyterian church favored with a song.

Rev. Samuel Tamblyn, in his 15 minute talk, urged the teachers to become thoroughly consecrated to their work, sacrificing all that is unbeneficial in order that they may be faithful; glorifying God by being constant in service.

About 25 members of the De-Spelder Presbyterian school at this time sang an appropriate selection.

"Missions in South America" was the subject of the address given by Rev. F. M. Purdy, of Clinton, which was enjoyed by all. He spoke from facts regarding Uruguay, where he had spent some time as teacher and missionary, telling about her natural resources, government and characteristics of the people. The field is large but the workers are few and souls are hungering and thirsting to know the better way. Serious problems are confronting the work and will we be ready to meet them? South America is an untold opportunity waiting to verify the promise "and I be lifted up will draw all men unto me."

A song was nicely given by a quartet consisting of Mrs. Leo Spohr, Miss Grace Maderas, Ralph Smith and Fletcher Thompson of the Free Methodist school.

After the business session and offering the meeting adjourned until evening.

At 7:30 Earl Payne opened the evening meeting with a song service followed by prayer by Willis McClue. Miss Glayds Eggert gave a piano solo and Miss Anna Higgins a reading "Rock of Ages," with piano accompaniment. Both were well given and delighted all.

Rev. J. C. DeRemer in his 15 minute talk on "How we may keep ourselves fit spiritually" said: "A life that has been given to Jesus Christ is going to fade if it does not come in contact with the word of God. God has created us with mind, brain and soul and if we would but 'open the floodgates' and let the power in great results would be obtained." He cautioned against things that are "damming up" and keeping us from doing effective work.

E. L. Palmer accompanied by Mrs. Palmer effectively sang, "If my dream will come true."

Rev. Prestige, of Dundee, took as the subject for his excellent address, "Sunday school." The Sunday school work is the biggest business in the world and he was going to talk it until everyone, both old and young, with whom he came in contact, were members of some school. He enlarged in a forceful manner upon the three points that he wished all the workers of our schools might get. First, a broader and more optimistic vision, with souls on fire with eternal work and passion. Second, intensified faith, believing in ourselves, for His children are leading the hosts shouting the day of victory is at hand. Third, teach a real gospel, glorious and beautiful to both saved and unsaved. Literature and education will not save a soul. Preach and teach the unspeakable riches of God. Mighty teaching of the infinite will save the world. Jesus said "Put my cause first and give yourself unto the Lord." Working constantly for Him and His cause cannot help but grow. Truly the greatest thing in the world is to save a soul.

The officers chosen for next year were:

President—Arthur Bortel.
Vice President—Will Spohr.
Secretary and treasurer—Mrs. C. J. Gorham.

Mrs. Gorham was chosen delegate and Willis McClue alternate and were also chosen to attend the State Sunday school association meeting which was held last week in Flint.

A rising vote of thanks was given to all who helped in making the meeting a success and for the generous hospitality shown by the Macon people.

Rev. Combellack pronounced the benediction and this profitable meeting came to a close.

The navy department has authorized enlistments in the navy for a period of 2, 3 or 4 years, at the option of the applicant. The former term of enlistment was for 4 years only but men may now enlist for 2 or 3 years if they prefer. Men desiring to apply for enlistment may obtain application blanks by writing to the officers in charge, Navy Recruiting Station, Detroit, Michigan, and free government transportation will be forwarded to them for travel from their homes to Detroit, Mich. If they fail to pass the physical examination free transportation will be furnished them from Detroit to their homes.

Hardwood floors are being laid in three living rooms at the Presbyterian manse.

Mr. and Mrs. Byron Roberts and children were at Wampler's lake last week.

Mrs. Hartwell Randolph of Adrian visited Mrs. Lafayette Stevenson last week.

Post card photos received from Boy Scout Troop No. 2 when it was camped at Devil's lake last week show that these youngsters had an outing that they will remember for years to come. Two pictures were received by The Herald from Rev. W. R. Curtis, who was in charge of the youths. One shows the Scouts on a bridge near their tents and from the characteristic poses in which the campers were snapped they seemed to have been having a jolly time. The other photo gives a view of some of the lads in two boats which had been drawn up on shore while the other boys are on the bank of the lake, their tents, on which the Stars and Stripes are displayed, being in the background. Camp was broken Saturday and the members of Boy Scout troop 2 say they so thoroughly enjoyed the outing that they are ready to go back any time.

Graphically Tells Of Trip To Duluth

Tom W. Mingay, On Lake Journey With Family, Writes Entertainingly of Outing.

Sault Ste. Marie, Mich.
August 22, 1919.

My dear Friends, the Editors:

In my former letter I told you I would write you another one and must fulfill my promise.

We (Mrs. Mingay, myself and our daughter, Mrs. S. C. Taylor) left this city Sunday morning, August 17, and crossed over on the ferry to the Canadian Soo, there to embark on the Northern Navigation Co.'s steamship the Noronic, which was to be our floating home for the following four days.

The boat had pulled up to the lock and I was making my way on board with a couple of grips in my hands, when I heard a lady's voice say, "Why here is Mr. Mingay," and on looking around who should I see but Mrs. Edgar L. Robinson, who about nine years ago was a stenographer and typewriter in the the Antnony Fence Works, before it was taken over by the American Steel & Wire Co., and beside her stood her husband, who was employed in my office at that time. It is needless to say we were all glad to see each other and that our tongues flew very rapidly asking and answering questions about this one and that one. They have been living there about three and one-half years, and have bought a home, which they are busy in their spare moments fixing up for the future comfort of themselves and their family of three children, Douglas, Verna and Gordon. Edgar is foreman of a good sized job office and his wife is the head reporter on the Daily Star.

But, visiting quickly used up the time allotment of the Noronic at the Soo, and the big boat with an over complement of 585 passengers—her capacity is 556—and a big load of freight for Port Arthur and Ft. William, was raised in the lock 20 feet to the level of Lake Superior, and was soon on her way up through the beautiful scenery of St. Mary's river on the way to her first stopping place, Port Arthur.

The accommodations on board the Noronic are fine and the table service excellent, and the time passed pleasantly as the weather was good, although cloudy. In the evening the social hostess on the boat got up an entertainment, in which the talent employed by the company appeared, assisted by the ship's orchestra and some of the passengers, one of them Mrs. Nellie Mingay Taylor. who gave one of her excellent readings and had to respond to a hearty encore. The entertainment was over by 10:30 o'clock, and soon all the passengers were in their beds asleep and resting up for the next day's sight seeing.

Port Arthur was reached at 7:30 Monday morning and after breakfast the passengers went their several ways to spend the day until 8:00 p. m., when the boat would leave Ft. William for Duluth. Some visited Kakabeka Falls in the Kaministiquia river, which are higher than the Falls of Niagara and are amber in color due to the river running through miles of iron deposits. Others took in the town and visited its public buildings and the Shumiah Club, which hospitably makes passengers welcome. Others took in the street car rides to Current River and around the belt line, and then on to Fort William, three and one-half miles away.

Port Arthur is built on the side of a hill and has many fine buildings, among them the Presbyterian, Episcopal and Methodist churches, the Collegiate school, the Armory and others. The residences are many of them fine, the business part of the town good and the sidewalks and paved streets excellent. The city has about 15,000 inhabitants and is from 40 to 45 years old.

Fort William. across Thunder Bay from Port Arthur, is a totally different looking place. Built on the flat land it is the site of the old Hudson Bay Company's trading post of that name and there is a handsome granite monument to the memory of the several governors of that company from Prince Rupert down to Lord Strathcona, the last governor. As Port Arthur is the protegee of the Grand Trunk and Canadian Northern railways, so Fort William is the protegee of the powerful Canadian Pacific railroad Less than twenty years ago—about sixteen years I believe—there was nothing of the present city of Fort William and now it has double the population of Port Arthur, but has none of the natural beauty of that city or of its fine public buildings, although in the better residence portion there are some very fine homes and the big Ogilvee mill is one of the largest in the world, its elevators having capacity for holding 2,000,000 bushels of wheat. The Canadian Pacific is. however, about to build a mill with a capacity many times greater than that of the Ogilvee Co., the purpose being to provide for shipping the great wheat crops of the Canadian northwest to the teeming cities of the east and overseas as flour, instead of wheat kernels.

We left Fort William at 9:30 p. m. and at 8:30 o'clock Tuesday morning arrived in Duluth—the American Venice, but unlike the European Venice it is hewn out of solid rocks of the mountain side, 600 feet high, upon which it is built.

Duluth is certainly a most beautiful city and we were able to obtain a fine view of its splendid natural beauties during the twelve mile boulevard drive, which we took in a sight-seeing car which took us during the ride to the top of the cliff, and there from a height of over 600 feet we looked down over the city with its sky scraper buildings, fine business and residence sections, beautiful harbor, aerial bridge and natural parks, of which there are eight, not one of them artificial, but all natural grown, improved by walks and cultivated lawns.

At 5:30 p. m. we left Duluth on the homeward trip and arrived at the Canadian Soo at 9:30 a. m. on Thursday, having had a most enjoyable four days' trip at a comparatively small expense, during which we traveled 938 miles by water and many miles on the land.

Fraternally yours.
Tom W. Mingay.

Car of Barley in Transit

Will be here in about two weeks; this is whole grain and not salvage; guaranteed to arrive cool and sweet and equal to sample in our office. Farmers are grinding their own feed as much as possible during threshing season, and it will pay you to get a hundred bushels or more of this to grind with your oats or rye. It is much cheaper than bran or middlings, whole wheat or rye at present prices. We will sell this carload at $1.50 per bushel off the car, providing you have given us your written order before September 1st for the exact amount you will want. We will notify you when it arrives so you can get it off the car before demurrage commences, otherwise an additional charge of 5c per bu. will be made.

We also have on hand a complete stock of Dairy, Hog, Poultry and other feeds, consisting as follows:

Larro,
Stevens 44,
Gluten,
Cotten Seed,
Oil Meal,
Calf Meal,
Oats,
Rye,
R. K. D. Hog Meal,
Coarse Chop Feed,
Tankage,
Hog Regulator,
Sheep Regulator,
Medicated Salt,
Winter Wheat Bran,
Flour Middlings,
Scratch Feed,
Intermediate,
Baby Buster,
Growing Feed,
Oyster Shells,
Cracked Corn,
Shelled Corn,

SEEDING TIME

Buy your Alfalfa and Timothy now; we have a limited stock of prime seed as good as we can buy, consisting of Montana and other northern grown seeds. Grimm's Alfalfa cannot be had at this time.

FERTILIZER

18% Acid Phosphate; three brands of Grain Grower (1-22), (1-8-2) and (12-2); Sulphate of Ammonia; Hydrated Lime; and Pulverized Lime Stone in sacks. We are considerably lower in price than other brands of fertilizer, considering analysis. Let us have your orders now for Pulverized Limestone and we will arrange it so you can get it off the car and save money.

FALL TOOLS

Lime Sower, latest improved. Why not three or four neighbors club together and buy one so you will have it when you want it, instead of running three or four miles to borrow one. We also have in stock McCormick and Milwaukee Corn Binders; Grain Drills; Disc Harrows; Spike and Spring Tooth Harrows; Cultipackers, Tubular Rollers; Walking and Sulky Plows; Manure Spreaders; Silo Fillers; Corn Huskers; Feed Grinders; Gasoline Engines; Webber and Turnbull Wagons; Farm Trucks; Clover Bunchers; Cream Separators; etc., etc.

HARDWARE SUNDRIES

Majestic and Banner Ranges; Heating Stoves; Kerosene Ranges; Oil Heaters; Chemical Closets; Washing Machines; Cow Stanchions; Cedar Flooring Blocks; Incubators; Steel Tanks; Barb Wire; Wire Fence; Cedar and Tamrack Posts; Sewer Tile and Building Blocks; Extension Ladders; Step Ladders; Wheel Barrows; Chicken Waterers; Milk Cans and Pails; Barn Door Track and Hangers; Belting; Rubber Hose; Axle Grease; Stock and Poultry Tonic; etc., etc.

HARNESS DEPARTMENT

We still have a few sets of Double Work Harness; Single Driving Harness; Whips; Robes; Stable Blankets; Storm Fronts; Collars; Sweat Pads; Halters; Neck Straps; Tie Straps, and other harness sundries.

AUCTION! AUCTION! AUCTION!

In order to put our stock down to a business basis, the auction will be continued Saturday evening, August 30th, at 6 o'clock sharp. We are by no means going out of business, nor are we going to give this stuff away. Remember, gentlemen, we have had these goods bought quite awhile, and unless they bring somewhere near cost price, the second article of its kind will not be put up. The object of this sale is to reduce our stocks so as to confine our business in the future to Grain, Feed, Seeds, Livestock and Implement sundries.

FINANCE

Those having accounts with the Company will please call and settle, and do it now before September 1st. Your credit is good, but we must have the money. The buying power of the original dollar is now equal to about fifty cents, and shortens up our captial so that we cannot carry these goods for you until you are ready to call for them, and then carry your account for an unlimited period after you do get them. We say this in a kindly spirit, and would appreciate your thoughtful consideration and immediate action.

NOTICE OF LETTING OF DRAIN CONTRACT

Notice is Hereby Given, that I, Conrad Ottgen, County Drain Commissioner of the County of Lenawee, State of Michigan, will, on the 18th day of September, A. D. 1919, at the outlet of the drain on lands of John Teufel on N W ¼ Section 12 Township of Macon in said County of Lenawee, at 10 o'clock in the forenoon of that day, proceed to receive bids for the construction of a certain Drain known and designated as "Hendershot Tile Drain" located and established in the Township of Macon, in said County of Lenawee, and described as follows, to-wit:

Improvement of Hendershot Tile Drain.

Commencing at station 24 of Macon Drain No. 8, at a point 8.80 chains south from the intersection of said drain with the north line of the part of N W ¼ Section 12 N & W of highways T 5 S, R 5 E, belonging to John Teufel and running thence as follows,—

to a terminus at the intersection of the main line of Hendershot Tile drain. 15.00 chains west from the outlet of the same with the Macon Drain No. 8 and at the N. line of above described land of Teufel.

Total length of drain 17.44 chains. Diameter of tile noted above.

A strip of land 50 feet wide on each side of the center line of the drain will be necessary to hold the excavated earth and for other purposes in the construction of the drain.

Surveyed August 17, 1919.

J. L. Richard,
County Surveyer.

Said job will be let by sections. The section at the outlet of said drain will be let first, and the remaining sections in their order up stream, in accordance with the diagram now on file with the other papers pertaining to said Drain in the office of the County Drain Commissioner of the County of Lenawee, to which reference may be had by all parties interested, and bids will be made and received accordingly. Contracts will be made with the lowest responsible bidder giving adequate security for the performance of the work, in a sum then and there to be fixed by me, reserving to myself the right to reject any and all bids. The date for the completion of such contract, and the terms of payment therefor, shall and will be announced at the time and place of letting.

Notice is Further Hereby Given, That at the time and place of said letting or at such other time and place thereafter to which I, the County Drain Commissioner aforesaid, may adjourn the same, the assessments for benefits and the lands comprised within the "Hendershot Tile Drain Special Assessment District," and the apportionments thereof will be announced by me and will be subject to review for one day from nine o'clock in the forenoon until five o'clock in the afternoon.

The following is a description of the several tracts or parcels of land constituting the special assessment district of said Drain, viz:

Township of Macon, T 5 S, R 5 E

15 acres, S W corner, S ½ S W ¼ bd. N & E by Harmon; S by Teufel; W by highway	Section 1

BRITTON DEPARTMENT

'Twas a Gala Day.

Wednesday, August 20, certainly was a gala day here, when the citizens of this vicinity met for their community picnic. At an early hour flags and bunting heralded the day with homes and business houses decorated. The streets had the appearance of a fair they being crowded with people. The stores closed for the occasion and everyone entered into the "get-to-gether spirit." Fun began as soon as the Petersburg band arrived and under the leadership of Arlo Belleville discoursed fine music throughout the day. The parade formed at 11 o'clock and was led by Clyde Cheever and Sam Gibson, both in uniform, the army and navy, they riding spirited horses. Twenty-five beautiful floats were in the parade representing the business houses and various organizations. After the parade the crowd went to Britton's Grove where the elegant picnic dinner was served and thoroughly enjoyed. Sports of all kinds afforded amusement in the afternoon to young and old, both men and women.

A ball game between the local team and the mill team was an exciting feature in which the local nine carried off the honors. The only regretable things were that Roy Doyle received a painful bruise in the face from being hit with a ball and Lennie Getters suffered a broken arm in a fall. The community spirit was certainly manifested, the day passing with every one co-operating to the fullest and all hoping for many more such occasions. The funds to cover expenses were received through subscriptions, the sale of ice cream and lemonade, and show a balance of over $50 in the treasury after all bills are paid.

At the business session, which was held following the dinner, the matter of organizing a permanent society was discussed and adjournment taken until Monday evening when at a meeting held in the M. P. church parlors an organization known as the Community Improvement Society, was perfected. Articles pertaining to such an organization were adopted and the following officers were elected:

President, Rev. J. C. DeRemer; first vice president, Rev. Samuel Tamblyn; second vice president, Mrs. C. J. Smith; third vice president, A. D. Davis; secretary, Mrs. Chas. Gorham; treasurer, Mrs. Amos Underwood.

The meetings will be held the second Monday in each month at the school house. This is realy the beginning of better things for our little town while already has a place on the map, being noted for its beauty and pretty dwellings and in every way worthy of the very best. Plan to attend the meetings and become a member and do all you can to boost.

Hoaglands Have Reunion.

The descendants of John and Wilhelmina Hoagland met Saturday, August 16, for their annual family reunion with Mr. and Mrs. L. C. Hoagland in Blissfield. About 50 were present to enjoy their generous hospitality. Among the number was Kenneth Hoagland, who had returned from France only the week before. The important feature, dinner, was served at the home of Mrs. T. V. Hoagland, who resides near by. Following dinner, at the business session the officers for the coming year were chosen as follows:

President, Chas. Foote; secretary, Mrs. C. F. Brown; treasurer, E. R. Smith, and historian, Mrs. Marion Stone. The records show that during the past year there have been 9 deaths, 1 birth, and 1 marriage. A remarkable record is, that out of the nine men of the family who enlisted all are home but one, Harold Osterhout, and he is on his way. The afternoon passed all too quickly in social converse and after the serving of ice cream and cake the merry crowd wended their way homeward hoping to be present at their next reunion which will be held at Herbert Smith's, south of town.

Mr. and Mrs. Cyrus Smith and daughter, Mrs. D. Lyon and Hortense, of St. Johns and Mrs. Emma Miller, of Rea were here, going over with the people who attended from this place.

Todd Family Has a Gathering.

The descendants of William Todd, Mrs. Wm. Taylor and Mrs. Nicholas Willis, known as the members of the Todd family, met for their annual reunion Saturday at the pleasant home of Mr. and Mrs. Frank King near Deerfield. The day was all to be desired and the guests entered with zest into the spirit of the occasion. Dinner was served on the lawn and was an enjoyable feature. Covers were laid for fifty-five.

The business session that followed resulted in the election of the following officers:

President, Alonzo Lidster; vice president, Albert Sutton; secretary-treasurer, Miss Mary Taylor; historian, Mrs. Mike Lidster.

There have been four marriages, two births and two deaths recorded during the past year. After an enjoyable time in social converse, ice cream and cake was served and good byes said, all hoping to meet next year with Mr. and Mrs. Alonzo Lidster.

Mrs. Fred Anderson and children of Tecumseh, Mrs. Leo Witt and baby and Miss Nellie Millvard of Toledo were present from away.

JACKSON COMMUNITY SERVICE BUREAU

A Community Can Prosper Only By the Support of Its People

District Buying is an Investment

Did you ever stop to think what establishes the value of the home you live in, the property you possess or the position you fill?

In a sparsely populated district without railways, improved highways, educational or community advantages of any kind, real estate has little or no value.

The settler would have no market for his crops. His children would grow up in ignorance for the lack of schools. There would be no patronage to support the merchant and no work for the mechanic.

On the other hand put into this same district the necessary people to develop its natural resources and we have a progressive community with its varied industries resulting in increased property valuation and good wages for common and skilled labor. The faster the community developes, the greater increase in wages and property values.

IT'S COMMUNITY TEAM WORK THAT COUNTS

The community in which you live must produce, either directly or indirectly, everything necessary for your own existence.

The factory could not operate without labor, labor could not exist without the merchant, nor the merchant without the farmer. The interests of the whole people of the district are necessarily mutual.

Every dollar produced in this district and spent elsewhere increases the property valuation and wages of that particular district. In order to obtain the greatest benefits from the dollar that YOU produce in this community, it is imperative that you buy in your district everything that you use or consume, as in this way and in this way only, can you employ the team work and co-operation which is absolutely necessary for the better development of the whole community.

BUY IT IN THE DISTRICT AND YOU'LL HAVE MORE MONEY TO BUY WITH

If your neighborhood store does not have "just what you want" come to Jackson where merchandise, prices and excellent store service make it a pleasure to shop.

Sketches a Vivid Word Picture of Trip to Kentucky

CARL V. WISNER SENDS MOTHER ENTERTAINING LETTER

Auto Journey South Envolves Traversing Dangerous Hills and Treacherous Curves; Scenery is Strikingly Beautiful Says Writer.

A vivid word picture of an auto trip from Chicago to Kentucky is drawn by Carl V. Wisner of the Windy City in a letter to his mother, Mrs. A. B. Wisner, R. F. D. No. 1, Clinton, Mich., which the recipient has permitted The Herald to publish. Mr. Wisner, who is now a prominent and successful attorney in Chicago, was formerly a resident of this vicinity. He recently took his family to Louisville, Ky., in his auto and then returned to his home, to prepare for an extended business trip. His letter to his mother detailing the overland journey to the south teems with interesting descriptions of the picturesque territory traversed and will no doubt be perused with absorption by readers of The Tecumseh Herald.

The letter follows:

Chicago, Ill., Aug. 14, 1919.

Mrs. A. B. Wisner,
R. F. D. No. 1, Clinton, Mich.,

Dear Mother:

At home after a hard day's work in the office. A letter from Grace this morning says that she and Catherine are all right and having a good time, though it is still very dry and no indication of rain. Just called up Will Gibbs expecting to find that he and family were away on vacation but he tells me the strike in the railroad yards has spoiled his vacation. Edie and Harry are over at Tipton and you have doubtless seen them before this letter reaches you. Have had a good day and am feeling fine as can be.

I must write you of our trip to Kentucky—one of the most interesting in many ways we have taken. Thursday morning at 7:30 a. m., we started. We had expected to start about 4 a. m. and I had the alarm o'clock set but neglected to wind it and it stopped short at 3 a. m., hence we slept until 6 a. m. However, we made good time as the weather was cool and fine. Our road led straight out from South Chicago, through Hammond, Ind., cross Lake George through the factory district of Hammond and East Chicago, due south over a level country with wonderful macadamized roads. We followed the "Adeway" which is named for George Ade, famous son of Indiana, whose home town and famous farm the road passes.

Forty-two miles out we were at Cedar Lake, Ind., a famous resort on a lake about two miles long and a mile wide, situated among some very picturesque hills. The road winds around the lake and the scenery is very beautiful. We had spent a day there last year and enjoyed the place very much indeed. From Cedar Lake we travelled practically straight south for another hundred miles over level country with fine farms, crops just as fine as could be, through Ade, Kentland, Fowler, to Attica. We crossed the Kankakee river just south of the little town of Lake Village and for miles and miles drove through what were in a former day known as the "Kankakee Marshes," now nearly all reclaimed and growing the finest kind of crops. The history of the reclamation of these marshes is an industrial epic—effort after effort, many men thinking the job was done only to have a flood season sweep out their ditches and embankments and leave the triumphant workers bankrupt and the work to be refinished.

At last the job is done and for 50 miles you ride through a country as level and rich and as well improved as your Ogden country below Adrian. In one thing Northern Indiana, or at least this section, is ahead of Michigan or any other rural country we have seen. That is in country school buildings. In 200 miles between Chicago and Indianapolis, we did not see a single school building but showed up-to-dateness and good taste, nearly all of two or more rooms, built of brick with fine architectural effects and with grounds surrounded by trees and an apparent recognition and effort for scenic and artistic values. This is probably due to the adoption of the township unit system of schools, which results in concentration of the school money and the building funds in one or two buildings with several teachers, instead of having the effort scattered over eight or ten small districts.

Fowler is a very pretty town. I rememberd that Sadie Taylor lives there but did not recall her last name or know where she lives. On the way back, I should like to stop for a moment and see them. You might write me her name and address.

Corn is a fine crop in this section but the farmers complain that while they have wonderful straw on small grains, that the yield is very light.

At Attica, a most beautiful little city, we crossed the Wabash river, which flows through the town between very high banks. The bridge is about a quarter of a mile long and seems three miles long, as every plank and bolt shakes and squeaks in a fearsome way to the tourist. From Attica, we drove to Crawfordsville, a most beautiful city of 5,000. It was the home of Gen. Lew Wallace who wrote "Ben Hur" and his home is preserved with many curious, original manuscripts, etc., but we were anxious to "get on" and did not stop. From Crawfordsville we drove over the Dixie Highway directly into Indianapolis, through many pretty towns. We noted a large number of idlers in each town and little farm work except thrashing going on. We noted also a perceptible change in the dialect of the people. "You all" and the slurring of words indicated that we were wending our way southward.

We got a puncture about 10 miles out of Indianapolis and spent some time changing a tire. We had picked up a ten penny nail against which no tires are proof. We got to Indianapolis about 6 o'clock all tired out and hot and decided to go no further. We went to the Hotel English and engaged a room, cleaned up and went out to see the town. It is very interesting particularly the Soldiers and Sailors monument on the Circle, which our window at the hotel looked out upon. It is a remarkable work, 285 feet high with many heroic statues and ornamentations. It was designed by a German artist from Berlin. Catherine immediately condemned it as bad art on the authority of the Book of Knowledge, and with the superior wisdom of 12 summers, indicated how it could be improved. It seemed to me a trifle "heavy" and quite German in design.

The capitol buildings are close at hand, overlooking the White river, which cuts a deep channel through the heart of the city. They are not so imposing as those at Madison, Wis., or Springfield, Ill. Indianapolis is a fine city, well worth visiting. We retired early and slept the sleep of the tired travelers, leaving a "6 o'clock call" with a kind of hope that the clerk would forget us and we could sleep until 8, but no such luck. I hustled out for the car, gas, oil and water and changed a tire. By the time it was fixed and I had returned and we had breakfast and had stowed away our grips and had the thermos bottle filled with ice water, it was 8 a. m.

We started for Louisville, driving out around the Capitol buildings and through the retail business section on to the Dixie Highway gaily, planning to get to Louisville for lunch, 134 miles away. Little did we realize what was in store for us. For 25 miles we spun along over good roads—then comes a detour which made us climb over a small mountain of a hill about two miles long, beside which Marshall Hill is good, smooth going. However, that is passed and we drop on to a wonderful brick road which takes us directly into Martinsville, a town of 5,000, noted for its springs and health resorts. It is a beautiful place on the banks of the White river, with high bluffs all around. These bluffs were beautiful to look at—until we found we had to climb them. The next 35 miles were sure some drive. It was turning and twisting, going up a hill two or three miles long, as steep, most of the way, as your Marshall hill, turning at almost

Walter Exelby and Edgar J. Exelby,
Plaintiffs,
vs.
William McFetridge, John Herritage, Peter C. Vrooman, Martin Vrooman, Addison J. Comstock, William W. Murphy, George Oxeloy, Witter J. Baxter, John Exelby, Charles Underwood, Britton Oil Company, Phineas Spencer and the unknown heirs, devisees, legatees and assigns of each and every such named defendant,
Defendants.

At a session of said court held at the court house in the city of Adrian on the 13th day of August, A. D. 1919.

Present, Honorable Burton L. Hart, Circuit Judge.

Upon reading the bill of complaint filed in this cause, duly sworn to by the plaintiffs from which it satisfactorily appears that the defendants hereto have some titles, interests, claims, liens or possible rights to the premises described in said bill of complaint and hereinafter described, and said plaintiffs averring that all of the titles, interests, claims, liens or possible rights of said defendants and each of them are barred by the open notorious, exclusive and continous possession of said plaintiffs or their grantors for more than fifteen years last past, and for more than fifteen years since the several rights to the possession thereof accrued to said defendants and that such possession has been during all of said time and still is adverse and hostile to the titles, interests, claims, liens or possible rights of the respective defendants and their predecessors in title; that plaintiffs have not been able to ascertain whether the said above named defendants and their unknown heirs, devisees, legatees and assigns or any of them are living or dead, or where they or any of them reside, if living or whether the title, interest, claim, lien or possible rights of said parties or any of them has been assigned to any person or persons, or if dead whether they or any of them have personal representatives or heirs living, or where they or any of them reside, or whether such title, interest, claim, lien or possible right may have been disposed of by will, although they have made diligent search and inquiry.

On motion of John C. Howell attorney for plaintiffs, it is ordered that the above named defendants or their several unknown heirs, devisees, legatees and assigns, cause their several appearances to be entered herein in the manner provided by law on or before the first day of December, A. D. 1919.

It is further ordered that this order be published or served as required by law.

Burton L. Hart,
Circuit Judge.

The above entitled suit involves the title to and is brought to quiet and clear the title of land described in said bill of complaint as follows:

That certain piece or parcel of land situated in the township of Ridgeway, Lenawee County Michigan, described as the West one-half (½) of the Northwest quarter (¼) of Section Fifteen (15), Town Six (6) South, Range Five (5) East, containing 80 acres of land more or less. 10-9

How Uncle Sam Says a Poultry House Should be Built

Uncle Sam is a pretty wise old boy and what he says about building a poultry house looks good to us.

His Farmers' Bulletin No. 574 says that the "prime essentials in poultry houses are fresh air, dryness, sunlight, and space enough to keep the birds comfortable." These are good points to keep in mind when building your new poultry house.

We like to be of the greatest possible service to our customers. We are not in business to just sell building materials, but also to help show you how to use the material to your greatest advantage.

We have sold all kinds of material for poultry houses for many years. Naturally, we have learned some things while doing this that may be profitable for you to know. This information is free. Let us talk it over.

MANY bed-ridden sufferers from backache and rheumatic pains owe their condition to the fact that they neglected the first warning of kidney trouble.

Prompt action at the first sign of disordered kidneys will prevent much suffering. Keep the blood stream pure by keeping the kidneys healthy and the poisonous waste matter that causes pain and misery will be eliminated from the system.

Foley Kidney Pills

have brought relief to thousands of suffering men and women who were afflicted with backache, rheumatic pains, stiff or swollen joints, sore muscles, dizziness, puffiness under eyes, floating specks, biliousness, bladder weakness, loss of appetite or other symptoms of kidney trouble.

Mrs. Sam C. Small, Clayton, N. M., writes: "In January I was taken bad with my kidneys and bladder. I had been in bed two months, but kept getting worse. Then I got so bad something had to be done. We noticed an advertisement in the Clayton News for Foley Kidney Pills and we sent for some. They have done me more good than all the medicine I have taken."

United Doctors Specialist

Brings the knowledge of their Organization and Experience in their Successful Treatment of

THOUSANDS OF CASES
Offers Services Free of Charge

The United Doctors is an organization of reputable, licensed physicians. They are all specialists in the treatment of certain diseases. They treat without surgical operations diseases of all internal organs, stomach, intestines, constipation, piles, liver, spleen, heart, nerves, skin, rheumatism, sciatica, goitre, tape-worm, leg ulcers, and all long standing, deep seated diseases. Many years experience. The complete record of thousands of cases successfully treated prove that their methods are right. They were among the first to earn the name.

"BLOODLESS SURGEONS"

Each staff member has at his command the knowledge and resources of the organization. Many people suffer from diseases that can be alleviated just because they cannot afford to go to high priced Specialists and Hospitals at a long distance from their home. No community has a sufficient number suffering from these diseases to support special Hospitals for their treatment and cure. The United Doctors have solved the problem. Their highly trained Specialists go to each community and will advise a proper course of treatment for the sufferers and instruct them how to take care of themselves at home. No matter what you have been told or the experience you had with other physicians, consult him on this visit. It costs nothing. If your case is incurable he will give you advice as may stay and relieve the disease. Married ladies must come with their husbands and minors with their parents or guardians.

SKETCHES A VIVID WORD PICTURE OF TRIP TO KENTUCKY

Continued from Page Nine)

right angles to again drop down into a valley and repeat the process twenty or more times.

It was most picturesque and beautiful if one could forget a boiling radiator and avoid speculating on what would happen if your brakes gave way on you or your engine stalled or someone ran into you on a curve. We were fortunate, no other tourists had the courage to follow this road.

We finally reached Bedford, the center of one of the world's greatest stone quarrying industries. This country is of personal interest to me as I used to do a great deal of work for the Bedford Stone Company, Western Stone Company and other stone quarries controlled by the Monon R. R. Company. At Bedford we had dinner, still 80 miles from Louisville, but thankful to be over some of the hills. We left Bedford at 2 o'clock and the remainder of the road to Louisville is still hills, covered bridges over rivers—a covered bridge gives me the shivers. It echoes every squeak and rattle of its long, long life and is a dark and gloomy cavern in which you are sure to wonder if the thing will hold up. If I am going to drop through a bridge, I want to be able to see myself drop and not go down in the semi-twilight of a covered bridge.

At 6 after much climbing, we emerged on the bluffs above the city of New Albany, about 200 feet above the Ohio river, and a fine sight it is to look down on the city. We traveled down about two miles winding around and reached New Albany. We were directed to the Louisville bridge, found it, paid 35 cents toll and drove across into Louisville. The bridge is probably three-quarters of a mile long. It seems two, as we were 100 feet above the river and could see for miles further on either way.

Grace called up Bess by long distance telephone while I inquired the road to Bloomfield, 42 miles away. We started out about 7:30 on a wonderful road to Jeffersontown, 11 miles out. It got dark about 20 miles out. Grace insisted on driving as it is her own country and we felt our way along up hill and down, turning and twisting, going through covered bridges spooky to the nth degree at night, go through dry creek beds instead of bridges and finally arrived at Bloomfield and two miles more to Bess' place, arriving all sound and no breaks, at a little past 10. Our speedometer showed 402 miles from our door at 5805 Blackstone Ave.

Saturday we visited around among the kin folks. Sunday afternoon, we drove over to Bardstown, 12 miles away. It is a most interesting and instructive place. It is the county seat and one of the oldest towns in the state. We passed Federal hill, the home where Stephen Foster wrote "My Old Kentucky Home" and went out to St. Joseph Catholci church which was established in 1808. It is a very beautiful building and has some of the finest paintings in America—one hanging over the altar is an original Rembrandt—the Crucifixion, for which it is said over $100,000 has been refused. Many of the paintings in the church were donated by Louis Philippe, King of France, the "citizen king" who succeeded Louis XVIII, who was the king restored by the allies after the fall of Napoleon, who the French people soon kicked out and the rising of the sentiment of liberatism in Europe prevented the kings being put back.

During his exile from France, in the Napoleon era, he lived a number of years at Bardstown and later presented the cathedral with a wonderful bell. Not far from Bardstown is a Trappist Monastery, one of the few in the world. All who enter leave the world behind and the laws of silence and meditation during the life of the one who enters is rigidly enforced. No woman is ever permitted to enter the grounds, as women are supposed by that order to be particularly sinful and a peculiarly cunning invention of the devil. There is one of this order in Paris and it was stated that one of the vexed religious questions in France during the present war was as to whether these gentlemen should forgo the devotions long enough to help whip the Germans. The author of the Garden of Allah describes most minutely the life and organization of a Trappist monastery in Algeria. I think you read the book here in Chicago. If not, it is well worth reading for its wonderful description of the desert and its semi-oriental mysticism. It contains also a wonderfully enlightening description of the philosophy of the educated Mohammedan.

I have written more than you will want to read.

Ever, your son,
Carl.

P. S. One of the things that has made this trip interesting to me was the reading of a number of years ago of John Muir's books, among which was his description of a journey he made on foot in the late '60s south through Kentucky to Florida, sleeping out in the open and botanizing all the way. I glanced at it again this evening and some of the descriptions seemed as true today that I jotted it down. Here it is:

"I have seen oaks of many species in many kinds of exposure and soil, but those of Kentucky excel in grandeur all I had ever beheld. They are broad and dense and bright green. In the leafy bowers and caves of their long branches dwell magnificent avenues of shade, and every tree seems to be blessed with a double portion of strong, exulting life."

"Kentucky is the greenest, leafiest state I have ever yet seen. The sea of soft temperate plant green is deepest here."

I wish I could give you an accurate picture of Kentucky, or rather of the atmosphere of the south, which strikes you as you cross the Ohio. You feel it in the whole scheme of life, in the buildings and people, an absence of the tense, purposefulness of the people of the north. A look of interest is in the face of almost everyone you meet, a fine sense of physical well being and of genial friendliness and tolerance, a subtle recognition of the importance and dignity of every human being by virtue of his existence, a total absence of that curious detached stare of semi-cinical appraisal one so often meets in the north, a kind of armed neutrality attitude or of blank indifference. Perhaps this is all a notion of mine. I think not. I believe they have evolved and preserved a fine philisophy of living which the nation as a whole could ill afford to lose.

I will greatly appreciate the return of all extra milk bottles. Please give your milk man a milk bottle shower. M. B. Johnston. -8-28

We Vouch for Them

Of all the tires that are made,—why do you suppose we *prefer* to sell United States Tires?

Because they are made by the biggest rubber company in the world. And they know how to build good tires.

They have choice of materials,—they have immense facilities,—they employ *many* exclusive methods.

They can go to greater lengths in testing, improving and perfecting the things that make good tires.

We find it good business to sell United States Tires.

And—you will find it good business to buy them. They are here—a tire for every need.

United States Tires are Good Tires

We KNOW United States Tires are GOOD tires. That's why we sell them.

THE MOST DANGEROUS DISEASE

No organs of the human body are so important to health and long life as the kidneys. When they slow up and commence to lag in their duties, look out! Find out what the trouble is—without delay. Whenever you feel nervous, weak, dizzy, suffer from sleeplessness, or have pains in the back—*wake up at once*. Your kidneys need help. These are signs to warn you that your kidneys are not performing their functions properly. They are only half doing their work and are allowing impurities to accumulate and be converted into uric acid and other poisons, which are causing you distress and will destroy you unless they are driven from your system.

Get some GOLD MEDAL Haarlem Oil Capsules at once. They are an old, tried preparation used all over the world for centuries. They contain only old-fashioned, soothing oils combined with strength-giving and system-cleansing herbs, well known and used by physicians in their daily practice. GOLD MEDAL Haarlem Oil Capsules are imported direct from the laboratories in Holland. They are convenient to take, and will either give prompt relief or your money will be refunded. Ask for them at any drug store, but be sure to get the original imported GOLD MEDAL brand. Accept no substitutes. In sealed packages. Three sizes.

BRITTON

Mr. and Mrs. Ernest Hoagland and Grace returned Sunday from New York state, having been called home by the death of her sister, Mrs. Eugene Cheever.

The Misses Alta and Alma Cooper left Saturday for a visit with relatives in the northern part of the state before going to their school work in Sebawing.

Mr. and Mrs. Will Larrabee and Miss Luella Haynes came Wednesday from Detroit to attend the picnic. Mr. and Mrs. Larrabee remained the rest of the week.

Mr. and Mrs. Emerson Taylor and son, Stanley, who have recently returned from Los Angeles, Calif., are spending the week with relatives. They will reside in Adrian.

Friends here are pleased to know that Aubrey Pocklington, who was recently operated upon in Ann Arbor, has so far recovered as to be able to return home Sunday.

Mr. and Mrs. John Taylor and daughters, Mary and Grace, Mr. and Mrs. Geo. Taylor and Mr. and Mrs. Ford Exelby and baby spent Sunday at Maybee, attending a camp meeting.

Mr. and Mrs. W. L. Underwood, Mrs. Pirl Robison, Mrs. Henry Bachman and Mrs. H. Martin were in Ann Arbor Monday to see our sick ones in the hospital there. They report all as doing fine.

Guests the latter part of the week at Frank Miller's were Mr. and Mrs. Garrett Mattis of Willis, Mrs. Bertha Kent of Detroit, Mr. and Mrs. Walter Campbell and daughter, Bertha, of Onsted and Miss Josephine Mobbs of Tecumseh.

Friends will be pleased to learn that Harold Osterhout, the first young man to enlist from this community, has left Germany for Brest and expects soon to sail for home. He has been across the greater part of the time since he entered the service.

Several from here attended the funeral of Mrs. Eugene Cheever in Tecumseh Monday. Mrs. Cheever was a former resident of this place, growing to womanhood on a farm east of town. There are many friends who extend sympathy to the bereaved ones.

At a called meeting held Monday evening in the M. P. church the Red Cross unit in this place was disbanded. The money, something like $300, was turned over to the county chapter. We are very proud of our work here, and if necessary the work can again be taken up.

No More Worries Over Excessive Coal Bills

It is not generally known that even the small coal consumer can have his coal shipped direct from the mines, thus saving the profits that otherwise would go to wholesaler and retail dealer, besides saving hauling expense. Of course, big manufacturers and other large consumers have always bought this way, but the man who buys only enough for his household is now in position to take advantage of the same purchasing privileges. The well-known BERNICE COAL CO., 1348 Como Building, Chicago, is doing an enormous business in supplying small consumers—as well as the big ones—with all grades of hard and soft coal at mine prices.

That these customers are highly pleased is evidenced by the letters they write after receiving and trying their coal. The following are extracts from several such letters: "Have found your coal entirely satisfactory and your dealings courteous and fair. I shall continue to buy my coal from you."—Ed. G. Gereka, Burlington, Ia. "More than pleased with it. Please quote me prices on same coal for December."—Arthur Churchman, Alexandria, Ind. "Well pleased with it. Expect to buy more from you."—Fritz Bros.; Pompell, Mich. "Coal arrived on time; has given entire satisfaction; am exceedingly well pleased. Wish to thank you for your courteous treatment in our dealings."—M. B. Ford, Franklin, Ky.

FERTILIZER PRICES NOW SHOW BIG DROP

East Lansing, Mich.—Fertilizer price lists for fall delivery which have recently been issued show a drop in prices which ranges as high as 25 to 30 per cent for mixed goods. Acid prosphate is only one dollar a ton lower than last spring's price, but there is a decided drop in all mixed fertilizers. Prof. A. C. Patten, experiment station chemist at the M. A. C., says that prices are set now and predicts that there will be no further drop this season. This means that farmers are safe in buying now for fall delivery.

MORTGAGE SALE

WHEREAS, Lee A. Deyo and Hazel A. Deyo, husband and wife, and George H. Miller and Herma E. Miller, husband and wife, on the 17th day of January, 1919, made and executed a mortgage to Edwin R. Farwell, to secure Eleven Thousand Dollars ($11,000.00) payable five years after date with interest at six per cent per annum until maturity and seven per cent per annum after maturity; interest to be paid semi-annually, which mortgage was recorded in the office of the Register of Deeds in and for the County of Lenawee and State of Michigan on the 20th day of January, A. D. 1919, at 4:20 o'clock p. m. and recorded in Liber 213 of mortgages, on page 168; and

WHEREAS, it was in and by said mortgage expressely agreed, that should any default be made in the payment of the said interest, or any part thereof, on any date whereon the same was payable, as expressed in said mortgage, and should the same remain unpaid and in arrear for the space of thirty days then and from thenceforth, that is to say after the lapse of the said thirty days—the principal sum of Eleven Thousand Dollars mentioned in said mortgage with the arrearage of interest thereon should, at the option of the said Edwin R. Farwell, his executors, administrators or assigns, become and be due and payable immediately thereafter, although the period limited in said mortgage for the payment thereof might not then have expired, anything thereinbefore contained to the contrary thereof in any wise nothwithstanding; and

WHEREAS, it was in and by said mortgage further expressly agreed that the said mortgagors, within forty days after the same became due and payable would pay all taxes and assessments, special or otherwise, which should be levied upon the lands described in said mortgage; and

WHEREAS, it was in and by said mortgage further expressly agreed that the said Mortgagors would keep all buildings erected upon said lands insured against loss and damage by fire with insurers and to an amount approved by the Mortgagee as a further security to said mortgage debt and assign and deliver to the Mortgagee all insurance upon said property; and

WHEREAS, said Mortgagors have neglected and refused to pay the interest which became due on the 17th day of July, (A. D. 1919, or any part thereof, and have neglected and refused to pay taxes levied upon the said lands described in said mortgage within forty days after the same became due and payable, and have neglected and refused to procure the said insurance against loss and damage by fire as stipulated by and in said mortgage; and

WHEREAS, More than thirty days have elapsed since said interest became due and payable pursuant to the provisions of said mortgage, and since said default in the payment of taxes and the procuring of insurance and the undersigned has elected and hereby elects that the whole principal sum shall become and be due and payable immediately, and

WHEREAS, there is due on said mortgage at the date of the first publication of this notice the principal sum of Eleven Thousand Dollars ($11,000.00), together with interest thereon from the 17th day of January, 1919, in the amount of Three Hundred and Ninety-Three & 84-100 Dollars (393.84); Taxes paid by the undersigned in the amount of One Hundred and Fifty-six & 12-100 Dollars ($156.12) and interest thereon from the 16th day of June, 1919, in the amount of one & 97-100 Dollars ($1.97); and Two & 30-100 Dollars ($2.30) paid by the undersigned to procure insurance on the 27th day of June, 1919, making altogether the sum of Eleven Thousand Five Hundred & Fifty Four & 23-100 Dollars ($11,554.23), and on suit or other proceeding has been instituted at law to recover the debt secured by said mortgage or any part thereof; and

WHEREAS, by virtue of said defaults in the conditions of said mortgage the power of sale therein contained has become operative:

Notice is therefore hereby given that by virtue of said power of sale and for the purpose of realizing the moneys above claimed to be due, together with interest thereon and costs of this proceeding, including a lawful attorney fee and any sums which may be hereafter expended for insurance or taxes upon the property in said mortgage described and conveyed, I will, on Saturday, the 15th day of November, A. Camel CIGARETTES

CAMELS supply cigarette contentment beyond anything you ever experienced! You never tasted such full-bodied mellow-mildness; such refreshing, appetizing flavor and coolness. The more Camels you smoke the greater becomes your delight—*Camels are such a cigarette revelation!*

Everything about Camels you find so fascinating is due to their quality—to the expert blend of choice Turkish and choice Domestic tobaccos.

You'll say Camels are in a class by themselves—they seem *made to meet your own personal taste* in so many ways!

Freedom from any unpleasant cigaretty after-taste or unpleasant cigaretty odor makes Camels particularly desirable to the most fastidious smokers. And, you smoke Camels as liberally as meets your own wishes, for they never tire your taste! You are always keen for the cigarette satisfaction that makes Camels so attractive. Smokers realize that the value is in the cigarettes and do not expect premiums or coupons!

Compare Camels with any cigarette in the world at any price!

18c. a package

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

Correct Lubrication Adds Life and Power to Your Tractor

YOUR tractor represents a large investment which must be protected. You can protect it best by care in the selection of the lubricants used to eliminate friction from the moving parts. By using the correct oil you not only increase the life of your machine, but you add to its power, for much power is used in overcoming friction.

The Standard Oil Company (Indiana) manufacturers three lubricating oils for tractors.

Heavy Polarine Oil
Stanolind Tractor Oil
Extra Heavy Polarine Oil

One of these oils has the correct lubricating body for your particular tractor. The nearest Standard Oil representative has a chart, prepared by our Engineering Staff, indicating which of these oils will enable your tractor to give the best results, and he will be glad to show it to you.

Write for 100-page book "Tractor Lubrication." It is free and will be of great interest and usefulness to you. Read it carefully, apply the information given, and you will be able to keep your tractor in service longer.

Prayer meeting Thursday evening at 7:30.

A fine day Tuesday added to the success of the Sabbath school picnic of the Baptist church. Plenty of autos came to the church to convey the whole crowd to Wampler's lake. The fun began at once. Plenty of boats were arranged for and 123 were at the tables that were filled with goodies. After dinner a lively game of ball was played between the boys and the men, the men winning by a narrow margin. Pastor Curtis acted as umpire. The boys found that the men had played before, while the men were convinced that it would not be long they would be able to handle that bunch of boys. Sports of various kinds followed the ball game, such as three legged race, 100 yard dash, tug of war, pitching quoits, etc. All came home saying "That was a real Sabbath School picnic."

A farewell reception will be given at the church Friday evening for Lillian Cole by the B. Y. P. U. and Sunday school. Miss Cole has been a very efficient worker in both of these organizations, and we shall miss her very much. She will move to Adrian next week.

SIXTY-NINTH YEAR. NO. 47. TECUMSEH, MICHIGAN, THURSDAY, SEPTEMBER, 4, 1919. Published Every Thursday.

Re-Opening of Tecumseh School

OUR POPULAR EDUCATIONAL INSTITUTION

High School Enrollment 263, an Increase of 48 Over Last Year—Total Enrollment, 538—Agriculture and Commercial Courses Popular.

Strictly modern in its appointments and equipment, Tecumseh's new school building is an attraction that seems almost impossible for the young folks seeking education to resist, consequently the building is practically filled and its capacity was taxed at the opening of the fall term Monday.

The total enrollment yesterday morning was given as 538 pupils, the high school claiming 263 of these. The increase in the high school over last year is 48, an exceedingly healthy growth. To accommodate the extra pupils it was necessary to enlarge the seating capacity of the assembly room, to which two rows of seats (about 40) have already been added and the prospects are that more will be needed. The number of "foreign" pupils is estimated at about one hundred.

Popular courses of study are agriculture and commercial and these classes are full to their capacity. Physical and military training, also popular, will not be started until next week. The military company will be equipped with guns which are here ready for use.

Enrollment began Friday and continued through Saturday and Monday. Regular classes started Tuesday in short periods and yesterday morning full class periods were assumed.

The enrollment by grades is as follows: Kindergarten, 29; first grade, 30; second, 38; third, 41; fourth, 41; fifth, 47; sixth, 49; making a total in the grades of 275. Included in the enrollment are three post-graduates taking advanced courses.

Headed by Superintendent E. E. Crampton, with the capable assistance of C. W. Price, principal, Tecumseh school can boast a most excellent faculty, with a corps of instructors secord to none.

Following is the complete list of teachers:

E. E. Crampton, superintendent.

C. W. Price, Grass Lake, principal—Physics, chemistry.

Lois Donaldson, Calumet—French, English.

Ilda Bosworth, Lansing—Latin, history.

June Brooks, Jackson—English, physical training.

Hazel Miller, Hartford—Mathematics.

Alice Wimple, Tecumseh—Arithmetic, civics, history.

AUCTION SALES

This is the open season for auction sales and several are scheduled to be held in Tecumseh and vicinity within the next few weeks. On September 6 Mrs. E. J. McDonald will sell a large number of household articles at 210 N. VanBuren St. and September 23 Mrs. Gertrude Jackson will have a sale at her farm in Clinton township. Parties contemplating auction sales are reminded that giving them publicity in The Herald will bring such sales to the attention of all the residents of Tecumseh and for many miles around the city and will assure a large attendance. Be sure and list your aucton sales at this office; expert advice regarding advertising such sales furnished free.

BREWER & CO. NOW TIE WITH THE CLERKS

Two teams are now tied for first place in the City Baseball league. The Clerks, who have held this position several weeks, were defeated Aug. 28 by the H. Brewer & Co. nine and now both of these teams have won three contests and lost one. The score of this important battle was 10 to 2.

Heesen Bros. and H. Brewer & Co. were to meet Tuesday but the former failed to appear and this game will have to be played off later.

This evening the Clerks and the American Steel and Wire men are scheduled to oppose each other.

IMPORTANT MEETING OF AMERICAN LEGION

All ex-service men are urged to attend the meeting Friday evening, Sept. 5, of the Tecumseh post of the American Legion as very important matters are to be considered.

The meeting will be held at 7:30 in the new club rooms of the post over Hay's bakery. Questions in regard to details of the club rooms are to be discussed and other matters will come up and a large attendance is hoped for.

Buried Alive By A Gravel Slide

Chris Christiansen Has Narrow Escape at the Benedict Pit.

Chris Christiansen met with an accident Friday, the wonder being that he lived. With Merrill Murphy, son of Mr. and Mrs. James Murphy, he was loading his wagon in the Benedict pit, northeast of town, when the bank caved in and he was buried all but one hand. Merrill dug frantically until he had the dirt cleared away from Mr. Christianson's head, but could not lift the great clods which were holding him down. Then the rescuer ran for help. At the first home no one was present and then he hastened on to the next, fearing that his friend might be dead before he got help. Fortunately he found George DeShetler at his house and the two rushed back just as John G. Murphy drove in. The three dug the injured man out and a passing auto took him home. Since then he has been confined to his home, for the first two days very ill, but now improving. The wagon was smashed beyond repair.

Local Foodstuffs Are Sent Abroad

Tecumseh's food stuffs are getting into the foreign market rapidly. The Quaker Oats Co. is shipping our Macaroni directly from the home plant to Norway and The Wm. Hayden Milling Company is working night and day getting out a shipment of eight carloads for the government for foreign export. This will probably be assigned to Turkey or Armenia as the government has to help feed those countries. It really makes Tecumseh seem quite some food city to see these immense shipments.

FAST JACKSON TEAM TO BE HERE SUNDAY

Independents Have No Trouble in Trouncing Adrian and Tipton Players.

It will be the American Oils of Jackson who will oppose the Tecumseh Independents at League park next Sunday afternoon and a spritely contest is looked for. The Oils have been overcoming all opposition in Jackson like the Independents have here so when these two aggregations meet in combat here Sunday the encounter should be of a spicy variety. The game will start at 3 o'clock.

On Labor day and last Sunday the locals won by dint of heavy hitting, pounding out a victory on the Sabbath against Tipton, the score being 7 to 6, and overwhelming Adrian on Monday with a 20 to 5 victory.

Howe and Van Giesen were the battery for the home nine on Labor day, Gruell, Ries and Field officiating for the county seaters. Tecumseh got at least twenty hits in this clash two of them being home runs. The visitors got eight hits. Howe was the first one to make a circuit drive getting it in the first inning. Charles Hanna made one in the eighth.

Babe Skinner started the rally in the Sunday game which resulted in a victory for the home players. In the fifth inning the score was 5 to 2 in favor of the Tipton men. When Skinner came to bat in this inning there were two on the sacks so he poked out a home run. After the smoke of the battle had cleared away it was found that Tecumseh had a total of 7 runs while the opposition could show but 6. Howe retired six batsmen in this contest by the strikeout method. Van Giesen did the receiving for the Independents and Warner and Treat were the battery for the losers.

GOOD SHOWS SEEN BY A LARGE CROWD

An enormous crowd attended the street show last night and seemed to enjoy the program to the full. One of his numbers disappointed him but Manager Jones was equal to the occasion, filling in with Harry Hall, baritone, from Adrian and the local boxers, Roy VanWinkle and Bernard Hastings.

First on the program were the three DeLongs, man, woman and little girl, in acrobatic stunts. Next the O'Neil Bros. entertained with jokes, songs and dances. The Freeland brothers, hand balancers, were great, one of the best stunts of the sort this season. Harry Hall was in splendid voice and the wrestling match held the crowd till the end. Floyd Woodcox acted as referee. Once Hastings was knocked off the platform but was pulled back and went at it again. Both were lively and were roundly cheered.

Two weeks from last night they will again appear in six 2-minute rounds.

Rev. Rex Preaches Labor Day Sermon

Says Organized Workmen Have Almost Omnipotent Power Today; Lord Pays Double.

In recognition of Labor Day, Rev. W. A. Rex of the Presbyterian church preached on Sunday morning a labor sermon, using this text "Ye know your labor is not in vain in the Lord." He announced himself as a strictly union labor man, and the chaos in organized labor circles all over the world made this theme decidedly timely right now. He said organized labor today has almost omnipotent power, but too often the labor troubles have arisen from unpreparedness.

The world work is done by mental sagacity, physical skill or both, but it is not the thinker who causes the strikes. When we think of labor troubles, we think of the men who work with their hands rather than the thinker.

Rev. Rex, as in previous discourses lamented the fact that the average pay of our teachers is so much less than that of the men in our shops. Yet the man who works with his brains goes ahead of the man who works with his hands. If it had not been for the dreamer there would be no work for the man who labors with his hands. Right here he "handed one" to the lazy man and lauded the inventor, who makes it possible to give work to thousands.

Capital would have a hard time doing without labor and vice versa, each is dependent on the other.

The man who labors to produce is doing the "work of the Lord." Whether the man who brings the food to our table is doing the same will be the theme next Sunday. What is true of the world labor is true of work in the church — although there may seem to be apparent dearth of results, still the labor is not in vain. God moves and works quietly yet he accomplishes what he sets out to do. We ought to be grateful for the chance to labor and the Lord has a chance for everybody. Right now this church is opening her work after a month's vacation and we have lots of jobs open, with double pay in all work for the Lord. In the world we may have poor pay but in the Lord's work comes our pay here and pay hereafter. Double pay.

FREDERICK B. WOOD III

Jolly Party of Little Ones at J. N. Satterthwaite Home.

Frederick B. Wood III of Sacramento, Cal., gave a jolly baby party at the home of his grandparents, Mr. and Mrs. J. N. Satterthwaite, Friday afternoon, his mother and grandmother assisting. His guests were accompanied by their mothers and grandmothers where possible and an afternoon full of excitement ensued. Everybody's baby was good as gold and all lively as crickets. Refreshments were served.

In the list of guests were George, Grace and Mary Widdifield, Helen Sanford, Austin Gibbs Barber, Barbara Crane, of Evanston, Ill., Benj. J. Pulver jr., Dorothy Beach of Dexter, Helen Rosacrans, Douglas Lenardson of Britton and Elizabeth Ann Taylor of Detroit. Mrs. C. F. Patterson and her big cat dressed in long baby clothes and bonnet, and Miss Edna Brown of Detroit with a nice soft rag doll with charming corn silk hair, so life life, added their part of the fun of the afternoon.

SGT. HAROLD HARDY AND HIS BRIDE HERE

Sgt. and Mrs. Harold Hardy have been guests of his parents, Dr. and Mrs. P. B. Hardy, since Thursday.

Mr. Hardy, who is well known here and a prime favorite with the younger set, was married August 26 to Miss. Bertha Livermore of Independence, N. Y., at the bride's home. They were attended by Miss Emma Clark of Andover, N. Y., as bridesmaid and Clarence Hardy, brother of the groom, as best man. The ceremony was performed by Rev. Walter L. Greene of Andover.

Before coming to Tecumseh the couple enjoyed the sights at Buffalo and Niagara and upon their return will reside on the Hardy homestead, near Andover, N. Y. The bride, who was a schoolmate of Harold in the Andover high school, afterward was graduated at the Geneseo Normal and was a very successful teacher. Harold after his graduation from the M. A. C. was across in the service of the A. E. F. returning only last March.

Their Tecumseh friends join in the best of good wishes.

BRADLEY STARTS THE SEASON AUSPICIOUSLY

Manager Mark started his season's shows with a great production. It is seldom we are given the first night of any show, but this was true of "My Honolulu Girl," which played here Thursday evening to a packed house. Not only was the true color given the show by the "shredded wheat" skirts of the chorus and the volcano scene of old Kilauea, but there are with the show five Hawaiians, four making an orchestra of ukeleles and guitars and one an excellent dancer.

As a whole the show was a great starter for the season and was thoroughly enjoyed.

COMES HOME FOR A VISIT, BRINGS BRIDE

Clifford Ladd was home from Morenci Sunday and Monday and brought a bride. On Saturday he had married Miss Otha Herr of Morenci. After a visit with his mother, Mrs. Ladd and his sister and brother-in-law, Mr. and Mrs. H. K. Hay, they returned to Morenci Monday evening, where Clifford has a good position.

Rev. G. W. Olmstead of Adrian performed the ceremony at his parsonage.

Union Services To Begin On Sunday

Methodist Church Invites All to Attend; May Show Movies.

It is announced that the community church services are to be resumed on Sunday evening, September 7, at the Methodist Episcopal church.

Rev. C. M. Thompson, the pastor, has prepared a sermon on the topic, "Does Death End All?"

It is possible that Bunyan's "Pilgrim's Progress" will be shown in motion pictures.

Special music is to be a feature of the service and everybody is invited to attend. The meeting begins at 7:30 p. m.

LILLIAN COLE HONOR GUEST AT TWO PARTIES

Mr. and Mrs. Floyd Bryan happily entertained The Good Cheer class of the Baptist church, their husbands and sweethearts at their country home Thursday evening, honoring Miss Lillian Cole, who was leaving the first of the week for her new home in Adrian. The guests enjoyed many stunts and games on the lawn and the hostess served refreshments. The party broke up at a late hour, the guests extending their best wishes for the happiness of Miss Cole in her new home.

On Friday evening Miss Cole was again honored by her Baptist friends when about the whole church assembled in the church parlors and spent a very happy evening. Games, visiting and the serving of refreshments were on the program and Miss Cole was presented with several pieces of ivory as a [illegible] of their appreciation of [illegible] the Sunday [illegible] and the [illegible]

Prowl[illegible] On Dark Nights

Tecumseh is getting a not very enviable reputation for hold-ups. The trouble began when the electric lights were shut off on account of a damaged turbine at the plant. And it brought a lasting appreciation of those same lights.

Several instances have been related of prowlers and women and girls being grabbed. In every instance the fellow ran when spoken to, but it is certainly very annoying, to say the least. Extra police men are watching some of the darkest stretches of walks and should the offender be nabbed there is an assortment of irate citizens waiting to settle with him.

McCONNELL-STAHLER

Popular Tecumseh Girl Becomes Bride of Well Known Raisin Young Man.

Miss Lula Stahler and Norman McConnell were quietly married Sunday afternoon at the home of the bride's parents, Mr. and Mrs. A. W. Stahler, on North Union street. Rev. W. R. Curtis of the Baptist church performed the ceremony, using the ring service. Only the immediate families were present and the couple were unattended.

The bride wore a handsome gown of taupe broadcloth, carrying a bouquet of bride's roses. The rooms were decorated with potted plants and fall flowers.

The young people preceded their guests to the dining room where a delightful supper was served, only they didn't wait to eat but left by the back door. They had noticed a party of their friends near the house with a truck waiting for the fun and thought they had better go while the going was good, so without hats or wraps they ran from the house toward the north part of town, with the young folks in hot pursuit. They hailed a passing auto when near the Mulvaney yards and the last seen of them was Lula's laughing face and waving hand. They will reside on the groom's farm in Raisin.

Miss Stahler for several years has been an efficient book-keeper at the office of the Tecumseh Co-Operative Ass'n and is known well and favorably over this vicinity. Mr. McConnell, the son of Mr. and Mrs. Lee McConnell, has resided all his life in Raisin and is also highly respected as an honorable, hard working young man. Both are devoted workers in the Baptist church. They have the best wishes of the community.

LAD SHOT WHILE PLAYING WITH GUN

A lad named Winters coming from Boyne City, who has been for a few weeks a guest at Lloyd Woodcox's in Brownville, on Tuesday shot himself while fooling with a rifle. The ball went into his thigh. He was taken to Dr. Hammel's office and the ball located and wound dressed.

PARISH PICNIC IS PLANNED

FOR MEMBERS AND FRIENDS OF ST. PETER'S CHURCH

Organization Activities Resumed—Interesting Meeting of Ladies' Guild Tuesday Afternoon—Vestry Meeting.

Activities in organization work were resumed when Tuesday afternoon the Ladies' Guild of [illegible] church held an inter[illegible] the parish [illegible] attendance [illegible] ladies being in evidence.

Among the important things discussed and planned was a parish picnic to be held next Thursday on the church lawn, weather permitting. In case of inclement weather the affair will be held in the parish house. Hoping to make this event a pleasant home-coming or family reunion, every member of the parish (including family) is urged to participate.

Plans were outlined for the winter meetings which will be held every Tuesday afternoon, beginning September 16, at which time the united offering boxes are to be collected.

Discussion was also had over plans for the attendance of a delegation of ladies at the great triennial convention in Detroit next month. This important epoch in Episcopalean church life should be attended by as many members as possible, for it is an opportunity of a life time.

Committees were appointed for the meetings for the next three months, when work is to be done for an Indian school in the west.

Meeting of Vestry.

Tuesday evening a meeting of the vestry was held in the parish house. No business of importance was transacted, but some interesting topics, including finance and the tri-ennial convention were discussed.

AMERICAN LEGION HAS SECURED CLUB ROOMS

Underwood-Orr post, No. 34, American Legion, has secured club rooms and will now be able to provide amusement for its members and the public. The Tecumseh world war veterans have taken over the rooms over Hay's bakery, which will make excellent quarters for club rooms and an assembly hall.

Possession of the entire second floor of the bakery has been secured and there will be a reading room, dining room and kitchen and adequate quarters for the amusement of the heroes of the conflict with Germany.

To plan some of the details of the new quarters, there will be a meeting of the post members Friday evening at 7:30 at the club rooms and it is desired there be a large attendance.

GIVES A DINNER PARTY FOR MRS. R. B. STUCKEY

Honoring Mrs. R. B. Stuckey who leaves soon for West Virginia Mrs. L. P. Williamson entertained a party of ladies Friday evening at her home at dinner. In the party were Mrs. Stuckey, Mrs. Dale Hodges, Mrs. Bert Gray, Mrs. E. T. Rosacrans, Mrs. Fred Dickinson, Mrs. J. M. Artman, Mrs. J. M. Mulvaney, Mrs. J. D. Service, and Mrs. W. L. Jones.

WILLING WORKERS HAVE A PLEASURABLE MEETING

The Willing Workers of the Culbertson District held a very interesting meeting at the William Gibson home Tuesday evening with thirty-five in attendance. Wade VanValkenburg, recently home from over sea service with the marines, told of his experiences and the people he saw. Carl Christiansen, who enlisted in the army in April, 1917, was also present and told of his life while attached to the radio division of the Signal Corps. Carl was in the battle of Chateau Thierry and lived for some time in the trenches.

Wilbur Boyce gave one of his pleasing solos, "If Im Not at the Roll Call," and the balance of the evening was passed with music and socially. Ice cream and cake were served.

Editorial Comment

Week after next Lenawee's big exposition will be in full swing. There are fairs and fairs, but there is only one Lenawee county fair, when farm and manufacturing products of our own big county are placed on exposition by and for our own people. It is the only week in the year when the people of Lenawee are brought face to face with the great productiveness of our county, both along agricultural and manufacturing lines. It is the big annual gathering place of the people of the county and the return home of those who have left in late years to seek fortunes elsewhere. It is a great place of meeting, renewing of old acquaintances and the forming of new.

In late years it has been a popular movement in communities to close shop on one day and everybody take in the fair—storekeeper, farmer and village resident. Let's do it this year. Thursday is the big day—let's make it Tecumseh day and everybody take a holiday.

The success and countinance of a county fair depends entirely upon community support. It is a community movement extended over the entire community. It is a good movement educationally and socially. Let's keep it going.

Tecumseh merchants are bargain dispensers. And the people of this city and vicinity are quick to take advantage of an opportunity to get merchandise at reduced cost.

Both of these facts and the fact that Herald advertisements are constantly watched by the host of readers were emphatically substantiated last Saturday when the Tecumseh business men held a Dollar Day.

The Merchants offered bargains in all lines of goods and the people showed their confidence in the local dealers by purchasing liberally, realizing that the money-saving inducements were genuine.

The distinct success which Dollar Day proved to be also demonstrated what can be accomplished by advertising and co-operation. Practically all of the merchants participated in the special price lowering occasion, which no doubt brought people to Tecumseh who seldom come here to do their shopping. As they received such big value for their money it is safe to assume that these people will be more frequent customers of the local dealers in the future.

From all view points Dollar Day was successful, the dealer and the buyer both being benefitted.

Centralized schools are growing in popularity each year and it will be only a question of a very short time when villages of any size will be supplying desk room and teachers for the children of the rural districts.

The great rush of young folks seeking eduaction to Tecumseh's splendid new high school building the opening day of school almost overwhelmed the superintendent and faculty, and it looks that while we builded well we did not build large enough for even the near future. Happily, however, the new building is so constructed that additions can be made without crowding the site too much, nor injuring the appearance of the fine structure, and such a course may be necessary to accommodate the youths of the community.

With salaries up and the supply of teachers limited, small school districts can ill afford to keep a school in session. The good roads movement will also strengthen the centralized school idea to such an extent that we must prepare to take care of the new situation that will surely confront us. With all the year around good roads the centralized school will loom up strongly and it will be impossible to stem the tide of the modern educational idea.

The paved highway is assured as far as the number of signatures to the petition is concerned. Enough property owners along the route have realized fully the easy manner to procure the improvement and the great benefit to be derived therefrom that they did not need any coaxing to place their names on the paper. The desire to make the petition as nearly unanimous as possible has kept the committees busy longer than really necessary.

Tecumseh village now owns its own street oiling apparatus and the chances for a dustless city next year are excellent. The machine was put into commission the latter part of last week and the first of this week was doing good work in spraying the oiled street a second time.

There will probably not be much oiling done the balance of the season, but next spring the council will no doubt be prepared to make Tecumseh as dustless as possible, for the method is gaining in popularity and the demand for oiled streets will grow.

An individual, a town or a community cannot stand still and progress. We must individually and collectively keep ever moving forward and onward. By the way, remember it pays to advertise.

BRADLEY OPERA HOUSE ATTRACTIONS

Kanui's Hawaiians Friday and Saturday.

Patrons of the Bradley opera house are certainly getting some first class attractions offered for their entertainment, and as Hawaiian music is sweeping the entire country at the present time, Manager Mark is trying to get his share of this class of entertainment for his patrons. This week Friday and Saturday, Sept. 5 and 6, the Bradley offers for your approval Kanui's Hawaiians, a big time vudeville act with six native Hawaiians and featuring Princess Leota in her sensational Hula Hula dance and David S. Kanui, known as the master of the steel guitar.

The big Hawaiian act is booked in connection with feature pictures, and you know the class of pictures shown at the Bradley. A complete change of both pictures and acts each evening. Dainty little Vivian Martin will be seen Friday evening in "Jane Goes a Wooing" and on Saturday evening charming Constance Talmadge will appear in "Mrs. Leffingwell's Boots."

Kanui's Hawaiians is the same big act which has just finished a two week's engagement at the family theatre, Adrian, to capacity houses. They were first booked into Adrian for one week only but gave such excellent satisfaction and drew such enormous crowds that they were held over for the second week. They will be at the Bradley for the two nights only.

Douglas Fairbanks Big Feature Sunday.

Douglas Fairbanks, one of the biggest drawing stars on the screen at the Bradley, will be seen there Sunday evening, September 7, in his first big seven-act feature with his own company, entitled "The Knickerbocker Buckaroo" which is claimed to be the longest, the most pretentious, funniest, most exciting Fairbanks picture ever attempted and after you see the six thousand, seven hundred feet of thrills and laughter, you will say that it is all it is claimed to be and then some.

Six solid months were required in the making of "The Knickerbocker Bucharoo" hundreds of actors, magnificent settings, the lease of a complete railroad system, engines, cowboys, Mexicans, New York club men, pretty girls, and villians are all employed in the making of this great feature which it is claimed cost a quarter of a million to produce.

Every foot of film is packed with punch and laughter. It'll make you gasp and laugh and applaud and yell for more when the seven big reels have been run. "The Knickerbocker Buckaroo" means the best evening's enjoyment you have ever had and to make it doubly so a special orchestra will furnish the music for the evening. Remember the date, next Sunday evening only.

"A Night In Honolulu."

"A Night in Honolulu" which comes to the Bradley opera house next Tuesday, September 9, is a story of a Hawaii which immediately suggests a myriad of thoughts to the stranger, especially the American. One pictures Hawaii as a land of sunshine, of flowers and of music. One cannot bring the sunshine of Hawaii to our land, nor the flowers in their glorious radiance, but the music is another matter. The Americans have taken the beautiful, wistful music to their hearts as they have no other. The quaint "Ukelele" now holds a favored place in our homes. In "A Night in Honolulu" one may hear the veritable native musicians chant their weird melodies, hear the mournful prayer of death or the gay care-free hula music. It all has a peculiar fascination for us and is an opportunity not to be missed.

"A Night in Honolulu" is a big road attraction, with a wealth of beautiful scenery and some wonderful electrical effects among the important ones being a volcano in eruption which is claimed to be the most realistic scene of its kind ever produced on the stage. Don't get it into your head that "A Night in Honolulu" is a motion picture for it is not, but one of the biggest scenic productions coming to the Bradley this year, a series of realistic scenes of startling loveliness, gorgeous costumes and surprising electrical effects. A play of love and beauty as fascinating as "The Bird of Paradise."

ENJOYABLE PARTY AT FRED MARSH HOME

A jolly crowd met at the home of Mr. and Mrs. Fred Marsh last Friday evening. A bountiful pot luck supper was served at 7, the rest of the evening being spent visiting. Those present were the Messrs. and Mesdames Loyd Whelan and daughter, Glenola, Floyd Freeman, Albert Foster and Misses Hazel Stahler and Ellen Smith, Chas. Hanna and Ed Rogers. Those from Adrian were Mr. and Mrs. Will Hanna and Mr. and Mrs. Roy VanAntwerp, and Mrs. Campbell and daughter, Della, of Toledo.

Fox Squirrels To Be Protected Here

Council Passes Ordinance Prohibiting Killing of Animals; Danger Zone Along Railroad Tracks.

Although the state game laws have made from October 15 to 31 an open season on fox squirrels, it will be illegal to kill these animals in Tecumseh during these two weeks. The village council, at its regular meeting last Monday evening, passed an ordinance which prohibits the slaying of fox squirrels here, the penalty for violation of the ordinance being $100 fine and costs or ninety days in jail or both, as the court may decide.

Marshal Mominee called the attention of the trustees to the fact that motorists continue to park their cars too close to the New York Central tracks on Evans street and suggested that a lime line be drawn along the tracks to show how far autos should be kept away from the railroad in order to avoid being hit. The marshal reported that the engineer of one train has announced that he would not stop hereafter to have automobiles moved before he could pass, but would let his train shove the vehicles out of the way. The street committee was given authority to establish a lime line for the benefit of auto parkers.

Attention was called to the fact that of late a number of street lighs in various parts of the city had been out several evenings.

Considerable trouble has been experienced with the roof of the engine house, the gravel failing to remain in place. William Owens, who does this sort of work, appeared before the council and recommended that the gravel be all taken off the roof, the felt layer painted and the gravel then put back on and painted, assuring the trustees that this treatment would remedy the matter. The building committee was given power to act.

The meeting of the council was held the evening of Labor Day and it is believed the absence of Trustees Barrett and McCoy was due to the fact that they were enjoying the holiday.

LIME SHOWS PROFIT ON MICHIGAN SOILS

Big Increase in Yield per Acre Follows Fertilizer Tests at M. A. C.

East Lansing, Mich.—That the yield per acre on many Michigan soils can be increased tremendously by the use of lime and complete fertilizers is shown by figures recently given out by Dr. M. M. McCool, Head of the Soils Department at the Michigan Agricultural College. The figures are based upon extensive tests carried out in different parts of the state by the college soils specialists, and represent an accurate study of average conditions.

In fertility tests carried out on light soils in Southwestern Michigan by Dr. McCool and G. M. Grantham, the use of lime alone is found to increase the acre value of rye from $19.75 to $37.25. The use of lime and a high grade complete fertilizer in the same series of tests increases the acre value to $49.80. The complete fertilizer used was composed of fifty pounds of nitrate of soda applied at the time of seeding, fifty pounds applied in the spring as a top dressing, and two hundred and fifty pounds of acid phosphate and one hundred pounds of potash applied to soy beans the previous year.

The typical heavy soils of Central Michigan were also found to respond well to treatment. Tests carried on by Dr. McCool and C. E. Miller returned $16.20 per acre above the cost of treatment when an application of lime and acid phosphate costing $3 per acre was made. Where lime, nitrogen, phosphoric acid and potash, costing approximately $10.00 per acre were used, the returns were $43.50 per acre above the cost of treatment, showing clearly the actual cash returns from the use of proper fertilizers.

Information regarding fertilizers and tests to determine the proper fertilizers for any soil may be had by writing to M. M. McCool, Soils Department, M. A. C., East Lansing.

AMERICAN LEGION HAS A ROUSING MEETING

There was a large and enthusiastic meeting held at the Detroit armory August 27 of service men to further the campaign for increased membership of the American Legion. The hall was filled to more than its seating capacity and many were turned away. This meeting was typical of the nonpartisan policy of the Legion, the three principal speakers being A. H. Gansser, a republican in politics; Judge Connelly, a democrat, and Lieut. Col. Theodore Roosevelt, who presumably voted the bull-moose ticket.

Mr. Gansser, of the 32nd division and prominent in the old national guard circles, spoke of his experience in '98 and in France and told what the Legion had been doing in Michigan. Judge Connolly opened the campaign for a Memorial Hall for Detroit. Theodore Roosevelt, who served with the 26th infantry in the 1st division throughout the war, the principal speaker of the evening, told of the aims of the American Legion, to organize our 4,000,000 veterans into a body, not only for their own enjoyment and benefits, but also a body that will stand back of any policy of civic improvement, either local or national in its scope. Above all a body that will stand for "America for Americans."

ARMY WORMS WORKING ON MICHIGAN CROPS

Bad Outbreak in Thumb District —M. A. C. Tells of Control Methods.

East Lansing, Mich. — Reports of a dangerous outbreak of army worms in the Thumb district of Michigan, chiefly in Sanilac, Huron and Tuscola counties, have been received by the Entomology Department of the Michigan Agricultural College. The army worms, which derive their name from a habit of marching like an army from one field to another, destroy all crops they come in contact with, eating or cutting down practically everything. Reports indicate slight outbreaks in other parts of the state, but the chief danger seems to be in the so-called Thumb counties. The worms are later than usual this year, according to Prof. R. J. Pettit, M. A. C. Entomologist. They have been reported as doing great damage in neighboring states, chiefly Illinois and Ohio, but only recently put in an appearance in Michigan.

That the worms be checked in their efforts to spread or march to new fields is extremely important. Professor Pettit gives the following control methods:

"Two methods are in common use in restricting the progress of Army-worms. One depends on a barrier to keep the worms from spreading into new areas and the other is by means of poison bait which actually kills the worms. The barriers or ditches are of most use when the worms are marching and threaten new fields. The commonest barriers used consists of two or three, deep furrows, plowed around the area infected, and spaced 8 or 10 feet apart. Turn the furrows toward the advancing worms, in order that when the worms tumble in the furrows they will have to climb up the smooth, land side in order to get out then when these furrows fill up turn them under, thereby, leaving fresh furrows for the worms to fill. Now army worms work at night and during lowery weather and therefore, it will be necessary to keep watch of things all night for the few days that elapse before these worms get full size and descend into the ground.

"Poison baits are most useful when worms are scattered and also, they may be used in addition to the ditching. The following formula is one that has been very successful in the past and which is easily filled.

"Sift together 1 pound of paris-green or ¾ pound of white arsenic (not arsenate of lead) and 20 pounds of bran; add half a gallon of molasses or syrup and a little water, and stir in three oranges or lemons, ground fine in a food chopper, skins and all. This may be broad-casted over from 2 to 5 acres of land. It is very attractive to both cut-worms and to grasshoppers. Do not try to substitute any other poison for paris-green or white arsenic. Neither arsenate of lead or arsenate of calcium will do the work unless very large quantities of the poison are used. Neither should one use this bait where poultry are likely to pick up much of it, although the bait should be distributed in a finely broken condition rater than in lumps."

The Rebuff.

Bishop Flipper said in a brilliant address in Atlanta:

"The minister who tries to build up his congregation by strenuous work, house-to-house work, must of course expect a rebuff now and then.

"I know a young minister who was rebuffed by a little girl. She came to the door in answer to his ring, looked him up and down and said:

"Mother is suited with a minister, thank you.'

"Then she shut the door in his face."

However, as somebody remarked before, while there's life there's soap.

Government Quotation at Terminal Buying Point Determines Figure in Michigan.

East Lansing, Mich.—In response to a great deal of inquiry from farmers and grain dealers regarding technical points of handling this season's grain crop, the farm crops department of the Michigan Agricultural College requested F. B. Drees, secretary of the Michigan State Millers' Association, to state those points which in his estimation are most important from the standpoint of both grower and dealer in marketing of this season's crop. Mr. Dress is one the leading authorities of the state on grain handling questions, being the man selected by the Michigan State Food Administration to handle grain marketing and milling questions during the war. Detailed information on the federal grain grades and their application must be secured through the U. S. Grain Corporation.

Mr. Drees says, "The wheat guarantee law, for the carrying out of which the president appointed Mr. Barnes as wheat director, was fundamentally to guarantee the price to the producer. In the carrying out of this guarantee, it was evidently necessary to make use of the facilities already existing, namely the millers and dealers whose regular function was the handling of the wheat crop."

Mr. Drees quotes from the bulletins he has received from the government wheat director in order to clear up certain points about which there has been some question. The following quotation is taken from a letter from H. D. Irwin, second vice president of the U. S. Grain Corporation, to Mr. Dress, and clears up common causes of misunderstanding on the part of the farmer, the miller, and the dealer in regard to the way in which prices are fixed at local points in Michigan:

"It should be clearly understood that the country points base their prices for wheat on sea board, which ever market they reach to the best advantage. Deduct from sea board prices the freight, and reasonable handling margin (including the Grain Corporation charge of two percent) and you have the correct fair price to the farmers. Points like Detroit and Indianapolis stand just the same as some interior place such as Lansing and Kalamazoo. Country shippers need not base their price on Detroit unless Detroit offers a better market than elsewhere."

Bulletin No. 2, U. S. Grain Corporation, states as follows:

"Michigan producers, millers and dealers are particularly interested in red winter and soft white wheat. The guarantee price Chicago No. 1 red winter is $2.26; New York $2.39½; Philadelphia $2.39; Baltimore and Newport News $2.38¾. On No. 2 wheat the price at each point is three cents per bushel less than No. 1, and on No. 3 seven cents less than No. 1."

Bulletin 2, U. S. Grain Corporation, regarding selling privileges reads as follows:

"While every dealer will base his minimum buying price on his most advantageously reached terminal where the Grain Corporation maintains a buying agency, it does not follow that he must ship to that terminal. In other words, he may ship where he pleases and sell to whom he pleases."

Bulletin No. 2, U. S. Grain Corporation sets forth the country buying basis as follows:

"All wheat buyers under contract with the Grain Corporation MUST FOLLOW FEDERAL GRADES as closely as possible. They must establish No. 1 wheat as their buying basis; then deduct 3c for No. 2 and 7c from the No. 1 for No. 3. Grades below No. 3 must be bought on their merits at prices that will reflect their commercial value as compared with No. 1."

Mr. Irwin further states:

"Millers and shippers should bear in mind that on shipments to the Grain Corporation the war tax is one-half of one percent. The Grain Corporation commission is one percent, amount approximately to three and one-half cents per bushel. Also that the Grain Corporation will not make advances, either through payment of draft or otherwise."

COMPLETES SERVICE WITH U. S., RESUMES HIS COLLEGE WORK

Dr. and Mrs. Vernor C. Finch and son, John, of Madison, Wis., are spending the week at the home of their parents, Mr. and Mrs. O. B. Finch. They are returning to their home in Wisconsin after a year and a half in Washington, D. C.

In February, 1918, Dr. Finch was called to war service with the United States shipping board as a commercial expert. During the remaining months of the war he was engaged in the work of restricting unnecessary imports in order that ships might be diverted from ordinary trade to the movement of troops and supplies. Since January, 1919, his work has been studies of the trade and shipping of the United States in connection with plans for the operation of the newly built American merchant marine.

He will now resume his former work as associate professor of geography in the University of Wsiconsin.

FORMER TECUMSEH MAN PASSES AWAY IN WEST

Edward Vincent Beneway passed away at his home in Grand Island, Neb., Friday, August 29, at the age of 49 years. He had been confined to his bed over a month. The funeral was held from the home Monday, Rev. Rose of the Christian church of that city officiating. The remains were taken to Harvard, Neb., for interment.

Vincent Beneway was well known in Tecumseh, where he spent his boyhood days and resided up to some fifteen years ago when the family moved to Nebraska. His wife, who was Miss Alice Sisson, daughter of George Sisson of this city, the parents, Mr. and Mrs. George Beneway and two sisters, Mrs. Frank Purdy and Maude Beneway, survive.

Mr. Beneway was an electrician while here and continued his trade in the western city.

The wife and family still have many friends in Tecumseh, who grieve to hear of the passing of Mr. Beneway.

There are numberless relics of the great war, of course, but none of the others appeals to the average man so much as do his war saving stamps.

Wage squabbles that threaten to deprive infants and the sick of necessary food have an element of frightfulness that is not easily condoned.

One luxury which congress neglected to tax is that of discussing freely with your wife the other guests at last evening's bridge party.

MORTGAGE SALE

WHEREAS, Lee A. Deyo and Hazel A. Deyo, husband and wife, and George H. Miller and Herma E. Miller, husband and wife, on the 17th day of January, 1919, made and executed a mortgage to Edwin R. Farwell, to secure Eleven Thousand Dollars ($11,000.00) payable five years after date with interest at six per cent per annum until maturity and seven per cent per annum after maturity; interest to be paid semi-annually, which mortgage was recorded in the office of the Register of Deeds in and for the County of Lenawee and State of Michigan on the 20th day of January, A. D. 1919, at 4:20 o'clock p. m. and recorded in Liber 213 of mortgages, on page 168; and

WHEREAS, it was in and by said mortgage expressly agreed, that should any default be made in the payment of the said interest, or any part thereof, on any date whereon the same was payable, as expressed in said mortgage, and should the same remain unpaid and in arrear for the space of thirty days then and from thenceforth, that is to say after the lapse of the said thirty days—the principal sum of Eleven Thousand Dollars mentioned in said mortgage with the arrearage of interest thereon should, at the option of the said Edwin R. Farwell, his executors, administrators or assigns, become and be due and payable immediately thereafter, although the period limited in said mortgage for the payment thereof might not then have expired, anything thereinbefore contained to the contrary thereof in any wise nothwithstanding; and

WHEREAS, it was in and by said mortgage further expressly agreed that the said mortgagors, within forty days after the same became due and payable would pay all taxes and assessments, special or otherwise, which should be levied upon the lands described in said mortgage; and

WHEREAS, it was in and by said mortgage further expressly agreed that the said Mortgagors would keep all buildings erected upon said lands insured against loss and damage by fire with insurers and to an amount approved by the Mortgagee as a further security to said mortgage debt and assign and deliver to the Mortgagee all insurance upon said property; and

WHEREAS, said Mortgagors have neglected and refused to pay the interest which became due on the 17th day of July, A. D. 1919, or any part thereof, and have neglected and refused to pay taxes levied upon the said lands described in said mortgage within forty days after the same became due and payable, and have neglected and refused to procure the said insurance against loss and damage by fire as stipulated by and in said mortgage; and

WHEREAS, More than thirty days have elapsed since said interest became due and payable pursuant to the provisions of said mortgage, and since said default in the payment of taxes and the procuring of insurance and the undersigned has elected and hereby elects that the whole principal sum shall become and be due and payable immediately, and

WHEREAS, there is due on said mortgage at the date of the first publication of this notice the principal sum of Eleven Thousand Dollars ($11,000.00), together with interest thereon from the 17th day of January, 1919, in the amount of Three Hundred and Ninety-Three & 84-100 Dollars (393.84); Taxes paid by the undersigned in the amount of One Hundred and Fifty-six & 12-100 Dollars ($156.12) and interest thereon from the 16th day of June, 1919, in the amount of one & 97-100 Dollars ($1.97); and Two & 30-100 Dollars ($2.30) paid by the undersigned to procure insurance on the 27th day of June, 1919, making altogether the sum of Eleven Thousand Five Hundred & Fifty Four & 23-100 Dollars ($11,554.23), and no suit or other proceeding has been instituted at law to recover the debt secured by said mortgage or any part thereof: and

WHEREAS, by virtue of said defaults in the conditions of said mortgage the power of sale therein contained has become operative:

Notice is therefore hereby given that by virtue of said power of sale and for the purpose of realizing the moneys above claimed to be due, together with interest thereon and costs of this proceeding, including a lawful attorney fee and any sums which may be hereafter expended for insurance or taxes upon the property in said mortgage described and conveyed, I will, on Saturday, the 15th day of November, A. D. 1919, at the East front door of the Court House in the City of Adrian, in the said County of Lenawee and State of Michigan, that being the place where the Circuit Court for said County is holden, at ten o'clock in the forenoon of said day, sell at public vendue to the highest bidder all that parcel of land described in said mortgage and situated in the township of Seneca, County of Lenawee, State of Michigan, described as follows, to wit:

The East half (½) of the Northwest quarter (¼) and the East half (½) of the Southwest quarter (¼) of Section Eight (8) in Town eight (8), South of Range two (2) East, containing one hundred and sixty (160) acres of land more or less.

Why Have Tractor Troubles?

LUBRICATING oil is inexpensive — the cost of a burned-out bearing will pay for the lubricants necessary to keep the machine in order for months. The Standard Oil Company (Indiana) manufactures three lubricating oils for tractors—

Heavy Polarine Oil
Stanolind Tractor Oil
Extra Heavy Polarine Oil

One of these three is the correct oil for your tractor.

Our Engineering Staff has prepared a chart showing which one will give the best results in your particular tractor. The nearest Standard Oil representative will be glad to show it to you.

Write for "Tractor Lubrication," which you will find a valuable reference book of 100 pages and we believe it will save you many days of tractor idleness with the resultant money loss.

CHANCERY NOTICE

State of Michigan—The Circuit Court for the County of Lenawee in Chancery.

Walter Exelby and Edgar J. Exelby,
Plaintiffs,
vs.

William McFetridge, John Herritage, Peter C. Vrooman, Martin Vrooman, Addison J. Comstock, William W. Murphy, George Oxeloy, Witter J. Baxter, John Exelby, Charles Underwood, Britton Oil Company, Phineas Spencer and the unknown heirs, devisees, legatees and assigns of each and every such named defendant,
Defendants.

At a session of said court held at the court house in the city of Adrian on the 13th day of August, A. D. 1919.

Present, Honorable Burton L. Hart, Circuit Judge.

Upon reading the bill of complaint filed in this cause, duly sworn to by the plaintiffs from which it satisfactorily appears that the defendants hereto have some titles, interests, claims, liens or possible rights to the premises described in said bill of complaint and hereinafter described, and said plaintiffs averring that all of the titles, interests, claims, liens or possible rights of said defendants and each of them are barred by the open notorious, exclusive and continous possession of said plaintiffs or their grantors for more than fifteen years last past, and for more than fifteen years since the several rights to the possession thereof accrued to said defendants and that such possession has been during all of said time and still is adverse and hostile to the titles, interests, claims, liens or possible rights of the respective defendants and their predecessors in title; that plaintiffs have not been able to ascertain whether the said above named defendants and their unknown heirs, devisees, legatees and assigns or any of them are living or dead. or where they or any of them reside, if living or whether the title, interest, claim, lien or possible rights of said parties or any of them has been assigned to any person or persons, or if dead whether they or any of them have personal representatives or heirs living, or where they or any of them reside, or whether such title, interest, claim, lien or possible right may have been disposed of by will, although they have made diligent search and inquiry

On motion of John C. Howell attorney for plaintiffs, it is ordered that the above named defendants or their several unknown heirs, devisees, legatees and assigns, cause their several appearances to be entered herein in the manner provided by law on or before the first day of December, A. D. 1919.

It is further ordered that this order be published or served as required by law.

Burton L. Hart,
Circuit Judge.

Clerk of said Court.
John C. Howell
Attorney for Plaintiffs,
Adrian Michigan.

The above entitled suit involves the title to and is brought to quiet and clear the title of land described in said bill of complaint as follows:

That certain piece or parcel of land situated in the township of Ridgeway, Lenawee County Michigan, described as the West one-half (½) of the Northwest quarter (¼) of Section Fifteen (15), Town Six (6) South, Range Five (5) East, containing 80 acres of land more or less. 10-9

Commissioners' Notice—State of Michigan, County of Lenawee, ss.

In the matter of the estate of Samuel Steel, deceased.

The undersigned having been appointed by the probate court of said county, commissioners to receive, examine and adjust all claims and demands of all persons against the estate of said deceased, do hereby give notice that we will meet for that purpose at office of Wood & Rathblun, in the village of Tecumseh, Lenawee County, Michigan, on the 27th day of September, 1919, and on the 26th day of December, 1919, at two (2) o'clock in the afternoon of each of said days.

And that four months from the 26th day of August, 1919, are allowed by said probate court for the creditors of said estate to present their claims to us for examination and allowance.

Dated August 27th, 1919.

BIRTHS EXCEEDED THE DEATHS DURING JUNE

Forty-Seven Persons Died nIn Lenawee In Month of Brides and Stork Make 65 Visits.

Death removed forty-seven persons in Lenawee county in June and the stork brought sixty-five babies to this county during the same month, according to the Michigan bulletin of vital statistics issued by Secretary of State Coleman C. Vaughan, a copy of which has been received by The Herald. The death rate is 12.4 for 1,000 estimated population and the birth rate 17.2.

Influenza and cancer caused the most deaths, each disease claiming 3 victims. Three children less than one year of age passed away three of those who died were between one and four years old and twenty-three persons who were 65 or older expired.

There were 2,937 deaths reported to the department of state as having occurred in the state of Michigan during the month of June, 1919. This number corresponds to an annual death rate of 11.1 per 1,000 estimated population.

By ages, there were 412 deaths of infants under one year of age; 149 deaths of children aged one to four years, both inclusive; and 914 deaths of elderly persons, aged 65 years and over. Upon referring to deaths reported for the previous month it is noted that there is a decided decrease in the number of deaths reported for these important ages.

Important causes of death were as follows: Pulmonary tuberculosis, 181; other forms of tuberculosis, 36; typhoid fever, 27; diphtheria and croup, 40; scarlet fever, 8; measles, 26; whooping cough, 7; pneumonia and bronchopneumonia, 121; diahrrhea and enteritis under two years of age, 72; meningitis, 29; influenza, 33; cancer, 243; violence, 265. As compared with the month immediately preceding, a slight increase is noted in the number of deaths reported from typhoid fever, measles, meningitis and cancer. The other important causes listed above show a slight decrease. Among the deaths reported from violence were 14 railway; 6 electric railway; 34 automobile; 63 drowning accidents. There were also 10 homicides and 31 suicides; 7 from conflagration and 5 caused from lightning. In addition to the important causes noted above there were 3 deaths from tetanus; 4 from poliomyelitis and smallpox 2.

For the state as a whole, the average death rate from tuberculosis of the lungs for the five-year period was 84.5 per 100,000 estimated population. This may be taken as a general standard for the comparison of other rates. The rates for the indvidual years vary only slightly from this, the maximum, 91.7 being for the year 1918, and the minimum, 77.6 for the year 1914.

By geographical sections, the average rate is least for the central counties, and the greatest for the southern counties.

The average death rate of Michigan, 84.5, compares very favorably with the rates of the other registration states. Mortality statistics of the U. S. census for 1916 gives the folliowng averages for the five-year period 1906-1910: California, 184.3; Colorado, 225.9; Connecticut, 134.6; Indiana, 144.9; Maine, 124.7; Maryland, 182.3; Massachusetts, 144.6; Michigan, 84.9; New Hampshire, 118.2; New Jersey, 160.9; New York, 165.3; Pennsylvania, 122.4; Rhode Island, 161.5; Vermont, 104.7.

It would seem from such statistics as these that Michigan is most favorably situated with respect to mortality from tuberculosis of the lungs, and that the state in fact constitutes a great natural sanitarium for this disease.

"BLOODLESS SURGEONS"

Each staff member has at his command the knowledge and resources of the organization. Many people suffer from diseases that can be alleviated just because they cannot afford to go to high priced Specialists and Hospitals at a long distance from their home. No community has a sufficient number suffering from these diseases to support special Hospitals for their treatment and cure. The United Doctors have solved the problem. Their highly trained Specialists go to each community and will advise a proper course of treatment for the sufferers and instruct them how to take care of themselves at home. No matter what you have been told or the experience you had with other physicians, consult him on this visit. It costs nothing. If your case is incurable he will give you advice as may stay and relieve the disease. Married ladies must come with their husbands and minors with their parents or guardians.

NOTICE OF LETTING OF DRAIN CONTRACT

Notice is Hereby Given, that I, Conrad Ottgen, County Drain Commissioner of the County of Lenawee, State of Michigan, will, on the 18th day of September, A. D. 1919, at the outlet of the drain on lands of John Teufel on N W ¼ Section 12 Township of Macon in said County of Lenawee, at 10 o'clock in the forenoon of that day, proceed to receive bids for the construction of a certain Drain known and designated as "Hendershot Tile Drain" located and established in the Township of Macon, in said County of Lenawee, and described as follows, to-wit:

Improvement of Hendershot Tile Drain.

Commencing at station 24 of Macon Drain No. 8, at a point 8.80 chains south from the intersection of said drain with the north line of the part of N W ¼ Section 12 N & W of highways T 5 S, R 5 E, belonging to John Teufel and running thence as follows,—

to terminus at the intersection of the main line of Hendershot Tile drain. 15.00 chains west from the outlet of the same with the Macon Drain No. 8 and at the N. line of above described land of Teufel.

Total length of drain 17.44 chains. Diameter of tile noted above.

A strip of land 50 feet wide on each side of the center line of the drain will be necessary to hold the excavated earth and for other purposes in the construction of the drain.

Surveyed August 17, 1919.

J. L. Richard,
County Surveyer.

Said job will be let by sections. The section at the outlet of said drain will be let first, and the remaining sections in their order up stream, in accordance with the diagram now on file with the other papers pertaining to said Drain in the office of the County Drain Commissioner of the County of Lenawee, to which reference may be had by all parties interested, and bids will be made and received accordingly. Contracts will be made with the lowest responsible bidder giving adequate security for the performance of the work, in a sum then and there to be fixed by me, reserving to myself the right to reject any and all bids. The date for the completion of such contract, and the terms of payment therefor, shall and will be announced at the time and place of letting.

Notice is Further Hereby Given, That at the time and place of said letting or at such other time and place thereafter to which I, the County Drain Commissioner aforesaid, may adjourn the same, the assessments for benefits and the lands comprised within the "Hendershot Tile Drain Special Assessment District," and the apportionments thereof will be announced by me and will be subject to review for one day from nine o'clock in the forenoon until five o'clock in the afternoon.

The following is a description of the several tracts or parcels of land constituting the special assessment district of said Drain, viz:

Township of Macon, T 5 S, R 5 E

N 2 acres of that part, lying west of Macon No. 3 Drain, of 56 acres, N part of N W ¼ bd. N & E by Harmon; S by Booth and highway; W by highway;	Section 12

Now, therefore, all unknown or non-resident persons, owners and persons interested in the above described lands, and you Charles Hines as highway comissioner of the township of Macon, John Ladd as supervisor of the township of Macon, Jas. Harmon, Lottie Michelson, Carsten Michelson, Wm. Langham, Chas. E. Collins, J. W. Hendershot, R. W. Hendershot, Albert Gunder, Hester Gunder, Chas. Burleson, Oliver Donat, Anna Richmond, J. W. Hendershot, Harmon Hintz, Roy Whiting, John Teufel and Rose Teufel are hereby notified that at the time and place aforesaid, or at such other time and place thereafter to which said hearing may be adjourned, I shall proceed to receive bids for the construction of said "Hendershot Tile Drain," in the manner hereinbefore stated; and also, that at such time of letting from nine o'clock in the forenoon until five o'clock in the afternoon the assessment for benefits and the lands comprised within the Hendershot Tile Drain Special Assessment Districts will be subject to review.

And You and Each of You, Owners and persons interested in the aforesaid lands, are hereby cited to appear at the time and place of such letting as aforesaid, and be heard with respect to such special assessments and your interests in relation thereto, if you so desire.

Dated this 27th day of August, A. D. 1919.

CONRAD OTTGEN,
County Drain Commissioner of the County of Lenawee.

"SPOOKS" IS NOW AT HILLSBORO, S. D.

Editors Tecumseh Herald:

I left Hitchcock, S. D., August 4 and stayed over night at Fargo. I left Fargo the next morning arriving at Hillsboro at 7.10 and got a job at shocking that afternoon. That night it rained .0265 inches besides doing some damage with hail. Thursday morning found me working on an elevator about 40 feet high. It will be 65 feet high when finished, up where you get a fresh breeze. I thought so, as we had to stop work. Don't hold your breath when I tell you I get 50c an hour and work 12 hours a day. Board is $7. So I am doing quite well.

The wheat is poor and tests 51 to 56 pounds. Barley is light and chaffey. Oats are a fair crop, some go as high as 60 to 70 bushels per acre.

Was out and saw them thresh some wheat. It was poor looking stuff and full of barn grass. Potatoes are looking fine and are almost ripe. Corn is also practically ripe. Saw a field nearly fit to cut. It is short but well eared for a small variety.

Threshing is about half done. It is going to be a short job.

Two elevators burned here last spring and they are rebuilding one. That is how I got a job.

Have not seen my partners in three weeks. I expect them in a few days, as they had about three weeks work in South Dakota when I left and my job will last only about a week or ten days, then I move on.

There seems to be a great demand for small threshers, 23 to 28 inch machines, to be run by oil pull, as I have seen as many as twenty-two machines and eighteen oil pull on one train. Have seen only three steam engines go by, and there are few trains going through here that do not have an engine or thresher on.

Am working only two blocks from the depot and beside the tracks.

Hillsboro is the county seat of Trail county and is a nice town of about 1,200. It has five churches a picture show, and is supplied with alcole water.

MACON

The Lindsley School District Reunion.

The 4th reunion of the Lindsley school district was held in the grove north of the school house Thursday, August 28. Although not as generally attended as former reunions, the patrons of the district were well represented, and the occasion was most delightful. The change of place from the school house to the grove added greatly to both the pleasure and the interest.

A delicious picnic dinner at 1 o'clock was followed by an excellent program consisting of recitations, readings, roll calls of former years, historic reminiscences, etc. Of the class of 1868 twelve members were present.

A former teacher of 1860 attended and her remarks were gladly received, she closing with the selection, "When We Were Twenty, Tom." Rev. J. A. Somers of Dundee, and Joseph Howell of Washington, D. C., added words of appreciation and good cheer.

At the business meeting the following officers were elected:

President—Ellsworth Lindsley, Saline.

Vice president—Byron Rhoades, Saline.

Secretary—Hester L. McClue, Jackson.

Treasurer—Fred Abel, Saline.

An hour of sports, in which all heartily engaged, closed an afternoon of fun and sociability.

Mr. and Mrs. John Hall and daughter, Helen, and Mr. and Mrs. Fred Shough and family spent the week end visiting relatives of Bryan, Ohio, and also while there attended the Moon reunion.

Mr. and Mrs. E. M. Dewey were victims of a surprise party Friday night when a party of friends walked unannounced into their pleasant home. The evening was happily spent with music and conversation. A picnic supper was served.

Mrs. Almon Kuder received a message Monday evening saying that her father, Frank Walp, was seriously ill at the home of Mr. and Mrs. Elmer Hunter in Ypsilanti. Mrs. Kuder and son-in-law, Carl Auten, motored that evening to Ypsilanti.

The picnic given by the M. E. Sunday school last Friday in the grove on Floyd Spence's farm was largely attended. The day was perfect, the grove was ideal and young and old were attuned to enjoy it all. Games of various kinds were indulged in but for the boys the greatest enjoyment came from the swimming pool. A picnic dinner was served, to which all did justice.

Live—Don't Just Exist

HAPPINESS is life—and real happiness is found only in a real home. A real home is more than a house with a yard or farm around it. A real home is the place where the happy united family gather together for mutual enjoyment and recreation.

A real home is a place where father, mother, grandparents, children, friends are glad to come together and find enjoyment in each others company. If your home today is only a place where certain people meet to eat and sleep—then start right now to make it a real home. It is your *duty* to make your home a home *worth while.*

Now, if there is any way of providing any kind of home entertainment for old and young equal to the Edison Phonograph, we would like to know what it is.

Mr. Edison's instrument means more than a little fun and merriment. It means even more than happiness and the educational, refining influence of high class music, the study of languages, and the like. Yes, it means more. It means a family united at the fire-side by common interest. It means the fellowship of the loved ones about you—a *united* home.

How about next Sunday?

Allen McNeil was home from Detroit for Labor day.

Mr. and Mrs. Truman Crossman are visiting relatives at Bryan, O.

Mrs. C. A. Hooten returned yesterday from a visit in Detroit and Manchester.

James Cupples returned yesterday from a trip to Cincinnati and Indianapolis.

Floyd Williamson is out on a business trip to Ludington for the Big Chief garage.

Capt. and Mrs. Alex. Stephenson of Toledo visited Mr. and Mrs. Wm. Drake Monday.

Mrs. D. A. Allison, son and daughter of Saline were callers at Elmer Linn's Monday.

Mr. and Mrs. James Collins were in Milan for a Labor day visit with her father.

O. G. Hunt returned yesterday from a few days' visit with his son, Ralph, and wife, in Detroit.

Dr. E. D. Brown has just returned from a visit with his people near Port Colborne, Ont.

Mr. and Mrs. Ray Curtis of Onsted called at Rev. W. R. Curtis' and Wm. Drake's Monday.

Mr. and Mrs. John Sisson returned from Detroit Tuesday night where they had visited Mr. Sisson's daughter, who is critically ill.

Mr. and Mrs. Ed Brooks and sons, Milburn, Bernard and Archie, went to Detroit Sunday, leaving Milburn to attend the Detroit Business College.

James Ingersoll, daughter, Miss Edith, and Mr. and Mrs. Will Ingersoll of Chicago spent Sunday and Monday with Charles Whitier and family near Detroit.

Junior Meade, son of Mr. and E. Roy Meade, of Chicago was in town Tuesday, a guest of R. T. Meade and family. Mrs. Meade and the children are visiting her mother in Adrian. The family is planning to locate in Detroit

Mr. and Mrs. John Sisson and children and S. W. Boyce were in Deerfield yesterday for the funeral of Mr. Sisson's sister, Mrs. E. K. Bliss, who died last Sunday at her Wampler's lake cottage. Mrs. Bliss was known by many in the village.

Mr. and Mrs. R. S. Moore entertained over Sunday her nephew Glenn Munn, of New York City and Dr. Breitenwisher and family of Toledo. Mrs. Breitenwischer and children remained until today. Glenn Munn holds a fine position in the Sixth National bank of New York.

William Palman has leased the Gilbert and Hanford blocks adjoining. In the Hanford block, just vacated by Miss Owens' millinery store, he is already placing shelving for his shoe stock. He is purchasing the Gilbert grocery goods and to that adds his own stock of that line. An arch will be cut between the stores.

One woman coming down the street blessed (?) the oil on Chicago street yesterday in rather stout language. Her hat, a pretty white sailor, blew off and over across the sticky mess it rolled, landing wrong side up in a nice black puddle. The prestine beauty of that hat is gone beyond recall, but its the end of the straw hat season any way.

The district schools around town have opened their fall sessions this week. Mrs. Albert Benedict presides at the Strong district south of town, Miss Ila Eggleston at Newburg, Miss Laura Brown in the Waring school and Miss Igerra Croll in the Comfort district. The schools in the Waldron and Section districts are closed for the term and the pupils will be sent either to Tecumseh schools or elswhere as they choose.

Chicago street has been cut off to the east of the business section the last of the week and since Monday to the west for a couple of blocks on account of the second oiling of the street. At first Commissioner Kennedy only put "horses" across the middle of the street but in spite of this some autoist would be seen coming down sloshing through the mess so on Tuesday he procured long ropes and tied them to the trees on each side with signals. Then they stayed off.

During last week Supervisor Schreder has found his garden at the farm torn up and grape vines stripped by marauders. He went to the house, which is furnished but no one living there at present, and found everything in a mixup. Drawers had been over hauled and things stirred up generally. A shot gun and some other things are missing. Frank Pratt had driven some boys from his own garden so the work at the Schreder farm was laid to them. Since the lads have been apprehended and have confessed and will hear from the probate judge shortly.

Car of Barley in Transit

Should be here this week; this is whole grain and not salvage; guaranteed to arrive cool and sweet and equal to sample in our office. Farmers are grinding their own feed as much as possible during threshing season, and it will pay you to get a hundred bushels or more of this to grind with your oats or rye. It is much cheaper than bran or middlings, whole wheat or rye at present prices. We will sell this carload at $1.50 per bushel off the car. We will notify you when it arrives so you can get it off the car before demurage commences, otherwise an additional charge of 5c per bushel will be made.

We also have on hand a complete stock of Dairy, Hog, Poultry and other feeds, consisting as follows:

Larro,
Stevens 44,
Gluten,
Cotten Seed,
Oil Meal,
Calf Meal,
Oats,
Rye,
R. K. D. Hog Meal,
Course Chop Feed,
Tankage,
Sheep Regulator,
Hog Regulator,
Medicated Salt,
Winter Wheat Bran,
Flour Middlings,
Scratch Feed,
Intermediate,
Baby Buster,
Growing Feed,
Oyster Shells,
Cracked Corn,
Shelled Corn,

SEEDING TIME

Buy your Alfalfa and Timothy now; we have a limited stock of prime seed as good as we can buy, consisting of Montana and other northern grown seeds. Grimm's Alfalfa cannot be had at this time.

FERTILIZER

18% Acid Phosphate; three brands of Grain Grower (1-22), (1-8-2) and (12-2); Sulphate of Ammonia; Hydrated Lime; and Pulverized Lime Stone in sacks. We are considerably lower in price than other brands of fertilizer, considering analysis. Let us have your orders now for Pulverized Limestone and we will arrange it so you can get it off the car and save money.

FALL TOOLS

We have in stock McCormick and Milwaukee Corn Binders; Grain Drills; Disc Harrows; Spike and Spring Tooth Harrows; Cultipackers, Tubular Rollers; Walking and Sulky Plows; Manure Spreaders; Silo Fillers; Corn Huskers; Feed Grinders; Gasoline Engines; Webber and Turnbull Wagons; Farm Trucks; Clover Bunchers; Cream Separators; etc., etc.

HARNESS DEPARTMENT

We still have a few sets of Double Work Harness; Single Driving Harness; Whips; Robes; Stable Blankets; Storm Fronts; Collars; Sweat Pads; Halters; Neck Straps; Tie Straps, and other harness sundries.

FINANCE

Those having accounts with the Company will please call and settle, and do it now. Your credit is good, but we must have the money. The buying power of the original dollar is now equal to about fifty cents, and shortens up our captial so that we cannot carry these goods for you until you are ready to call for them, and then carry your account for an unlimited period after you do get them. We say this in a kindly spirit, and would appreciate your thoughtful consideration and immediate action.

CHURCHES WILL CO-OPERATE TO HIGHER DEGREE

SUNDAY, OCTOBER 5, IS TO BE RALLY DAY

Strengthening of Community Services Planned, Meeting Scheduled Friday Evening; Churches' Advised to Forget Self and Work for Tecumseh's Common Good; Rev. Howard Moore Speaker last Sunday.

Sunday evening saw the beginning of the Community services for the season, the Methodist church being sparsely filled. Rev. Howard Moore, superintendent of this quarterly meeting of the Friends, was the speaker. He took for his text "Seek ye First His Kingdom and His Righteousness."

First Mr. Moore asked the choir to "get from behind him," into the front pews so he would not be talking to empty space, then asking Rev. Thompson's permission he stepped to the altar and there delivered his address. He said in part:

"Your work for this season is to enhance God's kingdom in this community. We don't put the right things first. We're seeking always for something outside of ourselves—we ought to seek first the kingdom of God. There we have the right to participate, to declare our citizenship. One solution to our problem of the present unrest over the world is the teaching of God's word. Another question solved in God's kingdom is How shall we treat our enemies? The Friends in their reconstruction work in the old world are an example. They are carrying this work into Germany where the death rate among the children is awful, 65% suffering from tuberculosis.

"Peace prevails in God's kingdom. We should stand by that as loyally as we stand by our government and the president. We are now receiving a larger vision for the possibilities of God's kingdom.

"The field about us is white with the harvest. Out of a town of 3,000 there are less than 200 in this church. May our vision be enlarged to take in everyone in our town as well as the world. We are not only citizens of Tecumseh

Fair Is To Be The Best Ever

LENAWEE COUNTY EXPOSITION OPENS MONDAY

Special Features Will Be Highly Attractive—"Nothing too Good For Patrons" Is Motto—People Warmly Welcomed to This Year's Display.

More attractive features than ever before.

This is the slogan for the 1919 Lenawee county fair, which opens in Adrian next Monday, Sept 15.

The heartiest of invitations is extended to all to attend this year's display of Lenawee's agricultural manufacturing products.

It is announced by the fair management that all of the best old features of the fair have been retained with new and sensational ones added to make the annual exposition a bigger drawing card than ever. While this has meant a larger outlay of money, those in authority at the fair have adopted the motto, "Nothing Too Good For Our Patrons," and as a result are making it better each year regardless of the expense. And the growing attendance each fall proves that this investment is money well spent.

It is reported the prospects are that the various displays in the numerous departments are to be larger than usual and of a higher quality than in many years. The free attractions have been enlarged and strengthened, which will add to the interest taken in this year's display. One of the most pretentious free acts will be the Blanche McKenney-Hunter Racing Combination. This is termed one of the most up-to-the-minute and thrilling attractions on the road and includes a dozen head of thoroughbred running horses and six people, each of their many stunts being appropriately costumed. They will hold Roman chariot and standing races, the high school horses will do fancy steps and the program will be varied and entertaining each day There are also to be other feature acts of a high order.

In fact the fair management declares this year's exposition will be better than a circus and invites the people of Tecumseh and other parts of Lenawee county to visit the big display not only one day but often.

W. F. M. S. HAS ANNUAL MEET; ELECTS OFFICERS

The annual meeting of the Woman's Foreign Missionary society of the M. E. church was held Tuesday afternoon at the home of Mrs. W. D. Willett, south of town. About twenty-five met at the church from whence autos conveyed them to the Willett farm.

The election resulted as follows:

President—Mrs. A. J. Bigelow.

First vice president—Mrs. John McIntyre.

Second vice president—Mrs. C. M. Thompson.

Corresponding secretary—Mrs. J. O. Eaton.

Recording secretary—Mrs. E. D. Brown.

Treasurer—Mrs. P. C. Snell.

Assistant treasurer—Mrs. Myron Conklin.

Superintendent of king's guards—Mrs. Samuel Gasner.

Mite box secretary—Mrs. Alva Waring.

Literature secretary—Mrs. H. R. Conklin.

Intercession secretary—Mrs. W. D. Willett.

The hostess served refreshments during the social hour which followed.

In her annual report the treasurer, Mrs. Snell, reported that $193.50 had been turned into the treasury this year, the largest amount received by the local society in any one year since its organization.

H. C. L. Inquiry Reaches Tecumseh

NUMBER OF LOCAL BUSINESS MEN TESTIFY AT ADRIAN

Climbing Price of Shoes Blamed on Woman's Pride By J. R. Nyland; Milk Dealers, Grocers and Butchers, Also summoned to Hearing.

Uncle Sam has extended his inquiry into the high cost of living to Tecumseh, a number of business men from this city having been in Adrian during the past week giving testimony at the hearings being held in the circuit court.

Last week the milk men were in court. Saturday the shoemen were before Judge Hart, and the clothiers are also to be called on the carpet. Today local grocers and butchers are to be heard, F. D. Avery, Albert Clark and Earl Wood having gone to Adrian to testify.

Saturday's testimony was given by J. R. Nyland and William Palman, C. N. Graebner being excused as Mrs. Graebner was out of town and he had no one to care for the business in his absence.

Mr. Nyland lays part of the high cost to woman's pride. He said in part: "I can sell a good staple shoe at reasonable price, have a good shoe costing $4.35 which I can sell at $5.50, but they do not sell. Have one fancy shoe in stock which cost, I believe, $6.85 which we sold for $10 last season. That shoe cost me $9 to replace at that time. In a letter received from the salesman last week, he tells me the price of this shoe at the factory is now $13. I sold a man yesterday eight pairs of men's and women's shoes for $28.50 and he got good shoes."

Question: "How can you do that?"

Answer: "These were not new goods, but absolutely high grade merchandise, sold at the old prices and I made a profit of between $3 and $4 on the $28.50 sale."

Question: "Is the reason for the high price of stuff that the ladies are particular as to style and want the high priced merchandise?"

Answer: "Think that's one reason for the high cost and they are insulted if we show them goods a season old."

Mr. Palman told of the novelty shoe, on which they take such chances, but that they clear only 30 per cent even on these. He explained how shoes had advanced, some being nearly three times as high now as a year ago.

In neither case did the examiner ask about the men's work shoes, only the ladies dress shoes being inquired about.

The Adrian men followed on Monday, giving testimony along the same lines only in every case asserting they made 33 1-3 per cent on their stock.

Brotherhood Of St. Andrew

BIG NATIONAL CONVENTION AT DETROIT IN OCTOBER

H. L. Choate, Convention Secretary, Speaks at St. Peter's Church Sunday Afternoon.

Narrating several instances in life where men had been lifted up from sin and degradation through religion to an upright and useful existence, H. L. Choate, secretary of the Brotherhood of St. Andrew convention to be held in Detroit October 1 to 5, spoke of the power of the church and christianity especially as the result of personal work of laymen.

Mr. Choate gave a good outline of the great work of the Brotherhood of St. Andrew and asked if there was not something that could be done here in Tecumseh. The church has power to do spectacular things and if we would have this power we should do our utmost to spread the gospel. We should wake up to our jobs. We need more work by the layman. Men heretofore have assumed the responsibility of raising money and left the rest to the clergy, making the burden too heavy for him. Like in the Liberty Loan drives the church needs more personal work to give it spiritual power. Spirit won the war and prayer had a great deal to do with it. We have got to get down to prayer—to communion.

Mr. Choate urged the attendance of some of the men of the church at the convention, stating the convention would give spiritual power, knowledge and courage.

The Brotherhood convention opens in Detroit Wednesday, Oct. 1, with a dinner at Hotel Statler at 6:00 p. m. It is expected fully one thousand men will participate.

Practical conferences will be held at Hotel Tuller on "Increasing church attendance," "Winning the Boy," "Making the peculiar parish go," "The returned fighting man and the church," "Functions of a church club," "Family prayer."

A series of unique conferences for boys and their leaders will also be held.

There will be mass meetings every night at St. John's church.

A corporate Communion will be held at St. Paul's Cathedral at 7:30 Sunday, October 5, Bishop Williams leading a thousand men and boys in the greatest act of Christian worship.

Some of the convention speakers are:

Bishop C. E. Woodcock of Kentucky; Bishop Herman Page of Spokane; Bishop James Wise of Kansas; Dean D. T. Owen, of Christ Church Cathedral, Hamilton, Ont.; Chaplain Robt. J. Renison of the Canadian Forces; Rev. Dr. W. E. Gardner of the Gen'l Board Religious Education; Rev. Dr. Robt. Patton of the Nation Wide Campaign, Rev. Dr. Geo. Craig Stewart of the Church War Commission, Rev. Barnard I. Bell, former chaplain, president-elect, St. Stephen's college; Wm. C. Sturgis, Ph. D., of the Board of Missions; Wm. H. Jeffreys, M. D., of Philadelphia City Mission; Col. Raymond Robins of the Red Cross Mission to Russia; Major Henry R. Sanborn, U. S. A., and many others.

This gathering of one thousand busy laymen for prayer, practical conference and inspiration precedes the general convention of the church, meeting in Detroit, beginning October 8th.

At the close of the meeting the men of the congregation met in the parish house with Mr. Choate to discuss the advisability of organizing a chapter of the Brotherhood of St. Andrew in Tecumseh.

Mr. Choate spoke in the evening at St. John's church, Clinton.

Thirteen Million for New Era Work

REV. W. A. REX RETURNS FROM BIG CONFERENCE AT LAKE GENEVA

Presbyterians Plan Extensive Reconstruction Program With Europe; Also to Extend Aid to Families of Returned Soldiers; Local Church Active [illegible]

Various press dispatches at the close of last week commented a great deal on the New Era Conference held at Lake Geneva, Wis., last week. The New Era movement is the forward movement in the Presbyterian church, corresponding to the [illegible] movement of the [illegible] and the Nation Wide campaign of the Episcopal church, [illegible] work the church has [illegible].

The conference [illegible] of last year's work [illegible] Era program and [illegible] ed plans for the [illegible] financial [illegible] byterian [illegible] work in [illegible] dollars [illegible] lion of which have already been pledged. Some churches without pastors failed to enter the "spring drive" and a few like the local church, do not have their annual canvass until fall. When all these churches turn in their quotas the thirteen million goal for this year will be easily reached.

A great program of reconstruction and rehabilitation in the Protestant section of Northern France is planned for the coming year. Some one hundred twenty sister churches of the Presbyterian belief were destroyed in the late war, not only churches but homes also. The church in America will help these brave people, not only this year, but next year and the year after. Over one hundred ministers of the Calvinistic faith gave their lives in the late war. Besides furnishing money, the church will try to furnish more men to care for some of these churches. The Presbyterians plan to do for Northern France what the Methodist church is doing for Northern Italy and parts of France. Similar work is also planned for Armenia and Palestine. The church is also spending many thousands of dollars looking after returned soldiers and sailors or dependent families of the same.

Sunday morning the minister of the local church explained to the large congregation present this great forward plan of the church at large for this and next year. Then the local church voted unanimously to co-operate. A New Era canvass will be made sometime in October when the local quota of $2,400 will be raised for this work.

Rev. Rex reports the convention at Lake Geneva the best and most progressive he ever attended. The Michigan representatives at the conference were Drs. Vance, Morgan and Jasquess of Detroit; Barnes of Flint, recently of Battle Creek, Hawkins of Lansing, Comin of Ann Arbor. Sidebotham of Petoskey, Hood of Escanaba and Rex of Tecumseh. Besides there were many of the big men of that church from other states.

American Legion To Meet Friday

Underwood-Orr Post Membership Contest Ends Today; Plans Made to Equip Club Rooms.

Members of Underwood-Orr post, No. 34, American Legion, are reminded that an adjourned meeting of the organization will be held Friday evening at the new club rooms over Hay's bakery. It is important that a large attendance be present.

At the first session of the post in its new club rooms last Friday evening much enthusiasm was shown and considerable was accomplished. It was decided to secure furniture, books, magazines and other equipment for the club rooms and to install shower baths. The rooms are now open every evening for the convenience of the members.

The post plans to make its organization so attractive that all ex-service men will desire to join, and among other possibilities discussed was the formation of a football team and the holding of boxing matches.

For some weeks the post has had a membership contest in progress and it is proving markedly successful. Two teams were chosen to conduct the drive, the loser to feast the winner. Competition has been keen and both sides have made excellent showings and the result will not be known until Friday evening. The contest closes today and the two captains, Joe Satterthwaite and Charles Hanna, are making a final spurt to assure thei rteam of a free meal.

The local organization extends an invitation to all former soldiers and sailors in the war with the Teutons to become members of Underwood-Orr post.

CITY LEAGUE TO END SEASON TODAY

With this evening's game, the City Baseball league will end its season. Today's contest will be between the Clerks and the H. Brewer & Co. nines to decide the league leadership. Both teams have won three games and lost one.

There were no games played during the past week and it was decided to end the season at once, the two teams now tied to play one game to settle the question of which was winner.

Editorial Comment

With the federal inquiry into the high cost of living well under way at Adrian and Tecumseh business men already summoned to give testimony, it is hoped the people of this city and vicinity will soon know more about why all necesstiates are at such a high price altitude.

The shoe dealers and the milk men have been before Judge Hart to tell what they know about the steadily advancing costs and others are yet to be summoned.

One local shoe merchant declared during his testimony that the present excessive price of footwear was due to the pride of woman, as she refuses to be shod in only the best of adornment for her pedal extremities. He also said women will not wear shoes that are even one season old, feeling hurt if the clerk offers to show footwear of the vintage of twelve months ago.

Another Tecumseh shoe dealer called attention to the fad for novelty shoes, telling of the big chances the merchants take with such footwear and declared even on these the profit is only 30 per cent.

No matter how long the inquiry lasts and what the cost, if the price of life's necessities is perceptably lowered the probe will have ccomplished its purpose and receive the whole-souled approbation of the public.

Tcumseh's Community services are to be put on a more result-producing basis and if the people of this city co-operate as they should this will be easily accomplished. We owe it to our Lord that we should hear his word often and willingly and if the pastors of Tecumseh exert themselves to make the services as interesting as possible all should appreciate it and attend worship.

Following last Sunday evening's Community service at the Methodist church there was a conference of those interested in these meetings and plans were discussed to make the coming series more effective than the services have been in the past. The concensus of opinion was that a get-together spirit must prevail and all churches expressed a willingness to cooperate that the services this winter be made productive of much good.

Final details of the campaign for the winter are to be arranged at a meeting of those interested at the Methodist church Friday evening and all religious organizations of the city are urged to have representatives present.

All efforts which aim to win souls for the kingdom of God deserve forceful oc-operaion and attendance at the Community services will demonstrate that the labors of the local clergy are not in vain.

From all indications Thursday of next week will be a quiet day in Tecumseh. Practically everybody is planning on attending the fair at Adrian that day and to show that this city believes in an annual exhibit of fair Lenawee's agricultural and manufacturing products lets all shut up shop and make it unanimous.

As in former years the local school will close that day so that Pa and Ma and the children may all go and see the pigs, sheep, cows, pumpkins, fancy horses and the numberless other attractions at the fair.

Word comes from Adrian that this year's exposition is to eclipse all others, so it behooves all from here to attend that they may benefit by what they will see and hear.

Tecumseh seems to have a baseball team that is practically invincible. Pitted against strong, or supposedly strong teams, the local players have a way of buckling down to business that means victory. Only a few out of a score of games have been lost by the local team, and those in the early part of the season. The boys, all working in Tecumseh or immediate vicinity, are to be congratulated for their good sportsmanship and work on the diamond as an organization.

Like baseball nearly all success in community life depends upon team work and personal service. The two combined can, if they will, work wonders in a community. Tecumseh has an organization—the Commerce Club—that has done much good in the past, and there is still lots of work to be accomplished, vital to the progress of the community. This work should spell better organization and more personal work. To do good in a community invariably means personal sacrifice, and Tecumseh men must make up their minds to sacrifice and give at least of their time for the good of community welfare.

An instance of successful personal work was that of W. E. Barrett in seeing the petition signed by the property owners along the route of the proposed paved highway. Success in this case depended entirely upon personal work, and Tecumseh and the adjoining townships owe Mr. Barrett a debt of gratitude. Not being an auto driver or owning a car himself he had to depend upon others and it was only a spirit of persistence that won out and completed the job successfully. It was a work full of difficulties and obstacles to overcome and required many a personal sacrifice,

FLORIDA REUNION IS HELD AT SAND LAKE

Many From Tecumseh Attend; Next Meeting To Be at Holloway.

The eighth annual Florida reunion was held Saturday at Sand lake, quite a number from Tecumseh attending. Among them were Mr. and Mrs. A. W. Mills, Mr. and Mrs. F. E. Bradley, Dr. and Mrs. L. G. North, Mr. and Mrs. Will VanAntwerp, Mr. and Mrs. Clarence Holdridge, Mrs. Horace Holdridge, Mrs. Abner Wilson, Dr. Pauline Bredow, Mrs. Mary Smeltzer and Mrs. Charles Benedict. After a great picnic dinner, Wm. Baldwin of Palmyra, the president of the association, called the members to order and announced a very interesting program.

Dr. L. G. North gave several of his jolly stories, Mrs. Charles Lowe told of her trip home from Florida by auto, which kept the crowd in an uproar, Mrs. Jewett Whelan recited splendidly and Mr. Whelan delighted his hearers with a vocal solo.

Mrs. Cox of Holloway told her impressions of Florida and the Florida people's opinion of the tourists.

Afterward came the election of officers when Ed Palmer of Holloway was chosen to the office of president. The people who have enjoyed the land of flowers so greatly, but return to us each year just after the robbins, will meet next year in Holoway.

The membership of this reunion come from all over the county.

GIVES PARTY FOR HER LITTLE NIECE

A party of little girls were guests of Mrs. J. F. Rector Saturday to spend the afternoon with her little niece, Elizabeth Chance, of Baltimore, in celebration of her eighth birthday. Games were played and at the close of the party refreshments were served on the lawn. The table was gaily decorated with flowers and bright hued baloons, the latter coming from Baltimore ordered purposely for the little guests. To each balloon was tied an aster of the same color and the effect was charming. Little Miss Chance, who has been a visitor in the Rector home nearly all summer, received many pretty gifts, among them several spoons.

The guests were Madeline Boyce, Alice Nemire, Frances Rex, Wilhelmina and Julia Anderson, Helen and Louise Nyland, Geraldine and Frances Gillespie, and Miss Marjorie Boyce assisted Mrs. Rector in serving for the guests.

MACON

Schools Reopen.

School in the various districts was resumed last week after the usual summer vacation. Teachers in District No. 1 are Miss Margaret Gregg of Britton in the upper grades, and Miss Mae Chambers in the lower grades. Miss Fern Murphy teaches in the Mills district. Miss Florence Palmer of Chelsea in the Lindsley district and Miss Mary McHenney in the Brick school.

After being closed for eleven years, school has been opened again in the Merritt district with Ruth Hopkins of Onsted as teacher.

Mr. and Mrs. Milton Augustus of Ypsilanti were guests Sunday of Mr. and Mrs. G. D. Ellis.

Mr. and Mrs. Henry McMann of Saline were Sunday guests of Mr. and Mrs. Frank Thomas.

Several people from Macon attended the ball game at Detroit last week as well as the state fair.

Mr. and Mrs. Ernest Camburn and Mrs. Camburn's father are spending this week at Houghton lake.

Mrs. Ellsworth Collins and Mrs. Clarence Hall visited Detroit friends the latter part of the week.

Clayton Ellis and sister, Mrs. Libbie Esterbrooke, of Clinton and nephew, Ben Ellis, of Chicago were Sunday guests of Mr. and Mrs. G. D. Ellis.

Mr. and Mrs. John Koebbe motored to Blissfield Monday to call on Mrs. G. F. Knapp, who is quite ill.

Parker Allen of Ann Arbor spent the week end with friends here.

Mr. and Mrs. Donald McClue and children recently returned from a visit with relatives at Fayette, Ohio.

Mr. and Mrs. John Koebbe visited at the home of their son, Rollo Wilkins, in Tecumseh a few days last week.

Mr. and Mrs. Fred Healey and Mrs. Geo. Nichols of Jackson and Mr. and Mrs. Elmer Hunter of Ypsilanti were here to attend the funeral of Francis Walp, held at the M. E. church, Thursday, September 4.

Mrs. Geo. Hendershot returned to her own home last Saturday after an absence of over two months in an Ann Arbor hospital. She is able to walk about the house and her speedy recovery is now hoped for.

A headon collision occurred on Mooney's hill a mile northeast of the village last Sunday afternoon. An Overland car, occupied by a Clayton party and bound for Detroit, in speeding down the hill, crashed into a Ford occupied by people coming from Detroit. Both autos were put out of commission but none of the occupants of either car were injured.

Build Your Ice House NOW!

Then you'll have it ready for the ice harvest next winter, and a year from now when Old Sol is again making it hot, you will have a supply of ice on hand.

On some farms the loss of fruits, vegetables, and dairy products every year would almost build an icehouse. With an ice supply it is possible to keep butter, eggs, meats, vegetables, and fruit in a first-class condition for the table as well as for the market.

Considering these advantages, an icehouse will soon pay for itself.

Wood is a non-conductor of heat and is therefore the most adaptable material to use. It keeps the cold in and the heat out.

Come in and we'll talk further on this subject. You tell us how much ice you want to store and we'll make you a price on the material for an icehouse.

Independents Get Another Victory

AMERICAN OILS OF JACKSON LOSERS, 8 TO 4

With Visitors in Lead, Locals Rally and Put Sunday's Game on Ice; Record Crowd Sees Contest; Tipton Here Next Sunday.

They all look alike to the Tecumseh Independents. Baseball teams that have been going top notch up to the time they arrive here find the local nine to be a stumbling block in their path to victory. And so it was when the American Oils of Jackson visited here last Sunday. The Prison City team had been winning consistently elsewhere, but went down to defeat here, the score being 8 to 4. The game was witnessed by the largest crowd that has seen the Independents in action here this season, about 1,500 ardent fans being in attendance. For next Sunday the Tipion hard-hitting aggregation will be the opponents for the local players.

Howe and VanGiesen were the battery for the home team, Zink, Durbrow and Ben Cote officiating for the visitors. Early in the game it appeared as though the Independents had more than their match in the Oils, as in the second inning the Jackson team stacked up four runs, putting them in the lead by three tallies. But Tecumseh's representatives came back and pulled the game out of the fire to the great glee of the rooters.

Tecumseh tallied first, VanGiesen's two base hit in the initial inning scoring Skinner, who had been walked. It was in the second when things began to look gloomy for the home players, the visitors sending four men across before their offensive could be counteracted. The locals could do nothing in this period and neither side scored in the third.

In the fourth Howe singled, Rogers scoring, he having got on when he was hit. Drake proved a target for the Jackson pitcher in the fifth inning and scored when Briker ripped off a double. Chas. Hanna drove Briker in with a single, this tying the score and resulting in the fans giving a rousing demonstration.

It was VanGiesen who brought in what proved to be the winning score. He singled in the seventh and scored with a little help from his teammates. To cinch the contest the Independents tallied three times in the eighth. With two out Briker doubled. Ed Rogers did likewise, Briker scampering home. Chuck Cole slashed out a single, Rogers accepting the invitation to complete the circuit. Cole registered at the home plate when O. Hanna hit safely.

Next Sunday's visit will be Tipton's second this season, having been defeated 6 to 5 on the previous occasion.

PAY A BIG FINE FOR TAKING MELONS

Four Youths, Using Auto to Make Raid, are Caught By Justice Despite Dash for Safety.

During the week a party of four boys have been brought before Judge Hosmer and paid fines for stealing water melons.

Friday evening Arthur Green, justice of the peace in Raisin township, was notified that an auto without lights stood in the road near Chas. A. Cutler's melon patch near his home. So Judge Green started out to investigate. The boys saw him coming and ran for their machine, but so did Mr. Green, jumping on the running board as they started. There he clung while they put all the power they could muster and headed for Tecumseh. He managed to reach the wheel while the machine was dashing by Garland Osborn's place and shut off the gas. he having secured the number of the machine. cured the number of the auto. chine belonged to Ernest Stanley and Deputy Sheriff Smith began bringing the boys to Judge Hosmer's court. First young Stanley paid $20 fine with costs of $6.75. The next two offenders were Alfred Reeves and Herbert Haviland who forked over $26.75 and $27.50 respectively for their lark. The fourth young fellow in the party, John Snyder, was picked up and also paid $27.50 for his share.

The boys had a heap of nice melons beside the road ready to put in the machine when they were discovered, but came away in such a hurry they didn't bring even one as a souvenir of their expensive trip.

SHARP TOOLS WILL EARN BIG INTEREST ON FARM

East Lansing, Mich. — Labor spent by the farmer in sharpening his tools and implements earns a thousand per cent interest, declares Prof. H. H. Musselman of Michigan Agricultural College. The average farmer is inclined to go along with dull edges, little realizing the tremendous amount of extra labor he is making himself.

Mower knives have to be sharp or they won't cut, and are usually taken care of on that account. Other implements that should have more attention than they get, however, are hoes, scythes, corn knives, plows and cultivators. Plows and cultivators are especially apt to be neglected because the horse, who does the work with these implements can't very well regiser a kick against dull edges. Tests have proved that sharp cultivators pull a lot easier than dull ones.

"An emery grinder furnishes an efficient, quick means of keeping an edge on farm tools," says Professor Musselman, "and every Michigan farm should be provided with one."

MARRIED 20 YEARS, GIVE CHICKEN DINNER

Mr. and Mrs. Fred Aylesworth were married twenty years last Sunday so in celebration gave a chicken dinner at their home. Enjoying the day were Mr. and Mrs. M. R. Keyser, Mr. and Mrs. Otis Sisson, Ed Sisson of Detroit, Mr. and Mrs. Willis Smith, Mr. and Mrs. Floyd Freeman, Mrs. Rose Hoag of Ann Arbor, Mrs. Dell Cairnes, Lynn Butrick and Howard Manley.

FORMER TECUMSEH GIRL IS TO BECOME A BRIDE

The engagement has been announced of Miss Dorothy Louise Balmer, daughter of Rev. and Mrs. W. J. Balmer of Detroit, who left Tecumseh a year ago after a short pastorate at the local M. E. church. Miss Balmer is to marry Frederick Arthur Colgrove of Detroit, the ceremony to take place in December.

Miss Balmer was graduated from the Tecumseh high school in 1918 and was very popular in the village.

THE BIG MUSICAL HIT OF THE YEAR

Frederick V. Bowers in "Kiss Me Again" at the Bradley, Next Monday.

The big hit of the season at the Bradley will be Frederick V. Bowers and his big musical production "Kiss Me Again," which will be seen at the Bradley opera house, Tecumseh, next Monday evening, September 15. While this is Mr. Bowers' first appearance in Tecumseh, still many local people have seen him in nearby cities in the last two years and have a pretty good idea of the class of his new production, "Kiss Me Again."

Two years ago Mr. Bowers was starred with the Dolly sisters in "His Bridal Night," last season he starred in "I'm So Happy" but this year's production and play is claimed to be the biggest and best of the three and is easily the best attraction to be seen at the Bradley this year.

Patrons of the Bradley can buy their tickets on a personal guarantee from the local management that "Kiss Me Again" is worth every cent charged for it and more, it is a genuine city show and production in every way. The company numbers something over forty yeople and have the best dressed and best looking chorus on the road this year. You want see a better evening's enterainment in any big city no matter what you pay for it.

A special symphony orchestra composed of players carried by Mr. Bowers and Willett's orchestra of Adrian will furnish the music for the twenty odd musical hits of the show, which will leave nothing to be desired in that line.

For your convenience tickets will be on sale at the threatre box office on Saturday and Sunday evenings or you may phone the local management (365) for reservations, but order as early as possible and avoid disappointment. If the patronsof the Bradley want these high class attractions they can have them by giving them the paronage they deserve and "Kiss Me Again" it is said is entitled to a capacity house anywhere.

Douglas Fairbanks in "The Knickerbocker Buckaroo."

If there ever was a person that even thought that the people do not want or do not appreciate the class of pictures shown at the Bradley opera house on Sunday evenings, all question of a doubt would have been removed if they had seen the crowd which greeted Douglas Fairbanks last Sunday evening when he was presented to the patrons of that popular play house. The street had the appearance of a Wednesday or Saturday evening so thickly were the cars parked for a block each way from the theatre and the big house was packed from the orchestra pit to the balcony.

It was Fairbanks' first appearance in pictures by his own company and he certainly made good with the packed house of picture fans. The price was a little higher than some of the other photoplay programs presented at the Bradley but that made no difference with the fans they know that this class of pictures cost the management real money.

The orchestra, which is becoming very popular with the Sunday evening crowds, rendered excellent music which was thoroughly enjoyed.

Next Sunday evening we understand an exceptionally fine program will be offered including the popular star, Tom Moore, in "A Man and His Money" and as an extra attraction one of the new Capitol comedies starring "Smiling Bill Parsons" will complete the bill. This is a new comedy for Tecumseh theatre goers and will prove a hit here as everywhere else.

Mrs. C. M. Thompson's Sunday school class will not meet with Mrs. Whitford this month as announced.

D. I. LaPointe of Winnemucca, Nev., was a guest over the week end of his niece, Miss Bertha LaPointe, and her mother.

Mrs. B. J. Reynolds has returned from Detroit after a visit with her daughters, Mrs. John Whelan and Mrs. Levi Stevens.

Mr. and Mrs. Fred McQuarie entertained on Sunday Charles Skinner of Hillsdale, Mr. and Mrs. Dan Auction and Mrs. Jane Pitcher.

Mr. and Mrs. F. E. Bredow of Detroit, Mrs. T. W. Bredow and son, W. A. Bredow, have been guests of Mr. and Mrs. H. S. Bredow.

Mr. and Mrs. J. F. Rector, their guests, Mrs. Eliza Biddison and Miss Elizabeth Chance of Baltimore, and John T. Boyce were in Brooklyn Sunday visiting relatives, Mr. and Mrs. David Boyce.

Mrs. David Weiser and daughter, Margaret, returned to their home in Detroit Monday after a summer's visit with her parents, Mr. and Mrs. James Lowry. The latter accompanied them to Detroit returning that evening.

Mr. and Mrs. A. S. Titus returned Monday evening from Detroit, via Toledo. They had been with their daughter, Mrs. Charles Klappie, of Monroe who had been operated upon for appendicitis at Grace hospital, Detroit, last Thursday. Mr. and Mrs. Titus left her feeling fine.

Rev. and Mrs. W. A. Rex entertained the members of the Presbyterian Sunday school board Tuesday evening at the manse. Plans were discussed for the improvement and welfare of the school and prospects look bright for a very successful year. After the session of the board the hosts served watermelon.

On the lawn in front of the Baptist church stands a handsome announcement board. The top of the board is some six or seven feet from the ground set in an oak standard which is firmly placed in cement blocks in the ground. The announcements are preceded this week with "A welcome awaits you here. They are our friends who tell us our faults and help us to mend them."

Mr. and Mrs. Henry Sweet and Mr. and Mrs. George VanTyne are at Sand lake for a week.

Mrs. Fred Sheldon spent from Saturday to Wednesday in Detroit, guest of Mrs. Ella Sheldon,

Special communication Friday evening of the Tecumseh lodge, F. & A. M. Work in F. C. degree.

Ed Sisson of Detroit is visiting his father, George Sisson, and brothers, Gustine and Otis, and their families.

William Gibson and family were at Wm. Altenbern's near Manchester Sunday for the reunion of the Alterbern family.

Clare Dickinson was here from Toledo Monday visiting his mother, Mrs. Fred Poucher, and sister, Mrs. E. M. Campbell.

Mr. and Mrs. Louis G. Gillis have returned to their home in Kansas City after a visit of several weeks with the later's sister, Mrs. Charles Nobles, and family.

Fred Nobles, while cranking a car Monday, cut his hand badly on the license tag which hung above the crank. It was necessary for Dr. Hendershott to take two stitches to close the wound.

While playing near Palman's corner Monday Dale, the little son of Mr. and Mrs. Chas. Hooten, jr., fell cutting a bad gash across the back of his head on an iron grate over a manhole in the side walk.

Percy Hicks of Madison, Wis., visited his uncle, Fred Rosacrans, and family Tuesday. For two years he was in charge of the government forestry over the territory from Minnesota to the coast.

Miss Mildred Comstock returned to Kalamazoo Tuesday to resume her studies at the Nazareth academy. She has been spending the summer with Mr. and Mrs. James Kennedy. Mrs. Kennedy accompanied her as far as Jackson.

Kanui's Hawaiians, a party of five, gave excellent entertainments at the Bradley Friday and Saturday evenings. Packed houses greeted them both evenings. They had been here before and that they were remembered was evident. The little dancer is just as chic as two years ago and her husband, the manager, just as fat and rollicking. They are all artists, especially the man who plays the hand saw which was a novelty. They are taking this week off resting at Devil's lake. Wade Jones heard of it and immediately secured them for last night's street show.

JACKSON COMMUNITY SERVICE BUREAU

"A Community Can Prosper Only by the Support of Its People"

Make Your Dollars Have More Cents

In these days of so-called high prices, it is up to you as an individual to see that the purchasing power of your dollar is developed to the highest degree. You can not bring about this development by buying cheap merchandise at ridiculously low prices.

THE REAL WORTH OF YOUR MONEY IS IN THE QUALITY OF THE GOODS PURCHASED

Back of this to make assurance doubly sure must stand the reputation of the merchant.

The merchants of your district are your neighbors and friends. They are interested in your welfare and in the development of the community. They realize that the better the merchandise and the fairer the prices, the more chance there is of your money remaining in the district where it works for the betterment of the whole community.

THERE'S ABSOLUTE SAFETY IN HOME BUYING

No sense of feeling is more satisfying than that of safety. And nothing is dearer to the home merchant than the confidence his customers repose in him through a sense of safety in whatever they buy.

Under the searchlight of careful scrutiny, before your home merchant places goods on sale, he tests them carefully to make assurance doubly sure that they are worth the selling price. Hence he does not fear critical examination of either his goods or prices, and cheerfully invites comparisons. In fact he will urge you to pass judgment on the styles and feel the goods to determine the textures. He is confident of satisfying you, because his confidence lies in the safety of the goods he sells.

CO-OPERATION AND ORGANIZATION

are two of the most pregnant words in the English language. You are taking advantage of both to the fullest extent when you patronize your district stores, as the benefits accruing are neither to you or the merchant alone, but they are mutual, as every dollar you spend in the district enhances the value of your property and labor because it is helping your district to grow, expand and progress.

Perhaps in some instances your neighborhood store can not supply "Just what you want," in that case, Jackson Community Service Bureau stores invite you to see what they have to offer.

LOCAL AND PERSONAL

James A. Murphy was in Toledo Tuesday on business.

Mr. and Mrs. Lester Rogers were in Onsted Sunday with Mr. and Mrs. John Waters and Miss Lelia.

Mr. and Mrs. B. J. Neff, Mr. and Mrs. Cline. Mrs. May and Miss May of Ypsilanti, called on Miss Grace Gillespie Sunday.

Mr. and Mrs. Wm. Pletcher are to occupy the house just vacated by Mr. and Mrs. E. J. McDonald on North Van Buren street.

Miss Faye McClure was in Willis Sunday with her Sunday school class of Tipton. They went as a surprise on their former pastor, Rev. Brewer.

Mr. and Mrs. R. B. Stuckey and Mr. and Mrs. E. Berry were at Wampler's lake Sunday, guests of Mr. and Mrs. G. E. Nemire at their cottage.

R. W. Puffer of the Webster Anderson store was in attendance at the convention of the Michigan Retail Dry Goods Association, held in Lansing this week.

Mrs. W. A. Kuespert and baby son, Stanley Darling, arrived Tuesday from South Bend to visit her sister and husband, Mr. and Mrs. Clement Hardenburgh.

Mr. and Mrs. Leon Rosacrans and Mr. and Mrs. Eugene Rosacrans have been in Lansing this week, attending the meeting of the Michigan Retail Dry Goods association.

Mr. and Mrs. Will McGlashen and little son left the last of the week for their home in Buffalo after a visit of some weeks with Mrs. McGlashen's people, Capt. and Mrs. A. D. Lawrence.

Mrs. Fred [illegible] returned Sunday from South Haven where she had visited her brother, Joe Hanna, and family. She brought her little nephew, Billie Hanna, for a visit with his grandparents.

Mrs. Alice Gardineir and daughter, Mrs. Clarence Johnson, with the latter's four children, Hildah, Neil, Donna and Wanda, were up from Delta, Ohio, Tuesday, guests of Mrs. Gardineir's sister, Mrs. M. Sipe.

Mr. and Mrs. J. D. Service have been enjoying a visit this week from the latter's mother, Mrs. Jackson Rogers, of Blissfield and her sister, Mrs. Alex Werner, of Detroit.

Mr. and Mrs. Ed Newell, their son, Lavern, and family of Deerfield, Mr. and Mrs. Ernest Turner and his mother of Seneca and Charles Peckman of Adrian, were Sunday guests of Mrs. Nathaniel Jackson.

Mrs. E. J. McDonald left yesterday morning for Ionia where Mr. McDonald is at work and where they will reside. Her departure was hurried by a message from her husband saying his mother was seriously ill with no hopes of recovery.

The Tecumseh Gravel Co. has closed its pit for a few days for the installation of new machinery, which when completed will double the capacity of the plant. A 90-foot elevator is one improvement with new shaker screens also. The capacity after all is finished will be 3,000 tons a day.

Dr. and Mrs. Kotts and son, Mrs. Schenk, Mr. and Mrs. Carl Skinner, Mr. Perkins, all of Toledo, S. P. Hosmer, Miss Asenath Hosmer, Mr. and Mrs. J. R. Nyland and Miss Marian Bills made up a party who picnicked at Silver lake Sunday. Enroute they visited at Fred Spaford's near Manchester.

Mr. and Mrs. Irving Boltz and children returned Tuesday night from an auto trip to Niagara and Batavia, N. Y. They had attended the reunion of the Rackley family, a brother of Mrs. Boltz, D. J. Rackley, and family of Jackson also attending. They spent Sunday night and Monday in Cleveland with friends. "Lizzie" made the trip without a hitch, not a blowout or puncture all the way and the only strip of new gravel they encountered all the way was the last quarter of a mile before reaching home.

William Palman is moving his stock as rapidly as possible into his new stores, the Gilbert and Hanford blocks. The new shelving has been installed in the Hanford block and the shoe stock will soon be in place, but as usual no one realizes how big a stock he is carrying until he moves. The archway between the two stores will make the work much easier and the two stores make an excellent location for Mr. Palman. Mr. Gilbert has a splendid equipment for the grocery business, as complete as any village grocery, and to combine the two stocks gives a great assortment for Mr. Palman's patrons.

DISPUTE OVER $5.09 IS TAKEN TO COURT

Two neighbors, Richard J. Van Etten and Alva Brickert, living in the Clarkson neighborhood, have been making life interesting for each other over a bill of $5.09 which VanEtten asserts Brickart owes him. First they got into a scrap over the bill and Brickert had VanEtten arrested for assault. Now VanEtten sues Brickert in Judge Hosmer's court for the amount and also garnished the VanCamp Packing Co. of Adrian to stop payment of Brickert's milk checks until the case is settled. The defendant asks for a jury and security for costs and Judge Hosmer will hear the case September 23.

CAR SKIDS, NEARLY GOES INTO RIVER

Saturday a party of tourists met with a near-fatal accident near Gratz's mill. Mr. and Mrs. Harley Hall and two sons were motoring through from Delaware, O., to their home at Lansing, when coming down the steep hill east of the mill the wheels skidded and the machine went down the 10-foot embankment toward the river. A tree in its path caught the machine and saved the occupants from the water. The family were all shaken and bruised and one son, Donald, seriously hurt. They were brought to the Hotel Barrett where Dr. Hendershott cared for the injured lad until Monday. By that time the youth was so much better the family went on home. The machine was nearly a wreck.

RAISIN FARM HOME VISITED BY THIEVES

Thieves entered the home of Melvin McWilliams in Raisin Sunday afternoon during the absence of Mr. and Mrs. McWilliams and stole a variety of valuables.

Mr. and Mrs. McWilliams went to the lakes Sunday, returning about 6 o'clock. When they entered the house they found things in great disorder. Drawers had been mussed over, linen shaken out and thrown promiscuously about. Every article of jewelry in the house had been taken, including rings, a bracelet, a string of pearl beads, a necklace, also a $50 Liberty bond, $150 worth of war savings stamps and a horse skin auto robe. The thieves had even gone into the cellar and devoured a cake, so they must have taken their time at the job.

Andrew McWilliams, the father, had been at the house at 2 o'clock and everything was all right then.

A neighbor saw a car in the yard about 3 o'clock, but thought nothing of it as she did not know the McWilliams were away.

Evidently it must have been some one who knew the family were away for the day.

The robbery has been reported to the officers but nothing has developed so far.

"Jakie" Underwood slashed one of his fingers Thursday while cutting meat in Gill's market. Dr. A. R. Lusty dressed the injured member.

Geo. Hubbard, who has been visiting his grandparents, Mr. and Mrs. Henry Bachman, here for several weeks has returned to his home in River Rouge.

Mr. and Mrs. Ray Hathaway were in Adrian Thursday. Mr. Hathaway, who has been marshal at the Lenawee county fair grounds for the past three years, will again serve in that capacity. He will begin his duties Tuesday.

Word has been received from Mr. and Mrs. Homer Williams that they have returned from their trip through California, Oregon and other western places and are now at their old home in Detroit. They were former residents of this place.

Miss Mary Taylor delightfully entertained ten young ladies at her home Saturday afternoon honoring Miss Esther Eldred, who is soon to move to Ann Arbor. The afternoon was immensely enjoyed as well as the elegant supper that was served.

The Tractor, the Farmer and the Lenawee County Fair

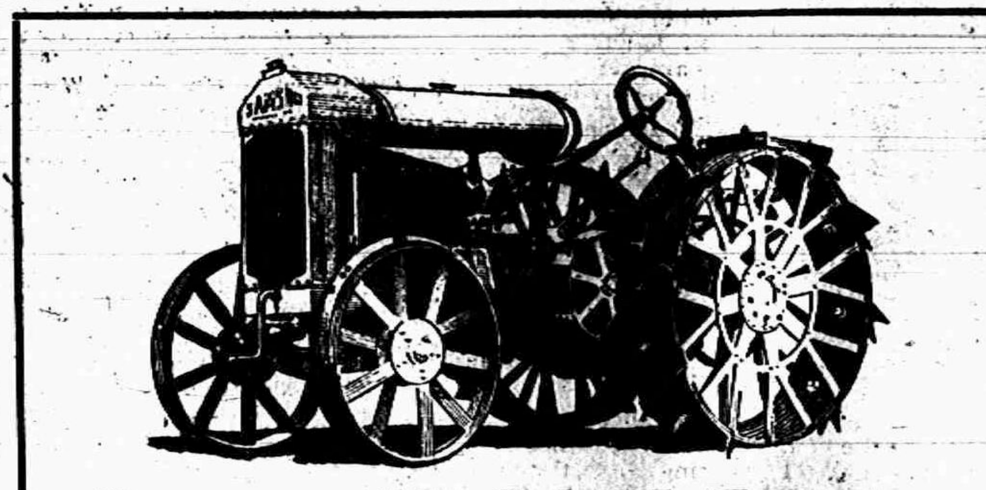
AS AN EDUCATIONAL INSTITUTION THE LENAWEE COUNTY FAIR IS AN IMPORTANT ANNUAL FACTOR. ESPECIALLY IS THIS TRUE WHERE THE AGRICULTURIST IS CONCERNED—THE FARMER WHO NOT ONLY WANTS TO MAKE A LITTLE MORE THAN A BARE LIVING BUT ALSO WANTS TO KEEP ABREAST OF THE TIMES. FOR THIS REASON IT IS ADVISABLE THAT FARMERS SHOULD ATTEND THE COUNTY FAIR.

THE HIGH COST AND SCARCITY OF LABOR MAKES IT ALMOST IMPERATIVE THAT THE FARMER SHOULD EMPLOY EVERY LABOR SAVING DEVICE POSSIBLE, AND AT THE COUNTY FAIR HE CAN GET A GOOD IDEA OF WHAT IS BEING DONE GENERALLY ALONG THIS LINE.

THE FARM TRACTOR HAS COME TO STAY. IT HAS LEFT ITS EXPERIMENTAL STAGE AND HAS BEEN PROVEN A SUCCESS AS A LABOR AND TIME SAVER.

HAVING THE SELLING AGENCIES OF TWO OF THE BEST FARM TRACTORS MANUFACTURED, AND REALIZING THAT THE FARMER NEEDS SUCH A MACHINE TO CONDUCT HIS BUSINESS SUCCESSFULLY AND ECONOMICALLY, THE L. E. TEMPLE & CO. HAVE ARRANGED FOR EXHIBITION SPACE AT THE LENAWEE COUNTY FAIR THIS YEAR, WHERE WILL BE DEMONSTRATED THE MOLINE AND SAMSON TRACTORS.

THESE TRACTORS ARE IN A DISTINCTIVE CLASS EACH BY ITSELF AND ARE REALLY A REVELATION TO THE UNINITIATED. READ THE SHORT DESCRIPTIONS BELOW AND THEN MAKE IT A SPECIAL POINT TO SEE THEM AT THE FAIR. WHILE AT THE FAIR DO NOT BE AFRAID TO ASK QUESTIONS.



Samson Model M Tractor

For the farmer that feels he cannot afford to invest for the more expensive tractor, the Samson Model M, $650.00 f. o. b. Janesville, Wis., is the ideal machine.

It is a veritable little giant, full of energy and great power, yet easy to operate. It is of the two or three plow type and will accomplish a great deal of work.

It burns kerosene or gasoline without any change or adjustment. The fuel tank holds 22 gallons, with extra large hand hole, enabling one to clean the tank easily. Reserve gasoline tank holding three gallons.

The simplicity of construction will appeal to all practical farmers. When it is considered that it only requires three wrenches to take down and put together the Samson Model M tractor the simplicity of construction can be more readily understood.

The motor is suspended at three points, with extra water space surrounding the cylinder jackets. An air washer keeps the motor clean of dirt, grit and other substances, thus greatly increasing the efficiency of the motor.

The belt pulley is of ample proportion for ensilage cutters, feed grinders, etc.

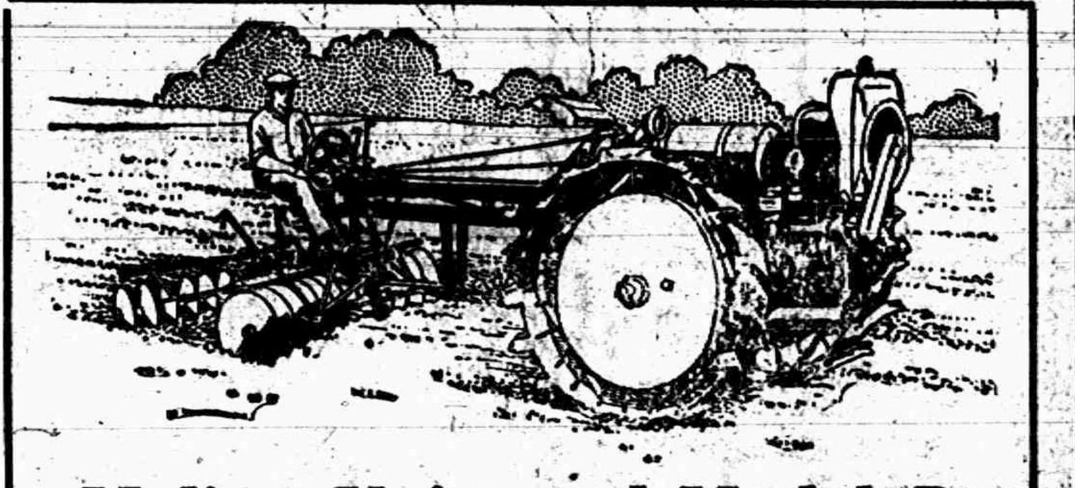
The motor speed is regulated by a mechanical governor.

A plate clutch is used which is self-adjusting and runs in oil.

The oiling system is the same as used in the highest priced motors built. The oil is forced to all bearings, eliminating the oil can from the tool kit. Forced feed costs more than splash feed but is surer and safer. The underpan construction insures constant oil level—up hill or down.

There are only five grease cups on the entire machine.

All the moving parts of this wonderful tractor are enclosed—no moving parts exposed except the four wheels.



Moline Universal Model D

The Moline-Universal Tractor Model D is the best tractor that money can buy. It will do a greater variety of work, at less cost, than any tractor on the market. The Model D is an improvement over former models; it has more speed, more power and can thus do more work.

In brief these improvements consist of:

Complete Remy electrical starting and lighting system.
New electrical engine governor.
Perfected overhead-valve, four-cylinder engine.
Lubrication of engine under 35 pounds pressure.
Special manifold construction to burn low grade gas.
Crankshaft 2½ inches diameter, eliminating vibration.
Complete enclosure of all parts, including final drive.
Transmission gears drop forged, cut and hardened.
Fifteen Hyatt roller bearings and five ball bearings.
Liberal use of splines in transmission, adding strength.
Differential lock doubles traction in soft ground.
Pair of internal expanding brakes on differential shaft.
Complete accessibility of all working parts.

The Moline-Universal is the original two-wheel one-man tractor.

Being mounted on two wheels 98% of its total weight is available for traction. This accounts for its wonderful pulling power. There is no dead weight to be propelled.

With the Moline-Universal one man sitting on the seat of the implement has absolute control over the entire outfit and does just as good or better work than with horses. Every farmer knows that any implement at work requires constant attention. The implement is the profit maker and unless it works properly there is no excuse for the operation of the entire outfit. On other tractors one man is required on the tractor and one man on the implement.

YOU WILL SAVE TIME AND MONEY BY BUYING A TRACTOR NOW. DO YOUR FALL PLOWING WITH THE TRACTOR SO YOU WILL BE FAMILIARIZED WITH THE MACHINE TO EXPERTLY HANDLE NEXT SEASON'S WORK. YOU WOULD HESITATE TO DRIVE A CAR ON A CROWDED THOROUGHFARE IF YOU HAVE NEVER DRIVEN A CAR. YOU WOULD FIRST WANT EXPERIENCE. THE SAME IDEA APPLIES TO THE TRACTOR—GET THE EXPERIENCE THIS FALL AND BE PREPARED FOR NEXT SEASON.

LENAWEE FARMERS ARE INVITED TO VISIT OUR STAND AT THE FAIR GROUNDS AND TO EXAMINE THESE TWO TRACTORS. EXPLAIN YOUR ACREAGE, SOIL AND OTHER FARM CONDITIONS AND YOU WILL FIND THERE THE TRACTOR BEST SUITED FOR YOUR REQUIREMENTS.

EDISON SAID: "A HORSE IS THE POOREST MOTOR EVER BUILT. HE EATS 12,000 POUNDS OF FOOD A YEAR. HE EATS THE WHOLE OUTPUT OF FIVE ACRES. AND YET HIS THERMAL EFFICIENCY IS ONLY TWO PER CENT."

Mr. and Mrs. Charles Price have sold their home on West Pottawatamie street to parties from St. Claire and will move in a couple of weeks to St. Johns where Mr. Price has held a good job about a year with the Hayes Wheel Works.

Miss Gretta and Raynor Wixom of Detroit returned to their home Monday. Raynor has assisted his aunt, Miss Ida Chase, in the novelty store this summer and Gretta had visited her grandmother, Mrs. D. Chase, for a couple of weeks.

Culbertson school district will give a social at the school house, Tuesday, Sept. 16. Ice cream and cake will be served. Each family is requested to bring a cake. It is urged that everyone turn out and see the new improvements in the building which will make Culbertson a fine school.

Mr. and Mrs. Will Gibson were again hosts to Willing Workers Tuesday evening when Will Bly gave an interesting and instructive talk with his subject "The christian year of the Episcopal church." The music for the evening was furnished by Mr. and Mrs. Thomas Denniston.

Rev. W. A. Rex and Elder A. W. Mills were in Palmyra Tuesday for the meeting of the Monroe Presbytery. Rev. Rex is chairman of the New Era committee of the Presbytery and gave a report of the Lake Geneva conference and the plans of the New Era movement as they concern the Presbyteries.

One of the little Hagadorn boys climbed the telephone pole in front of McCann & Bowen's store last night to see hte show. Somehow he fell off coming down on the hard roadbed with a crash on the back of his head. He was unconscious when picked up so was taken to Dr. Beardsley's office where stimulants were applied and he was soon as bright and lively as ever.

Culbertson school will open next Monday with Miss Cecil Vogel teacher. The school has been remodeled, with a 12-foot addition built on in front, in which are cloak rooms and inside toilets. The old double seats in which John Boyce, Leslie VanDoren, Lou Kehoe, Ruth Gibson and Helen Sheldon learned their A, B, Cs have been abolished and thirty-six single seats are placed instead. The building has also been redecorated within and without.

OBITUARY

Francis E. Walp.

Death has claimed another of Macon's old residents, Francis E. Walp, who for the last four years had made his home with his daughter, Mrs. Fred Healey, of Jackson, having died after a few hours' illness at the home of his daughter, Mrs. E. J. Hunter, in Ypsilanti, Tuesday, September 2. Deceased was born in Heidleberg, Pa., Dec. 3, 1845. He came to Michigan in 1868 and soon after was united in marriage with Catharine Jane Harriott, who died August 11, 1900.

To this union were born five children, two sons dying in infancy and three daughters, Mrs. E. J. Hunter of Ypsilanti, Mrs. Almon Kuder of Clinton and Mrs. Fred Healey of Jackson, who with seven grandchildren, one sister, and a host of friends remain to mourn his death. A sister of Mr. Walp preceeded him in death but a few months.

Funeral services were held at the M. E. church in Macon at 2 p. m. Thursday, Sept. 4, Rev. E. M. Moore of Ypsilanti officiating. Burial was in the family lot in Macon cemetery.

Card of Thanks.

We wish to thank the many friends who extended their sympathy and kindness at the death of our father. We especially mention the bearers, those who gave the beautiful flowers, the singers, and Rev. E. M. Moore for his comforting words.

Mr. and Mrs. E. J. Hunter,
Mr. and Mrs. Almon Kuder,
Mr. and Mrs. Fred Healey.

IT'S NOT YOUR HEART IT'S YOUR KIDNEYS

Kidney disease is no respecter of persons. A majority of the ills afflicting people today can be traced back to kidney trouble.

The kidneys are the most important organs of the body. They are the filterers, the purifiers, of your blood.

Kidney disease is usually indicated by weariness, sleeplessness, nervousness, despondency, backache, stomach trouble, pain in loins and lower abdomen, gall stones, gravel, rheumatism, sciatica and lumbago.

All these derangements are nature's signals to warn you that the kidneys need help. You should use GOLD MEDAL Haarlem Oil Capsules immediately. The soothing, healing oil stimulates the kidneys, relieves inflammations and destroys the germs which have caused it. Do not wait until tomorrow. Go to your druggist today and insist on GOLD MEDAL Haarlem Oil Capsules. In twenty-four hours you should feel health and vigor returning and will bless the day you first heard of GOLD MEDAL Haarlem Oil.

After you feel that you have cured yourself, continue to take one or two capsules each day, so as to keep in first-class condition and ward off the danger of other attacks.

Ask for the original imported GOLD MEDAL brand. Three sizes. Money refunded if they do not help you.

"ALBUM OF THE LINDSLEY DISTRICT"

One of the most interesting features of the fourth reunion of the Lindsley school district, held in the grove north of the school in Macon Thursday, August 28, was the reading of the "Album of the Lindsley District" by the writer, Miss Hester McClue.

This paper is of interest not only to the residents of the Lindsley district but also to a large number of other people in this vicinity and is presented herewith:

"Of the many pictures that hang on memory's wall.
There are some that seemeth to me.
The very best of all."

No doubt most every one within sound of my voice can recall time when the family album occupied a very conspicuous place on the parlor table, and a part of the entertainment of every guest was an introduction to the family group and former acquaintances.

Lets all be old fashioned today for a brief period, and examine through memories' vision some of the forms and faces associated with this district.

First the group that gave us its name, Lindsley. A little old lady, quick of step, keen of eye, head dorned with a black lace cap lived at the top of the long hill that we climbed to reach our first school. A son and twin daughters shared her home. Shall we ever forget the juicy peaches or mellow, sweet apples she passed out to us when we borrowed the pail of water from her well. By the way, is the district still borrowing water, that which is so fully given with so slight cost and labor? If so, that accommodating well would be warranted in imposing a heavy tariff on its generous supplies.

Back to my picture. All of this group have passed from our midst and our hearts are still saddened by the recent departure of the last one, but the beauty and christian grace of her noble life hangs around us still like a sweet incense. God took her for she was his own.

See this cozy log cabin facing the south, with the well beaten path leading past the well to the gate. Such a profusion of old fashioned flowers greeted each visitor. Here lived the Boughnor family, respected and admired because of their sterling qualities, and thrift.

"Vacate the log house, build the frame if you will.
But the odor of the holly hocks hangs round it still."

Through the woods and down the lane, lived another family, Morgan by name. For several terms, the father was one of the administrative officers of the district, and some of us have to be grateful to his memory for his fair mindedness in giving us employment. His judgment was not based on good looks or personal charms. Three members of this family received their elementary education here, one a successful business man in Detroit, active in all good services that lead to the truer, purer life; another walks in our midst, and commands the respect of his co-workers; the third, the good wife of one of our best known farmers. All settled in life, and, best of all anchored to the faith of the God of their early training.

Yes, that is the Abel family, a name significent in itself. The honor of this name is now sustained by the bachelor brother who loves it too well to share it with another.

Quite a large group of the Parkers, some settled here, others scattered. One, a nurse, devoted her strength and interests to those who were ill, until that dread enemy, "the flu" cut off her usefulness. When the nation's call came for young life, volunteers from this family were not slow in responding.

Marriage brought the Thomas and Parker families close together. One of these will never be forgotten through her untiring efforts in the Red Cross, plain two, purl two slip and bind became a part of every day's conversation, as she taught unskilled fingers how to knit. Her son was among the first enrollment at the training camps. Sacrifice not self was the slogan of this family.

That landscape with its bit of water is a part of what to our childhood's fancy was a wonderful lake, with a fabulous depth. In imagination it equalled if not excelled any of the Great Lakes, but as our experience grew, this sheet of watter dwindled in importance. Yes, Camburn's lake, how strange that memory fixed that name.

A pretty clump of woods along a shady, grassy road, a road that is the dividing boundary between two counties, belongs to the McGuire farm. Here hickory trees grew in abundance, and the fine shagbarks were the occasion for many a nutting party.

Next to the woods lies the old homestead, associated with so many sacred recollections. The buildings and surroundings are improved and changed, but the good Scotch name still clings to it, such a good name that three members of the former family still retain it in spinsterhood. It is hard to tell of which the present owner is more proud his new Ford or his grandsons.

Just across the fields only a ten minutes' walk lived a widow with six sons and one daughter. Aunt Mary Biddle was known and beloved by all her neighbors for her kindly, christian spirit. The family have separated to different parts of the state, two have joined the ranks beyond, while one still holds old associations dear on the same farm.

This picture seems mostly forest and lane, but beyond them far to the east lived the Hendershot family. What a pretty shady walk from the home to the school. Two boys and their sister came through the woodland lot day by day, carrying the largest sized dinner pail that could be found at the country store. In early days, one gained distinction among his fellow students through his bristling political arguments.

That picture of a quaint log house far back in the field on a sunny knoll is the Snaubel home. Two families by this name still live in the district but the log house has given way to a modern farm residence, and not a vistage of its farmer location can be seen.

Rhoades, yes, I remember that name, several families were there not? Only one remains now in the immediate vicinity, and the daughter of the 3rd generation is a successful teacher in the city schools. Talk of a third generation there are even members of a fourth generation making straight and narrow roads to future citizenship.

There are several groups of the McCollums; the name being among the oldest in the district. Honest and worthy in all associations, the present residents are keeping up the good will of the Macs.

Some of these mental pictures have almost faded from view as our paths have diverged year after year. No doubt many names worthy of mention have been omitted.

To many time has been kind and progressive, sorrow and bereavements have come and gone, but as a community no dishonor or disgraceful affair has cut deeply into the hearts of its people. Our lot has been cast in pleasant places, protected and blessed by the sunshine of the good All Father.

To those whose heads are crowned with gray, no more fitting conclusion can be found than the poem, "I'm Growing Old," by John G. Saxe,

"My growing talk of olden times
My growing thirst for early news.
My growing apathy to rhyme.
My growing love of easy shoes.
My growing hate of crowds and noise.
My growing fear of taking cold:
All whisper in the plainest voice
I'm Growing old.

I see it in my changing taste.
I see it in my changing hair,
I see it in my growing waist.
I see it in my growing heir
A thousand signs proclaim the truth
As plain as ever truth was told
That even in my vaunted youth.
I'm Growing old.

Thanks for the years whose rapid flight
My sombre muse too sadly sing!
Thanks for the gleams of golden light
That tint the darkness of their wings;
The light that beams from out the sky,
Those heavenly mansions to unfold
Where all are blest and none may sigh
I'm Growing old.

A SAFE TEST

For those who are in need of a remedy for kidney troubles and backache, it is a good plan to try Doan's Kidney Pills. They are strongly recommended by Tecumseh people.

A. C. Aylesworth, retired farmer, W. Chicago St., Tecumseh, says: "About four years ago I had severe attacks of lumbago, which, I am sure, were brought on by disordered kidneys. I finally heard of Doan's Kidney Pills and began their use. After taking them for a month or more, I was relieved of the trouble. MORTGAGE SALE

WHEREAS, Lee A. Deyo and Hazel A. Deyo, husband and wife, and George H. Miller and Herma E. Miller, husband and wife, on the 17th day of January, 1919, made and executed a mortgage to Edwin R. Farwell, to secure Eleven Thousand Dollars ($11,000.00) payable five years after date with interest at six per cent per annum until maturity and seven per cent per annum after maturity; interest to be paid semi-annually, which mortgage was recorded in the office of the Register of Deeds in and for the County of Lenawee and State of Michigan on the 20th day of January, A. D. 1919, at 4:20 o'clock p. m. and recorded in Liber 213 of mortgages, on page 168; and

WHEREAS, it was in and by said mortgage expressly agreed, that should any default be made in the payment of the said interest, or any part thereof, on any date whereon the same was payable, as expressed in said mortgage, and should the same remain unpaid and in arrear for the space of thirty days then and from thenceforth, that is to say after the lapse of the said thirty days—the principal sum of Eleven Thousand Dollars mentioned in said mortgage with the arrearage of interest thereon should, at the option of the said Edwin R. Farwell, his executors, administrators or assigns, become and be due and payable immediately thereafter, although the period limited in said mortgage for the payment thereof might not then have expired, anything thereinbefore contained to the contrary thereof in any wise nothwithstanding; and

WHEREAS, it was in and by said mortgage further expressly agreed that the said mortgagors, within forty days after the same became due and payable would pay all taxes and assessments, special or otherwise, which should be levied upon the lands described in said mortgage; and

WHEREAS, it was in and by said mortgage further expressly agreed that the said Mortgagors would keep all buildings erected upon said lands insured against loss and damage by fire with insurers and to an amount approved by the Mortgagee as a further security to said mortgage debt and assign and deliver to the Mortgagee all insurance upon said property; and

WHEREAS, said Mortgagors have neglected and refused to pay the interest which became due on the 17th day of July, A. D. 1919, or any part thereof, and have neglected and refused to pay taxes levied upon the said lands described in said mortgage within forty days after the same became due and payable, and have neglected and refused to procure the said insurance against loss and damage by fire as stipulated by and in said mortgage; and

WHEREAS, More than thirty days have elapsed since said interest became due and payable pursuant to the provisions of said mortgage, and since said default in the payment of taxes and the procuring of insurance and the undersigned has elected and hereby elects that the whole principal sum shall become and be due and payable immediately, and

WHEREAS, there is due on said mortgage at the date of the first publication of this notice the principal sum of Eleven Thousand Dollars ($11,000.00), together with interest thereon from the 17th day of January, 1919, in the amount of Three Hundred and Ninety-Three & 84-100 Dollars (393.84); Taxes paid by the undersigned in the amount of One Hundred and Fifty-six & 12-100 Dollars ($156.12) and interest thereon from the 16th day of June, 1919, in the amount of one & 97-100 Dollars ($1.97); and Two & 30-100 Dollars ($2.30) paid by the undersigned to procure insurance on the 27th day of June, 1919, making altogether the sum of Eleven Thousand Five Hundred & Fifty Four & 23-100 Dollars ($11,554.23), and no suit or other proceeding has been instituted at law to recover the debt secured by said mortgage or any part thereof: and

WHEREAS, by virtue of said defaults in the conditions of said mortgage the power of sale therein contained has become operative:

Notice is therefore hereby given that by virtue of said power of sale and for the purpose of realizing the moneys above claimed to be due, together with interest thereon and costs of this proceeding, including a lawful attorney fee and any sums which may be hereafter expended for insurance or taxes upon the property in said mortgage described and conveyed, I will, on Saturday, the 15th day of November, A. D. 1919, at the East front door of the Court House in the City of Adrian, in the said County of Lenawee and State of Michigan, that being the place where the Circuit Court for said County is holden, at ten o'clock in the forenoon of said day, sell at public vendue to the highest bidder all that parcel of land described in said mortgage and situated in the township of Seneca, County of Lenawee, State of Michigan, described as follows, to wit:

The East half (½) of the Northwest quarter (¼) and the East half (½) of the Southwest quarter (¼) of Section Eight (8) in Town eight (8), South of Range two (2) East, containing one hundred and sixty (160) acres of land more or less.

Dated this 21st day of August, A. D. 1919.

CHANCERY NOTICE

State of Michigan—The Circuit Court for the County of Lenawee in Chancery.

Walter Exelby and Edgar J. Exelby,
Plaintiffs,
vs.

William McFetridge, John Herritage, Peter C. Vrooman, Martin Vrooman, Addison J. Comstock, William W. Murphy, George Oxeloy, Witter J. Baxter, John Exelby, Charles Underwood, Britton Oil Company, Phineas Spencer and the unknown heirs, devisees, legatees and assigns of each and every such named defendant,
Defendants.

At a session of said court held at the court house in the city of Adrian on the 13th day of August, A. D. 1919.

Present, Honorable Burton L. Hart, Circuit Judge.

Upon reading the bill of complaint filed in this cause, duly sworn to by the plaintiffs, from which it satisfactorily appears that the defendants hereto have some titles, interests, claims, liens or possible rights to the premises described in said bill of complaint and hereinafter described, and said plaintiffs averring that all of the titles, interests, claims, liens or possible rights of said defendants and each of them are barred by the open notorious, exclusive and continous possession of said plaintiffs or their grantors for more than fifteen years last past, and for more than fifteen years since the several rights to the possession thereof accrued to said defendants and that such possession has been during all of said time and still is adverse and hostile to the titles, interests, claims, liens or possible rights of the respective defendants and their predecessors in title; that plaintiffs have not been able to ascertain whether the said above named defendants and their unknown heirs, devisees, legatees and assigns or any of them are living or dead, or where they or any of them reside, if living or whether the title, interest, claim, lien or possible rights of said parties or any of them has been assigned to any person or persons, or if dead whether they or any of them have personal representatives or heirs living, or where they or any of them reside, or whether such title, interest, claim, lien or possible right may have been disposed of by will, although they have made diligent search and inquiry.

On motion of John C. Howell attorney for plaintiffs, it is ordered that the above named defendants or their several unknown heirs, devisees, legatees and assigns, cause their several appearances to be entered herein in the manner provided by law on or before the first day of December, A. D. 1919.

It is further ordered that this order be published or served as required by law.

Burton L. Hart,
Circuit Judge.

Clerk of said Court.
John C. Howell
Attorney for Plaintiffs,
Adrian Michigan.

The above entitled suit involves the title to and is brought to quiet and clear the title of land described in said bill of complaint as follows:

That certain piece or parcel of land situated in the township of Ridgeway, Lenawee County Michigan, described as the West one-half (½) of the Northwest quarter (¼) of Section Fifteen (15), Town Six (6) South, Range Five (5) East, containing 80 acres of land more or less. 10-9

Commissioners' Notice—State of Michigan, County of Lenawee, ss.

In the matter of the estate of Samuel Steel, deceased.

The undersigned having been appointed by the probate court of said county, commissioners to receive, examine and adjust all claims and demands of all persons against the estate of said deceased do hereby give notice that we will meet for that purpose at office of Wood & Rathblun, in the village of Tecumseh, Lenawee County, Michigan, on the 27th day of September, 1919, and on the 26th day of December, 1919, at two (2) o'clock in the afternoon of each of said days.

And that four months from the 26th day of August, 1919, are allowed by said probate court for the creditors of said estate to present their claims to us for examination and allowance.

CHURCHES ARE TO CO-OPERATE TO A HIGHER DEGREE

(Continued from Page One)

and Quakers or Methodists or Baptists but citizens of the world and God's kingdom. Let our slogan be the world for Jesus Christ."

The services began with a prayer by Rev. Rex, the scripture reading by Rev. W. R. Curtis and a vocal solo by Harold Lowry, "The Holy City," splendidly rendered.

Rev. Purdy of Clinton gave the closing prayer.

Meeting of Workers.

After the community service was held a meeting of workers from the various churches to determine on a course of work for the community services for the season. Rev. C. M. Thompson presided. He asked Rev. W. A. Rex for his opinions as to the work of the winter. Rev. Rex asserted that in a certain sense he considered the series of last winter a failure, not much accomplished. "We've got to get together more. We cannot come together Sunday night and fight the devil separately all the week. Tecumseh is our job first of all, ahead of the New Era or Centenary movements. All the churches of the town ought to be interested in Tecumseh, and should make a program of work with the sister churches for the common good. Let the 5th of October be a Rally Day and the whole town be urged—then sent for—to have the children in Sunday school, everyone.

Another goal should be that every man and woman in the town, whether church member or not, should be asked to give to the finances of some church. All enjoy the benefits of the church and the community should pay toward the work.

If the churches of town joined, what we say will go. We should unite in every good work. Why can't we make a goal of a 10% increase in membership in all the churches? Tecumseh is our interest. What is the use of being together Sunday night and competitive all the week. Let's get together Thursday night and make out a plan!

Rev. Curtis: The power of the church is not felt here as it should be, through disconcerted action. The town ought to feel the force of the churches.

Others in the group were asked their opinion and there was not a dissenting voice, all agreed with Rev. Rex that we should have a goal to work for—some definite good to be accomplished. The rally day idea was enlarged on, a church census of the town thought necessary to get hold of the little people as well as their elders and the thought of asking every citizen for financial help approved.

L. D. Kenyon represented the Friends church, Mrs. Alva Waring, Mr. and Mrs. Wendell Willetts and Dr. E. D. Brown the Methodist.

Lester Rogers, in behalf of St. Peter's church, said they would be pleased to co-operate, that the churches were like men in business or the lodges, all seem to be working for their own end. "Urge the people to go to church, it is a duty we owe God, ourselves the community and our pastors. We are all talking democracy then we should get together and work. Our town is large enough to all work and not tread on each other's toes."

J. T. Boyce lamented the jealousy between the churches and thought we should all get together. R. M. Moiles upheld the idea of the interdenominational canvas.

A. VanValkenburg of the Baptist church approved the get-together plan heartily. Rev. Rex suggested another idea to be pushed by the churches. That some of our village laws are antedated and could not be enforced, but the council should be ordered to pass an ordinance allowing no more street shows (carnivals) to come to Tecumseh, bringing gambling devices. That these did more harm to our boys than a certain stunt at a recent Wednesday night show where the girls were not sufficiently garbed. He also suggested that we work from now on for a four weeks' community evangelistic series preceding Easter. The plans are to be discussed tonight at the various prayer services and on tomorrow (Friday) evening at 7:30 at the M. E. church will convene the pastors and several officers of each church to formulate plans for the community services. All the religious bodies of the town are urged to send representatives.

C. A. R. TO ATTEND LEGION CONVENTION

A delegation representing the Grand Army of the Republic will attend the first annual convention of the American Legion, the national organization of American veterans of the war with Germany, to be held in Minneapolis November 10, 11 and 12. Marshal Foch of France is to be present to address the convention on November 11, American Legion Day.

In a letter made public today at national headquarters in New York, C. E. Adams of Omaha, Neb, commander-in-chief of the G. A. R., accepts the invitation extended by Henry D. Lindsley, chairman of the national executive committee, and adds:

"I am fully in accord with the sentiments set forth in your letter. It is a step in the right direction. In my opinion the time has come for all army men and all patriotic societies to strengthen their position by a federation of their organizations. This action cannot come any too soon; the disorganization that is so rife today must be curbed. And it will take the united force of us all to make the proper American construction that is so urgently needed.

"I have visited twenty-seven states in the last ten weeks and have addressed more than half a million people and the demand is for a settled American policy. The whole country is looking to the patriotic societies to take the lead."

Why all this criticism of inefficiency in the post office department? Were not the bombs that had sufficient posage promptly delivered? And were not those that had not sufficient postage properly held?

FIRE BLIGHT FOUND IN STATE ORCHARDS

Pear and Apple Trees Killed in Fruit Belt—Control Methods Given by M. A. C.

East Lansing, Mich.—Reports from plant pathologists who have been making investigations in various fruit counties of the state indicate that fire blight, which has been less frequent in the last two years than formerly, is now developing rapidly in pears and to less extent in apples.

"It is possible to check the disease and prevent loss of trees if the blight is cut out at once," say the plant disease men of the college. "The cuts should be rather severe, since the blight germs may have worked their way some distance down the limbs and yet give no sign on the outside. After the cuts are made and the trees completely freed from blight infestation, the wounds should be disinfected with some disinfectant such as 5% carbolic acid or corrosive sublimate, 1 to 1000. Then the trees should be given a second inspection in a week or two to catch any new out-cropping of the disease."

Detailed information on control methods for fire blight may be had by writing to G. H. Coons, botony department, East Lansing.

Many Extra Miles

We can show you—and prove to you—that there is a genuine money saving in the use of United States Tires.

The *extra* miles they give mean just so many extra dollars counted in real money.

And there are further actual economies in the saving of gas, oil, repairs and depreciation.

The reason of all this is in the tires themselves—their liveliness, ruggedness and sturdiness.

There are five United States Tires—a type for every make of car.

United States Tires are Good Tires

We KNOW United States Tires are GOOD tires. That's why we sell them.

Ambrose Arner is very ill with asthma.

Mrs. James McKinney has been quite ill this week.

Mr. and Mrs. Floyd Bryan and son are in Jackson today for the fair.

Miss Ruth Rickett of Granville, Ohio, is visiting Miss Lillis Howard.

Rumor has it that Lloyd McQuarie is to operate a garage at Maybee.

Mrs. John Welch has so far recovered from her serious illness as to be about the house.

Mrs. W. F. Raven of East Lansing is the guest of her daughter and husband, Prof. and Mrs. O. W. Laidlaw.

Miss Beth Satterthwaite was a passenger for Chicago yesterday morning, going to join Miss Zillah Mills in a visit with friends.

The dance at Witherell Hall was largely attended last evening. All had a fine time. Coller's orchestra furnished the music.

When J. M. Kent arose early this morning his bicycle was gone, and he found the track, leading west. He started out afoot and followed that single mark to near Tipton where the wheel lay in the grass beside the road. The trip back to town was made in record time.

Louis Schneider and Harold Halladay are starting an auto repair and vulcanizing shop in the south store of the Dewey block formerly the Wyckhoff pool room. A large opening has been cut in the north wall to admit the machines, and the place when finished will make a good workshop for these two young hustlers. The business is already coming to them before they can get settled so prospects look fine for the new concern.

Will Coller and Charles Skinner played with the Tipton and Adrian bands Sunday aternoon, the bands giving a concert for the girls at the Industrial Home, at Adrian. The audience was about the most appreciative of any in the county, especially were the lively strains of "I'll Say She Does" well received, the girls calling for it again and again. They sang many pieces with the bands and the concert was thoroughly enjoyed by the musicians as well.

Evidence has been received in Tecumseh that San Francisco, Cal., gave the Pacific fleet of the United States navy a most hearty welcome when that unit of Uncle Sam's war vessels visited the far western metropolis early this month. Miss Nannie Kyle of this city has received from her brother, Capt. Tom Kyle, who is a resident of San Francisco, a copy of the Chronicle of that city dated September 1 which devotes many pages to welcoming the tars of the Pacific fleet. The paper issued a "fleet" edition, the first page being in colors, and on behalf of the people of San Francisco and California in general greeted the sailors heartily.

Hiram and Herbert Gove returned Tuesday from Chicago.

Mr. and Mrs. Will Cubitt visited near Petersburg Sunday.

Mr. and Mrs. Fred Stierle of Saline were in town last night.

Mrs. L. Scott of Adrian is visiting her niece, Mrs. W. D. Willett, and family.

Miss Mary Cubitt returned to Cleveland yesterday after visiting Mrs. Floyd Elliott.

Mrs. Ella Stewart of Toledo is here for a visit with her mother, Mrs. Nellie Osterhout.

One hundred twenty-seven is the number of foreign pupils in the high school at present.

Mrs. Julia Wright McClure left on Monday for her home in Pittsburg after a visit with relatives.

Raynor Quackenbush just returned from overseas, went into Detroit Wednesday to resume his old position.

James McCann of Detroit has been in town part of this week, a guest of his brother, Thomas, and family.

Mrs. A. W. VanBuren of Chicago and has been the guest of her brother, Will Ross, and family since Tuesday.

A daughter, Wanda, was born to Mr. and Mrs. Lawrence Hill of North Adams September 3. Mrs. Hill was formerly Edna Garlinghouse until some years ago a resident of this city.

G. J. Ziehr was in Jackson Saturday evening. He found his brother-in-law there in serious condition, be dying Wednesday. Mr. and Mrs. Ziehr will attend the funeral Saturday.

Mrs. Nancy Harris received word yesterday of the safe arrival in New York of Ed Sales, so well known here. A graduate veterinarian, he has been in that part of the service of the army.

J. H. Temple, president of the Tecumseh State bank, and H. S. Temple, of the Lilley State bank, with their wives were in Hillsdale yesterday for the meeting of group nine of the Michigan Bankers' association.

Elmer Wilson, a highly respected citizen of Franklin township, passed away Friday evening, aged 72. He died on the farm on which he was born about six miles southwest of Tecumseh where now reside his daughter and husband, Mr. and Mrs. Arthur Dove. A son, Ralph Wilson, also lives in Franklin. The funeral was held Monday.

E. E. Crampton, superintendent of the city school, was in Olivet from Saturday to Monday. He went to attend the funeral of his father, Giles A. Crampton, who had passed away September 4, at the age of 69 years. Surviving are the wife and two sons of Olivet besides Mr. Crampton of this place. The funeral was held Sunday.

Mr. and Mrs. Earl Updyke, their son, Bertram, and Miss Jeannette Hall drove to Bloomdale, Ohio, Saturday and spent Sunday with Mr. and Mrs. Knodle. They took with them Russell Knodle, who has been here several weeks, and brought back Miss Florence Knodle for a visit with her grandfather, James Elliott, and Mr. and Mrs. Floyd Elliott.

Mr. and Mrs. Wm. Fragner of Philadelphia, Pa., were in Tecumseh yesterday visiting their uncle and aunt, Mr. and Mrs. E. H. Ahrens. Mr. Fragner, who has been in the service of the United States navy for something like sixteen years, is now in charge of the ordnance department at the supply depot in Philadelphia. His furlough was spent visiting relatives and friends in Monroe and Adrian.

Miss Margretta Gibson entertained her former co-workers of the Tecumseh telephone exchange out at her farm home Monday evening. Billy picked the largest and sweetest melons in his patch and that they were good was proven by their quick disappearance. The girls had a jolly time and when 414F4 calls they'll receive the best service possible. Misses Hazel Stahler and Bernice Blythe cared for the board in the absence of the operators. The following enjoyed the hospitality of the Gibsons: Manager Lydia Babcock, Chief Clerk and Collector Dora Lee, the Misses Florence Waldron, Mildred and Marion Brooks, Josephine, Mobbs, Thelma Willnow, Alice Hardenburgh, Mildred Price, Gladys Bowen, and Vivian Miller, night operator Gertrude Stelzer and Mrs. Hattie Sells.

Born, Tuesday night, to Mr. and Mrs. Rutherford Anderson, a son.

Newton Bryan went to Jackson Tuesday to visit his son and take in the fair.

Dr. Beardsley has a new Ford coupe for bad weather. He gets into the machine with a shoe horn—he said so.

Mrs. Nellie Clark has been entertaining yesterday and today Mrs. W. B. Mumford of Adrian and Mrs. F. L. Marks of Cleveland.

Mrs. Jennie Hall of Grand Rapids and Mr. and Mrs. A. W. Bumhour of Chicago have returned to their homes after visiting Alva Spayde and daughter, Miss Bess.

Honoring their guest, Miss Mary Cubitt of Cleveland, Mr. and Mrs. Floyd Elliott entertained a party of twenty-six at dinner Tuesday evening. Another out-of-town guest was Miss Florence Knodle of Bloomdale, Ohio.

Tomorrow night the B. Y. P. U. will give a party at the Baptist church honoring Mr. and Mrs. Norman McConnell, bride and groom of last week, and Miss Florence Waldron and Faye Van Valkenburg, who are to be married next week Wednesday.

There was a jolly picnic at the Sutton flats Monday evening when a couple of loads of the Anderson dry goods people took their supper down there. In the party were R. W. Puffer and family, Mrs. May Mobbs, Mrs. Eleanor Hardenburgh, Misses Lizzie Beamish and Bernice Hall and Lester Heesen.

Frank Hoagland and Mrs. Burton Hall were in town Wednesday. They took the latter's little son, Garth, who has been a sufferer from infantile paralysis for a couple of years, to Detroit, accompanied by Dr. Richardson of Dundee. It is hoped the treatment the little fellow receives there will improve his condition.

With the sale to Wm. Palman, C. M. Gilbert takes his first vacation in 16 years since he came from Munsing and only for three months in the last twenty-nine years has he been out of business. Now he plans to take a real rest and those who have seen him steadily at business each day know how well he earned it.

AUTO IS STOLEN DURING STREET SHOW

Mrs. Warren Lamkin and a neighbor drove into town last evening with the former's Ford car. They left the machine near the Presbyterian church and going back early in the evening to place some groceries in the car found it gone. They put the matter in the officer's hand but as yet no trace has been found.

When Amos Wilson went for his machine the key had been stolen, but his loss was quickly made good by the purchase of a new one.

A SURPRISE AND KITCHEN SHOWER

At Ted McConnell's Friday night the Good Cheer class of the Baptist church enjoyed themselves immensely and showered Mr. and Mrs. Norman McConnell most liberally with kitchen utensils. After a "weenie" roast and melon feast they sat the newlyweds on the floor and made them draw their gifts from a big boiler, guessing as to the use of each. This caused much laughter and the evening passed too quickly for the merry-makers.

NEXT ONE IS LAST OF THE FREE SHOWS

Threatening Weather Made Last Night's Attendance Smaller Than Usual; Program Classy.

The lowery weather kept many at home last night so the free show crowds were not as dense as usual, but the program was unusually good.

After a program of the Tipton band's good music, Palmer the dancer and juggler, started the ball rolling with some great stunts.

The Hawaiian singers, who became so popular here last week at the Bradley, gave the major part of the program and were heartily applauded.

The last act was by Zareli and Zareli, comic acrobats, a man and woman. Some of their work was excellent.

Next Wednesday's show finishes a successful season. There will be the usual acts, closing with a boxing match between Hatings and VanWinkle.

IN BUSINESS FOR 29 YEARS, HOLDS A SALE

Frank Avery has been a resident of Tecumseh for 31 years and for 29 years has successfully conducted a grocery store here. To celebrate the occasion he will hold a twenty-nine cent sale during the coming week.

Mr. Avery is one of the substantial and much respected business men of this city and his friends without number wish him continued success in his grocery business.

Ninety-Four Years Ago

The first batch of wheat was ground into flour in Tecumseh. This, the first flour to be made in Lenawee County, was milled on stones shaped from granite boulders in a grist mill along the Raisin River.

Today a modern, up to date flour mill, standing within a stone's throw of the location of the little grist mill, is running night and day to supply the demand for its product.

The Wm. Hayden Milling Company invite you to try a sack of their finest flour, namely:

EARLY FALL WHEAT PLANTING IMPORTANT

Best Time Varies in Different Sections of State—Dates Given By Crop Experts.

East Lansing, Mich.—That the proper planting time of wheat is a factor which is not given the attention it deserves is the opinion of Prof. J. F. Cox, head of the crops department at the Michigan Agricultdral College. The tendency in many sections of Michigan is to plant at such a late date that the wheat does not develope sufficient top growth for best wintering. Tests have shown that earlier plantings give best results, early October being usually too late to plant for profitable crops.

The following dates are given by Professor Cox as safe planting times for Michigan: Southern Michigan counties, two tiers, September 20 to October 1; Central Michigan, as far north as Saginaw Bay, September 15 to Sept. 25; Northern lower Peninsula, north of Saginaw Bay to the Strait, Sept. 10 to Sept. 20; Upper Peninsula, Aug. 25 to Sept. 10.

It is also important that rye be planted at the right time. Rye can generally be planted from 15 to 20 days later than wheat with assurance of good returns, but maximum results will be obtained if it is planted dring the periods given for wheat. Late October and November plantings do not compare favorably with those planted at an earlier date.

"Preparation of the seed bed, treatment of seed, and proper fertilization are all important factors in wheat production," says Professor Cox, "but I believe that the planting time is vital. If we fail to observe it, our other efforts will be wasted."

LARGER FARMS USE INVESTMENT BETTER

Small Operators Show to Disadvantage in State Farm Management Records.

East Lansing, Mich.—The larger farms of Michigan are more efficient users of the capital invested and return a higher percentage income than their smaller neighbors, according to facts gathered from the records of a large number of farms, scattered all over the state, by Chas. H. Graves, farm management specialist at the Michigan Agricultural College. Farms having a labor income of over $1,500 invariably showed a capitalization of more than $12,000. These farms showed labor incomes of 13% of the capital invested. On the other hand, farms which showed incomes of less than $1,000, returned an average of only 5½% on the investment, showing clearly that the management of the smaller places did not equal that of the larger.

"Several reasons for this difference in efficiency are very apparent," says Mr. Graves. "For one thing, there was no work on the farms of low income to utilize the time of the farmer during the winter season. This puts a double load on the crop season, as the profits of this period must support the farm over the entire year. Again, there was not enough livestock to make use of the unmarketable crops, such as low quality hay, straw and corn stover. The large income farms all showed enough livestock to utilized these crops in conjunction with a proper amount of good things."

WHEAT SMUT COSTS FARMERS PRICE CUT

Deduction of Five Cents Per Bushel Made—Experts Say Treat Drills and Bags.

East Lansing, Mich. — Wheat smut is costing many Michigan farmers a price cut of from five to fifty cents a bushel on this year's crop, according to the statement of F. B. Drees, Sect. of the State Millers Association, Lansing. Mr. Drees points out that no smutted wheat will be bought at the central markets and that as a result the local dealers are compelled to cut below the government guaranteed price on all infected grain.

An anti-smut campaign is being put on in an effort to eliminate as much as possible of the wheat loss next year. The State Millers' Association has distributed cards over the state warning farmers, millers, and elevator men that drills and bags as well as seed wheat, must be treated for smut if the infection is to be controlled. In addition, extension bulletins from the Michigan Agricultural College which cover wheat smut and its treatment are being sent out, at the request of the state association, to all millers and elevator men of the state. The millers will in return distribute the bulletins among the farmers of their community who want information on treatment for smut.'

The campaign is expected to result in a great lessening of the amount of smutted wheat for which farmers will suffer a loss next year.

CHURCHES ARE TO WORK ON A YEAR PROGRAM

MEETING OF TECUMSEH CLERGY AND LAYMEN

Program of Religious and Community Welfare Adopted—Religious Census of Tecumseh Early Feature.

Religious canvass, increase of church and Sunday school attendance and community welfare movements are included in a year program adopted at meetings of Tecumseh clergy and laymen of the various churches of our town.

Friday evening last at the Methodist church the first meeting was held. At this session, Rev. C. M. Thompson, chairman, a religious census was decided upon. A committee consisting of Revs. W. A. Rex, J. G. Widdifield, W. R. Curtis and the Messrs. L. D. Kenyon and A. B. Harding were appointed to make arrangements for the canvass.

The continuation of the Sunday evening community services were discussed at some length without reaching a point of unanimity. The meeting was adjourned to Tuesday evening of this week.

The meeting this week at the Presbyterian church was presided over by Rev. Escolme of the Friends church and resulted in the adoption of the topical program, including the continuation of the community services, as given below.

A CHURCH PROGRAM FOR TECUMSEH

Adopted by a Committee of Ministers and Church Officers To Be Presented to the Churches for Ratification on Sunday, Sept. 28.

1. A village religious survey.
2. Simultaneous Rally day exercises.
3. Average Sunday school attendance and average church attendance for six months, 75%.
4. A 10% increase in church and Sunday school memberships by Easter Sunday.
5. A union Teacher Training class.
6. [illegible]
[illegible]
9. [illegible] in Community Welfare movements.
10. The enforcement of certain local laws or a repeal of the same.
11. Giving aid to secure justice and equity for the men and women who work.
12. Assisting in bringing about so much needed improvement in certain moral conditions.
13. Favoring municipal control of amusements.
14. A course of non-sectarian religious instruction, on a credit basis, presented to the Sunday School Board with a view of having the same introduced into the public schools.
15. A house to house financial canvass for the support of our various churches.
16. A continuance of the Community Service in such a form as will best accomplish this program.

ADDENDA

Believing that the following would greatly improve the social and moral conditions of the community, WE FAVOR—

1. Better Sabbath observance.
2. Earlier closing hours on Saturday night.
3. Weekly half-holidays for workers during the summer season.
4. Better enforcement of the Dry laws and the Gambling laws.
5. A Community House.
6. Religious advertising.
7. A closed door to all traveling carnivals and street fairs.
8. A curfew law for children under 14 years of age, unattended on the streets after 10 p. m.
9. The library open on Sunday from 2 to 9 p. m. for reading purposes.
10. The prohibiting of public entertainments which portray or suggest illicit love, adultery, murder, suicide, theft and acts of a similar character.

TIPTON SNATCHES GAME FROM LOCALS

While the Tecumseh Independents are very fast and clever ball players they are not invincible, this being proven Sunday when Tipton came here and grabbed a game from the home nine which the local team seemed to have safely tucked away. It was one of the most sensational finishes which has been staged here this season, the boys from the neighboring town winning 7 to 6.

Tecumseh tallied three times in the second inning and repeated the performance in the third, holding the visitors scoreless until the sixth, when the invaders sent one man across. But they gave a better account of themselves in the seventh. The Independents could do nothing in their half but when the visitors were retired and the damage was summed up it was found they had tied the score, five Tipton men having circled the sacks. The Tecumseh players seemed to be attacked by stage fright in this inning and this coupled with some strangely swatting [illegible] within reach of [illegible] in the deciding [illegible]

Clerks Lose Deciding Game By Score of 3 to 2.

H. Brewer & Company's team is the champion of the City Baseball League. It defeated the Clerks in the deciding contest, the score being 3 to 2.

The game was played last Thursday evening and was a most exciting contest. It went only seven innings, but each one was full of tense moments.

At the end of the sixth the score was tied, each team having tallied once. The Clerks batted first and when they sent in one score in their half the Brewer rooters were beginning to waver, but their fears were unfounded. The Brewer Co. nine demonstrated how to snatch a game from their opponents as it extended itself in its last time at bat and pounded in two runs, winning the game and the championship.

Burridge Resigns

CHAIRMANSHIP OF TECUMSEH RED CROSS.

Secretary's Report at Meeting Thursday Evening Showed $1,025.88 Balance.

About a score of the members of Tecumseh branch of Lenawee County Chapter American Red Cross responded to the call for a meeting at the Tecumseh State Savings bank last Thursday evening, for the transaction of business.

Secretary Guy Nemire submitted his report which showed a balance in the donation fund of $1,025.88. On motion it was voted to send 75% of this sum to headquarters in Adrian.

Surprise to some at least was evident when Chairman Charles Burridge tendered his resignation. The resignation was regretfully accepted and a vote of thanks, recognizing the faithful and efficient work of the retiring chairman was extended him.

Mr. Burridge has given much of his time and untiring efforts to patriotic work during the war period, and upon assuming the chairmanship of the Tecumseh organization he shouldered no light responsibility. His efficient services in that official capacity were recognized by all.

In fact Tecumseh can well feel proud of the magnificent work accomplished by her Red Cross and patriotic workers, for it was through the combined efforts of the leaders and the citizenship that she ranked foremost in all work undertaken.

The vacant chairmanship will be supplied at the annual meeting in October.

FORMER SUPERINTENDENT OF SCHOOL HERE DIES

Prof. L. M. Kellogg Passes Away In Northern Part of the State.

On Friday Miss Emma Rogers received a letter from her friend, Mrs. Grant Toms, a former Tecumseh resident, telling of the death of her brother-in-law, Prof. L. M. Kellogg. Prof. and Mrs. Kellogg went two weeks ago to the northern part of the state to visit a brother of Mrs. Kellogg. His health had been delicate since he left Tecumseh but he had been looking well and feeling much better this summer, as Tecumseh friends say who saw him recently, but after he reached the home of his relative he began to grow weaker and the end came last Thursday. He was taken back Friday to his home in Lansing and there buried on Saturday.

L. M. Kellogg was superintendent of our schools from 1890 to 1902 and was highly esteemed both by his students and the townspeople. Next week we will publish an obituary and appreciation by one of his close friends.

SPECIAL MEETING OF LOCAL LEGION POST

There will be an important special meeting of the Underwood-Orr post, No. 34, American Legion, at its club rooms Friday evening, September 19. The session will begin at 8 o'clock and all members are urged to be present.

The meeting is for the purpose of ratifying the state constitution and to learn the sentiment of the members of the Tecumseh post on certain policies of the national organization of world war veterans.

CULBERTSON SCHOOL OPENED TO PUBLIC

Tuesday night the Culbertson school, northeast of town, which has just been remodeled was opened to the citizens of the district for their inspection, an ice cream social being the further attraction. There was a large crowd in attendance, quite a number going from town.

S. W. Boyce, the moderator of the district, was in charge of the program and as an introduction told of the improvements which were so evident.

The Misses Margretta and Ruth Gibson sang a duet, Miss Ruth accompanying, and Wilbur Boyce followed with a baritone solo, his sister, Miss Marjorie, accompanying.

John T. Boyce gave a splendid history of the school, full of humorous stories of his boyhood days there. Other former scholars followed with stories and events of the other days and in all the evening was a happy event.

Ice cream and cake were sold, the proceeds, some $22, going toward the purchase of a bookcase for the school library.

HELLO GIRLS HAVE PICNIC AT SUTTON

A group of the telephone operators and friends enjoyed a picnic on the beautiful shores of the Raisin at Sutton Monday evening, when a "weenie" roast was a part of the fun. Miss Glayds Bowen had the star part of the program. She had her ukelele and stepped one side to tune it when down the bank she slipped into the river. With the help of the girls she scrambled out, then thinking of that precious ukelele back into the stream she went as calmly and deliberately as if it was an every day performance and rescued the music box.

The girls enjoying the evening were Mrs. Hattie Sells, Mrs. Will Kempf and the Misses Lydia Babcock, Thelma Willnow, Dora Lee, Gladys Bowen, Mabel Skinner, Mildred Price, Margretta Gibson, Gertrude Stelzer and Vivian Miller.

[illegible] Bride of Faye VanValkenburg.

Last evening at the home of Mr. and Mrs. [illegible] Waldron on South Union street took place the marriage of their youngest daughter, Miss Florence Irene, and Faye VanValkenburg. The home had been handsomely decorated by Lester Heesen, pink and white asters and greenery being used profusely. The bay window in the parlor had developed into a charming bower and here Rev. W. R. Curtis awaited the wedding party.

Preceding the ceremony Harold Lowry sang "I love you truly," (Carrie Jacobs Bond.) First came two little nieces of the bride and groom, Marjorie Foor and Mary VanValkenburg, bearing strands of ribbon making an aisle down which came the wedding party. Little Dorothy Foor led carrying the ring in a rose, and attending the bridal couple were the bride's brother, Leon Waldron, and Miss Loraine Westcott, both of Detroit. Miss Ethel Curtis played Mendelsshon's wedding march. The bride wore a pretty gown of white satin with georgette trimming and carried white roses. After the ceremony a bountiful supper was served. Here again were asters plentifully used. On the bride's table was a great basket of the beautiful flowers and on the small tables, little baskets, with a single large aster at each of the sixty plates. The bride's table was served by the Misses Gladys Bowen and Muza Rice of Adrian, while the Misses Mildred and Marian Brooks, Ella McNeil and Lelia Snell cared for the others. The presents were many, both beautiful and useful, attesting the high esteem in which these young people are held.

After a week's trip to Buffalo, Niagara and Watkins, N. Y., they will return to Tecumseh and for a time reside with Mr. VanValkenburg's parents, Mr. and Mrs. Amenzo VanValkenburg.

Both were students of the local high school, and are highly respected in this city. Miss Waldron has only recently resigned from the office of the Tecumseh Telephone Co., where she has worked up from operator to chief clerk and collector. In this work she has won hosts of friends by her courtesy and close attention to business. Mr. VanValkenburg, who was a student at the U. of M. when war was declared, has been discharged from service and has taken up his former business of farming.

The newly-weds have the very best wishes of the residents of Tecumseh.

B. Y. P. U. ENTERTAINS FOR TWO COUPLES

It was a very happy occasion at the Baptist church Friday night when the B. Y. P. U. entertained honoring their newly weds, Mr. and Mrs. Norman McConnell and Miss Florence Waldron and Faye VanValkenburg. Music and games took up the time until the serving of refreshments. Later Rev. W. R. Curtis, on behalf of the company, presented each couple with a cut [illegible]

An Enlightening Lecture on Korea

REV. W. A. REX TELLS OF "IRELAND OF FAR EAST"

Community Service at Presbyterian Church Opens With Sing Fest; Union Meeting at Baptist Church Next Sunday.

As the result of having attended the Community service at the Presbyterian church Sunday evening, about 200 Tecumseh people heard some facts regarding Korea which were not generally known. Those in attendance also saw a series of stereopticon views of the little country to the far east and learned of its struggle for independence. Rev. W. A. Rex gave the lecture in conjunction with the pictures, his discourse proving enlightening and entertaining.

Next Sunday night's Community service will be at the Baptist church, and Rev. W. R. Curtis, the pastor, in announcing the meeting just before the lecture on Korea, invited the choirs of the other Tecumseh churches to join with the singers of his church September 21, saying this would add much to the enjoyment of the union services.

A feature of Sunday night's service was a community sing. Rev. Rex said it had been suggested a song service precede the lecture an d he had arranged to have several hymns thrown on the screen that all may join without being compelled to hold a book. The hymns were sung with vim.

The pastor of the church in which the service was held, in opening his discourse, mentioned that the people he was to tell about were just getting up after their night's sleep, the sun shining there while we are slumbering. He stated Korea for a long time was independent, though under a king. The inhaditants of Korea are peculiar, some people here, after seeing pictures of the natives, getting the impression they are like our northern Indians.

Korea, which means "the chosen," is considered the most fertile field for missionaries in the world, and has made more progress in the last twenty-five years than most other similar countries. The country considers itself independent, its president now being in the United States. It is all mountains and valleys and is about three times the size of Ohio, Rev. Rex sad.

The views shown in connection with the lecture were numerous and varied. Pictures of the country, the natives, their mode of living and their industries were displayed and Rev. Rex's explanation of each scene gave his hearers a clear understanding of the conditions in this land and of the struggle for independence which Korea, termed the Ireland of the far east, is so valiantly making.

Rev. Edward Escolme read a scripture lesson before the lecture began, Rev. C. M. Thompson offered prayer. Rev. Curtis pronounced the benediction.

Florence D. Linton Becomes Bride of Edward Harper; Newlyweds Given Ride.

Monday evening, September 15, at 6:30 o'clock at the home of Mrs. Thos. Wyrill, Miss Florence D. Linton and Edward Harper were married. The couple received their guests, who numbered about thirty of the immediate relatives, and at the appointed hour Miss Florine Linn began the opening strains of the Lohengrin wedding march. Unattended the bride and groom found their places before Rev. C. M. Thompson who stood before a large mirror. This had been made the back ground of a bower of green overdraped with tiny white flowers and with a great bunch of cosmos at the foot. Vines of green with more white flowers ran over the windows on each side making the whole end of the room beautiful indeed. Here Rev. Thompson pronounced the ceremony using the ring service, Miss Linn playing softly the while.

After the ceremony the guests were served a delightful two-course supper at which Mr. and Mrs. Elmer Linn catered. The dining room was handsomely decorated with astors and greenery, great bouquets of asters being used on the tables. The bride's table was served by Miss Linn while Miss Clara Critchett, a close friend of the bride, attended the other guests.

The bride wore a charming gown of Nile green crepe de chene and georgette, with trimmings of pink rose buds. She carried a shower bouquet of bridal roses.

The presents received by the newlyweds were many, beautiful cut glass, china, silver and linen.

After the supper the bride made herself ready in a navy blue suit with hat to match for her honeymoon journey, but oh that journey. Some of their friends found out their route and captured them, placing them on a truck, bountifully equipped with cow bells, dinner bells, drums, horns and other racket makers and drove about town, then to Clinton. There the band was playing. The latter surrounded that truck and gave the newlyweds a serenade. Then back home. The fun makers were tired by this time and let Mr. and Mrs. Harper depart.

Upon their return they will reside with Mrs. Harper's grandmother, Mrs. Wyrill, where they will be at home to their friends after October 15.

The young people are well known and highly esteemed in Tecumseh, which was the birthplace of the bride. She was graduated from our high school, then the Normal and has since been a successful teacher. The groom holds a position with the Standard Oil Co. here and is an energetic young man of exemplary habits. Both are regular attendants of the Methodist church and highly interested in the work of that church. We bespeak for them a long, happy walk together down life's pathway.

MR. AND MRS. AYLESWORTH ARE AGAIN SURPRISED

Another party of neighbors, a continuation of the anniversary party of last week, walked in on Mr. and Mrs. Fred Aylesworth Sunday morning, bringing a big dinner.

Last Sunday was the anniversary of the wedding of Mr. and Mrs. Aylesworth and their friends were "next." A week ago a jolly crowd filled their home and this Sunday came another party. The guests this week were E. R. Updyke and family, Mr. and Mrs. James Updyke, Mr. and Mrs. Earl Updyke, W. B. Keyser and daughter, Miss Ethel, Mr. and Mrs. O. G. Smith, Mrs. Lawrence Osburn and children, Harold Wheadon and children, Mr. and Mrs. M. R. Keyser and son, and Mrs. Pickles.

MORTGAGE SALE

WHEREAS, Lee A. Deyo and Hazel A. Deyo, husband and wife, and George H. Miller and Herma E. Miller, husband and wife, on the 17th day of January, 1919, made and executed a mortgage to Edwin R. Farwell, to secure Eleven Thousand Dollars ($11,000.00) payable five years after date with interest at six per cent per annum until maturity and seven per cent per annum after maturity; interest to be paid semi-annually, which mortgage was recorded in the office of the Register of Deeds in and for the County of Lenawee and State of Michigan on the 20th day of January, A. D. 1919, at 4.20 o'clock p. m. and recorded in Liber 213 of mortgages, on page 168; and

WHEREAS, it was in and by said mortgage expressly agreed, that should any default be made in the payment of the said interest, or any part thereof, on any date whereon the same was payable, as expressed in said mortgage, and should the same remain unpaid and in arrear for the space of thirty days then and from thenceforth, that is to say after the lapse of the said thirty days—the principal sum of Eleven Thousand Dollars mentioned in said mortgage with the arrearage of interest thereon should, at the option of the said Edwin R. Farwell, his executors, administrators or assigns, become and be due and payable immediately thereafter, although the period limited in said mortgage for the payment thereof might not then have expired, anything thereinbefore contained to the contrary thereof in any wise nothwithstanding; and

WHEREAS, it was in and by said mortgage further expressly agreed that the said mortgagors, within forty days after the same became due and payable would pay all taxes and assessments, special or otherwise, which should be levied upon the lands described in said mortgage; and

WHEREAS, it was in and by said mortgage further expressly agreed that the said Mortgagors would keep all buildings erected upon said lands insured against loss and damage by fire with insurers and to an amount approved by the Mortgagee as a further security to said mortgage debt and assign and deliver to the Mortgagee all insurance upon said property; and

WHEREAS, said Mortgagors have neglected and refused to pay the interest which became due on the 17th day of July, A. D. 1919, or any part thereof, and have neglected and refused to pay taxes levied upon the said lands described in said mortgage within forty days after the same became due and payable, and have neglected and refused to procure the said insurance against loss and damage by fire as stipulated by and in said mortgage; and

WHEREAS, More than thirty days have elapsed since said interest became due and payable pursuant to the provisions of said mortgage, and since said default in the payment of taxes and the procuring of insurance and the undersigned has elected and hereby elects that the whole principal sum shall become and be due and payable immediately, and

WHEREAS, there is due on said mortgage at the date of the first publication of this notice the principal sum of Eleven Thousand Dollars ($11,000.00), together with interest thereon from the 17th day of January, 1919, in the amount of Three Hundred and Ninety-Three & 84-100 Dollars (393.84); Taxes paid by the undersigned in the amount of One Hundred and Fifty-six & 12-100 Dollars ($156.12) and interest thereon from the 16th day of June, 1919, in the amount of one & 97-100 Dollars ($1.97); and Two & 30-100 Dollars ($2.30) paid by the undersigned to procure insurance on the 27th day of June, 1919, making altogether the sum of Eleven Thousand Five Hundred & Fifty Four & 23-100 Dollars ($11,554.23), and no suit or other proceeding has been instituted at law to recover the debt secured by said mortgage or any part thereof; and

WHEREAS, by virtue of said defaults in the conditions of said mortgage the power of sale therein contained has become operative:

Notice is therefore hereby given that by virtue of said power of sale and for the purpose of realizing the moneys above claimed to be due, together with interest thereon and costs of this proceeding, including a lawful attorney fee and any sums which may be hereafter expended for insurance or taxes upon the property in said mortgage described and conveyed, I will, on Saturday, the 15th day of November, A. D. 1919, at the East front door of the Court House in the City of Adrian, in the said County of Lenawee and State of Michigan, that being the place where the Circuit Court for said County is holden, at ten o'clock in the forenoon of said day, sell at public vendue to the highest bidder all that parcel of land described in said mortgage and situated in the township of Seneca, County of Lenawee, State of Michigan, described as follows, to wit:

Editorial Comment

The newspapers of Michigan, and no doubt other states, are receiving appeals from the Roosevelt Memorial association to assist in a national campaign to provide funds for a suitable memorial and a memorial park in honor of the memory of the late Col. Theodore Roosevelt, universally recognized as America's great patriotic citizen.

The campaign is planned to be conducted throughout the United States during the week of October 20th, culminating October 27th, the birthday anniversary of our former president. Five million dollars is the minimum quota set for the country at large, and Michigan's share of this has been placed at $200,000. It is hoped to include Roosevelt's former home, Sagamore Hill, in the memorial park, providing preservation therefor similar to Mt. Vernon and Lincoln's home at Springfield.

It is right that the nation should honor and do homage to her great statesmen and citizenship dead, and there is no doubt that the campaign will be a success.

Tecumseh people as a whole are willing tax payers. This was brought to light at Monday evening's meeting of the council when Franc S. Gillespie, the village treasurer, made her report.

The total tax levied this summer was $19,774.35 and the village treasurer reports that of this sum $19,642.90 has been collected, leaving only a little over a hundred dollars still outstanding.

This shows the great majority of residents of Tecumseh realize that to enjoy the many privileges extenred here some returns are necessary and they settle soon after learning their proportion of the expense of the general upkeep of the city.

After many years of a comparatively dark business district, Morenci, the up-to-date and progressive little city near the border of Lenawee county and the state of Ohio, is now enjoying a boulevard lighting system similar to that of Tecumseh. It is an improvement that Morenci people have been entitled to for years.

While President Wilson is making his plea for a world fit to live in, advocating ratification of the treaty and the league of nations, others are camping on his trail doing all in their powers to discredit his motives and aims.

FORMER FIGHTERS TO HAVE A FOOTBALL TEAM

World War Veterans Seek Games and More Material for Eleven.

Tecumseh's organization of veterans of the world war is to be heard from along athletic lines, Underwood-Orr post, No. 34, American Legion, having decided to have a football team in the field this fall. The prospects are bright for a fast eleven.

It was decided at last Friday evening's meeting of the post to organize a football team, and when a survey was made it was found that there was splendid material in the membership. There are seven or eight college men available and other good players enrolled, but more material can be used. Those ex-service men not now members of the post but who have had experience in football are urged to join the organization and try for a place on the team, any one interested being requested to communicate with Ed Rogers.

The post team hopes to play three or four games at least and is anxious to hear from prospective opponents. Games can be arranged by getting in touch with Ed Rogers.

LOCAL AND PERSONAL

Mrs. May Mobbs spent Sunday in Jackson.

J. R. Keeney was in Eaton Rapids the first of the week.

Miss Jennie Gillespie is in Tipton caring for Mrs. Bert Claus.

Mrs. Clark Gallup is home from a visit with her people at Hudson.

Mrs. Martha Brush and daughter, Mrs. Eugene Billings were in Toledo last week.

Miss Tillie Anderson has moved into a suite of rooms in Mrs. Henry Babcock's home.

William Bresie arrived from Decatur, Ill., Monday to attend to business interests here.

Mrs. John Heesen delightfully entertained the ladies of the 500 club Thursday afternoon.

Mr. and Mrs. Floyd Freeman were weekend guests of Mr. and Mrs. Fred Whelan in Jackson.

Mrs. George Griffith of Cleveland has been a guest of her brother, Leon Maynard, and family.

Will VanWinkle returned Thursday from a stay of several months with relatives in Kansas.

Miss Mildred Marsh came from Flint Saturday called by the serious illness of Mrs. Harry Marsh.

Miss Zillah Mills arrived home from Chicago Saturday after a couple of weeks spent with friends.

Mr. and Mrs. Leo Thielan and Mrs. Margaret Stitt were here from Jackson Sunday calling on friends.

Walter Sutton has been very ill with appendicitis the past week. He is recovering without an operation, however.

Wm. Fisher was home from Detroit Saturday and Sunday. He is now in charge of the store room at Harper hospital.

Claud Robotham and Miss Pearl Martin left Saturday for Butterfield, Mich., after visiting Mr. and Mrs. Frank Creger.

Mrs. Martha Clark left Saturday for her home in Youngstown, Ohio, after a visit with her cousins, Dr. and Mrs. O. Q. Jones.

Erwin Smith of Dundee was in town Saturday on business. He has just finished three cottages on the north shore of Sand lake.

Mrs. Fred McNeil on Saturday left to visit her relatives at Lansing and Williamston. Mr. McNeil follows next Saturday to join her.

Will Stewart spent the first of the week taking a little vacation from Clark's market and doing some carpenter work at his house in Clinton.

Mr. and Mrs. E. T. Smith with their guest, Mrs. Harry Kurz of Youngstown, Ohio, were passengers for Detroit Saturday for a few days' visit.

Dr. and Mrs. Lon Jones and son, of Osseo returned to their home Monday after a visit of over a week with his parents, Dr. and Mrs. O. Q. Jones.

Mr. and Mrs. Bert Mominee drove to Chelsea Thursday and visited her mother, Mrs. Myra Gage. In the afternoon they took in the Jackson fair.

Willis Schreder received a visit Sunday from Mr. and Mrs. Chas. Craig of Britton, Mrs. Maggie McCamburn of Baltimore and Robert Patterson of Toledo.

Mrs. H. D. Cutting had the misfortune to fall while walking in her home Sunday morning and break her wrist. Dr. H. H. Hammel was summoned and cared for the injured arm.

Mrs. John Morse and son of Adrian visited Mr. and Mrs. Charles A. Ihrkey and daughter, Dorothy, Friday and Saturday. Sunday all motored to Adrian, the Tecumseh people returning in the evening.

Mrs. Albert Deming and small son, Mark, accompanied her niece and husband, Mr. and Mrs. Vern Taylor, of Palmyra, to Portland Saturday. There they were guests of Mrs. Deming's sister, Mrs. Belle Probart, and family over Sunday.

A large number of Tecumseh people enjoyed one of the Ridgeway famous suppers Friday night. Everyone is pleased always to go to Ridgeway where you find remarkably good cooks but perhaps the M. E. church there is not so fortunate for their suppers always call out a half-starved crowd from here.

Mrs. G. M. Griffith of Cleveland, Ohio, arrived Saturday noon for a week's visit with relatives and old time friends in this vicinity. Immediately upon her arrival she vsited The Herald office to renew her subscription to the old home paper leaving complimentary remarks as to her appreciation of the weekly visits of The Herald.

Honoring her girlhood friend, Mrs. Ida Marks of Cleveland, Mrs. R. B. Gillespie on Friday evening entertained a party of ladies at dinner. These were all old friends and the "Don't you remembers" were frequent. The guests were Mrs. Nellie Clark, Miss Alice Wimple, Mrs. A. W. Mills, Mrs. F. D. Rector and her guest, Mrs. E. A. Biddison, of Baltimore.

Mrs. Jenny C. Law Hardy, Mrs. H. H. Hammel, Mrs. J. D. Shull, Mrs. R. S. Moore and Misses Edythe Shull and Nellie Wilson drove to Adrian Tuesday, Mrs. Hardy going to arrange for passports for herself and Dr. Hardy to Australia. They plan to make the trip some time in November, being Mrs. Hardy's first trip back to her old home in fourteen years.

During the great G. A. R. encampment at Columbus a week ago the Columbus Dry Goods Co., of which Albert Boyce is manager, fitted up one of their trucks as a passenger car for the benefit of "the old boys." It is the little acts of this sort which make that firm so justly popular. That the donation of the truck was appreciated was evidenced by a letter of thanks from a G. A. R. man published in a Columbus Dispatch,

World War Vets To Give Banquet

UNDERWOOD-ORR POST WILL FEAST OCTOBER 1.

All Ex-Service Men Invited; Joe Sattertwaite's Team Wins Membership Contest; Football Eleven Will Be Formed, More Material Sought.

As its first social function, Underwood-Orr post, No. 34, American Legion, will give a banquet, which will be held Wednesday, October 1. This feast will not be limited to members of the Tecumseh organization of world war veterans, being open to all soldiers, sailors and marines of the conflict with Prussianism.

The decision to hold a banquet in the near future and action on several other matters was taken at a conference of the membership of the post held at the organization's club rooms last Friday evening.

When the results were tabulated it was found that the membership contest in progress for several weeks was won by the team captained by Joe Satterthwaite. It is now the duty of Charles Hanna and his teammates to provide a feast for the winners. This will be held at a date yet to be named. The membership contest was a distinct success, many being added to the roster of the post, which now has about 115 members.

The banquet on October 1 is to be a "get-together" affair, the idea being to have those who are members of the post and those who have not yet joined have a feast together and a general social good time, that the former soldiers, marines and sailors of this vicinity may know each other better. All ex-service men are invited whether affiliated with Underwood-Orr post or not. It is expected there will be two speakers, who will discuss topics of interest, and the songs learned while in camp and at the front will be sung and a general jollification session held.

The post is to have a football team and would like to hear from ex-service men in this vicinity who would like to join the squad. Those interested may communicate with Ed Rogers.

LOCAL AND PERSONAL

Mrs. Geo. Ziehr is with friends in Wauseon today.

Bert Boyd has a new Ford.

Mrs. H. S. Waring was in Detroit from Friday to Monday with her sons, Roger and Lester.

Mrs. S. E. Pulver and Miss Bess are to move at once into the Clara Wightman house which they have just purchased.

James Riley has been up from [illegible]ance, [illegible], [illegible] week [illegible] guest of his daughter, Mrs. Chas. Deery, and family.

Mrs. Anna LaPointe, the Misses Bertha LaPointe and Bernice Hall and Lester Heesen spent Sunday with Miss Hall's people at Dexter.

Homer Hanham has returned from Detroit where he has been working this summer. He has entered high school, being in the senior year.

Miss Gertrude VanVleet, who has been feeling poorly for several months, was accompanied by Dr. E. E. Hendershott to Ann Arbor Saturday for treatment.

Mr. and Mrs. W. J. Ingersoll returned Friday from an auto trip to Grand Rapids. They stopped enroute at Hastings and enjoyed a short visit with C. F. Field, former editor and publisher of the Tecumseh News. Mr. Field reported the newspaper business in Hastings as flourishing.

Harold Hoag was home from Ann Arbor Tuesday. His family moves to that city next Monday, having secured a house adjoining the property of his mother, Mrs. Rose Hoag.

Rev. C. M. Thompson left Tuesday for Owosso to attend the meeting of the Detroit conference of the M. E. church. During his absence Mrs. Thompson will visit in Detroit and Fenton.

After a three weeks' visit with relatives in this locality, Mrs. Ella Waring started Sunday on her return trip to her home in Alhambra, Cal. She will visit Jackson friends and her father, Richard Cadmus, in Harvey, Ill., enroute.

Mrs. Kinsman and daughter, Meredith Smith, of Newberryport, Mass., were in town the last of the week guests of Mr. and Mrs. R. K. Anderson and other friends. Mrs. Kinsman was formerly Miss Edith Corey, prominent in the village.

A rumor is current in Tecumseh that one of the local factories has jobs for the heads of more than a hundred families if homes could only be provided for these workmen. The Commerce Club is active in an endeavor to solve the problem.

Mr. and Mrs. Wilbur Lilley and two children, Mr. and Mrs. Yule and baby, Mr. and Mrs. Jack Price, Mrs. Nellie Goodrich and daughter, Miss Lilley, and her friend, Mr. Vogle, all motored here from Jackson Sunday and spent the day with Mr. and Mrs. Ed Pritchard.

Mr. and Mrs. Clarence Drake and three children of Detroit were guests over Sunday of Mrs. Drake's brother, Lester Rogers, and wife. They are making a three weeks' vacation trip, planning to visit Lansing, Battle Creek and other points in the state.

Walter Norris writes his parents, Mr. and Mrs. James Norris, that he will remain in Europe indefinitely, having received a splendid position as superintendent of the medical supplies in certain stations of the American Red Cross. He is to have his wife go to him as soon as she can arrange it. Since entering the service he has had charge of medical supplies, but now that portion of the service has been turned over by the government to the Red Cross.

A string of Chevrolet cars went through town Saturday, the drivers stopping at Reckner's restaurant for breakfast. When they started south, "Bob" Reckner went too. Gov. Owens was in front of the restaurant with the ice wagon and saw one of the drivers boost the dog into his machine. Gov. put the Reckners next and they telephoned the sheriff, but he was too slow and let the string get by. Later phoning developed the information that the dog had been seen going through Wauseon. As it was out of the state Mr. Reckner did *not* press his search further—and Bob is missed from his favorite couch on the pavement in front of the restaurant.

PARISH PICNIC MOST ENJOYABLE

(Continued from Page One)

the program, prizes being awarded in each. O. W. Laidlaw, Perry Hayden, Rev. J. G. Widdifield and Miss Camilla Hayden were the most active ones in directing the sports and seeing to it that the tiny folks had an equal chance with the older children to compete for the attractive awards. In the list of games were some old favorites and some new stunts, all tending to keep the children on their mettle and producing no end of amusement. As usual, the "eats" were of supreme interest to the youngsters, and the variety and quantity proved fully up to the expectations of the picnickers. And how they did attack the sandwiches, ice cream, cake and other goodies, which were served at tables arranged on the lawn.

Toward evening the older members of the church and friends began to gather at the parish house for their portion of the festivities, exchanging greetings and gathering in little groups to hold conversational parties. Soon after 6 o'clock it was announced that supper was prepared and there was no hesitancy on the part of the many in attendance to accept the invitation to partake of the feast. None regretted taking a seat at the well laden tables, for the menu was most appetizing, and as served by the ladies of the church brought forth many comments of a highly complimentary character. Among the delicious things set before the congregation members were baked beans, potato salad, cold meats, two kinds of bread, relishes, coffee, a variety of cakes, various kinds of pies and other appetite-whetting delicacies. It was a pot luck supper and contained many surprises to the gratification of the outing party. most of the picnickers had their supper at the tables on the lawn, but some were served in the parish house, and when all had feasted contests were indulged in in the church house these creating much merriment. There was a ladies' hat trimming contest for the men and a nail driving competition for the women keen but friendly rivalry being evidenced. Prizes were awarded the winners.

The annual outing for the young and old of St. Peter's church proved so thoroughly delightful that all who participated are already pleasurably looking forward to the next one.

KIDNEYS WEAKENING?

LOOK OUT!

Kidney troubles don't disappear of themselves. They grow slowly but steadily, undermining health with deadly certainty, until you fall a victim to incurable disease.

Stop your troubles while there is time. Don't wait until little pains become big aches. Don't trifle with disease. To avoid future suffering begin treatment with GOLD MEDAL Haarlem Oil Capsules now. Take three or four every day until you are entirely free from pain.

This well-known preparation has been one of the national remedies of Holland for centuries. In 1696 the government of the Netherlands granted a special charter authorizing its preparation and sale.

The housewife of Holland would almost as soon be without food as without her "Real Dutch Drops," as she quaintly calls GOLD MEDAL Haarlem Oil Capsules. They restore strength and are responsible in a great measure for the sturdy, robust health of the Hollanders.

Do not delay. Go to your druggist and insist on his supplying you with GOLD MEDAL Haarlem Oil Capsules. Take them as directed, and if you are not satisfied with results your druggist will gladly refund your money. Look for the name GOLD MEDAL on the box and accept no other. In sealed boxes, three sizes.

It Is All In the Baking

Our steadily increasing business proves that Tecumseh people like good bread and that they appreciate our efforts to give them the best loaf that high grade ingredients and modern methods can produce.

The excellence of our products is obtained by using only the purest materials and then baking them so that the best results are procured. Many bakers fail to give strict attention to little details, with low quality bread as a result.

OFFICERS ELECTED BY MILK PRODUCERS

(Continud from Page One.)

secretary of the county dairymen's association and one of its organizers. Mr. Harwood told of the meetings held at Adrian, especially the one of August 2, when the county association was organized and it was voted to affiliate with the state society. He urged intensive organization activities in this township and suggested that it was time to elect officers. This advise was followed with the above mentioned result.

Following the election Mr. Harwood presented the principal speaker of the evening, F. A. Woodruff, a representative of the state association. Lenawee was highly praised by Mr. Woodruff, he saying this county was second to none in the state in the dairy business and that few localities in the whole country were getting better results. He reviewed the organization of the state association in 1916, explaining the object was to get better conditions for the producer and that much had been accomplished along this line. There is now much closer co-operation between the producer and the distributor, Mr. Woodruff asserted, and he urged both to protect the market that the interests of all be guarded. The speaker informed his hearers the state association had adopted as its slogan "Education, Co-operation and Legislation" and that results along these lines were already being secured. As part of the educational campaign the association had spent a large sum in informing the public of the great value of milk as a food, showing that it contained all the food elements that the human body needs and urging the people to consume more milk. He also said the producers were given hints on the proper care of milk and that tests are made by experts of the state association to ascertain if the dairymen are being paid the full amount due them for the grade of milk they produce.

In advising the Tecumseh milk producers to join the township organization, the state association representative reminded them that right now when an effort is being made to lower the prices of certain things is the time for the dairymen to organize so that they may get just returnes for their produce. This was greeted with applause. He explained each clause of the agreement which a member of the association signs and then urged all present to come forward and become a part of the organization. A number of those in attendance had previously joined and a majority of those not yet affiliated enrolled.

The township association becomes a part of the county organization, which in turn is affiliated with the state society. The dues are $1 a year, 25 cents remaining in the township association treasury and 75 cents going to the county organization.

In an endeavor to get a hundred per cent membership in Tecumseh township, a canvasser will be appointed in each school district who will visit all in his territory and explain the advisability of affiliating.

Tecumseh township was urged to send at least one delegate to the annual meeting of the State Milk Producers' Association, to be held in Lansing October 21.

CHANCERY NOTICE

State of Michigan—The Circuit Court for the County of Lenawee in Chancery.

Walter Exelby and Edgar J. Exelby,
Plaintiffs,
vs.
William McFetridge, John Herritage, Peter C. Vrooman, Martin Vrooman, Addison J. Comstock, William W. Murphy, George Oxeloy, Witter J. Baxter, John Exelby, Charles Underwood, Britton Oil Company, Phineas Spencer and the unknown heirs, devisees, legatees and assigns of each and every such named defendant,
Defendants.

At a session of said court held at the court house in the city of Adrian on the 13th day of August, A. D. 1919.

Present, Honorable Burton L. Hart, Circuit Judge.

Upon reading the bill of complaint filed in this cause, duly sworn to by the plaintiffs from which it satisfactorily appears that the defendants hereto have some titles, interests, claims, liens or possible rights to the premises described in said bill of complaint and hereinafter described, and said plaintiffs averring that all of the titles, interests, claims, liens or possible rights of said defendants and each of them are barred by the open notorious, exclusive and continous possession of said plaintiffs or their grantors for more than fifteen years last past, and for more than fifteen years since the several rights to the possession thereof accrued to said defendants and that such possession has been during all of said time and still is adverse and hostile to the titles, interests, claims, liens or possible rights of the respective defendants and their predecessors in title; that plaintiffs have not been able to ascertain whether the said above named defendants and their unknown heirs, devisees, legatees and assigns or any of them are living or dead, or where they or any of them reside, if living or whether the title, interest, claim, lien or possible rights of said parties or any of them has been assigned to any person or persons, or if dead whether they or any of them have personal representatives or heirs living, or where they or any of them reside, or whether such title, interest, claim, lien or possible right may have been disposed of by will, although they have made diligent search and inquiry.

On motion of John C. Howell attorney for plaintiffs, it is ordered that the above named defendants or their several unknown heirs, devisees, legatees and assigns, cause their several appearances to be entered herein in the manner provided by law on or before the first day of December, A. D. 1919.

It is further ordered that this order be published or served as required by law.

Burton L. Hart,
Circuit Judge.

Examined, countersigned and entered by me
Emery B. Root
Clerk of said Court.
John C. Howell
Attorney for Plaintiffs,
Adrian Michigan.

The above entitled suit involves the title to and is brought to quiet and clear the title of land described in said bill of complaint as follows:

That certain piece or parcel of land situated, in the township of Ridgeway, Lenawee County Michigan, described as the West one-half (½) of the Northwest quarter (¼) of Section Fifteen (15), Town Six (6) South, Range Five (5) East, containing 80 acres of land more or less. 10-9

Commissioners' Notice—State of Michigan, County of Lenawee, ss.

In the matter of the estate of Clara B. Wightman, deceased.

The undersigned having been appointed by the probate court of said county, commissioners to receive, examine and adjust all claims and demands of all persons against the estate of said deceased, do hereby give notice that we will meet for that purpose at the offices of Wood & Rathbun in the Village of Tecumseh, Lenawee County, Michigan, on the 4th day of October, 1919, and on the 9th day of January, 1920, at ten (10) o'clock in the forenoon of each of said days.

And that four months from the 9th day of September, 1919, are allowed by said probate court for the creditors of said estate to present their claims to us for examination and allowance.

Dated September 9th, 1919.

Correct Lubrication Adds Life and Power to Your Tractor

YOUR tractor represents a large investment which must be protected. You can protect it best by care in the selection of the lubricants used to eliminate friction from the moving parts. By using the correct oil you not only increase the life of your machine, but you add to its power, for much power is used in overcoming friction.

The Standard Oil Company (Indiana) manufacturers three lubricating oils for tractors.

Heavy Polarine Oil
Stanolind Tractor Oil
Extra Heavy Polarine Oil

One of these oils has the correct lubricating body for your particular tractor. The nearest Standard Oil representative has a chart, prepared by our Engineering Staff, indicating which of these oils will enable your tractor to give best results, and he will be glad [illegible] it to you.

Write for 100-page book "Tractor Lubrication." It is free and will be of great interest and usefulness to you. Read it carefully, apply the information given, and you will be able to keep your tractor in service longer.

The program for Wednesday's show was as follows: The five musical Drums, who at last got here after being held up for speeding two weeks ago; Mr. Rice and little daughter, acrobats and hand balancers; Hastings and Van-Winkle in six 2-minute rounds of boxing. We still have one more program for next Wednesday, an extra for good measure. The Royal Minstrels have the evening, bringing thir own band.

Through the persistent efforts of Editor Alderfer of the Onsted News the towns along the Dundee branch will have a hearing in regard to the train and mail service, which has been abominable since war time. A special train with representatives of the Michigan Public Utilities commission and railroad officials will pass over the line today (Thursday) on an inspection tour, stopping at each station to hear complaints and suggestions. The train is sheduled to be in Tecumseh Junction from 2:30 to 2:40 this afternoon.

Tecumseh people are enjoying the Adrian fair in great numbers, beginning on Tuesday. Wednesday many more attended wishing to see the fair rather than the crowds. Today the stores and business places are closed to allow the clerks to take in the popular day as Thursday of the fair week always is. Among the Tecumseh exhibitors are L. E. Temple & Co., Lester Coller and Will Coller with a tent for writing hunting licenses. Today the Ladies Band plays at the fair and taking it all together Tecumseh is well represented.

Finis has been written on the career of the Uncle Sam Macaroni Company, formerly of this city. In circuit court at Adrian Monday Judge Hart signed the order for the dissolution of the concern, which has been in liquidation for about two years. R. A. Heesen, the receiver, submitted his report and testified that so far as he knew there were now no claims against the company. Wood & Rathbun appeared for the petitioners. The Quaker Oats Company is now occupying the building in this city which the Uncle Sam Macaroni concern formerly used.

Magnificently staged, with catchy music, good dancing and a chorus of attractive girls in unusually beautiful costumes combined in making the musical comedy as presented by Frederick V. Bowers and his company at Bradley opera house one of the best attractions of the kind seen in Tecumseh in many a day. The solo work was good and the chorus above the average. The dancing specialties by Frank and Rae Warner and Rose Kesner deserve special mention. Mr. Bowers appeared before the curtain in a monologue which took with the audience. Local hits and a promise

Ninety-Four Years Ago

The first batch of wheat was ground into flour in Tecumseh. This, the first flour to be made in Lenawee County, was milled on stones shaped from granite boulders in a grist mill along the Raisin River.

Today a modern, up to date flour mill, standing within a stone's throw of the location of the little grist mill, is running night and day to supply the demand for its product.

GIVE A RECEPTION FOR YOUNG COUPLE

Mr. and Mrs. C. J. Harper gave a reception Friday evening honoring their son, Edward, and Miss Florence Linton who were married Monday evening. The thirty-four guests present were regaled with delightful music by the Waldron orchestra, composed of Mr. and Mrs. Wilfred Waldron, Archie Boyd, Walter and Edward Harper. Later the bride to be, Miss Linton, accompanied the guests in a song fest, when popular and religious songs were heartily sung.

A potluck lunch was served and everybody had a fine time. The young couple received many gifts of silver, china and kitchenware.

BOY SCOUT TROOP 1 HOLDS AN INITIATION

It is planned to have a number of specialities on the program of Troop one of the Boy Scouts this fall and winter. The whole program is not drawn up yet.

Last Monday night was initiation night for selected victims. After the business meeting in the school house the troop adjourned to the park adjacent to the Episcopal church, where the initiates were introduced into the mysterious processes of the ancient and honorable order of Malamutes and Goo-Goos.

At an early date the ceremny of the burial of the Grouch will be held. All the meetings of the troop are open to the public.

Auto Repair Shop
Leased to
Clack & Humphrey
Expert Automobile Specialists.

The large repair shop in connection with our garage has been leased out and out to the above firm, both of whom will be here Monday morning, Sept. 22nd, right on the job, ready for business.

These men come to us most highly recommended as to their character and are very high class men in their line, both having had several years of practical experience on all makes of cars, including Buicks, Fords, Dodges, Oaklands, Overlands, trucks, etc.

Mr. Clack and Mr. Humphrey are both OVERSEAS men, having enlisted at the outbreak of the war and served 17 and 22 months respectively in the aviation, enineers and transport departments.

We believe that Tecumseh automobile owners should feel mighty fortunate that these men have decided upon locating here, as opportunities galore have been open to them and still are, both by former employers and others in Detroit, Royal Oak, Lansing and Pittsburg.

It is now entirely up to the automobile owners to support and patronize this new firm and make it permanent or to again be satisfied with present conditions, as it is a known fact that half of the Tecumseh drivers go to outside towns for their work.

We have no hesitancy in recommending this new firm to the public for work on any car, including BUICK SERVICE. In fact both members of the new firm were at one time with the Buick Sales & Service in Royal Oak.

All work guaranteed and rates reasonable.

THE TECUMSEH HERALD

SIXTY-NINTH YEAR. NO. 50. TECUMSEH, MICHIGAN, THURSDAY, SEPTEMBER 25, 1919. Published Every Thursday.

TRIP SKYWARD FOR THE PEOPLE OF TECUMSEH

THE HERALD ARRANGES TO HAVE AIRPLANE HERE OCTOBER 6

Former Army Flyer Will Take Passengers Toward Clouds; Bradley Farm West of City to be Landing Field; Those With Aviation Fever Get Chance to Go Up.

Want to fly?

Would you like to go sailing through the air like a bird?

Well, you are to have an opportunity.

The Tecumseh Herald has arranged to have an airplane here October 6 when the people of this city and vicinity may make flights with an experienced aviator. The airship will be stationed at the Bradley farm west of Tecumseh and from this landing field flights will be made all day October 6. Those desiring to experience the thrilling sensation of air navigation will be taken up by a pilot who was formerly instructor at one of the government's aviation fields.

One of the several passenger-carrying planes owned by the Service Aviation Training and Transportation Company will be used in the flights here. The Herald has made arrangements whereby the pilot of this machine will take up anyone from here who desires to make a flight, the charge being a dollar a minute. In other places where these planes have exhibited the demand for rides into the air have been numerous and it is expected many people from Tecumseh and vicinity will be eager to sail into space. Those who have had the aviation fever and have not had the opportunity to have this desire satisfied will now have the chance to accompany a birdman on a trip toward the clouds.

Henry F. Fawcett will be the pilot and R. N. Hensler the mechanician of the plane which will be used here. Mr. Fawcett was formerly instructor in airnautics at the United States aviation camp at Love Field, Texas. He has been connected with the Service Aviation Training and Transporation Company since its incorporation early in April and has been in the air for 2,000 hours. The Service Aviation Company was organized by the stockholders of the Service Motor Truck Company of Wabash, Ind., for the purpose of hurrying [illegible] their dealers and [illegible] looking for serving users of the Service truck a demand for passenger service developed and the company then sent out machines to accommodate those who wished to sail skyward. It is one of these passenger-carrying Canadian J-N 4 planes that will visit Tecumseh.

Those anxious to ascend are requested to be at the Bradley farm west of Tecumseh, October 6 where Pilot Fawcett will be pleased to take them up that they may experience the great thrills of flying through space comfortably seated in one of the best types of airships now in use.

It had been planned to have the aviators here October 8 and window cards announcing their visit gave this date, but later it developed they would come two days earlier, a change having been made in the bookings.

BIG ATTENDANCE AT LAST FREE SHOW

Sixth Season of Street Vaudeville Programs Is Markedly Successful—Thousands Enjoyed Entertainments.

The last Wednesday night show of the season was given last evening when the Royal Minstrels held the stage. Their band music was excellent, especially the cornet work. They have some clever dancers in the company and several soloists.

One boxing bout was pulled off between VanWinkle and Crittenden, the high school pugilists, and at the close of the performance Osborne of Dundee battled Hastings, Tecumseh's soldier boxer, in six two-minute rounds. This was a real battle.

There was a very large attendance.

With last night's show closes the sixth season of these entertainments. Many thousands of people have enjoyed these programs and all speak in the highest praise of the series as a whole. Wade Jones has been manager of these shows five years of the six and to his energy are we indebted in a great measure for the success of these attractions.

Tecumseh has had many compliments from the towns around on her idea in that they have copied the scheme, but with no where near our great crowds. One little incident will show the interest taken in these shows. Last evening at 5:58 a string of cars were stationed nearly across Chicago street, ready for the performance.

When first started the merchants put on sales, then making the "Wednesday Bargain Days," but the crowds continued to come in such numbers that the sales were discontinued and since most merchants have enjoyed a splendid trade on these Wednesday nights.

Says Tecumseh's Biggest Problem Is Its Recreation

REV. W. R. CURTIS ADVOCATES MUNICIPAL PLAY-HOUSE

More Stringent Law Enforcement Also Urged in Community Service Sermon—Efficient Charity Work One of City's Needs.

Rev. W. R. Curtis told of the ideals to be promulgated in the union services this winter in his sermon Sunday evening when the community service was held at the Baptist church. He took for his theme "Christianity's Superhuman or Superman." He said:

We are creatures of contact. We give, we receive by contact, we add to the world our virtues, the world burns away our vices. Right is stronger in the world today than evil. "Take away the church and I believe yet that right is still the stronger."

God gave Paul a vision way in advance of his day and in advance of our day. We would not be visionary, yet we would "see visions." The Lord has made a valuable contribution to Tecumseh in a most beautiful spot, surely God is love. It would be too bad if God's people should fail to do their part in making a city. The ministry of Tecumseh are concerned in a better city and we are believing in our people as to what may be done. The unity of the churches was Paul's great vision. "The young should see visions, the old dream dreams."

We know we have the co-operation of the press in our vision of an ideal city. We have a teaching force in our schools to be proud of.

The past ten years have meant much in the advancement of the [illegible] loyalty to God's day. Should it not be less difficult to find people to teach in our Sunday school?

Could we not see a municipal play house for games and clean recreation? Tecumseh's biggest problem is its recreation. It is no evidence that a man is wicked because he don't want to go to church all the time. He needs play, so we ought to furnish the kind of recreation he ought to have. I would like to see a municipal picture machine in this community house with good pictures shown, not on a profit basis. There is no question as to meeting the expenses nor its patronage and a lot of difficulties we are now facing would be solved.

Something should be done to get better law enforcement. We are told by those claiming to have seen that there is a vast amount of gambling being done. It may be easier to run in some little boys who have had a tomato fight than to apprehend the fellow selling booze.

There are several worthy families needing our help.

Could people see such a program carried out and not be willing to help. If Jesus were present here, he would go out and find the common people's needs. He will ask us "why didn't you furnish clean recreation, a new city, a new ideal." Our great opportunity is before us as churches.

WIT AND WISDOM CLUB HAS PLEASANT MEETING

Mr. and Mrs. Charles Kemp opened their home Monday evening for a business session and supper for the Wit and Wisdom Club members.

These informal pot luck suppers were a delightful feature of the club life last season and the menu of Monday evening was more varied and delicious than ever. Joseph Eaton, the re-elected president, presided at the session when the programs for the season's club work, which are of a miscellaneous nature, were submitted and unanimously adopted. President Eaton's impromptu address was a brilliant effort and Dr. L. G. North responded in a like vein.

Four new members were voted in, Mr. and Mrs. F. J. Temple and Prof. and Mrs. E. E. Crampton. Following the club's precedent of last year, the public school teachers are made honorary members for the year.

In two weeks the Wit and Wisdom Club holds its first regular session when Mr. and Mrs. Wilfred Waldron will be hosts and a musical program will be given.

Modern Woodmen Entertainment Tomorrow evening, Friday, September 26, at Woodman hall. A fine program has been worked out and a large attendance of Royal Neighbors and families and Woodmen and families is desired. Light refreshments. Come.—adv

STEEL STRIKE NOT FELT LOCALLY YET

Tecumseh Plants Most Likely to be Affected Have Materials to Last Several Weeks.

Interviews with the officials of the Tecumseh plants most likely to be affected by the strike of the steel workers reveals the fact that unless the trouble lasts more than two weeks this city is not likely to suffer seriously. The local steel-using plants have material to last for some time and as the workmen seem to be content no trouble is looked for here.

The American Steel and Wire Company has enough stock on hand to last three or four weeks and hopes that by that time the dispute will be settled.

Heesen Bros. are even better situated, having supplies on hand to keep the plant in operation for two or three months.

The H. Brewer Co., is likely to be the first Tecumseh industry to feel the effects of the strike as it will be able to continue operating only about two weeks unless a settlement is reached between the strikers and the employers.

Tecumseh Aids in Success of Fair

Many From Here Attend and Local Exhibits Add to Attractiveness of Display.

Lenawee county's fair, as predicted, was more attractive than in many years and Tecumseh people had a part in making it so, exhibits from here adding to the extensiveness of the displays and music furnished by the Ladies' band from this city making the visit to the exposition more enjoyable.

It was Tecumseh day on Thursday [illegible] of the grounds everybody from here must have been in attendance at the agricultural display.

W. L. Coller, who had a stand at the fair at which he wrote hunters' licenses, was busy practically all the time, many taking advantage of this excellent opportunity to get a state permit to hunt. L. E. Temple & Co. with a display of tractors, interested a large number of farmers who have realized the advantages of using dependable motive power for the heavy work on the farm. Lester Coller was among the Tecumseh business men having an exhibit, his display of pianos, victrolas, sewing machines, etc., calling forth many complimentary remarks. W. W. Mellon was in evidence at the fair, his trotter, Single B, participating in the 2:26 event. Mrs. Clarence Holdridge acted as a judge in the hand painted china department.

With its varied exhibits of agricultural and manufacturing products, the many special attractions, horse races and airplane flights, Lenawee conty's 1919 fair will go down in history as an exposition fully as good if not better than any given in the state.

BLUE GILLS AND PHEASANTS SET FREE

Fish are to be more plentiful around Tecumseh and this vicinity will in the near future be well stocked with pheasants as the result of the activities of Deputy Game Warden W. L. Coller during the past week.

Saturday Mr. Coller liberated 10,000 small blue gills at the Red pond, the fish being sent here for this purpose from the state hatchery.

Last Wednesday twenty ring-necked pheasants were set free at the Witherell farm by Deputy Coller these also having been sent to Tecumseh by the state game warden's department in an endeavor to stock this locality with these birds. Mr. Coller calls the attention of local hunters to the fact that it is illegal to kill these pheasants, a fine of $50 being imposed on any one convicted of this offense.

September 27 Mr. Coller expects to receive 20,000 more blue gills to be placed in the Red pond.

CHANGES THE DATE OF ITS ANNUAL MEETING

After the morning service Sunday at the Presbyterian church was held a congregational meeting. The town program for the Community services was adopted and the church annual meeting was changed from the first Tuesday in October to the first Tuesday in April. The beginning of the financial year was also changed from the first of November to the first of April. This is done to conform with the New Era program which was unanimously adopted a week before.

Legion Will Meet Friday Evening

Underwood-Orr Post, No. 34, To Plan Further Details of Banquet to Which All Service Men are Invited; Accepts Constitution of State Organization.

Tomorrow, Friday evening, Underwood-Orr post, No. 34, American Legion, will hold a special meeting at its club rooms which all members are urged to attend. Many of the details of the banquet to be given Wednesday evening, October 1, are to be decided and it is requested by the officers that every member attend the session.

The coming banquet is to be a very informal affair. It is by no means an American Legion feast as it is open to all service men, all those who were in the army, navy or with the marines during the recent world war being heartily invited to attend. The dinner will be served in the Grange hall in Tecumseh and in addition to the excellent menu there will be what is expected to prove an especially delightful program. There are to be short but forceful speeches, music, songs and stories, the occasion to be a general good time for the defenders of liberty, whether members of the American Legion or not.

Charles Hanna is the general chairman looking after the details of the evening, while Dr. H. H. Hammel has been assigned the duty of securing the speakers. The night of the banquet the members of the Legion will meet at their club rooms at 6:30 and proceed to Grange hall in a body.

An important meeting was held by the [illegible] last Friday night. Among [illegible] matters acted upon [illegible] by the local [illegible] the constitution [illegible] gion.

BROTHERHOOD OF ST. ANDREW IS TO HAVE NOTED SPEAKERS

The thirty-fourth annual convention of the Brotherhood of St. Andrew is to be held at Detroit October 1 to 5. Leaders among men and boys throughout the United States and Canada will be in attendance in "The Challenge of the New Day."

For years the Brotherhood convention has been a general gathering of laymen. The National Federation of church clubs and the Brotherhood of Canada will participate. The speakers and conference leaders will be men of vision, wisdom and experience chosen from the clerical and lay ranks of the church. They include bishops, inspirational leaders and officers and chaplains who served in the great war.

Among the speakers are Bishop Tuttle, the presiding bishop of the church, Bishop Woodcock, former rector of St. Johns church, Detroit, John Stewart Bryan, editor of the News Leader of Richmond, and Raymond Robins, whose excellent work for the Red Cross in Russia is known throughout the world.

A parallel convention for boys together with a general conference on boys' work in the church will be one of the features. During the convention an especially interesting conference on the work and results of the Brotherhood's army and navy service will be held. A number of the secretaries, who were actively engaged on this staff will be present to tell of their work.

HAVE A MERRY TIME WITH HERD OF CATTLE

Some weeks ago Paul Weage, on the Sutton farm, bought a herd of cattle of a farmer living beyond Brooklyn. Twice he has tried to drive the cattle to Tecumseh but in spite of him, they ran back to their old home in the woods.

Saturday David Johnson, Edward Nyland and Hugh Wright had the time of their lives assisting Mr. Weage drive those cattle but they herded them in the barnyard all safe and sound about 9 o'clock after a 15 hour trip.

The boys started out Friday evening on horseback, riding farm horses, and stayed all night at the farm of a relative of David Johnson. Early Saturday they started out with the wild yearlings. They wandered into every open gate, down every road but the right one and at Wampler's lake, into the water. The boys had to take boats and drive them ashore. At last they became tired and more tractable so the last few miles were easier and those young men have lost all desire to go horseback riding.

TO GO WEST, GIVEN A GOOD-BYE PARTY

Mr. and Mrs. Floyd Powell, their three little daughters and his father, L. Powell, started Monday morning by auto for Arkansas City, Kansas, to make that their home if it proves beneficial for Mr. Powell's health, as he has long been a sufferer from asthma.

On Friday evening Mrs. Albert Haire and Mrs. Oscar Lidke entertained a party of some twenty-five neighbors and friends of Mr. and Mrs. Powell as a "good-bye" party. A picnic supper was served. Mr. and Mrs. Floyd Billington and Mr. and Mrs. Clarence Starkweather were here from Tipton for the party. Mr. Powell, sr., will return as soon as Floyd finds a home for his family.

NEW FLOORS LAID IN PART OF PRESBYTERIAN CHURCH

The men of the Presbyterian church enjoy working together and take greatest pleasure when hammers are striking and things are on the "go." Tuesday night a crowd of them met and under the supervision of E. H. Halladay worked laying hardwood floors in the lecture and serving rooms in the rear of the church. They worked faithfully from 7 to 9 then were served with melons and cookies. The rooms are being remodeled for Sunday school purposes and this winter will be used on week days as a gymnasium.

DEPARTING COUPLE IS GIVEN FAREWELL

Knowing Mr. and Mrs. Joe Hanford were to move this week to their new home in Chelsea, a party of friends gave them a genuine surprise Friday evening by walking in on them at supper time with a fine pot-luck supper. In spite of the fact that their friends are leaving, the guests made merry and made the farewell a bright spot to be remembered instead of doleful. In the party were Mr. and Mrs. Ed Smith of Madison, Mr. and Mrs. Chester Kaynor and daughter, Mrs. Leslie Westerman, Mr. and Mrs. James Henderson, Miss Kathryn and Catlin Henderson, all of Adrian, Mr. and Mrs. Sanford Cutting, Mr. and Mrs. R. M. Molles, the Misses Ida Chase, Anna Cutting, Emma Rogers and Vie [illegible].

Tuesday evening after their lodge session the Odd Fellows held an informal reception for one of their older and most faithful members, Joseph Hanford, who moves today to Chelsea. Mr. Hanford is a past grand of the local lodge, has represented it at the sessions of the grand lodge and for many years has been treasurer of Tecumseh lodge, No. 14. After joking with Mr. Hanford and telling him of his various faults, G. H. Tansley changed the current of his talk and assured Mr. Hanford of the lodge brothers' appreciation of his loyalty and work for the benefit of the order. As a token of their high esteem and regret at his departure. Mr. Tansley presented Mr. Hanford with a box of cigars.

As a token of the appreciation of the members of the M. E. Sunday school of the faithful work in that organization of Mr. and Mrs. Hanford, they were presented on Sunday morning with a copy of the "Re-incarnation of Brian Kent" by Gene Stratton Porter. W. D. Willett, superintendent of the school, made a short presentation speech and that the kindness was appreciated was shown by the heartfelt thanks of both Mr. and Mrs. Hanford.

HAS JOLLY PARTY ON HER NINTH BIRTHDAY

Little Miss Catherine Jean Wood passed her 9th birthday Tuesday and to help her celebrate her mother, Mrs. F. B. Wood, entertained a party of over thirty little people. Each guest wore a Halloween cap and hugely enjoyed the out of door games before the dainty two course supper served. Mrs. J. M. Mulvaney and Miss Mildred Sutherland supervised the play and Mrs. Bertram Wood and Miss Katherine Patterson helped serve the supper.

The tables [illegible] Halloween napkins with the laughing faces of the little folks about them.

After supper the guests danced and sang to their hearts' content and all had a thoroughly pleasurable time. Miss Catherine received many nice birthday gifts.

Editorial Comment

Combining in a year program, every church working for the same object simultaneously, Tecumseh churches will show greater strength and accomplish more than heretofore. The adoption by the clergy and representative laymen of the program as published last week indicates a more business-like method of doing good in Tecumseh and bringing people to the houses of worship. Leading the program is a religious survey, meaning a church census or canvass to secure the names of all people affiliated with religious denominations, people who attend and those that do not attend church. An increase in church and Sunday school attendance is another object. A union teachers' training class will provide better religious instruction in the Sunday schools.

Of great importance is the movement to have introduced in our public school a course of nonsectarian religious instruction. Some of our larger colleges are already requiring credits of that nature for entrance. Our high school students should be equipped to enter the best.

The adoption of the year program means greater unity in charity and community welfare work—a work that needs the strength of united forces.

We believe the adoption of the year program will not only give strength to church work, but will also broaden the churches as societies and benefit the community at large.

More fortunate than the factories in many of the larger cities, Tecumseh's manufacturing institutions are not likely to seriously feel the effects of the strike among the steel workers for several weeks, according to present indications.

Even if the local factories are forced to close if the trouble in the steel industry lasts long, it will not be because the men employed in Tecumseh plants will go on a strike but rather due to a shortage of materials. From reports secured from the three principal steel using plants in this city it is learned that the local workmen seem to be well satisfied with the present labor conditions here and are not contemplating any walkouts. The majority of them are receiving good pay, considering the size of Tecumseh, the shop conditions are excellent and in general the mechanics are apparently content.

The American Steel and Wire Company has supplies to last about three or four weeks, the H. Brewer Company will be able to continue operating if the strike lasts less than three weeks and the Heesen Bros.' plant is even better situated, having enough material on hand to last two or three months.

With the local plants equipped to continue operating from two weeks to three months, it is the earnest hope of Tecumsehites that the dispute between the steel workers and their employes will be settled long before this city will b noticably affected by the strike.

It is to be regretted that representatives of the Michigan Public Utilities commission and railway officials found "no one at home" last Thursday afternoon when the special train arrived at Tecumseh Junction. As stated last week, these officials visited the various stations along the Dundee branch to gather information as to the need of better train service. Tecumseh is one of the principal cities on that line and the discontinuance of the passenger and mail service of one train a day as a war measure has been felt here in a comercial way. People of towns along the road could not come as frequently as before, and they are entitled to better train service.

Tecumseh's failure to have a representative committee present at the junction to interview the officials upon their arrival is not due to intentional neglect, but rather to carelessness—an oversight that should by no means have occurred, even if it was on the big day of the fair.

What has become of our Parent-Teacher Association?

This question has been asked The Herald several times of late and in reply it may be stated this organization is still in existence but as was expected was not active during the summer while the school was closed and most of the teachers out of town. Now, however, with the Tecumseh school in full operation it would seem the psychological time for the Parent-Teacher Association to begin its activities.

Quite a few new tutors are on this year's corps of instructors and at the beginning of the term is the best time for the parents and teachers to get acquainted. Why not have a reception, get-acquainted meeting or old-fashioned social gathering where all could mingle and learn to know each other better.

This should be a meeting where old and young, rich and poor could come together that all may meet those who are tutoring the youth of Tecumseh and where teacher and parent could meet on a common, friendly ground. The Parent-Teacher Association, with the co-operation of the board of education, could arrange the details of the gathering so that the greatest benefit to all would result.

Early in the school year is the logical time for such an occasion and the sooner the meeting is held the more benefits will accrue.

Tecumseh Parent-Teacher Association will you convince the people of this city that you are active?

Many Tecumseh people enjoyed "rubbing elbows" on the county fair grounds last Thursday. It was a great day and the fair seemed to please the big crowds. One suggestion we might submit to the fair management or the Lenawee County Agricultural society: Build another grandstand and give twice as many people an opportunity to enjoy the races. Early in the afternoon hosts of people were refused admittance to the grandstand because it was filled to its capacity.

Olive: "She is always grumbling about her servant, and yet she still keeps her. I can't understand her at all."

Elsie: "That's her diplomacy, dear. She knows that if she praised the girl to her friends, one of them would soon entice her away."

Miss De Style: "Does she think much of that aviator?"

Miss De Gushe: "Oh, yes! She worships the ground he flies over."

L. D. Kenyon has received a copy of the Daily Free Press, published at Ventura, Cal., in which was a lengthy write-up of a presentation of the cantata, "Queen Esther," under the direction of his son-in-law, George Leonard Howes. The performance was given under the auspices of the Dorcas society of the Ventura Presbyterian church and was so successful that a second performance was demanded and given.

Mr. and Mrs. Justus F. Burch of Yakima, Wash., announce the marriage of their oldest daughter, Audrey Belle, to Warren Graham Dickson on Saturday, August 2. Mr. and Mrs. Burch moved their family from Tecumseh to the western city some twelve years ago, and Miss Audrey is remembered as a jolly little maiden with curls. Twelve years is not a long time but in that time the little maiden grew to womanhood, completed her high school course and has taught successfully several years.

The Adrian paper has the following to say regarding the appearance of the Tecumseh Ladies' band at the fair last week: "One of the most interesting features of the Thursday afternoon program of the Women's Congress was the Tecumseh Ladies' band, led by Clair Camburn. It was the first time they had been heard in Adrian and naturally created much interest among the large attendance. They made a very pleasing appearance in their neat white uniforms, with blue ties, and white and blue sailor hats. Their rendition of two selections was exceptionally good in precision and melody."

FRANKLIN

Hold Pleasurable Gathering.

The Billington-Whelan family enjoyed a very delightful near-surprise party at the home of Mr. and Mrs. Alton Whelan Sunday.

The guest of honor was Mrs. Vinnie Billington-Eckert of Oakley.

Sam Thompkins has traded his horse and buggy for a Reo automobile.

Mrs. John Eckert of Oakley has been the guest of relatives here since Wednesday.

Writing from Chicago, C. V. Wisner says: "The national dairy show is held in Chicago beginning October 6. Over $10,000,000 worth of fancy cattle are already entered and it should be the finest ever held."

Owing to the rain Sunday night Mr. and Mrs. Bert Billington were over night guests of Mrs. E. J. Whelan.

Wilford Allen and family attended the fair Thursday, Friday and Saturday, he playing with the Tipton band.

Mrs. Vinnie Eckert spent Sunday night at Hoyt Whelan's in Tecumseh, leaving for her home near Oakley Monday.

The funeral of the little son of Mr. and Mrs. Albert Van Tuyle was held Friday at the home. The cause of death was brain fever.

Mr. and Mrs. Wilford Allen entertained her grandmother, Mrs. Snedicor, of Detroit and Mr. and Mrs. Snedicor of Adrian Sunday.

Mr. and Mrs. Charley Brighton and little Margaret were over night guests of Wilford Allen and family Monday. Mr. Brighton has been discharged from the United States navy subject to recall in case of war within two years.

When Mr. and Mrs. Wilford Allen returned from the fair Saturday morning they found they had had an unbidden guest who had occupied a bed the previous night. There were evidences that the man had been ill. Nothing was missing from the house and the food seemed to be untouched.

HOLLOWAY

Mr. and Mrs. Fred Smith of Detroit are guests of his parents, Mr. and Mrs. Horace Smith.

Clarence Hardy came from Detroit yesterday to visit his parents, Dr. and Mrs. P. B. Hardy.

Mr. and Mrs. William Witherell went to Saginaw yesterday to visit relatives or a couple of weeks.

Lee McAdams arrived home yesterday from the Ann Arbor hospital after an operation for goitre.

Mr. and Mrs. George Sanford, Mr. and Mrs. Fred Sheldon and Wilford Mills are in Hillsdale today for the fair.

Dr. and Mrs. Lon Jones and little son of Osseo have been here all the week assisting in the care of his father, Dr. O. Q. Jones.

Arno Daniels is moving his family over from Adrian. They will reside in the Lawrence house just vacated by Mr. and Mrs. Ed McDonald.

Dr. O. Q. Jones was taken ill upon returning from the fair Thursday and has been in a serious condition since. He is a very little better at this writing.

Mr. Iron, a new employee of the H. Brewer & Co., on Tuesday moved his family here from Toledo into Mrs. Robt. Owens' house on South Oneida street.

Isabelle, the little daughter of Mr. and Mrs. John McIntyre, has been very sick with appendicitis during the past week, but is recovering without an operation.

M. Rottman and family with their son, Sam Rottman, of Big Rapids are in Toledo for the Jewish New Year, the year 5680 being the new one of the Jewish calendar.

Mrs. W. B. Muhn of Allen was an over Sunday guest of her daughter, Miss Alma, who is attending high school here and living with Mr. and Mrs. A. J. Wonder.

Mrs. J. H. Smith and Mrs. F. B. Wood this evening are to give a reception at the Smith residence for the teachers of the public school, the members of the board and their wives.

When Miss Hazel Stabler went to the garage at her home Friday morning she found some one had had her Overland out during the night, returning the same with a flat tire and leaving the lights burning.

Word comes to Tecumseh of the critical condition of Will Marr of Onsted, recently a clerk in Aldrich's [illegible] has just been operated upon for appendicitis and his recovery is considered doubtful.

Mr. and Mrs. Ed Harper returned from an over Sunday visit in Hudson Monday evening to find orders from the Standard Oil Co. directing Ed to report at Adrian where a better position awaited him. They are already nicely located on State street in that city.

Capt. Tom R. Kyle, sister of Miss Nannie Kyle of Tecumseh, who now resides in SanFrancisco, Cal., has sent The Herald a folder containing pictures of the Pacific fleet of the United States navy and also views of some of the battleships passing through the Panama canal. A glance at these pictures reassures one that Uncle Sam is well protected on the Pacific coast.

Mr. and Mrs. A. J. Montgomery, Mrs. G. S. Field and Mrs. F. E. Snedicor were in Adrian Tuesday for the dedication of Eastern Star Villa, the handsome new orphanage of that order. Delegates were present from all over the state, Mrs. Field representing the local chapter, of which she is matron. One sad memory they have of the day was the parting of a father from his four little motherless children, the first residents of the home. There are thirty-three applications awaiting the decision of the board.

One of the most important factors necessary to the success of an auction sale is that the attendance be large. And the surest way to get the people from far and near to go to sales of farm equipment is to advertise the auctions in The Tecumseh Herald. As every column of this paper is read with keen interest the people you hope to interest are certain to see your announcement. Our wide knowledge of how best to let the public know what you have for sale, gained from years of experience in the newspaper business, is at your command gratis.

Just prior to the general convention of the Protestant Episcopal Church which opens in Detroit on October 8, will be hold the convention of the Brotherhood of St. Andrew beginning on October 1. The Brotherhood of St. Andrew is the men's society of the church. There will be gathered together over 1,000 representative leaders among men and boys throughout the United States and Canada. The convention will open with a dinner at the Hotel Statler on October 1 under the auspices of the Church club of Michigan. The speakers at this dinner will be men who have served during the war. A number of Tecumseh men are planning to attend the opening dinner and at least a portion of the convention.

CLINTON

VICTORY CELEBRATION SATURDAY NEXT

Clinton Welcomes and Entertains Soldiers and Sailors of the War.

All day Saturday next there will be something doing in Clinton, when the people of that village and vicinity will combine to welcome and entertain returned soldiers and sailors of the world war.

Clinton stands high in rank in furnishing young men for the great world war. Many of the young men did not wait for the draft, but volunteered, and some of them succeeded in getting across with the very first forces to be sent.

Now the citizens have made elaborate plans for a public welcoming event for these boys and the prospects are that it will be one grand day.

The program includes a grand street parade at 10:00 a. m., a program of races at 1:00 p. m., patriotic address by Hon. Edwin Denby of Detroit at 2:30 p. m., aeroplane exhibitions morning and afternoon when people will be given an opportunity to fly, concerts by Clinton band, Tecumseh's Ladies' band and Fisher's orchestra of Ann Arbor, free dancing in Lancaster's big garage, foot ball game between Clinton and Hudson high school teams at 3:45 p. m., merry-go-round, free street vaudeville, picture shows and other attractions and amusements.

Soldiers and sailors will be served free lunch at noon and a chicken dinner at the rooms of the Textile club at five o'clock.

ENJOY OUTING AT WAMPLER'S LAKE

Members of Clinton Textile Club and Families at Resort Saturday.

Clinton Textile club and the families of the members enjoyed an unusually pleasant time last Saturday afternoon at an outing at Wampler's lake, in which about 175 participated.

Features of the afternoon were races, ball game, tug of war between the women and men and other sports. Mrs. Merle Porter won in the woman's race and Miss Mary Thomas in the girls' race. In the tug of war, owing to existing conditions, equal suffrage was proclaimed.

Supper was provided at the Farm hotel the members of the club and their families being guests of the Clinton Woolen Mfg. Co.

An orchestra was taken along to the lake and dancing proved an enjoyable evening feature.

Clinton News Notes.

R. C. Woodward was over from Lansing for the week end.

Mrs. Ed VanDeMark of San Diego, Cal., expects to spend the winter in Clinton, having secured rooms here.

Mrs. C. A. Robison and daughters, Misses Blanche and Lillian, of Ann Arbor, visited friends in the old home town over the week end.

Harry McClure is now clerking in the post office, taking the place of Mrs. Lizzie Muir, resigned. Mrs. Muir is again employed in the Clinton Woolen Mfg. Co.'s plant.

Mrs. Eva Powers, for many years manager at the local telephone excange, arrived from Chicago the latter part of last week and is visiting her brother, E. B. Rynd.

Russell Green, employee of the Jackson Daily News, was home for the week end. It is reported that Mr. Green will give up his Jackson position and go to Arizona for the winter.

Lawrence VanGieson suffered an ugly cut on his left hand last Saturday while endeavoring to adjust the knives of an ensilage cutter at his home, the Don Palmer farm, south of town. Fortunately the machine was being turned by hand and not by tractor power, otherwise it would have been the loss of the entire hand. Dr. Tuttle took care of the injury and the prospects are that no permanent effects will be felt.

SCHOOL NOTES

The number enrolled in the Kindergarten this year is thirty-seven, which is greater than last year. The age at which children should enter is 4½ to 6½ years.

The following program has been arranged for this year:

8:30 to 8:45 Free play.

8:45 to 9:15, Circle, rythms, greetings, songs, conversation.

9:15 to 9:45, handwork.

9:45 to 10:15, circle, games.

10:15 to 10:30, Stories and dismissal.

The afternoon program is arranged in the same way beginning at 12:45 and ending at 2:45.

A sand table has been added to the Kindergarten's equipment this year.

The fifth grade room seats fifty-three pupils this year. During this month the grade is enjoying the rapid addition of numbers.

High School Notes

There has been a fine increase in the enrollment in the Tecumseh school this year. In the high school alone there are 275 students enrolled, 127 of these being non residents. Included in the high school are three post graduates, Muriel Halladay, Gladys Gilbert and Vera Sisson. In the grades it is estimated there are about twenty non-resident pupils. The tuition fees, which amounted ot $1,100 last year have increased to $4,000 this year.

Consequently the classes are larger. Domestic science and art, physical and military training, and typewriting seem to be the popular studies this year. One hundred and eleven pupils are taking domestic science and art, one hundred and ten girls taking physical training, and thirty-four are taking typewriting, six of these being of last year's class who wish to gain a speed of 60 words a minute. Latin I also seems to be quite popular as there are twenty-eight taking this subject. There is a Cicero class this year, a subject which has not been taught for two years.

The freshmen class this year is so large that three citizenship classes have been formed, Miss Brooks teaching one and Miss Wimple the other two.

The high school classes have all organized and elected their officers except the freshmen.

The Senior officers are:
President—Paul Harwood.
Vice president—Blanche Colson.
Secretary—Ruth Rogers.
Treasurer—Donald Chandler.

The Juniors have these officers:
President—Russell Abbott.
Vice president—Alice Whelan.
Secretary Marjorie Field.
Treasurer—Sidney Hall.

Sophomore officers are:
President—Dale Bowen.
Vice president—Myrna VanVleet.
Secretary—Ella Mathias.
Treasurer—Archie Waring.

The senior class has chosen their class colors of green and white and their class flower, American Beauty rose (to harmonize with the class we suppose).

Mr. Raven who was visiting Mr. and Mrs. Laidlaw gave an interesting talk to the French II class and told them the way he learned French while in France.

"Lest We Forget—Debit, values received, and credit, values given."

What are those strange marks on the board in the commercial room?

Oh, that's only tomorrow's short hand lesson.

Absolute Proof That "Robin Hood"

Which will be seen at the BRADLEY This Week Saturday is ALL that is claimed for it.

Ft. Madison, Iowa.

CLASSIEST ATTRACTION HERE IN MANY YEARS

That Fort Madison appreciates [illegible] the brand doled out by the De Koven Opera Company, was attested to at the Grand theatre last night.

It may be said without exaggeration that the attraction is the classiest that has been seen in this city in many years and richly deserved the capacity house which greeted it. Two dollars top was the admission charged and it was well worth the price. When the booked the "Robin Hood" attraction, Manager Dickmann promised his patrons "something fine" and he has made good in every sense of the word.

The personnel of the company is above the average—handsome women, equally as handsomely costumed, and made stars of national repute. The costumes are all new and elegant, while the stage settings were pleasing to look at.

So splendid was the singing of the entire cast from the leading roles to the chorus, that each individual is well worthy of special mention, and Fort Madison reveled during the three hours of the performance.

As a whole, the company is far above the average and a return date could undoubtedly be played here profitably.—Democrat, Fort Madison, Iowa.

Macomb, Ill.

A WONDERFUL PERFORMANCE

Robin Hood Delights Great Audience.

Undoubtedly the best opera ever sung in Macomb and conceded by a majority to have been the best production of any kind ever given here, was the De Koven Opera Company presentation "Robin Hood" last night.

Wonderful voices, beautiful costumes and exceptional stage settings combined to make the elaborate production worthy of its press notices as America's greatest comic opera. A world of harmony and quaint humor kept an appreciative audience exceedingly grateful through three amazing acts. "Robin Hood" was a fascinating presentation and a delightful surprise.

Duquoin, Ill.

UNUSUAL COMPANY AT THE MAJESTIC— BREAKS ALL RECORDS

"Du Quoin's greatest show." These words convey in a nutshell the universal comment made here on the presentation last evening of the De Koven comic opera, "Robin Hood," at the Majestic theatre.

The audience reveled gaily for nearly three hours. Reveled is exactly the word, for one moment the house would be bent forward in rapt attention to the exquisite harmonies of "Brown October Ale," or the ensembles by the men's chorus, and the next screaming with laughter at the antics of the sheriff, the obsese friar, or the active, resilient 'Lord Simp." Intercepting these events were frequent rounds of applause, which, owing to the repetitions, carried the show fifteen minutes overtime.

The company's own orchestra entered into the light, sentimental theme of the opera with the same interest and enthusiasm as the players, and rendered with equal perfection the accompaniment to the humorous situations and the tender, impressionistic passages of the opera.

In conclusion, it may be of interest to know that last evening's presentation of "Robin Hood" broke all previous Majestic seat sales by eight dollars.

Henderson, Ky.

ROBIN HOOD A TREAT — OPERA AT ITS BEST

The music is, as "Robin Hood," music always was, most delightful. Several of the old-time favorites were brought back to mind. The splendid orchestra carried by the company went a long way toward helping to make the opera the success it was.

Scenically the opera was correct and the characters were correctly costumed likewise. The producers have slighted no part of the presentation, giving the piece a good stage setting. "Robin Hood" was a treat in every sense of the word.

Owing the the fact that this excellent attraction is to be presented in Tecumseh on Saturday evening arrangements have been made to hold the curtain until 8:45 which will give everyone who really wants to attend an opportunity. Seats are now on sale and you should make your reservation early, phone 365 now, make sure of the seats you want.—adv.

BE SURE TO HEAR IT

Electricity is Your Willing Servant

With electricity available there is no need to worry about the servant problem. This silent force will do most of the housework in a highly satisfactory manner and without a murmur.

Why struggle through the household duties laboriously when electricity is so capable and adaptable for all sorts of work and its use will make the household duties so much lighter.

And no matter to what use it is put there is no feul necessary and no cleaning up to do after. Simply touch a button and electricity begins its work instantly. When the task is completed a second touch and the energy is held in check.

There are now so many electrical appliances which lighten the duties of the housekeeper that it is folly to struggle along without their assistance. And they are especially helpful in winter.

Isn't it up to you to avail yourself of these conveniences? Just phone us and we will be pleased to talk the matter over with you.

Miller-Covell Wedding.

A pretty weding took place Monday afternoon at the M. P. church parsonage in Adrian when two of our popular young people, Miss Sadie Covell, daughter of Mr. and Mrs. Byron Covell, and Lawrence Miller, son of Mr. and Mrs. Frank Miller, were united in marriage by Rev. F. A. Perry, who impressively used the ring ceremony. They were attended by Miss Leona Miller and Miss Clara Wagner and Messrs. Ray Covell and Clyde Brown. The bride was charmingly dressed in pale blue silk with blue net overdress and wore a handsome bridal veil. Her traveling suit was of tan with hat to match. The bridesmaids each wore blue.

After the ceremony they motored to the home of Mr. and Mrs. Covell, east of town, where an elegant five o'clock dinner was served to the members of the immediate families.

Mr. Miller was one of the first to enter service from this place returning last spring from overseas. After a short wedding trip and visit with relatives they will make their home in Northville, where Mrs. Miller has a position with the telephone company. Mr. Miller will enter the automobile trucking business. They have hosts of friends who join in the heartiest of congratulations and whom they will be pleased to meet in their new home in Barnhart Flats, Northville, after October 1.

About the School.

The seniors, of which there are 14, have elected the following officers: President, Elmer Eberhardt; vice president, Florence Beals; secretary, Lucile Lowe; treasurer, Graham Gunder.

The Juniors number 20 and their officers are: President, Donald Exelby; vice president, Bernice Wills; secretary, Jay Lowe; treasurer, Pauline Snoddy.

School is progressing nicely much to the gratification of all concerned. We have 151 in school of which 77 are in the high school, 33 in the grammar room and 44 in the primary classes.

A reception and banquet is being planned to be given by the I. O. O. F. and Rebekah lodges as soon as the soldier boys have all returned home. Committees have been appointed and a fine time is expected.

Mrs. L. C. Hause is here from Clinton spending the week with relatives. She expects to leave soon for California to spend the winter with her daughter, Mrs. Andrew Gogolin, and family.

Mrs. A. D. Davis was a delightful hostess Thursday afternoon, September 11, to the members of the Dorcas class of the Christian church. A fine social time, with the serving of ice cream, followed the business session.

Jessie Lockwood and family have moved from Thos. Rixom's tenant house to Walter Millyard's. Mr. and Mrs. McClure have moved into the place vacated by the Lockwoods and will assist Mr. Rixom.

Mr. and Mrs. Wm. B[illegible] of Adrian, and Mrs. W. P. Ra[illegible] and son, Eryl, of Hollow[illegible] called at E. A. Bachman's Sunday. They were on their way to Detroit for an over Sunday visit at the former's daughter, Mrs. [illegible] Fisher, and family.

A company of young people enjoyed a pleasant time Friday evening at the home of Mr. and Mrs. Frank Miller honoring their son, Lawrence Miller, and Mrs. Sadie Covell, newlyweds of this week. The affair was in the form of a shower and they received many useful gifts of china and kitchen utensils. A fine lunch was served after the usual good time with games and music.

Mr. and Mrs. George Allen visited with Mrs. VanAntwerp and daughters in Tecumseh Sunday.

Mrs. Theodore Betz and daughters, Madge and Gladys, spent Wednesday with friends in Milan.

The reception given recently in the gym honoring our teachers was an enjoyable affair, the only regrettable thing about it was there wasn't a larger representation of the parents present. Impromptu speeches were made, music was furnished and general good time prevailed. Ice cream and cake were served. A committee from the Community Improvement society had the matter in charge and are to be complimented for its success.

The services at the M. P. church Sunday, Sept. 14, were very enjoyable. At the morning services Mrs. C. J. Gorham gave her report from the State Sunday school convention, recently held in Flint. In the evening the W. F. M. S. had charge of the services. Interesting reports for that organization were also given among them being the announcement that the societies from this state have sent a missionary, Miss Shepherd of Pennsylvania, to China, so its up to the society here to do its share in paying her expenses.

Britton will surely miss her young people next week when various colleges open. The list of teachers who are already out of town is a long one and as the rest leave some plans will have to be formed to keep "things going" or else deplorable results will follow. Those who expect to leave are: Helen Lowe, Blanche Curry, Clyde Exelby, Harry Allen, Reuben Young, Clifford Frayer to Ypsilanti; Wilber Clark and Glen Gripton to the U. of M.; Beth Smith, Julia Craig, Flornce Voorhees, Annabeth and Robert Helmbold, Adrian College, and Donald Gorham and Ronald Pocklington to M. A. C.

OLD AGE STARTS WITH YOUR KIDNEYS

Science says that old age begins with weakened kidneys and digestive organs.

This being true, it is easy to believe that by keeping the kidneys and digestive organs cleansed and in proper working order old age can be deferred and life prolonged far beyond that enjoyed by the average person.

For over 200 years GOLD MEDAL Haarlem Oil has been relieving the weaknesses and disability due to advancing years. It is a standard old-time home remedy and needs no introduction. GOLD MEDAL Haarlem Oil is enclosed in odorless, tasteless capsules containing about 5 drops each. Take them as you would a pill, with a small swallow of water. The oil stimulates the kidney action and enables the organs to throw off the poisons which cause premature old age. New life and strength increase as you continue the treatment. When completely restored continue taking a capsule or two each day. GOLD MEDAL Haarlem Oil Capsules will keep you in health and vigor and prevent a return of the disease.

Do not wait until old age or disease have settled down for good. Go to your druggist and get a box of GOLD MEDAL Haarlem Oil Capsules. Money refunded if they do not help you. Three sizes. But remember to ask for the original imported GOLD MEDAL brand. In sealed packages.

MRS. JOHN S. TEMPLE WRITES OF TRIP TO COPPER COUNTRY

Draws Vivid Pen Sketch of Picturesque Places She Visited; Present and Former Mining Towns Described; Letter is Highly Entertaining.

Deeply impressed with the granduer of the scenery in the Copper Country, Mrs. John S. Temple of Tecumseh, one of a party from here to visit Calumet and vicinity, has written The Herald a descriptive letter of her trip that the readers of this paper might enjoy the journey by proxy. Mrs. Temple tells entertainingly of the beautiful views to be obtained in the hilly country around Calumet, of the interesting mining operations and speaks of the desolation in the abandonel towns which at one time were prosperous mining centers.

Her letter, which teems with engaging facts and vivid word pictures, is as follows:

Calumet, Mich., Sept, 15, 1919.
Editors Tecumseh Herald:

We reached Delray at 6 p. m. Sept 3 where we were met by Mr. Temple's brother, Herbert, wife and son, Herbert, jr. The following day Mrs. H. Temple and I visited the Detroit Museum of Art. On the first floor were the statuary, single figures, and groups some wrought of metal, some carved in marble. Some were beautiful and appealed to me strongly, while others, though classic, did not interest me. I was much impressed by a very large wrought screen in which were innumerable leaves, cones, and dozens of birds, life size and of many varieties and looking as though they had been on the wing and paused an instant for rest. It was a wonderful creation and denoted a vast amount of thought and labor.

On that floor were magnificent tapestry, and prayer rugs, ancient pottery, carved ivory tablets that seemed to me must have taken years to have executed, glass vases and vessels made in olden times that were not symmetrical in form, also modern ware that was perfect and beautiful. Duplicates of medals of by gone days also those given during the recent war. Boxes, fans and ornaments made of inlaid pearl, and apparently priceless. One room is devoted to Egyptian relics, several mummies, pipes, beads, various ornaments, curious stones, etc.

The second and third floors were devoted to oil paintings several of which were executed in the 15th century and many others were produced in the 16th. Scarcely any of these excited my admiration, the scenes and coloring striking me as peculiar, but dozens and dozens of the later paintings were perfectly grand. One large painting loaned to the association by Mrs. Russell Alger, and bequeathed to it at her death a short time ago was stupendous. It was all of 8 by 10 feet, entitled "The Passing of Mozart." The great composer was leaning over the arm of his rocking chair, a sheet of music was falling from his nerveless hand. At the left were several men singing, undoubtedly his favorite air, while another associate was playing an old fashioned instrument, probably a spinet. The figures were nearly life size. One of the directors informed us that the picture was valued at $40,000.

I will mention one more the one that I loved best of all. "The Meeting of David and Abigal." It's dimentions were about 6 by 8 feet. It was to describe the journeying of Abigal to intercept David as he was advancing to slay Nabal, Abigal's husband. Previously David had sent several of his retinue to this wealthy land holder petitioning for grain and meat, but their wants were ignored and they were sent back empty handed. David was wrathy and swore vengeance, and advanced with troops to commandeer the food. Abigal, hearing of the penuriousness of her husband, gathered together food of all description, placed it on a donkey and taking several of her household went to intercept David and make peace.

The picture depicts the meeting. In the center foreground is Abigal kneeling at David's feet in supplication. At David's right are grouped several of his officers also two horses, one brown, the other a beautiful gray, both caparisoned with their fine harness. At Abigal's left is the donkey, nearby a large hamper, open displaying the food, a negro servant in attendance. Standing near are several hand maidens.

The features of all are so life like, their positions so natural and the coloring of their garments so magnificent that the effect is grand. In the distance are beautiful trees. It is magnificent. To a novice, like myself, it seemed as

Have the New Edison for Harvest Time —Make Only a Small Payment

YES, get the New Edison into your home in time for that harvest party, or have it to furnish the music and entertainment during the happy evenings of this cheerful season —we'll send it to you at once and all you have to do is make a small first payment.

Continue to play Mr. Edison's wonderful phonograph for a whole month without further thought of payment. Then start paying for the instrument on such extremely easy terms that you'll never miss the money.

The NEW EDISON

No Needles to Change
Even records of all other makes sound more human when played on The New Edison.

This is the wonderful phonograph, with the diamond reproducer, which was perfected by Thomas A. Edison, the world's greatest inventor. After years of endless research and tireless labor, he gave his instrument to the world and called it "Perfect."

Put Your Faith in Edison

The genius of Edison gave you electric light, the "movies," a host of human benefits. When this same genius gives you a phonograph which, he says, brings you music more true to life than ever before, can you ignore his word? *Put your faith in Edison.* Investigate!

Re-Creates Music

Re-Creation of music means more than the kind of music you are used to hearing on "talking machines." It means music that is so like the *living* music that the ear can't tell the difference. *Re-Created* music!

That's what The New Edison gives you. Yes, over two million music lovers have heard the test in which Mr. Edison's Re-Creations were played side by side with the living artist and they agreed that their ears couldn't tell the difference. None but Mr. Edison has ever dared this test. Will *you* be satisfied with anything less?

Come In! Select Your Outfit Now, on This Offer

Call and hear your favorite Re-Creations on the New Edison. Select an outfit and have it sent to your home on our liberal offer. Now is the time. Come in.

SCENERY AROUND CALUMET STRIKING

(Continued from Page Seven)

thought it would not be surpassed.

We were in the building nearly three hours, but I could have enjoyed three days of that kind of sight seeing.

At 5 p. m. the two heads of our respected households met us and we took a car to Belle Isle. There we had a delightful time, examining the beautiful flowers, watching the steamers on the river, and the tiny craft on the creeks that wind in and out on the island.

We did not visit the aquarium or conservatory, as we did a year ago, neither did we make friends with, or feed the animals, but feasted on the gorgeous colors of the flowers, and drank the sweet music that came from the boats, until our young people appeared with a real honest to goodness lunch. We spread the viands on the table at the river's edge, and the feast was on. We lingered along while amid the pleasant scenes. Then we toured the city for a time, reaching 109 King Avenue about 10 p. m.

Friday at 8 p. m. we were taken to the wharf on Cass street where we embarked on the City of Alpena II for St. Ignace, Mackinaw Straits. At 8:30 our water palace left the dock. We were assigned to state room No. 63, an outer cabin, where we found everything very commodious. Nearly all day was spent on the different decks. Belle Isle was the first point of interest but those seeing it from the river, although several miles in length can have but a very vague idea of its beauty. After passing the light house at the upper end we began meeting the freighters coming from the copper country. Nearly every one of these was named after some prominent man, such as Alexander McDougall. Some of these huge boats were so heavily laden that they were resorting to the pumps and water was pouring from the hulls.

On reaching Lake St. Clair, we began to see many gulls, some pure white, others all shades of grey. Beautiful homes line each bank of the lake. The ship canal from the lake into St. Clair river is very picturesque, light houses being at each end. It is possibly 150 feet wide. Several houses are on the embankment.

Our first stop was at Port Huron at the foot of Lake Huron. The only interesting outlook along the river was a very beautiful park. I was disappointed in the view of this city, but a lady I met on the boat from there, said it was very pretty, inland. A goodly amount of freight was unloaded there, and also more cargo put on. We made Harbor Beach at dusk. Very nice music was furnished during the evening, and on the lower deck some engaged in dancing. The beds were very comfortable, but at 4 a. m. I was awakened by the pitching of the boat. This was on entering and embarking from Alpena. The first stop in the morning was at Cheboygan. Then Mackinac Island. This is a bluff rising out of the lake, looking very picturesque. A fort is high up on the hill and summer homes are perched out on the crags giving one the impression they were just ready to tumble into the lake. We aim to spend a day there on our return.

We reached St. Ignace at 1:30 p. m. where we left the steamer. This is a town where the tourist suffers. Everything is high, grapes being 35 cents a pound, bananas 60 cents a dozen, oranges 80 cents. It is a town of about 2,000 people, the main street running parallel with the water. There were a great many empty store buildings that we were told had been saloons, there being thirty-five before the ban was put upon them. At 5 p. m. we boarded a train that arrived from Mackinaw City on a huge ferry boat. The country did not look very prosperous for a long distance. There were many log cabins and barns. I saw my first snow fence, but have since seen a great deal of it. The snowfall here is very heavy. On the streets they use eight horses on the snow plow. We did not reach any large towns before dark and as we were in the berth when we passed Marquette and Ishpening we had no idea of their size.

At 6:30 a. m. we arrived at Calumet, where the son-in-law, Mr. Pascoe, met us. We found the family in good health, and so pleased to hear from Tecumseh friends.

In the afternoon we strolled toward one of the mines, meeting a foreman. He joined us and showed us inside of a shaft. The water bailer was at work, a mammoth tank that goes way to the bottom of the mine. It makes a trip, filling and emptying in six minutes, carrying 15,000 gallons. It fills and empties automatically. We visited the engine house, where two were in operation to run the bailer. There was a large wheel with two hands, called an indicator, that told just where the bailer was in the 3,900 foot mine, showing the engineer just how to operate the machinery. Two boilers were fired, they using 16 tons of fuel for the two every 24 huors. This foreman explained many interesting things. On the way back we were invited to his home, meeting his wife and three sturdy boys.

Mr. Pascoe lives in Wolverine, named from a mine, two miles from Calumet. Between is Centential, Albion and South Kearsarge. North of them is North Kearsarge, Mohawk, Ohmeak, Allouze, all connected and suburban to Calumet. A portion of this same town is called Red Jacket, also Yellow Jacket, Blue Jacket, Tammerack, Rambletown and other suburbs whose names I have forgotten.

On Sept. 12, Mr. and Mrs. Peterman invited the six of us to go to Copper Harbor at the northern part of Keweenaw county. We left at 1 p. m. I took my camera. The first picture I snapped was at Phoenix where we halted for oil. The roads are fine, made of the debris from the mines. We rode for miles and miles through the woods without seeing a house. We went through several abandoned towns where not a person was living. These are where the mines had played out. One hamlet was composed of log houses. The town of Delaware had some very pretty houses and what at one time had been a fine school building. Some of these burgs contained several thousand inhabitants when the mines were in operation. We passed six or eight of these abandoned places and it looked so pathetic to see them all desolated. At Delaware we stopped to inspect a house that was occupied for several months by Horace Greeley, before the civil war. As liquor was prohibited in the camp, the saloons sprang up about half a mile away. Ten did business there. It was called Hell Town. Some one came and built a church right in their midst. We saw that, also several of the old saloon buildings. The scenery around there was perfectly beautiful. These buildings were down in a valley a winding stream in view, a high bluff in the background covered with different species of evergreens with many a bright-hued maple interspersed. For miles on our left as we drove to the north, was a rocky cliff that varied in height from 500 to 700 feet above Lake Superior. The road was up and down and rounding curves scarcely any level stretch gradually climbing higher and higher until we were within about a mile of the lake when we descended. We reached Copper Harbor, which is within four miles of the farthest point of the U. P. This had been a great shipping point in earlier days, now contains a few summer homes. From there we went to Lake Fanny Hoye, a pretty little lake emptying into Lake Superior. On its shores were the ancient buildings of Old Ft. Wilkins, established in 1844. The old guard house, the fort, a good many of the barracks, the officers' quarters, each having a huge fire place opening into two rooms, were still standing.

The enclosure was surrounded by a high palisade, composed of hewn timbers, perpendicularly placed and held in position by horizontal timbers fastened together by huge wooden pins. They were all of 14 feet high. How I would have shuddered to have seen a red man peering over the top. The lake has its name from the first white girl born in that northern country. I took a picture of two of the cabins, one of the dock and a portion of the lake, one of a fireplace with its chimney, the cabin had fallen, one of the old flag pole that had been chopped off, with the two granddaughters sitting upon it. This is white pine perfectly solid, I brought away a small piece. There were a great many juniper trees there, so pretty, loaded their green and blue berries, similiar to huckleberries.

The next halt was at Eagle Harbor where I obtained a picture of the light house and old Lake Superior. This is quite a town, and very picturesque. The embankment around the light house was filled with beautiful flowers. The house and adjoining buildings were of deep red brick and perched high on a hill. A great many pretty smmer homes are situated here, and it must be a very healthful climate. Copper Falls came next. The dam is ruined, houses abandoned.

On the return trip we were in sight of the lake for many, many miles being on the west side of that long high cliff I mentioned. We detoured a little and ran down to the beach at Eagle River. This is the county seat of Keweenaw. A pleasant place but not resembling our southern towns. I assure you this northern Michigan has a great individual charm all its own, and the people here think the copper country is the whole thing and I don't blame them. We came through the crag at Phoenix and on home to Wolverine passing through Cliff, the oldest mine, Ojibway, Mohawk, Allouze, Ohmeak and Kearsarge.

And notwithstanding I suffered with a sick headache nearly the whole afternoon I would not have missed the trip for considerable.

We have attended the theatres etc., at Calumet, but those are common in the southern peninsula and of no interest.

Mrs. John S. Temple.

"A Community Can Prosper Only by the Support of Its People"

JACKSON COMMUNITY SERVICE BUREAU

Don't Detour Your Dollars

It is an established fact that **GOOD ROADS** are one of the most important factors in the development of a community. They affect the welfare, both socially and industrially of each and every individual resident.

THE ADVANTAGES DERIVED FROM GOOD ROADS are too many and too well known to be enumerated here. The best evidence that the majority of the people recognize these advantages is that the people of Michigan recently voted a $50,000,000 bond issue for permanent roads, a part of which Jackson County will receive, and further evidence in the voting by Jackson County of a bond issue of $1,400,000 for itself.

EVERY DOLLAR OF THIS $1,400,000 must, either directly or indirectly, be produced by the district.

DON'T DETOUR YOUR DOLLARS

This is our problem, there is no one to finance it but ourselves. To make this easier of accomplishment, every district produced dollar should be kept within the confines of the district, as every dollar spent outside accomplishes for other communities the very things it should be accomplishing for our own.

YOU CAN BUY IN YOUR DISTRICT

anything that you can buy elsewhere, and in many cases at a considerable saving in price. The district produced dollar, if spent in the district, not only buys a full dollar's worth of merchandise value, but in addition to this it helps pay for all community improvements, better roads, schools, parks, playgrounds, etc.

DISTRICT BUYING

increases the value of your property, makes higher wages possible and establishes a neighborly feeling of confidence and good fellowship between the people and the business interests, without which the community would disintegrate and the district become an abandoned, unproductice, worthless tract.

BUY IN YOUR DISTRICT EVERYTHING THAT YOU USE OR CONSUME—DON'T DETOUR YOUR DOLLAR

OBITUARY

Professor Lyman M. Kellogg.

Hundreds of people in Tecumseh and vicinity were saddened on September 13 and14 on hearing of the death of a much loved and respected former superintendent of our public schools, Professor Lyman M. Kellogg. His students are now scattered very widely, scarcely one of them but will hear of his death without sincere sorrow. His general popularity in Tecumseh is testified to by the fact that he was superintendent of the schools here for thirteen years the longest incumbency of any in Tecumseh's history. In the opinion of the writer, that fact means more as to Prof. Kellogg's ability character and faithfulness than pages of praise. No man can superintend a school of over 500 pupils without displeasing some scholars and some patrons. Prof. Kellogg's management was as generally satisfactory as the writer has ever known, as satisfactory as any conscientious teacher's work can possibly be.

He was attacked by an incurable disease some years before resigning his position here and did so regretfully, for Tecumseh was his home. His going was greatly regretted by the board of education and the teachers especially, for they knew, better than the public, his actual worth. His friendliness with all was conspicuous and was commented upon very generally.

The years since leaving Tecumseh have been years of weakness and very careful living, for all the time he well knew that the hand of relentless disease was upon him.

On the few occasions when he has since visited Tecumseh he has fairly received ovations from our people.

Prof. Kellogg was sick five weeks and passed away on Sept. 9, 1919, at the home of his brother-in-law, Dr. Charles B. Toms, of Gould City in the upper peninsula where he and [illegible] Kelogg had gone for a few weeks' visit. Dr. Toms accompanied Mrs. Kelogg with the remains to Lansing for the funeral, after which his body was taken to Detroit where it was cremated, according to his request.

The following somewhat categorical history of his activities will interest his old friends.

He was born at Matemoras, Blackford County, Indiana, January 30, 1851, being the fifth child in a family of six.

His family lived in Indiana till 1857 when they removed to the township of Ray, Macomb county, Michigan.

He was sent to the district school both summer and winter till the age of nineteen; in the meantime working on farms by the day and month till the spring of 1870. He worked for his board in the village of Armada and attended the village school one term and passing the county teachers' examination, taught the following winter in the township om Casco, St. Clair county, Mich.

His people moved to Lapeer, Mich., where he lived from 1871 till 1874 and attended the Lapeer high school two terms, one term at Oberlin College, Ohio, and taught district schools three winters.

In 1874 to 1875 he worked at the advertising business, traveling through the states of Michigan, Wisconsin, Minnesota, Iowa, Illinois, Indiana, Ohio, the western parts of Pennsylvania and New York.

In the spring of 1875 with his father's family he came to Battle Creek, Mich., and taught one term near there in District No. 5.

In the spring of 1876 he entered the State Normal School at Ypsilanti and was graduated from that institution on May 30, 1878.

The three years following he taught as principal of the village school at Williamston, Mich., after which he again traveled for nearly a year.

In 1882 he was married to Zida Toms of Williamston, Mich., and taught a part of the year at Middleville, Mich., and worked the rest of the year in the Industrial School for Boys at Lansing, Mich.

One year he taught at Macbrides, Mich., 4 years at Brighton, two years at Wyandotte, and thirteen years at Tecumseh.

The winter of 1905-6 was spent in California and the following three years in Battle Creek. After being in Detroit three years he moved to Augusta, Mich., in the summer of 1912, where he lived for nearly six years, two years of which he taught in the Augusta school.

In May, 1918, he moved to Lansing where his home was located at 608 Kalamazoo street, west.

He had no children, his wife alone surviving him. Permit the writer to add, that in her bereavement, the sympathy of hundreds of friends in Tecumseh goes in full measure.

Fare well, old friend; May the perfect light of the future make entirely plain the things we could not see or understand this side of the great divide.

Dr. L. G. North.

There are to be many sales, and the auctioneers' time will be largely taken up. Those who make their dates early will not be disappointed. The Herald office is headquarters for the auction sale business in this section, and dates can be made at this office with an auctioneer. If you are going to have a sale come in and talk it over. Free information will be gladly given as to the most effective methods of advertising your sale, or anything in connection therewith. Come in and talk it over.

Camel Cigarettes

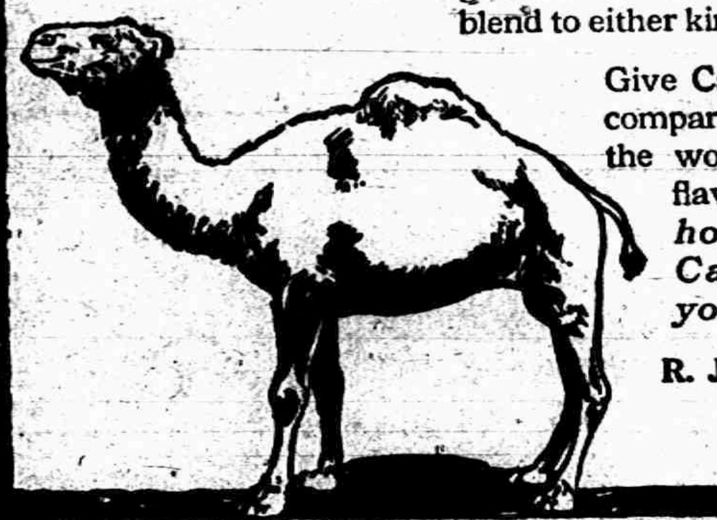
18 cents a package

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes; or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

They Win You On Quality!

Your enjoyment of Camels will be very great because their refreshing flavor and fragrance and mellowness is so enticingly different. You never tasted such a cigarette! Bite is eliminated and there is a cheerful absence of any unpleasant cigaretty after-taste or any unpleasant cigaretty odor!

Camels are made of an expert blend of choice Turkish and choice Domestic tobaccos and are smooth and mild, but have that desirable full-body and certainly hand out satisfaction in generous measure. You will prefer this Camel blend to either kind of tobacco smoked straight!



Give Camels the stiffest tryout, then compare them with any cigarette in the world at any price for quality, flavor, satisfaction. *No matter how liberally you smoke Camels they will not tire your taste!*

CHANCERY NOTICE

State of Michigan—The Circuit Court for the County of Lenawee in Chancery.

Walter Exelby and Edgar J. Exelby,
Plaintiffs,
vs.
William McFetridge, John Herritage, Peter C. Vrooman, Martin Vrooman, Addison J. Comstock, William W. Murphy, George Oxeloy, Witter J. Baxter, John Exelby, Charles Underwood, Britton Oil Company, Phineas Spencer and the unknown heirs, devisees, legatees and assigns of each and every such named defendant,
Defendants.

At a session of said court held at the court house in the city of Adrian on the 13th day of August, A. D. 1919.

Present, Honorable Burton L. Hart, Circuit Judge.

Upon reading the bill of complaint filed in this cause, (duly sworn to by the plaintiffs from which it satisfactorily appears that the defendants hereto have some titles, interests, claims, liens or possible rights to the premises described in said bill of complaint and hereinafter described, and said plaintiffs averring that all of the titles, interests, claims, liens or possible rights of said defendants and each of them are barred by the open notorious, exclusive and continous possession of said plaintiffs or their grantors for more than fifteen years last past, and for more than fifteen years since the several rights to the possession thereof accrued to said defendants and that such possession has been during all of said time and still is adverse and hostile to the titles, interests, claims, liens or possible rights of the respective defendants and their predecessors in title; that plaintiffs have not been able to ascertain whether the said above named defendants and their unknown heirs, devisees, legatees and assigns or any of them are living or dead, or where they or any of them reside, if living or whether the title, interest, claim, lien or possible rights of said parties or any of them has been assigned to any person or persons, or if dead whether they or any of them have personal representatives or heirs living, or where they or any of them reside, or whether such title, interest, claim, lien or possible right may have been disposed of by will, although they have made diligent search and inquiry ,

On motion of John C. Howell attorney for plaintiffs, it is ordered that the above named defendants or their several unknown heirs, devisees, legatees and assigns, cause their several appearances to be entered herein in the manner provided by law on or before the first day of December, A. D. 1919.

It is further ordered that this order be published or served as required by law.

Burton L. Hart,
Circuit Judge.

Examined, countersigned and entered by me
Emery B. Root
Clerk of said Court.
John C. Howell
Attorney for Plaintiffs,
Adrian Michigan.

The above entitled suit involves the title to and is brought to quiet and clear the title of land described in said bill of complaint as follows:

That certain piece or parcel of land situated in the township of Ridgeway, Lenawee County Michigan, described as the West one-half (½) of the Northwest quarter (¼) of Section Fifteen (15), Town Six (6) South, Range Five (5) East, containing 80 acres of land more or less. 10-9

MORTGAGE SALE

WHEREAS, Lee A. Deyo and Hazel A. Deyo, husband and wife, and George H. Miller and Herma E. Miller, husband and wife, on the 17th day of January, 1919, made and executed a mortgage to Edwin R. Farwell, to secure Eleven Thousand Dollars ($11,000.00) payable five years after date with interest at six per cent per annum until maturity and seven per cent per annum after maturity; interest to be paid semi-annually, which mortgage was recorded in the office of the Register of Deeds in and for the County of Lenawee and State of Michigan on the 20th day of January, A. D. 1919, at 4:20 o'clock p. m. and recorded in Liber 213 of mortgages, on page 168; and

WHEREAS, it was in and by said mortgage expressly agreed, that should any default be made in the payment of the said interest, or any part thereof, on any date whereon the same was payable, as expressed in said mortgage, and should the same remain unpaid and in arrear for the space of thirty days then and from thenceforth, that is to say after the lapse of the said thirty days—the principal sum of Eleven Thousand Dollars mentioned in said mortgage with the arrearage of interest thereon should, at the option of the said Edwin R. Farwell, his executors, administrators or assigns, become and be due and payable immediately thereafter, although the period limited in said mortgage for the payment thereof might not then have expired, anything thereinbefore contained to the contrary thereof in any wise nothwithstanding; and

WHEREAS, it was in and by said mortgage further expressly agreed that the said mortgagors, within forty days after the same became due and payable would pay all taxes and assessments, special or otherwise, which should be levied upon the lands described in said mortgage; and

WHEREAS, it was in and by said mortgage further expressly agreed that the said Mortgagors would keep all buildings erected upon said lands insured against loss and damage by fire with insurers and to an amount approved by the Mortgagee as a further security to said mortgage debt and assign and deliver to the Mortgagee all insurance upon said property; and

WHEREAS, said Mortgagors have neglected and refused to pay the interest which became due on the 17th day of July, A. D. 1919, or any part thereof, and have neglected and refused to pay taxes levied upon the said lands described in said mortgage within forty days after the same became due and payable, and have neglected and refused to procure the said insurance against loss and damage by fire as stipulated by and in said mortgage; and

WHEREAS, More than thirty days have elapsed since said interest became due and payable pursuant to the provisions of said mortgage, and since said default in the payment of taxes and the procuring of insurance and the undersigned has elected and hereby elects that the whole principal sum shall become and be due and payable immediately, and

WHEREAS, there is due on said mortgage at the date of the first publication of this notice the principal sum of Eleven Thousand Dollars ($11,000.00), together with interest thereon from the 17th day of January, 1919, in the amount of Three Hundred and Ninety-Three & 84-100 Dollars (393.84); Taxes paid by the undersigned in the amount of One Hundred and Fifty-six & 12-100 Dollars ($156.12) and interest thereon from the 16th day of June, 1919, in the amount of one & 97-100 Dollars ($1.97); and Two & 30-100 Dollars ($2.30) paid by the undersigned to procure insurance on the 27th day of June, 1919, making altogether the sum of Eleven Thousand Five Hundred & Fifty Four & 23-100 Dollars ($11,554.23), and no suit or other proceeding has been instituted at law to recover the debt secured by said mortgage or any part thereof; and

WHEREAS, by virtue of said defaults in the conditions of said mortgage the power of sale therein contained has become operative;

Notice is therefore hereby given that by virtue of said power of sale and for the purpose of realizing the moneys above claimed to be due, together with interest thereon and costs of this proceeding, including a lawful attorney fee and any sums which may be hereafter expended for insurance or taxes upon the property in said mortgage described and conveyed, I will, on Saturday, the 15th day of November, A. D. 1919, at the East front door of the Court House in the City of Adrian, in the said County of Lenawee and State of Michigan, that being the place where the Circuit Court for said County is holden, at ten o'clock in the forenoon of said day, sell at public vendue to the highest bidder all that parcel of land described in said mortgage and situated in the township of Seneca, County of Lenawee, State of Michigan, described as follows, to wit:

The East half (½) of the Northwest quarter (¼) and the East half (½) of the Southwest quarter (¼) of Section Eight (8) in Town eight (8), South of Range two (2) East, containing one hundred and sixty (160) acres of land more or less.

Dated this 21st day of August, A. D. 1919.

Tecumseh Independents

vs

The Fast Tipton Team

Attend this final clash and give the speedy Home Nine a rousing farewell.

You'll See a Real Contest at Recreation Park

George Ziehr and Will Eccles were in Ann Arbor Wednesday.

Mrs. Chas. H. Williamson entertained the Bridge club yesterday afternoon.

Mrs. Will Meyer of Detroit arrived yesterday to visit her and family.

Glen Randall was here from Jackson Sunday visiting his aunt, Mrs. C. E. Price.

Mrs. C. E. Price and granddaughter, Velva, go to St. Johns Saturday to reside. Mr. Price has a position there.

Mr. and Mrs. Arthur Brazee start today on a visit to their sons in Grand Ledge and Hastings and her sister in Farwell.

Mr. and Mrs. Herbert Brownell have as guests his sister and husband, Mr. and Mrs. O. W. Sangree, of Battle Creek.

Mr. and Mrs. F. S. Turner go to Flint Saturday, returning Sunday with his father and sister, Miss Augusta, who will be their guests.

Mrs. F. E. French has been in Adrian several times this week, going to see her mother, Mrs. Lydia Goodrich, who is seriously ill.

The hour of the midweek service in the churches has been changed from Thursday at 7:30 to Wednesday at 7:00 p. m., as is customary each fall.

Regular meeting of the Royal Neighbors Wednesday evening, Oct. 1, with potluck supper. These suppers are to be served the first Wednesday in each month.

Tom Price took George Ziehr to Allen's lake Monday to teach him to fish. Well, George proved himself no novice and the two brought back a dandy string which they exhibited with no little pride.

Mrs. Isaiah Mattis fell from her front steps yesterday afternoon and her face was cut badly across the forehead and one cheek and she also suffered gashes across both knees. She is terribly bruised.

Mrs. Matie E. Kirby of Hudson state field worker of the W. C. T. U., wishes to meet the ladies of Tecumseh who are interested in the re-organization of the Union here, at the Methodist church Saturday at 1 p. m.

The Tecumseh Athletic club, at its first meeting of the season at W. L. Coller's store Tuesday evening, decided to form a basket ball team. There will be another meeting soon at which more definite plans will be made.

Unique in every detail, the Calendar Social to be given this evening at the church by the Ladies Aid society of the Methodist church promises to be unusually enjoyable. The attendance is expected to be large.

Capt. Benner of Adrian came over for the show last evening in a five passenger Ford. When he went for it to go home the touring car was gone and a Ford roadster was in its place. It has not been recovered nor the roadster claimed.

Mrs. M. H. Taylor and Miss Anna Baker plan to go to Chicago about the middle of October to make their home with Miss Ida Taylor, who already has a flat rented to receive them. The poor health of Mrs. Taylor makes the move necessary.

Mr. and Mrs. Barrett of Lowell, Mass., have been guests of Mr. and Mrs. E. M. Camburn this week, their first visit here in over forty years. They were enroute to Ann Arbor to see their son, Prof. Harry Barrett, an instructor in the U. of M.

Mrs. Fred Sheldon's Sunday school class, "The Others," were entertained by Miss Vera Sisson at her farm home Tuesday evening. Thirteen girls were of the party and as Miss Sisson's is a hospitable home the guests had a jolly evening. Light refreshments were served.

Amos Kells of the Schwartze Electric Co. was over from Adrian Tuesday looking over the conditions here. They cannot get enough girl-labor over there and wish to start a branch factory in some other town. Mr. Kells could give no idea as to whether Tecumseh gets a factory.

Sunday evening after the Community service was held a meeting of the ministers and representatives of the different churches when the program as printed last week for these services was unanimously adopted. The only differences in opinion of some was in reference to the addenda. The program for the betterment of our beautiful little city is near everybody's heart and the services for the winter will draw large crowds.

BUGGY IS STRUCK BY AN UNKNOWN AUTOIST

Tuesday night A. L. Bricker and three sons were driving just north of the electric light plant on the Clinton road when an auto driven by unknown parties smashed into the back of their buggy. The machine did not stop the occupants being unconcerned by the destruction they had caused. The buggy was a wreck, groceries spilled all over the road and the four occupants bruised and cut.

CROSS OF BROOM CORN AND SORGHUM SOLD TO FARMERS

East Lansing, Mich.—That many Michigan farmers who had sharpened up their appetites for buckwheat cakes and sorghum molasses this winter are doomed to disappointment because of the fact that for them there is to be no sorghum, is the opinion of Prof. J. F. Cox of the Michigan Agricultural college.

Much of the sorghum seed planted in the state this year was in reality a cross with broom corn and the result was sorghum that had no juice. Prof. Cox advises farmers to be careful in selecting their "molasses" seed, and be sure that they are not starting a crop of half-way broom corn.

BASEBALL SEASON TO CLOSE HERE SUNDAY

With Sunday's game the Tecumseh Independants will close their season, having had a very successful year.

Tipton will be the opponents in the final clash and a real battle is anticipated.

Hudson was scheduled to play here last Sunday but the down pour prevented the game.

TECUMSEH GRANGE IS TO MEET ON FRIDAY

At its hall in this city, Tecumser Grange, No. 166, will hold an important meeting Friday, Sept. 26.

There will be election of delegates to the county convention and other business.

Every member is urged to attend.

PLAQUE IS AWARDED LOCAL BOY SCOUTS

Boy Scout Troop 1 of Tecumseh has been awarded a bronze plaque by the Toledo Council of Boy Scouts of America for scoring the highest number of points as a tent at the Ohio city organization's camp at Vineyard lake some weeks ago.

Rev. J. G. Widdifield, leader of Troop1, has received the following letter telling of the award:

Boy Scouts of America, Toledo, O. Executive Headquarters.

September 17, 1919.

Rev. J. G. Widdifield,
Tecumseh, Michigan.

Dear Mr. Widdifield:

Your Troop has been awarded the bronze plaque for scoring the highest number of points as a tent.

Let us congratulate you for making such a good showing, and pardon us for the delay in awarding the plaque.

Will you please send us a list showing the full names of all the boys that were in this tent so that the plaque can be engraved?

With best regards I am,

Yours truly,

R. S. Loftus
Ass't. Executive.

The boys in the troop are: Russell Abbott, Wm. Beardsley, Thos. Mead, Dale Bowen, Webster Anderson, John E. Anderson and Chas. Gray.

MAKE RAID ON JAIL IN SEEKING LIQUOR

No little excitement was caused in Adrian early Wednesday morning when a party of men were found looting the cellar of the county jail, evidently after the liquor stored there. The sheriff's wife heard the intruders in the cellar about 2:30 and awoke her husband and the deputies in the jail. In spite of shots in their direction the men got away but three were captured near Holloway. F. J. Blouch, the storekeeper there, phoned the sheriff's office later in the morning that a group of negroes were loitering about the village. That gave the sheriff the clue and with deputies he motored to Holloway. They caught one man but the other two ran. It was only after a running fight with farmers armed with shot guns assisting that the other two were caught.

One, it later developed, was arrested last spring boot legging in the southern end of the county.

The three rest now in the jail near the coveted liquor and the sheriff retains the auto which they left in the alley back of the jail.

"ROBIN HOOD"

America's Greatest Comic Opera at the Bradley.

Not since the memorable visit of "The Spring Maid" in Tecumseh has the management of the Bradley presented an attraction that can be compared in any way to the magnificent production of America's greatest comic opera, "Robin Hood," which will be presented at the Bradley opera house this week Saturday, September 27.

"Robin Hood" is being sent on tour this season by the big Chicago producing company headed by Ralph Dunbar, whose name is the same guarantee to big musical attractions that sterling is to silver. No finer production than "Robin Hood" is on the road this year, the company numbering something over 40 people, carry their own big orchestra and a special 60-foot baggage car full of beautiful scenery and stage settings.

That "Robin Hood" is an exceptional entertainment for a town the size of Tecumseh can readily be understood, and when the local managemtnt will give up a Saturday night date to a road attraction is a double guarantee that it is far above the average. Saturday nights have been kept exclusively for pictures at the Bradley but when there is a chance to give the people of Tecumseh and vicinity an attraction like this right in your own city, pictures were given a second consideration.

It is very doubtful if Tecumseh will ever have a better production here than the DeKoven Opera Company in "Robin Hood" and a production of this kind certainly deserves the support of Tecumseh's best people. A town is just what you make it, if you get a big attraction of this kind here and the people support it as they should, you will get more of them, if the people will not stand back of an effort of this kind they cannot expect this class of entertainment, it's all up to you. If we make good on "Robin Hood" Mr. Dunbar promises us his other big opera "The Chocolate Soldier," in February. Does Tecumseh want these big things or shall we be satisfied with the regular dollar attractions?

MRS. CASS MILLER IS BURIED AT RIDGEWAY

On Tuesday the remains of Mrs. Cass Miller were brought here from St. Johns and taken to Ridgeway for burial.

Mrs. Miller had died Saturday night at her home, 2½ miles from the village of Pompeii, aged 53 years and 7 months. Her maiden name was Melissa May Carlton. She was born and grew to womanhood near Holloway, finishing her education at the Raisin Valley seminary. At the age of 16 she married Cass Miller, a Holloway young man. Besides the husband are left four sons, Elbert L., Ralph J., Harley V. and Leigh C., her mother, Mrs. M. M. Green of Adrian, and four brothers, Ed Carlton of Grand Rapids, Willard Carlton of Cleveland, James Carlton of Brooklyn and Guernsey Carlton of Ann Arbor.

In town Tuesday to accompany the remains to Ridgeway were Cass Miller and three sons of Pompeii, Mrs. M. M. Green of Adrian, Mr. and Mrs. Willard Carlton and Eddie Carlton of Cleveland, Ed Carlton of Grand Rapids Guernsey Carlton of Ann Arbor, Fred Hemenway and wife of Deerfield, Mr. and Mrs. Charles Miller of Adrian, Mrs. Anna Riley, Mrs. Libbie Luce, and Ed. Palmer of Holloway, Mr. and Mrs. George Collins of Macon. Rev. W. A. Rex conducted short services at the grave and the remains were laid at rest by the side of the little daughter, Lillian, who was burned to death some years ago.

OCTOBER 6 TO BE TECUMSEH'S AVIATION DAY

FORMER ARMY FLYER WILL TAKE UP PASSENGERS

Bradley Farm, West of City, Landing Field; Those Desiring Ride Call at Grounds and Consult Booking Clerk; Local People Given Opportunity to Navigate Air.

Monday, October 6, will be aviation day in Tecumseh, for on this day a former army flyer will be here to take local people into the air. The landing field will be located at the Frank Bradley farm west of the city.

It was at first planned to have the aviator here October 8 and window cards were placed in Tecumseh stores announcing this date, but since then it has been found necessary to change the date of the coming of the airplane and pilot and they will arrive two days earlier. Keep in mind that the flights will be made Monday, October 6, and if you are one of the many who will want to be taken up, be at the Bradley farm on this date and you will be accommodated with a ride toward the clouds.

The plane and pilot to appear here come in accordance with arrangements made by The Tecumseh Herald with the Service Aviation Training and Transportation company of Wabash, Ind. This concern was organized last April for the purpose of hastening repair parts by airplane to the

Religious Survey Will Begin Friday

Tecumseh People Asked to Co-Operate in Effort to Secure Church Census.

Tomorrow the religious canvass of Tecumseh will be started, it being so decided at a meeting held last evening. The city has been divided into 30 sections, each section containing two blocks and a committee of two is appointed for each section.

The question that will be asked the people of Tecumseh are very simple and refer to the occupants of the house—whether they are members of a church and Sunday school, if so what denomination; if not to which church or Sunday school they are inclined.

The canvass is not made in a spirit of curiosity but to gain knowledge and for the good of the town.

MRS. HARRY MARSH, LONG ILL, EXPIRES

After an illness extending over nearly all summer, Mrs. Harry Marsh passed away Tuesday evening at 7 o'clock. Since last spring inflammatory rheumatism [illegible] caused her illness, but lately it has affected her heart.

Ragna Alfreida Anderson was born at [illegible], Norway, just 29 years ago last Sunday. She came to this country nine years ago and soon after married Mr. Jepsen, one of her country men. He deserted her some half dozen years ago leaving her to make her way with three little children. About five years ago she married Harry Marsh who survives her with the four little children: Wilhelmina and Arthur Jepsen, Earl and Clarence Marsh.

The funeral will be held at the home on West Kilbuck street tomorrow at 2 o'clock.

REV. C. M. THOMPSON DEPLORES SERMON SHUNNING

Declares In Forceful Community Service Address Church Must Sound Loud, Clear Note In These Times of Great Uncertainty.

The Community Service in the Methodist church Sunday evening was unusually interesting and was fairly well attended. There was singing by a choir composed of people from the different churches and this feature proved most enjoyable. Revs. Escolme, Curtis and Rex conducted the devotional parts of the service.

Rev. C. M. Thompson was the speaker of the evening and took as his topic, "The Confused Trumpet," based upon the scripture text, "For if the trumpet give an uncertain sound who shall prepare himself to the battle."

He said among other things that these were days of great uncertainty. There was uncertainty among the nations as to what any day might bring forth. This uncertainty had existed since the beginning of the world war and continues until this day. Who knows what will happen next in Russia, Italy or the Balkan states? Who can even tell the fate of the excellent League of Nations? that

Local Team Wins Its Closing Game

INDEPENDENTS HAD MOST SUCCESSFUL SEASON IN HISTORY

Won 14 of 19 Games Played—Finances in Splendid Condition—Will Have Team Next Year—Bleachers to be Built Both Sides of Grandstand for 1920.

Triumphantly the Tecumseh Independents closed their season by humbling Tipton 8 to 4 at Recreation Park Sunday afternoon before the largest gathering of baseball fans which has witnessed a game there this year. The contest was one of the most exciting of the season, early in the game it appearing that the locals would get the little end of the score, but like on many former occasions the Independents would not be downed and staged a victorious rally.

A meeting of the players was held Monday evening at which the affairs of the team were reviewed and at which Manager Gordon Bailey made a report. Figures which he presented showed the Independents have just closed the most successful season in their history. The team has played nineteen games this year winning fourteen of them. Financially this year was also very gratifying the returns being larger than ever. For next season the outlook is even more promising.

The Independents expect to have a strong team in the field again in 1920 and because of the splendid showing made this year

Legion Banquet Is A Brilliant Affair

HUNDRED WORLD WAR VETERANS IN ATTENDANCE

Toasts Prove Strikingly Entertaining, Feast Most Appetizing and Music Highly Delightful—Delegates Chosen to State Convention.

Having proven their valor on the field of battle in Europe the members of Underwood-Orr post, No. 34, American Legion, have now also given evidence that they can be as hospitable as they were antagonistic during the combat with the Teutons, their banquet Wednesday evening being one of the brightest spots in the social affairs of Tecumseh this year. The menu was especially delicious, the toasts of a character to stir the enthusiasm of all, the music lively and the spirit which prevailed demonstrated clearly why the American doughboy is unconquerable.

The feast was held in the Grange hall, the members of the post meeting at their club rooms and marching to the hall in a body, about a hundred being in attendance. Coller's orchestra played as the men marched in and also gave some spirited selections while the banquet was in progress.

Dr. H. H. Hammel, commander of the Tecumseh post, was the toastmaster filling this exacting position with credit to himself and the local organization of world war veterans. A brief business

Prominent [illegible] City Active In Interest [illegible] Troops Which [illegible] Have 64 [illegible]bers.

Seventeen of the prominent men of the town now back the Boy Scouts, forming their Troop Council. These represent the business, fraternal, educational and church organizations. The council of five members recently elected at a mass meeting of those interested met Friday evening and enlarged their number, electing O. W. Laidlaw scout commissioner, and made application for a charter for a local council of the second class.

The officers are to be:

President—Robert S. Moore.

Vice president—Geo. A. Rathbun.

Treasurer—H. S. Temple.

Secretary—C. F. Patterson.

The addition to the original five members with the body they represent are:

Methodist church, H. W. Whaley; Baptist church, Rev. W. R. Curtis; Friends church, J. N. Satterthwaite; Roman Catholic, Thos. McCann; school, Superintendent E. E. Crampton; civic, George Hines; business, H. S. Temple; F. & A. M., Frank Snell; K. P., H. H. Hanna, jr.; American Legion, R. K. Anderson; I. O. O. F., H. W. McClure; Eagles, B. A. Lawrence.

The original five on the council were R. S. Moore, Rev. J. G. Widdifield, Rev. W. A. Rex, C. F. Patterson and G. A. Rathbun.

There are now sixty-four boys enrolled in both troops.

CAPT. SETH BULLOCK, WELL KNOWN HERE, DIES

Capt. Seth Bullock, a brother-in-law of Will Eccles and well remembered by many Tecumseh people, passed away September 23 at his home in Deadwood, S. D., aged 72 years. He had spent nearly all his life in Montana and Dakota, active in the early life of these hustling states. In Montana he was the first federal peace officer of the Black Hills and afterward in the then Territory of Dakota became marshal and sheriff of the Deadwood district. His activities as such did much in the quieting of the district and the ridding it of road agents and hold-up men.

When the war with Spain broke out he raised a company of cavalry, Troop A of the Third United States Volunteer Cavalry, which he commanded until peace was proclaimed. His commission came direct from President Roosevelt.

Besides the wife, two daughters and a son survive, Mrs. Chambers Kellar of Lead, N. D., Mrs. Madge Mackall of New York City and Stanley of Deadwood.

Calendar Party Is A Double Success

SOCIALLY AND FINANCIALLY AFFAIR PROVES PROFITABLE

More Than $100 Taken In—Features of Function Are Unique and Attractive—Program Highly Enjoyable.

The "Calendar Party" given by the Ladies Aid Society of the M. E. Church Thursday evening was a success, both in the pleasure realized and amount of money accruing. The parlors of the church were decorated to represent the four seasons.

Mrs. W. G. Waldron had charge of the spring booth, decorated gaily with flags, honoring Decoration Day and Flag Day.

The summer booth with flowers and toys and summer sports was in charge of Mrs. Elmer Linn and Mrs. H. R. Conklin.

The fall booth with autumn foliage and corn stalks was presided over by Mrs. F. E. Smalledge and the winter booth with the snow and ice outside and a Christmas fireplace within was cared for by Mrs. Oscar Lidke and Mrs. Guy Belding.

Refreshments were served from these booths.

Admission was charged but the program was far ahead of the ordinary and those only enjoying this feature were more than repaid for the trifling fee.

Rev. C. M. Thompson impersonated Father Time and Mrs. H. W. Whaley the year. The twelve months had been divided among twelve men of the congregation who in turn gave out their weeks and days to the church people who would buy them. Rev. Thompson called out the months and the men filed to the front and deposited their offerings.

An excellent program was given as follows: Recitation, "Welcome," Kathryn Whaley; some splendid reading by Mrs. Harvey Pierce, wife of the M. E. minister at Chelsea; vocal solo, Mrs. Maynard Mulvaney; vocal solo, Miss Edna Tayor, accompanied by Waldron's orchestra; vocal solo, Miss Lillian Kennedy; vocal solo, Ernest Church; violin solo, Raymond Austin; piano solo, Miss Florine Linn; vocal duet, Helen and Louise Leighton.

Miss Edna Taylor was accompanist for the musical portion of the program which had been carefully arranged by Mrs. Wilfred Waldron. The Waldron orchestra, consisting of Lester Coller, cornet, Archie Boyd, violin, Walter Harper, cornet, Wilfred Waldron, trombone, and Mrs. Waldron, piano, furnished delightful music for the evening.

Mrs. Homer Whaley, in charge of the party, is entitled to much credit for her efficient work and speaks in hearty praise of the efforts of her assistants. The society took in over $100 during the evening.

RECENTLY WEDDED, ARE GIVEN SURPRISE

Mr. and Mrs. Ed Harper of Adrian were over Friday evening, supper guests of Mr. and Mrs. W. G. Waldron. The newly-weds were completely surprised when later in walked a party of some twenty-five of the young people of the M. E. Sunday school. The young folks were divided into two groups and made for the bride two life books which were wonders. Pictures were cut from many magazines which gave her life as a boby, girl, young lady, school teacher, etc., and created much fun. The couple were given many gifts for the new kitchen. Refreshments were served.

CHILDREN SURPRISE MOTHER ON BIRTHDAY

When Mrs. A. VanValkenburg returned to her home from church on Sunday she was surprised to find her home had been taken possession of by her children and their families. The occasion was her birthday anniversary. A bountiful potluck dinner was served and a fine social time enjoyed by all.

Those present were Mr. and Mrs. Harry Abbott, and sons, Leslie and Russell; Mr. and Mrs. Perry VanValkenburg, Cuyler and Mary; Mr. and Mrs. Deane Van Valkenburg, Mr. and Mrs. Leon VanValkenburg, Raynor and Roger, Mr. and Mrs. Faye VanValkenburg, Earle McNeil and son, Charles, Mrs. Vera Wise and daughter, Rayola, Miss Eula Schwartz and Merle Lanning, whose birthday anniversary occurred on the same day.

Editorial Comment

The price of news print paper, which has been stationary for a year at double the pre-war quotation, has again advanced. Not only has the price advanced, but it is difficult to secure a shipment. With cost of print more than doubled, postage tripled and everything used in a print shop advanced in proportion, a $1.50 per year subscription rate is very low for a weekly newspaper. Especially is this low when subscribers have to be carried over from a month to a year. Every reader can help in the trying situation by watching the date next to stamped name and remitting promptly. One year's subscription is a small matter, but a thousand such means a great deal to the publishers. You folks in arrears, please loosen up, "come across" and give your aid in keeping The Herald up to a high standard home newspaper.

No visible benefit has yet appeared as the result of licensing automobile drivers. The automobile laws are constantly violated and there seems little opportunity of bettering the situation unless the people themselves get up in arms, stop and prosecute all violators. Machines are driven through our town at breakneck speed, some even without lights at night. Friday evening one of these dark drivers spilled a horse and buggy, fortunately only causing material damage. The dark machine at night is a menace that should be stopped. Reckless drivers at night make no pretension of dimming for the benefit of the approaching cars, blinding the drivers not only with their glaring headlights but obscuring the road with a cloud of dust. Some drivers have rights that should be respected by the dare-devils. In fact the latter should be deprived of their licenses until such time as they can be trusted to give other drivers an equal chance on the highway.

The local baseball season has closed and Tecumseh has every reason to be proud of its team. The Independents, composed of young men employed in or near this city, have won the major portion of the games played this year, ending the season with a victory over the classy Tipton nine.

It was co-ordination of individual ability, or team work, which made the Independents so successful and the results obtained may well serve as an object lesson for those of us who have not yet fully appreciated the great benefits of co-operative action.

Of a character far above the average, the DeKoven Opera Company in presenting "Robin Hood" at the Bradley opera house Saturday evening highly delighted a good sized audience and did much to strengthen the desire loyally for the better theatrical attractions.

Even the most prudish and critical could attend such attractions as "Robin Hood," when played by such artists as appeared here Saturday night, without discovering anything to lament. Those in Tecumseh and vicinity who desire the higher and better things in life will welcome more such productions.

NORTH ADRIAN

Mrs. Hartong entertained the Ladies' Aid at her home last week Thursday for dinner with a good number present. All enjoyed a very pleasant time.

Mr. and Mrs. H. O. Benedict attended the Hillsdale fair last week Thursday.

Mr. and Mrs. E. H. Brown entertained for dinner last Sunday Rev. R. C. Powell and wife of Adrian.

Mr. and Mrs. Fritz Gygi have purchased a new piano for their daughter, Miss Magdalena.

Mrs. H. R. Ladd had as her guest last week her father, John VanValkenburg, of near Tipton.

Charlie Jay of Toledo visited his brother, Wm. Jay, and family last Sunday.

Rally day will be observed Sunday, October 12, a program being prepared for the occasion. Everybody is urged to come as all are welcome.

Mr. and Mrs. E. H. Brown are spending a few days with the latter's brother, C. L. Brown, and wife of Britton.

Mrs. Jim Robins and son of Cleveland visited Ed Robins and family last week.

Mrs. C. E. Osborn entertained her brother, Charles Oliver, from Richmond, Mich., part of last week.

LOCAL AND PERSONAL

Harry Moore was in Chicago the first of the week.

Mrs. This. McCann was a passenger for Niles Tuesday.

Mr. and Mrs. Hobart Mitchell visited in Lansing over Sunday.

Horace Gray began school at Ann Arbor the first of the week.

Lew Priest and wife are moving into the rooms over Tribolets store.

Regular communication of Tecumseh lodge F. & A. M. Friday evening.

Miss Minnie Lowry, who teaches in Jackson was home over the week end.

Miss Vera Gilbert was home over Sunday from Colon, where she is teaching.

Harry Scott was here from Detroit spending Sunday and Monday with his son, Cecil.

Mrs. Clifford Head and daughter of Dundee visited her mother, Mrs. Peter Marsh, Monday.

Mrs. Delia Carpenter was here from Jackson the first of the week looking after her property.

Mrs. Percy Slater of Toledo is visiting her mother, Mrs. George Beaubien, and other relatives.

Mrs. E. J. Peters went to Flint Monday, joining Mr. Peters who has been in business there some months.

Mr. and Mrs. Fred Aylesworth and son, Raynor, spent Sunday with Leon Keyser and family at Jackson.

Albert VanDoren was in Toledo Monday and drove back a 1920 Mitchell. Ben Pulver also is driving a like car.

Mr. and Mrs. Shirley Pilbeam of Macon have rented apartments at Mrs. Nellie Adamson's house on South Union street.

M. L. Lowe of Bowling Green, O., has purchased John Welch's home on Adrian street to take possession before November.

George Adamson left Monday for Chicago, Mrs. Adamson following yesterday. Their household effects were shipped this week.

Mrs. Wm. Barker arrived from Newport, Ark., Monday evening and will remain for a month with her brother, Ray Bachtal, and family.

Mr. and Mrs. W. J. Ingersoll, who have been visiting home relatives and friends for the past two months, returned to their Chicago home yesterday.

Regular meeting of Tecumseh Rebekah lodge No. 338, Friday evening. All come. Initiation and pot luck supper. Bring sandwiches and one other thing.

Mrs. Charles Tribolet has been the guest of her sister, Mrs. L. P. Williamson, and family this week. Mr. Tribolet has returned to Ancon, C. Z., and the wife will follow as soon as he finds a home.

Again on Monday did a N. Y. Central train have to stop while a crowd of men pushed an auto out of the way to let the train pass—but not before a fender had been bent, serving as a souvenir of the carelessness of the driver. Linus Fridd Franklin proved to be the owner.

Two autos collided head on on Waldron's hill Saturday, just at dusk. One car driven by Ray Lighthall, was coming from Onsted bringing Mr. and Mrs. Bosler and Mrs. Dan Reed. In the other were four fisherman bound for the lakes. Both cars were smashed badly. One was still in front of the Waldron home on Monday.

Mr. and Mrs. Floyd Bryan and little Frederick, Mr. and Mrs. Clare Beland and children, Mr. and Mrs. Norman McConnell, and the Misses Bessie VanAntwerp and Maude Scofield visited Marshall Cole and daughter, Miss Lillian, at their new home in Adrian Sunday. Miss Lillian has a good position with the suspender company in that city.

"Jack, the hugger" seems to have come to light. A woman was walking in front of the Coller house Sunday evening when a tramp stepped up and with a variety of cuss words, not usually used with such an invitation, asked her to go to the show. The woman hustled on and he did not attempt to follow her. Previously he had accosted a couple of young girls at the same corner.

Quite a group of Tecumseh people were in Manchester Monday evening for the confirmation services conducted by Bishop Gallagher of Detroit. In the class were the Misses Mildred Price and Mildred Dewey, Earl Price, Leo Blum, Harold McCann, Lavere and Bertram Dibble. Accompanying these young people were Mr. and Mrs. Thomas Price, Mr. and Mrs. Thos. McCann, Mrs. O. J. Blum, Mrs. A. D. Dewey and Harry Dewey.

Mrs. R. B. Stuckey and Bobbie went to Sand lake yesterday to remain through October at Mrs. Howland's Sun-flower cottage. Mr. Stuckey is busy for a few weeks putting in an elevator at the Lenawee Lumber & Supply Co.'s plant before he can take his family to West Virginia where they will remain for the winter. Until they are permanently located they will store their goods in town. Mr. and Mrs. Ed Berry will occupy the Whiting flat the Stuckey family are vacating.

SABBATH BREAKERS SCORED BY PASTOR

(Continued on Page One)

most timely and able covenant looking toward a permanent world peace. There is uncertainty and anxiety everywhere in the world of finance and industry. There are strikes and rumors of strikers the world over, and who can tell what the end shall be? The very air bristles with interrogation points as relating to future events.

In the midst of all this uncertainty where shall we find a voice of authority and certainty. Surely in the midst of the confused notes of the world voices the trumpet of the church and pulpit should ring out with no uncertain sound upon all religious and moral questions that are vitally connected with human welfare. The pulpit must ring true in proclaiming the great truths of christianity; such as the facts of sin, redemption, repentance, faith, regeneration and Immortality. These are the great truths with which the church has won her victories of the past and with which she will win her victories in the future. By these signs she shall conquer. And these great facts must be voiced unceasingly from the pulpits of the world if the church is to maintain her leadership in all moral movements.

Rev. Thompson declared the church must also lift up her voice upon all questions relating to the moral conditions of the community. Her pulpits must rebuke the sins of Sabbath breaking, such as the open commercialized demoralizing Sunday theatre, and the making of the Sabbath a day of mere pleasure seeking and visiting to the almost utter neglect of God's house and worship. The Sabbath breaking habits of the people of this nation are not only killing the churches but will ultimately destroy the nation; for it is written, "The nations that forget God shall perish." The sins of profanity, gambling, licentiousness and all other forms of evil must also be spoken against. If the pulpit keeps silent upon great sins moral leadership will be taken from the churches. And when the pulpit keeps silence or gives an uncertain sound, with the forces of evil active both day and night, "who shall prepare himself for God's battle."

The speaker advocated a curfew for Tecumseh which would call juveniles under sixteen years of age from the streets not later than nine o'clock or at the very latest at ten o'clock in the evening. He also endorsed the community program as outlined by the churches, and published in The Herald, the first item of which was the community survey to be made this week.

CARBON EATER

TAKES THE PLACE OF AN OXYGEN GAS TANK
SO SIMPLIFIED ANY AUTO DRIVER
CAN USE

A Wonderul Discovery That Revolutionizes Automobile Operation.

All gas engine operators know that one great cause of inefficiency and loss of power is the accumulation of CARBON in the cylinders.

Seventy-five per cent of gas engine trouble is CARBON. It has been the dream of chemists for years to produce a compound that will properly eliminate this CARBON at small expense and without trouble to the owner.

IN CARBON-EATER or Liquid Oxygen this dream has been more than fulfilled. Carbon-Eater is a perfection and not an experiment. With this compound the driver of an automobile need never be troubled with CARBON again. It is not necessary for you to take your car to a place where an Oxygene Gas Tank is provided and pay a large price for burning out Carbon. Carbon-Eater is so simplified you can carry a bottle in the pocket of your car, but you cannot carry an Oxygen Gas Tank. Nor is it necessary for you to take your car to a garage and have it torn down and the Carbon scraped out. With CARBON-EATER you can remove carbon from your car in TEN MINUTES without loosening a nut or a bolt, for about twenty cents a cylinder. Every time you have your car taken apart it decreases in value.

A Toledo chemist, after years of experimentation, has discovered the chemical compound, a liquid oxygen which he has trade-marked CARBON-EATER. With it any one who can run a gas engine can easily clean his engine from CARBON in a few minutes. All that is necessary is to inject a tablespoonful of CARBON-EATER into each cylinder (separately through a spark plug opening) while the car is hot, with a spray tube or a goose-neck oil can, and then speed the engine for a minute and the carbon is removed while the engine is running.

Experts who have tried CARBON-EATER pronounce it, in their estimation, more successful than an Oxygen Gas Tank. Chemists, after careful investigation, positively state that it is ABSOLUTELY HARMLESS to the engine.

Count the cost you have paid for grinding valves, scraping and reboring cylinders, etc., and then try CARBON-EATER. It cheaply, conveniently and completely cleans carbon clogged cylinders in one to two minutes. Saves time, temper, trouble, gasoline and money.

Go to any garage, auto tire or supply dealer, hardware store, general store or drug store, and have him explain to you how CARBON-EATER cures CARBON trouble. We guarantee it to do all we claim for it. For sale by all dealers, or sent direct upon receipt of price.

4 oz. bottle, $1.00; 6 oz. bottle, $1.50. Special prices in gallon jugs. Every automobile owner and driver will ultimately use it.

SCHOOL NOTES

Senior Class Party!

After postponing the class party twice because of the weather, the senior class finally met at the home of George Newsom last Monday night. With the Misses Miller, Cooley and Bosworth and Mr. Crampton, as chaperons, they went to the mill pond for a "weenie" roast. The boys built a fire while the girls delightfully entertained them with singing. Weenies were roasted, also marshmallows, while some delicious hot cocoa was made on the fire. After the refreshments, some exciting games were played, following which the party returned home, tired but happy.

Did any one get wet feet in the pond? Ask Harold Sisson. He ought to know.

Some of the pupils have been wondering what Ralph Hodges has done with his suit coat but only the seniors know.

Dudley Arnold and Norman Kempf of the fifth grade have had a perfect spelling record during the first month of school. The class have been enjoying Robin Hood stories this past week.

The eighth graders are proving themselves splendid newspaper editors. Last Friday they edited two six page papers—one called, "The Chieftains," the other, "The High School Gazette." This is in connection with their English work. Some future journalists are predicted.

Miss Jessie Smith and Mrs. Bowen visited the eighth grade history class last week. Miss Smith has just returned from overseas and gave a very interesting talk about her trip. She compared the fleets crossing the ocean now with those at the time of Columbus, about whom the class is studying.

"And the last shall be first." "It takes the freshmen to do it everytime." The two foregoing statements have been proven by the freshmen, for although they were the last to organize, they were the first to have a class party. Friday afternoon after school the following officers were elected: President, Sam Sisson; vice president, Robert Collins; secretary and treasurer, Marian Williamson. Having organized, there was something doing at one. (Leave it to the freshies.) Plans were immediately made for a marshmallow roast at the pond Friday evening. All the freshmen who attended, as well as the chaperon, declared they had a delightful time, and enough sweetness to last them through a week of school trials.

The physical training classes have started active work this week with Miss Brooks as instructor. There are 75 girls enrolled.

The Lyceum course for this year is going to be the best ever. It is an expensive course and consists of four very good numbers, which are as follows: Krvls' orchestral sextette; Charlie R. Taggart, musical humorist; Dunbar quartet and Bell Ringers; and Dr. James L. Gorden. Remember, the first number will be given the latthe part of October.

The football game with Adrian last Friday ended with a defeat of the T. H. S. team. Although they were defeated, it was a creditable loss. The next game will be at Addison with the Addison team. Every one go and see Tecumseh win.

The athletic association has organized with the following officers: President, Homer Hanham; vice president, Helen McIntyre: secretary and treasurer, Paul Harwood; board of control, Miss Bosworth, Mr. Price, Georgiania Conklin and Ralph Comfort. The season tickets are now on sale and may be obtained from the presidents of the various classes. The price is two dollars but the High School pupils can get them for half price or one dollar.

Leslie Abbott in U. S. History class: "In what year did the British escavate themselves?" Leslie doesn't always mean what he says.

We are planning a great time for Rally day, which will be October 12. Every service that day will be a rally service.

Baptist Church Notes

A very interesting program is being planned for Rally day. A large number will take part. A meeting was called Monday evening to organize a Brotherhood. Sixteen men came and a lot of interest was shown in the plans for the coming winer. Prof. E. C. McNeil, who is teaching in the Adrian high school, was elected president; Ira Ashley, vice president; Faye VanValkenburg, secretary, and Ted McConnell, treasurer. Twenty-one copies of "The Social Principles of Jesus" by Rauschenbusch, were ordered which will be the basis of the winter's study. There will be no joining. No fees. Any one will be welcomed to these meetings which will be every two weeks, at some of the men's homes. Refreshments will be limited. Object, not to build Baptists, but the Kingdom of God.

A special appeal was made Sunday for missions by the pastor. John D. Rockefeller has pledged two million dollars to the denomination if the denomination will raise six million. Everywhere the denomination is trying to make good. The time was limitel, telegrams were sent out "Michigan needs $60,000." The local church raised $80 at this service. This is over and above the regular apportionment.

A very interesting time was the Tuesday night. The scout mas-Tuesday night. The schout master gave a talk on Christian character building, also instruction in first aid. The boys then each gave instances where they had done good turns. Some of these were discussed with interest. Then they adjourned to a jolly time in games. Three new boys have joined the troop, while every lad that has joined "sticks."

LEGION BANQUET IS A BRILLIANT AFFAIR

(Continued from Page One)

session was held preceeding the addresses, two delegates and a like number of alternates being chosen to the state convention of the American Legion, to be held at Grand Rapids October 13, 14 and 15. R. K. Anderson and Charles Hanna were selected as delegates, Hugh Hanna and Louis Schneider being elected as the alternates. A vocal solo by Ernest Church was the first number on the program his selection being heartily encored. Edna Taylor was his accompanist.

Major Scott Runnels, professor of surgery at the University of Michigan, substituted as speaker for Major H. B. Britton, who was unable to appear here. Major Runnels was among the medical officers who served over seas and having come in contact with hundreds of the American soldiers knows their ability and their temperament, this lending strength to his remarks. He urged all exservice men who had not done so to join the American Legion, saying this organization will be able to accomplish anything it sets out to bring about just like the boys did who put the Argonne "Show" through so successfully. The Ann Arbor surgeon declared the Legion would be paramount for at least ten generations and the local post could be in the future what the G. A. R. had been in the past. He asserted Underwood-Orr post could and would be Tecumseh for some time to come. A warm burst of applause followed his talk.

Mrs. William Hanna of Adrian captivated the banqueters with her vocal solo, "I Got My Captain Working For Me Now," she singing it very effectively. She too had to give a second selection. Mrs. Roy VanAntwerp was her accompanist, the pianist also being from Adrian.

The main discourse of the evening was given by Major H. M. Beebe, also a professor of surgery at the U. of M., his address bringing forth one burst of laughter after another but also having some serious and thrilling phases. Major Beebe served in a number of large hospitals on the battle front, having thousands of wounded doughboys under his care and the humorous and truly American incidents which came to his attention were aptly related by this adept story teller. He considered it a privilege to be asked to address the Tecumseh post of the Legion and expressed his gratification in well chosen words. The major asserted that judging by his experience with the United States fighters they were at there best when at their worst from wounds. He said the American soldier may have some equals but that no fighters are their superiors. Incident after incident were related which portrayed more clearly than it could be done by any other means the sterling character of the young men who went from America to the bloody battlefields of Europe that there might be liberty for all forever. In the opinion of Major Beebe the march into Germany was the most severe test to which the Yanks were put, as the pace was fast. the men were heavily burdened and most of them were nearly exhausted, but on stepping onto the soil of the Teutons the American soldier's head was erect, step firm and he declared in his estimation this was the most remarkable phase of the whole war so far as the United States' part in it was concerned. His talk was closed with an ardent appeal that every former soldier, marine and sailor join the American Legion.

The civil war veterans of Tecumseh were guests of honor at the feast, and Major John D. Shull, one of them, was called on for remarks. He thanked the Legion members for their hospitality, told an interesting experience he had soon after returning from war and declared the American Legion one of the grandest organizations in the world and on behalf of the G. A. R. wished the local post every success.

The last number on the program was a vocal solo by Miss Lillian Kennedy, she being recalled for a second selection. Miss Taylor was her accompanist.

To close the evening's entertainment rousing "Yeas" were given for the speakers, the orchestra and soloists and the ones who served the meal. This was the first social function held by the local post and was a decisive success from every viewpoint.

Grange hall had been artistically decorated for the occasion, red, white nd blue streamers being effectively used and American flags large and small, were much in evidence. Fall flowers were used on the tabes. Mrs. Polly Mattis, assisted by a number of well known young women, catered, the waitresses being markedly attentive to the wants of the banqueters.

Student: "What is the most difficult disease you have to contend with, doctor?"

Doctor: "Imagination."

Mary could not have even a little lamb nowadays without spending a good deal of money for it.

There is a great scarcity of Chestnut Hard Coal. The demand is about double the supply.

What are you going to do about it?

Last year we received a supply of Coke. When it was screened it gave good satisfaction, so we are screening it—taking out all the small fine Coke and leaving a nice, clean fuel. This we are selling at $8 per ton, and it will burn as well as hard coal. Ton for ton it will go as far as hard coal.

Ask for a trial of some and see how you like it.

Ahrens comprised an auto load of men representing St. Peter's parish at the opening dinner of the 34th annual convention of the Brotherhood of St. Andrew held at hotel Statler, Detroit, last evening. The banquet, in which perhaps one thousand men participated, was an inspiring affair. The subject of the evening was "The Challenge of the New World," and the speakers were Editor John Stewart Bryan of Richmond, Va.; Rev. Barrett P. Tyler of Morristown, N. J., who served as chaplain with our boys in France; and Rt. Rev. Robert LeRoy Harris, D. D., Bishop Coadjutor of Marquette. Rev. Widdifield and Mr. Mingay remained in Detroit, the remaining 5 Tecumseh gentlemen driving home after the banquet. A heavy fog after leaving Ypsilanti retarded progress considerably, but home was reached in time to snatch a few hours sleep before the breakfast call.

TWO VILLAGES ARE VISITED BY ROBBERS

Blouch Store at Holloway Looted and Clothing House at Deerfield Invaded.

Robbers visited Holloway Monday night, looting the store of F. J. Blouch, general merchandise, and carried off about $1,000 worth of goods.

When Mr. Blouch entered his store Tuesday morning he found things in a great mess. Empty shoe boxes were strewn all over and several gunny sacks had been left by the robbers. Apparently they had dumped their loot into sacks of this kind. They had taken about the whole stock of tobacco, cigars and cigarettes. They seemed to have a leaning toward U. S. auto tires as they took only this make, leaving several Goodyear tires. Sweaters, and overalls, too, were in their line.

The Deerfield branch store of Westgate, Condra & Co. was also looted the same night, so it is supposed to have been done by the same gang.

The manner of their entering Mr. Blouch's store remains a mystery as neither windows or doors were broken open.

Sheriff Nutten has issued a warning to storekeepers in the small towns in the county saying this sort of thing will probably continue until the present inflated prices go down and advising watchmen be kept in the store every night or a man hired to patrol them.

STATE FARM BUREAU TO BE MORE ACTIVE

Every farmer in Michigan should be intensely interested in the results of the conference which was held at the Hotel Fort Shelby in Detroit on September 12.

Representative farmers from various parts of the state were called in conference to devise ways and means of putting the Michigan State Farm Bureau on the same highly efficient plane which it today occupies in other states.

It may or may not be generally known throughout the state of Michigan that the Farm Bureau idea has assumed tremendous scope and is gaining headway with amazing rapidity throughout the length and breadth of the country.

In the state of Illinois, during the past six months, while only a portion of the counties have been worked, an average of over 75% of all the farmers in that territory have been enrolled in the state organization. Educational and marketing plans have been carried out in Illinois during this past season have been far in advance of anything which has heretofore been attempted.

At the recent meeting of the state executive board of the Michigan Farm Bureau, held at Grand Rapids, a resolution was passed putting the Michigan state organization on the same basis which this organization now occupies in other states. Heretofore our state organization has been practically powerless to do any effective work due to its weakness, not only in membership, but in financial strength.

A statewide advertising and solicitation campaign has been planned following along the lead of Illinois and other state organizations. It is planned to take this work up county by county and there are already several counties which are organized to begin work.

Anyone who is interested in learning more details about the plans of this great campaign is invited to communicate with the state secretary, C. A. Bingham, of Birmingham, Mich.

The NEW EDISON

No Needles to Change

Even Records of All Other Makes Sound More Human When Played on The New Edison

IF you've ever heard Arthur Fields on the vaudeville stage, you know what a popular favorite he is; how he "puts over" every song he sings. The illustration is from a photograph taken at the Edison Recording Laboratories and shows Mr. Fields standing beside the New Edison and singing in direct comparison with the *Re-Creation* of his voice. At the table are seated three experts, who pass on each Edison recording. In the group surrounding them are several popular Edison artists who happened to be at the Edison Recording Laboratories when this test was made. Among them are Collins and Harlan, world-famed singing comedians; George Wilton Ballard, the popular ballad singer; Cesare Sodero, Director of Sodero's Band; and Eugene Jaudas, Leader of the Jaudas Society Orchestra.

When this critical assemblage heard this remarkable test, they exclaimed in one accord, "It's *you*, Arthur." The New Edison has never failed, in similar comparisons, to bring forth a similar verdict. None but Mr. Edison has ever dared such a test.

THE MOST DANGEROUS DISEASE

No organs of the human body are so important to health and long life as the kidneys. When they slow up and commence to lag in their duties, look out! Find out what the trouble is—without delay. Whenever you feel nervous, weak, dizzy, suffer from sleeplessness, or have pains in the back—wake up at once. Your kidneys need help. These are signs to warn you that your kidneys are not performing their functions properly. They are only half doing their work and are allowing impurities to accumulate and be converted into uric acid and other poisons, which are causing you distress and will destroy you unless they are driven from your system.

OCTOBER 6 IS TO BE AVIATION DAY HERE

(Continued from Page One)

pair parts by airplane to the Service Motor Truck Company's dealers and service stations throughout the country. Soon after the company's airships were in operation the concern was appealed to reeatedly to take up passengers and as a result it now has several planes which are in service in various parts of the country accommodating those who desire to experience the thrills of air navigation. It is one of these two-seated machines which will be at the service of Tecumseh people next Monday. The type of machine to make the flights in this city is known as the Canadian J. N. 4 plane and it will be piloted by Henry F. Fawcett. R. N. Hensler will be the mechanician. Mr. Fawcett is no novice at flying. He has been in the air for 2,000 hours, having been instructor in flying at the United States govecument aviation station a Love Field, Texas, during the war. He is an adept at straight flights and is skilled in making the many thrilling maneuvers which an army flyer must be the master of.

There is intense interest in airnautics in all parts of the country now, the wonderful feats accomplished in the world war by the heavier than air devices having brought these machines into great prominence. Everywhere there is a demand for passenger planes and in all places where the Service company's machines have made flights there have been a large number of people who took rides and bubbled over with enthusiasm for more air trips at the termination of their journey. The many in Tecumseh and vicinity who have been anxious to occupy a seat in an aeroplane when it started on a trip skyward will now have an opportunity to have this desire gratified. The plane to come here October 6 under the arrangements made by The Herald is said to be one of the best types now in use for pleasure trips and the fact that it will be piloted by such an experienced air navigator as Mr. Fawcett makes a journey toward the clouds doubly attractive. The established charge of a dollar a minute will be made for the trips.

This is an opportunity which may not come again for a long time, so those who have the aviation fever are urged to make the most of it.

The plane will be driven here early the morning of the day the flights are to be made. Previous to that time all preparations will have been made for its arrival. Sunday night, October 5, men from the Garlinghouse garage will visit the Bradley farm, which is only three quarters of a mile west of the main corner in Tecumseh, and mark the landing field so that the pilot of the plane will know where to alight. The field in which the landings will be made is a sixteen-acre tract just south of the Bradley barns and is nearly level, making an ideal place from which to ascend and land. The landing station will be of easy access from the highway.

With favorable weather the prospects are that October 6 will be a day long to be remembered as it will be the first time that Tecumseh people have had an opportunity to take airplane trips from a field located almost at their front door and with a pilot who has served the government as an instructor of many of the young men who made remarkable records over the front line trenches during the great conflict at arms in Europe.

LOCAL TEAM WINS ITS CLOSING GAME

(Continud from Page One.)

the owners of Recreation Park have expressed a willingness to erect bleachers on both sides of the grandstand, which will give the park a total seating capacity of 1,500. It has been suggested by interested fans that after the bleachers are constructed that the spectators be kept off the diamond so the teams will have unobstructed grounds on which to play.

Tecumseh's baseball team has been fortunate in having such good pitchers especially in Louie Howe, who, with the airtight support of his teammates, made a remarkable record this season. Howe was in the box during sixteen of the nineteen games the Independents played and won 12 of them, he being considered one of the best amateur hurlers of the year.

In the final game for this year Tipton started with a rush, sending in three runs in the first inning. Tecumseh did not get into action as far as scoring was concerned until the fourth period when one Independent circled the bases. The visitors made their final tally in the fifth inning. In this same frame the home players shoved a man all the way around. But it was in the sixth where the admirers of the Independents saw their favorites stage one of their famous comebacks, four local players registering at the final station before the side was retired, thus winning the game. The fans went wild with enthusiasm when, after the game was apparently lost, the home boys jumped in and turned it into a victory. To add to the margin by which the contest was cinched two more runs were stacked up in the eighth.

Charles Hanna pitched for Tecumseh and Lynn Harris did the receiving while Warner, Baker and Treat were the battery for Tipton. The hits were evenly divided, each side making eleven.

Manager Bailey, speaking in behalf of the Independents, expresses the team's appreciation for the strong support given it by the people of Tecumseh and vicinity.

CHANCERY NOTICE

State of Michigan—The Circuit Court for the County of Lenawee in Chancery.

Walter Exelby and Edgar J. Exelby,
Plaintiffs,
vs.
William McFetridge, John Herritage, Peter O. Vrooman, Martin Vrooman, Addison J. Comstock, William W. Murphy, George Oxeloy, Witter J. Baxter, John Exelby, Charles Underwood, Britton Oil Company, Phineas Spencer and the unknown heirs, devisees, legatees and assigns of each and every such named defendant,
Defendants.

At a session of said court held at the court house in the city of Adrian on the 13th day of August, A. D. 1919.

Present, Honorable Burton L. Hart, Circuit Judge.

Upon reading the bill of complaint filed in this cause, duly sworn to by the plaintiffs from which it satisfactorily appears that the defendants hereto have some titles, interests, claims, liens or possible rights to the premises described in said bill of complaint and hereinafter described, and said plaintiffs averring that all of the titles, interests, claims, liens or possible rights of said defendants and each of them are barred by the open notorious, exclusive and continous possession of said plaintiffs or their grantors for more than fifteen years last past, and for more than fifteen years since the several rights to the possession thereof accrued to said defendants and that such possession has been during all of said time and still is adverse and hostile to the titles, interests, claims, liens or possible rights of the respective defendants and their predecessors in title; that plaintiffs have not been able to ascertain whether the said above named defendants and their unknown heirs, devisees, legatees and assigns or any of them are living or dead, or where they or any of them reside, if living or whether the title, interest, claim, lien or possible rights of said parties or any of them has been assigned to any person or persons, or if dead whether they or any of them have personal representatives or heirs living, or where they or any of them reside, or whether such title, interest, claim, lien or possible right may have been disposed of by will, although they have made diligent search and inquiry.

On motion of John C. Howell attorney for plaintiffs, it is ordered that the above named defendants or their several unknown heirs, devisees, legatees and assigns, cause their several appearances to be entered herein in the manner provided by law on or before the first day of December, A. D. 1919.

It is further ordered that this order be published or served as required by law.

Burton L. Hart,
Circuit Judge.

Examined, countersigned and entered by me
Emery B. Root
Clerk of said Court.
John C. Howell
Attorney for Plaintiffs,
Adrian Michigan.

The above entitled suit involves the title to and is brought to quiet and clear the title of land described in said bill of complaint as follows:

That certain piece or parcel of land situated in the township of Ridgeway, Lenawee County Michigan, described as the West one-half (½) of the Northwest quarter (¼) of Section Fifteen (15), Town Six (6) South, Range Five (5) East, containing 80 acres of land more or less. 10-9

MORTGAGE SALE

WHEREAS, Lee A. Deyo and Hazel A. Deyo, husband and wife, and George H. Miller and Herma E. Miller, husband and wife, on the 17th day of January, 1919, made and executed a mortgage to Edwin R. Farwell, to secure Eleven Thousand Dollars ($11,000.00) payable five years after date with interest at six per cent per annum until maturity and seven per cent per annum after maturity; interest to be paid semi-annually, which mortgage was recorded in the office of the Register of Deeds in and for the County of Lenawee and State of Michigan on the 20th day of January, A. D. 1919, at 4:20 o'clock p. m. and recorded in Liber 213 of mortgages, on page 168; and

WHEREAS, it was in and by said mortgage expressly agreed, that should any default be made in the payment of the said interest, or any part thereof, on any date whereon the same was payable, as expressed in said mortgage, and should the same remain unpaid and in arrear for the space of thirty days then and from thenceforth, that is to say after the lapse of the said thirty days—the principal sum of Eleven Thousand Dollars mentioned in said mortgage with the arrearage of interest thereon should, at the option of the said Edwin R. Farwell, his executors, administrators or assigns, become and be due and payable immediately thereafter, although the period limited in said mortgage for the payment thereof might not then have expired, anything thereinbefore contained to the contrary thereof in any wise nothwithstanding; and

WHEREAS, it was in and by said mortgage further expressly agreed that the said mortgagors, within forty days after the same became due and payable would pay all taxes and assessments, special or otherwise, which should be levied upon the lands described in said mortgage; and

WHEREAS, it was in and by said mortgage further expressly agreed that the said Mortgagors would keep all buildings erected upon said lands insured against loss and damage by fire with insurers and to an amount approved by the Mortgagee as a further security to said mortgage debt and assign and deliver to the Mortgagee all insurance upon said property; and

WHEREAS, said Mortgagors have neglected and refused to pay the interest which became due on the 17th day of July, A. D. 1919, or any part thereof, and have neglected and refused to pay taxes levied upon the said lands described in said mortgage within forty days after the same became due and payable, and have neglected and refused to procure the said insurance against loss and damage by fire as stipulated by and in said mortgage; and

WHEREAS, More than thirty days have elapsed since said interest became due and payable pursuant to the provisions of said mortgage, and since said default in the payment of taxes and the procuring of insurance and the undersigned has elected and hereby elects that the whole principal sum shall become and be due and payable immediately, and

WHEREAS, there is due on said mortgage at the date of the first publication of this notice the principal sum of Eleven Thousand Dollars ($11,000.00); together with interest thereon from the 17th day of January, 1919, in the amount of Three Hundred and Ninety-Three & 84-100 Dollars (393.84); Taxes paid by the undersigned in the amount of One Hundred and Fifty-six & 12-100 Dollars ($156.12) and interest thereon from the 16th day of June, 1919, in the amount of one & 97-100 Dollars ($1.97); and Two & 30-100 Dollars ($2.30) paid by the undersigned to procure insurance on the 27th day of June, 1919, making altogether the sum of Eleven Thousand Five Hundred & Fifty Four & 23-100 Dollars ($11,554.23), and no suit or other proceeding has been instituted at law to recover the debt secured by said mortgage or any part thereof; and

WHEREAS, by virtue of said defaults in the conditions of said mortgage the power of sale therein contained has become operative:

Notice is therefore hereby given that by virtue of said power of sale and for the purpose of realizing the moneys above claimed to be due, together with interest thereon and costs of this proceeding, including a lawful attorney fee and any sums which may be hereafter expended for insurance or taxes upon the property in said mortgage described and conveyed, I will, on Saturday, the 15th day of November, A. D. 1919, at the East front door of the Court House in the City of Adrian, in the said County of Lenawee and State of Michigan, that being the place where the Circuit Court for said County is holden, at ten o'clock in the forenoon of said day, sell at public vendue to the highest bidder all that parcel of land described in said mortgage and situated in the township of Seneca, County of Lenawee, State of Michigan, described as follows, to wit:

The East half (½) of the Northwest quarter (¼) and the East half (½) of the Southwest quarter (¼) of Section Eight (8) in Town eight (8), South of Range two (2) East, containing one hundred and sixty (160) acres of land more or less.

Dated this 21st day of August, A. D. 1919.

Edwin R. Farwell, Mortgagee.
W. M. Cornelius,
Attorney for Mortgagee. 11-13

"Gets-It" Peels Your Corns Right Off

Two Drops Will Do It Without Fuss or Trouble. Never Fails.

There's only one way to get rid of a corn, and that is to peel it off as you would a banana skin. There is only one corn remover in all the world that does it that way, and that

There's No Corn "Gets-It" Will Not 'Get.'

is "Gets-It." It is because of this fact that "Gets-It" is today the biggest seller among corn-removers on this planet. It means the end of "corn-fiddling." For hard corns, soft corns, very old corns, young corns, corns between the toes and calluses, it means a quick, certain finish. "Gets-It" is applied in 2 or 3 seconds. All you need is 2 or 3 drops. As easy to do as signing your name. It does away forever with tape, plasters, bandages, knives, corn-diggers, scissors, files and blood-bringing razors. Ease your corn-pains, be corn-free at last.

"Gets-It," the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. M'f'd by E. Lawrence & Co., Chicago, Ill.

Mr. and Mrs. Grant Slater, Harry Reed and family of Blissfield visited Mr. and Mrs. S. Reed Sunday.

John C. O'Neil of this city saw a remarkable accident just out of Detroit Tuesday while he was motoring near that city. A big truck, carrying twenty or more employes of one of the Ford plants, went into a deep, wide ditch, tipped over, with all the men in it but not one of them was hurt, as the strong top acted as a cushion when the car toppled over. The workmen had just scrambled out of the machine when it burst into flame.

MAKE BELIEF THIEF CHASED BY HIS WIFE

Monday evening Mrs. William Willnow heard a noise in her cellar and had visions of all that delicious canned fruit being stolen. She hustled down cellar just in time to see a man make his escape through the outside cellar door. Grabbing an axe she first nailed that door up and up stairs and out of doors she rushed. She saw the man making a quick getaway through Jonas Waldron's yard and after him she ran. He dodged behind the school house and there his pursuer gave up the chase. Going back home she and the children were talking the affair over when in walked Mr. Willnow with a give-away smile. He "got his," alright, but said he had to drop that potato crate twice before he could stir up the fun. So this is the story of that robbery [illegible]'s cellar which has been going the rounds.

NIGHTWATCH MEETS A FRIENDLY SKUNK

Our nightwatch is just all right. Tecumseh is absolutely safe from any such robbery as Holloway experienced as long as George wears a certain raincoat which he had on Tuesday evening when he met a little furry creature while making his rounds in the alley back of the Hotel Murry. He proved the efficiency of this raincoat when he went into the Smoke House right afterwards. First one, then another made their exit, even Proprietor Bailey and John Kline, who have resilient stomachs, vacated and George was sole occupant. He couldn't understand his friends aloofness until he reached the open air again and then somehow he began to realize that he couldn't have been far from that skunk.

Electricity is Your Willing Servant

With electricity available there is no need to worry about the servant problem. This silent force will do most of the housework in a highly satisfactory manner and without a murmur.

Why struggle through the household duties laboriously when electricity is so capable and adaptable for all sorts of work and its use will make the household duties so much lighter.

And no matter to what use it is put there is no feul necessary and no cleaning up to do after. Simply touch a button and electricity begins its work instantly. When the task is completed a second touch and the energy is held in check.

There are now so many electrical appliances which lighten the duties of the housekeeper that it is folly to struggle along without their assistance. And they are especially helpful in winter.

Isn't it up to you to avail yourself of these conveniences? Just phone us and we will be pleased to talk the matter over with you.

COLLER'S MUSIC STO

Clinton Welcomes Returned Soldiers

ROYAL RECEPTION AND ROUSING TIME

Big Street Parade Feature of Morning's Activities; Immense Crowd Participates in Festivities.

Successful from morn until night was the soldiers' welcoming celebration in Clinton Saturday. The people of the village and surrounding territory entered into the affair with a spirit of unusual enthusiasm, making it one great joyful festival honoring the boys who participated in the world war.

The grand parade formed at about 10 o'clock and proved a spectacular affair, in which a half hundred or more of the gallant young men who gave themselves into the service of their country participated. Two bands, the Clinton organization under the leadership of Prof. Charles Skinner, and the Tecumseh Ladies' band, under direction of Prof. Claire Camburn, furnished lively music on the march, and the parade, which was about two miles in length, included many pretty floats representing the industries and business activities of the town. Prominent were also the school children, who formed no small part of the parade. G. A. R. veterans in automobiles were given a prominent place in the formation. The people displayed their enthusiasm by liberal applause all along the line of march. A spectacular feature as the line passed down Chicago street was the participation of an aeroplane a few hundred feet over the heads of the people, with the mechanician walking out on the wings of the machine plainly in sight.

The rooms of the Textile club were headquarters for the soldiers and sailors and here they were extended every possible attention. Refreshments of all kinds were free and the boys enjoyed the hospitality immensely.

In the afternoon sports of various kinds were indulged in, the business street, closed to traffic all day, being given over to the different events. The football game between Hudson and Clinton highs was played on the athletic field, Hudson winning the sharply contested game by a score of 12 to 0.

The old town hall was handsomely trimmed up for the occasion and within its walls the boys [illegible] one of those delicious chicken dinners. After the feast, when smokes were in order, the boys discussed among themselves the advisability of organizing in Clinton a post of the American Legion.

The festivities of the day closed with a big free dance at the Lancaster garag for which music was furnished by Fisher's orchestra of Ann Arbor.

Side-Lights

Mr. and Mrs. Geo. Freese of Detroit were among the former residents coming home for the celebration.

"Doc" Hittle came down from Lansing to see that everything was coming smoothly. "Doc" says it was a great day.

Prof. Skinner had a good bunch of musicians in his band, with the result that the people were furnished with some extra good selections.

Geo. Lancaster informed the writer that with a little training he would have won the fat man's race easily. As it was he took second place.

Hot hamburger sandwiches dispensed at booths on the streets seemed to be a popular nourishment to many. Coffee and ice cream cones were also favorites.

A splendid address on the world war was that given by Hon. Edwin Denby of Detroit. Major Denby was one of the boys in service and has received his honorable discharge.

Tecumseh Ladies' band made a hit with the people at the celebration with their exceptionally good music. Especially were the people pleased with the selections containing singing parts, these pieces being heartily encored.

Dr. and Mrs. R. A. Davis, who had two sons in the service and one in the S. A. T. C. came over from Detroit to participate in the event, and enjoyed this visit with old friends immensely. Of course, all the boys were also in town.

The aeroplane was kept busy all afternoon taking passengers on short flights. None expressed any regret of parting with $15 for the experience. Several, upon request, were given the privilege of experiencing such thrills as loop the loop, shooting down backward, etc. They say it's great sport.

Koven Opera Ably Presented

"Robin Hood" Produced Here By Company of Talented Vocalists, Attraction Proving Musical Treat.

A musical treat in every sense of the word was the visit to the Bradley opera house Saturday night of the DeKoven Opera Company which sang "Robin Hood," classed as America's greatest comic opera, and presented it in a way to elicit merited praise from all in attendance. From Arthur Parr, playing the part of Robin Hood, down to the most obscure member of the chorus all were vocalists of ability, their voices blending remarkably well.

Arthur Parr's voice was a particularly sweet tenor and he showed much warmth in the love scenes, demonstrating that he was not only a gifted soloist but also a talented actor. Katherine Galloway as Maid Marion was in good voice, her numbers being especially well presented. The Sheriff of Nottingham, as played by Ed Andrews, was laugh-provoking to a marked degree, in fact all of the characters of this delightful comic opera were artistically portrayed by the members of the DeKoven Opera Company.

"O Promise Me" as sung by Lorna Doone Jackson, playing Alan-A-Dale, was thoroughly delightful, her remarkably soft sweet voice being well adapted to this appealing number.

One of the selections which the Tecumseh audience seemed to enjoy to the fullest was "Brown October Ale" the vocalists being called back repeatedly.

All of the numbers were rendered with a swing which added much to the effectiveness of the whole, each individual member of the cast seeming bent on making the presentation here fully as meritorious as the advance announcements predicted it would be. That their efforts were appreciated was evidenced in the frequent and warm bursts of applause, local music lovers realizing they were being favored in the visit of such artists to this city.

The costuming and scenery were in keeping with the other laudable features of the production. Enterprise which brings such meritorious attractions here as "Robin Hood" deserves the hearty co-operation of all who favor wholesome amusement by talented entertainers.

CHEEVER-BOYD NUPTIALS

Popular Young People United In Pretty Home Wedding.

A very pretty wedding took place at the home of Mr. and Mrs. David Boyd September 28 at high noon when their oldest daughter, Alice Mae, was united in marriage to Clyde J. Cheever, a son of Mr. and Mrs. Andrew Cheever of Britton.

The guests were received by the bride and groom and they mingled together until the wedding hour. As the victrola played, the bridal party took their places before a pretty arch of golden rod with a back ground of maple boughs.

Miss Esther Stiles acted as bridesmaid and Clarence Cheever, brother of the groom, as best man. Rev. J. C. DeRemer was officiating minister using the ring ceremony.

Immediately after the ceremony a two-course dinner was served by the Misses Leah and Claribel Boyd, sisters of the bride, and Miss Iva Preston with Mrs. Earl Murphy as caterer.

The bride wore a becoming navy blue suit with hat to match. The bridesmaid wore blue voile with white trimmings.

The bride was graduated from Britton high school and has held a position in Detroit for the past year. The groom has recently returned from France. They are both well known and highly respected in the community and have the hearty congratulations and best wishes of a host of friends.

SEVENTIETH YEAR. No. 1. TECUMSEH, MICHIGAN, THURSDAY, OCTOBER 9, 1919. Published Every Thursday.

SEVENTEEN ARE TAKEN FOR RIDE IN LARGE PLANE

ALL ENTHUSIASTIC FOR FLYING AFTER FIRST TRIP

Service Aviation Company's Birdmen Make Very Successful Flights In Tecumseh; Woman, Two Aldermen and Octogenarian Among Those Taken up.

Tecumseh and its surroundings look like a beautiful park with pleasant drives and pretty rivulets running in all directions, when viewed from 1,500 feet in the air, this being the impression gained by the representative of The Herald when he was taken for an aeroplane flight Monday. The air journey was a novel, thrilling and interesting experience to which a number of other local people can testify as they, too, were taken for a ride.

The trip skyward was made with Henry F. Fawcett, pilot of one of the Service Aviation Training and Transportation Company's passenger-carrying planes, who spent Monday here making pleasure journeys into the air with Tecumseh people, he having come to this city under arrangements made through The Herald. The landing field was located on the Frank Bradley farm just west of the city and there was a large attendance of those interested in air navigation. Mr. Fawcett had R. N. Hensler as his assistant and mechanician.

It was about 11 o'clock in the morning when the aviators arrived and it was soon after they landed that their first passenger signified his intention of taking a trip. Ruford Anderson was the first one to test Pilot Fawcett's skill as a birdman and was highly enthusiastic after he was safely returned to earth, announcing himself thoroughly pleased with the trip. Others, who might have been hesitating to see if the first passenger was brought back safe and sound, soon took their places in turn in the plane and were whizzed toward the clouds so smoothly that the ascent is hardly perceptible.

The preparations for a trip are simple and quickly made. The passenger is given a leather coat to don, a leather helmet is fastened over his head and he is equipped with goggles and instructed [illegible] the plane. With [illegible] engine speeded up and before the joy rider realizes it he is climbing into space, the aviator's slogan being always onward and upward. With the roar of the motor in your ears, the air hushing past at a lively clip and the ground receeding noticably, you go higher and higher until the highways have the appearance of little narrow strips of paper laid down on nature's green surface as trimmings.

Gliding along at an altitude of 2,000 feet large farms with their buildings have the appearance of being minature built on a scale for children to play with. Wide roads look like narrow footpaths, ponds like small water holes and cows and horses in the field like midget animals. A series of plowed fields and green meadows seem as though they would be just about large enough to use as a checker board.

Pilot Fawcett, on leaving the landing field, headed his machine almost due west into the wind and the passenger was under the impression that but little progress

WESTMINSTER GUILD BEGINS ITS MEETINGS

Mrs. H. S. Bredow opened her home Tuesday evening for this season's first meeting of the Westminster Guild when the officers entertained. The hostesses were Mrs. E. C. Heilman, president; Mrs. F. C. Dickinson, vice president; Mrs. C. N. Graebner, secretary, and Miss Bess Spayde, treasurer.

Great baskets of salvia and bright-hued autumn foliage helped to make the home charming and seventy-five guests present enjoyed the gathering to the full. The number included besides the members many friends who were delighted with the cordial reception when the old idea of "stiff Presbyterians" was proven to be erroneous.

The president invited Miss Wimple, one of the patronesses, to tell of the Interdenominational missionary assembly held at Bay View this summer while she was at that resort and her account gave her hearers a very clear idea of the enormous work to be done. Then the meeting was turned over to the capable hands of Miss Mildred Boyce who started a Bible contest which proved highly instructive and produced much fun as well.

The social hour followed when the hostess served ice cream, cantalope and wafers.

The next meeting will be October 21 with Mrs. Frank Nyland hostess assisted by Mrs. Ed Koernig and Mrs. J. R. Nyland. The ladies are to take up the study of "Christian Americanization" this winter.

The meeting of the club next week will be held at Mrs. A. Helzerman's.

Engineer Arner's Pay Is Increased

Tecumseh's Streets Are Now in Splendid Condition Commissioner Kennedy Reports.

An advance in pay was granted G. C. Arner, engineer at the Tecumseh water works, by the councilmen at their regular meeting Monday evening. He has been receiving $85 a month and will hereafter get $100.

A large number of bills were ordered paid.

All the aldermen were present and the routine business coming up was disposed of in a speedy manner.

A light was ordered placed at the corner of Evans and Winono streets.

Street Commissioner Kennedy made his report and it was learned that Tecumseh's streets are now in better condition than they have ever been at this time of the year. Much work has been done this year but now there has been a letup, as is customary during the winter.

CARL STAUFFER DIES AFTER SHORT ILLNESS

Carl Stauffer, who came here only about a month ago from his home in Buffalo, passed away Saturday afternoon at the home of his parents, Mr. and Mrs. J. F. Stauffer.

Some six weeks ago Mr. and Mrs. Stauffer received word that their only son, Carl, was ill so Mrs. Stauffer went to him in Buffalo immediately and just as soon as he was able to travel brought him home with her. He had been suffering with heart trouble brought on by a sunstroke.

Mr. Stauffer was born in Montpelier, O., forty years ago and lived in Detroit for nineteen years. [illegible] two sons, Paul and Erwin. The funeral was held Tuesday from St. Elizabeth church, Rev. Hackett officiating.

The bearers were Will Smith, Ben Lawson, Will Ball, Pliny Gratz, Floyd Elliott and Harold Anderson. The remains were laid at rest in Brookside cemetery.

Coming from away for the funeral were Mrs. Carl Stauffer and two sons and Miss Mary Gray of Buffalo, Mrs. Elmer Logan, Miss Erma Allen, Roy Allen, Earl Allen and George Allen of Montpelier, O., and C. H. Lukens and daughter, Miss Ethel of Detroit.

GIVE DINNER FOR VISITORS FROM KAZOO

Honoring their relatives, Mrs. D. Neisink and Bert Cooper and family of Kalamazoo, Mr. and Mrs. Frank Nyland entertained at dinner Friday evening. Their guests were Mr. and Mrs. W. F. Raymond, Mr. and Mrs. H. B. Tallman and daughter, Frances, Mr. and Mrs. J. R. Nyland and Mrs. Leslie Bower besides the Kalamazoo people.

Sunday is Rally Day.

All the Tecumseh churches have made elaborate plans to bring out a large number of worshippers Sunday as it is Rally Day and the prospects are that their efforts are not to be in vain. Those who go to church only occasionally usually make it a point to be present Rally Day which will help to swell the attendance at the houses of worship next Sunday.

Harry Chiverall Arrived Home.

Harry J. Chiverall arrived home Friday from Philadelphia, having received his honorable discharge from the United States navy. He enlisted June 25, 1917, in Detroit serving two years and four months. He was on the U. S. S. Maine twenty-one months.

Urges All To Be Christ's Followers

REV. REX PREACHES FORCEFUL COMMUNITY SERVICE SERMON.

Declares If Greatest Thinkers Accepted Jesus We Ought to be Ashamed Not to Become Disciples of the Son of God.

"What Think Ye of Christ?" was the theme of Rev. W. A. Rex's sermon Sunday evening, delivered at the Community service at the Presbyterian church.

He had heard a visiting minister say that the Presbyterians did not have sermons when it came their turn to have the Community services, so this time had advertised a real gospel sermon "at which saints and sinners would be equally welcome." In spite of the rainy evening a fairly good sized crowd assembled and were surely benefited by the "real gospel sermon." Rev. Rex took his text from Matt. 22:42: "What think ye of Christ?" He lamented the fact that thinking is out of fashion. Less than ten per cent of the books taken from our library tend to make us think. Even Christians want others to do their thinking for them, one man even saying he joined a certain church for they had the idea of his salvation all thought out for him. Too often is our thought predigested and pre-masticated in some book or sermon. Important is this matter of Christ. The peer among them all stands this Man. In the present terrific war of ideas we need to think of this Master, this Teacher. This chaos all over the world, and in our own land especially, will not come to an end without the shedding of blood so we've got to think about right things.

Let's see what His enemies, His friends, Heaven and Himself thought about Him. Pilate the Roman, had to be fair. He said "I find no fault in Him." The Centurian, watching the death of the Christ and the two thieves, "Surely He is the Son of God." The demons driven from the crazy man, "We know Thee. Thou art the Son of God." Then His friends: Peter, "Thou art the Christ." Thomas, the doubter, "Yea, my Lord and my God." John the Baptist, "Behold the Lamb of God. He taketh away the sins of the world." Mary, when He raised her brother from the dead, "Yea Lord, I [illegible] with God the Father, "This is my Beloved Son, Hear ye Him."

Christ is the fundamental, the highest of all, the master preacher. "Does it make much difference what we believe so we believe in His deity." He does save us from sins past, present and to come. If we've come to accept him we needn't worry over the little differences here. The sincere Mohammedan turns five times a day in prayer to Mohammed. We can turn constantly to our Savior.

A Buddhist pays one-fourth of his income to his religion. We hesitate to pay out even one-tenth to our God, yet we send missionaries to teach them the Bible. If men like Jean Paul Richter, Rosseau, Napoleon, Thomas Carlisle and other great thinkers named accept Christ as the "Hand who has lifted up empires," the "divinest symbol of humanity" we ought to be ashamed if we don't receive him as our Christ.

The sermon closed with an ardent appeal for followers for the mighty man of Gallilee.

The service next Sunday evening is to be held at the Baptist church. That day has been named as the common Rally Day of the Tecumseh churches, each making a special effort for 100% attendance of their membership and as many outside as will come.

A meeting of the Sunday school workers of the village was held after the service Sunday evening and it was decided not to give a parade next Sunday as proposed but to let that be a feature of the Sunday school institute to be held here the latter part of the month.

McNEIL—CAMPBELL

Well Known Tecumseh People Married in Adrian.

Mrs. Mertie Campbell and Geo. McNeil, highly respected residents of this city, were married in Adrian Tuesday, September 30, by Rev. F. A. Perry at the M. P. parsonage. After visiting Mrs. Campbell's son, Roy, and wife in that city the newlyweds went to Toledo where they were guests of her brother, Philo Mills, and wife until Saturday, when they returned to the groom's home here.

Both have many friends here, where the groom was born, and at Tipton, Mrs. Campbell's old home, who extend to them their heartiest best wishes.

High Class Lyceum Course.

People of Tecumseh, the High School is putting on a Lyceum Course this ear much better than last year, and it costs more money. It is not a money-making proposition but an entertainment to interest the people of Tecumseh. The first number is October 25, prices same as last year.

It is the duty and privilege of each individual to help us in this community affair. Will you do it?—adv.

CHILD DIES AFTER A ONE WEEK'S ILLNESS

Edwin, the 2-year-old son of Mr. and Mrs. Edwin Higley, who reside on the Zach Cook farm south of town, passed away Monday after only a week's illness with bowel trouble.

The funeral was held from the home yesterday aternoon, Rev. Cook, of the Friends church in Raisin officiating. Mrs. R. T. Meade and Mrs. Ella Hodges sang appropriate selections. The burial was in Brookside cemetery, Tecumseh.

Church Canvass Proves a Surprise

Fewer People Have "No Preference" Than Was Expected—Itemized Report Not Yet Made.

"And they went out two by two." So did the ladies in the church canvass Friday. The town was nearly covered, but the result is not [illegible] to enable an itemized account.

The canvassers were in nearly every case received courteously and the number of "no preference" was far short of that expected. This move is bound to be of benefit to all of the churches in the city and is the first step toward the comprehensive work planned for the Community services this winter.

Friday evening the pastors and their committees met at the M. E. church parlors and sorted the cards, weeding dulicates of those having membership or preference for more than one church. And each pastor took the cards of his church members. The "no preference" cards were left for the ministers to look after at the meeting of the pastors' association.

Many people were not at home but will be called upon to fill out cards. [illegible] analyzed report will be [illegible] possible as the cards have [illegible].

The club meets October 20 with Mr. and Mrs. A. O. Howard for Teachers' Night when the roll call will be responded to with names of noted educators.

CARLOAD OF F. W. D. TRUCKS ARRIVE HERE

F. W. D. trucks are being demonstrated in and near Tecumseh, a carload of these powerful vehicles having been received by the Big Chief Garage Wednesday. These trucks are credited with being constructed along lines which result in a maximum of service at a minimum cost for upkeep and have been given the highest endorsement possible by the government, the United States as well as several foreign countries having used these machines extensively during the war. The makers were assured that the F. W. D. trucks met every test to which they were put and were given a perfect rating.

L. P. Williamson of the Big Chief Garage has the Michigan agency for these trucks and is having remarkable success in their sale, saying the merits of the machine are its best selling point. He has appointed sub-agents in many places in the state and reports that the prospects are particularly bright for this high grade truck.

TECUMSEH AGAIN HAS BOWLING ALLEY

Smoke House Installs Equipment for use of Local Pin Spillers —Each Thursday Afternoon isLadies' Day.

After being without a bowling alley for several years, Tecumseh again has such a place of amusement and recreation, Gordon Bailey having installed three alleys in the basement of his Smoke House. The equipment is of the [illegible] including automatic pin [illegible] much enthusiasm being displayed.

The men are not to have the exclusive use of the alleys as provision has been made so that the women may also indulge in this pastime. Every Thursday afternoon will be set aside as Ladies' Day when they will have the use of the alleys, a lady attendant to be on duty on these occasions.

There has always been much interest in bowling in Tecumseh and there is evidence this sport will now be revived here. Many of the young men of the city have been eager to get into the bowling game and the opening of the Smoke House alleys gives them the opportunity they have been seeking. Three or four and possibly five leagues are to be organized and the indications are this sport is to become one of the important factors in indoor recreation during the winter. A Sterling silver loving cup is to be the trophy for which the various teams in the leagues will strive, the one making the best showing being awarded the prize. It is likely the clerks will have a league also the American Legion, the H. Brewer & Company, the American Steel and Wire Company and the Heesen Bros. An all-star team will be chosen from among these bowlers to represent this city at bowling contests held in other towns.

GOOD CHEER CLASS HAS SOCIAL SESSION

Mr. and Mrs. Leon VanValkenburg and Miss Maude Scofield entertained the Good Cheer class of the Baptist church at the VanValkenburg home west of town Tuesday evening with Mr. and Mrs. Faye VanValkenburg the guests of honor. The rooms were found full of string lined in every direction through and under the furniture and along the walls. The bride and groom were compelled to follow these strings and at the end of each was a kitchen utensil, so when all were found they made a fine collection of granite and aluminum ware. Games were on the program. Then the company made the couple each a life book which brought in more fun and the happy affair ended with the serving of ice cream, wafers and cake. The twenty-five present enjoyed the evening hugely.

GUILD PLANS FOR A CAFETERIA SUPPER

There were sixteen ladies present Tuesday afternoon when the Ladies Guild of St. Peter's church met at the parish house for its regular devotional and social meeting. During the business session it was planned to hold a cafeteria supper in about two weeks.

Mrs. L. E. Temple and Mrs. J. G. Widdifield gave missionary readings and the committee for that day served refreshments. During the afternoon the ladies sewed for the Indian school they are assisting.

CO-OPERATIVE ASSOCIATIONS OF THE COUNTY ORGANIZE

Hoyt Whelan, J. T. Boyce and James A. Murphy represented the Tecumseh Co-Operative association at Adrian last night when a county orgnization of the eleven co-operative associations in the county was effected. A committee was appointed to draft by-laws to be presented next Thursday at 1 o'clock when a second meeting is called. All officers and members of the various co-operative associations are urged to attend. The value of such a county organizatin can be readily seen in the buying end of the business prticularly.

The Ladies' Aid of the Presbyterian church will have a sale of baked goods Saturday, October 11, in Service's vacant store. Lots of good eats—adv

Editorial Comment

Air navigation has reached a high state of perfection, this being conclusively proven by the visit here early in the week of flyers from the Service Aviation Training and Transportation Company of Wabash, Ind., when nearly a score of Tecumseh people were taken for flights and safely returned.

Young and old were passengers, all realizing that flying has been reduced to such a fine science that there is little more danger that a drive in an auto. The ascent, the journey and the landing is made so gracefully that the passenger has little sensation of danger, the Curtis brothers' early attempts at air navigation having resulted in wonderful strides in this remarkable scientific endeavor. Daily more marvelous stunts are performed by these heavier-than-air flying devices and in the not far distant future when planes will be used for freight and other heavy service Tecumseh people who took flights during the past few days will recall with great pleasure their thrilling experience.

Due to the generous expenditure of money by Tecumseh and the efficient work of Street Commissioner Kennedy and his men this city's thoroughfares are now reported in the best of condition and ready to withstand the rigors of winter. The street commissioner states Tecumseh's streets are now in better condition than they have ever been this time of the year. Street work will no be so heavy from now on, there being a lull during the winter months.

Autoists from other parts of the state in passing through this city all remark on the excellent streets Tecumseh has and local motorists and those driving teams also appreciate the smooth roads and the city officials may be assured the money invested in improved streets has been well spent.

An evidence that men are becoming earnestly interested in the world-wide religious movement was the great banquet of the Brotherhood of St. Andrew, an Episcopal organization, held in Hotel Statler, Detroit, Wednesday night of last week. Here were gathered hundreds of men, mostly good, sound business and professional men, to discuss and hear discussed the problems and responsibilities confronting the church in the now unsettled world. World-wide movements are also in progress by other religious denominations and if the determination and interest now manifested by men continues we may look forward to a revolutionized religious era.

Lenawee's quota for the Roosevelt Memorial fund has been placed at $3,000. The campaign to raise this fund opens October 20 and continues during that week. F. J. Temple, vice president of the Lilley State bank, has been appointed chairman for Tecumseh township. Fully realizing the great loyal American heart and spirit of the former president Tecumseh people will gladly contribute along with the entire nation toward establishing a suitable memorial for the one time hero of America.

The people of the nation felt relieved when early in the week reports came from the bedside of our national executive that the condition of President Wilson was improved and that the outlook for recovery is favorable. Our president has been under a tremendous mental and physical strain since his first inauguration and even greater during the present administration and it is a wonder that his constitution withstood the pressure as long as it did.

Makes Strong Plea For Misguided Girl

TEACHER OF RECREATION AT ADRIAN "HOME" ADDRESSES MONDAY CLUB

Drastic Changes Made in Conducting Institution Related By Mrs. Hunsicker — Says Girls Did Not Know How to Play.

Mrs. Hunzicker, teacher of recreation at the Industrial school for girls at Adrian, was the speaker at the Monday Club meeting Monday when the club year was opened.

The lecture room of the M. E. church had been decorated charmingly by Mrs. Paul Bowen, great armsful of autumn foilage gracing either side of the room with a jar of beautiful salvia on the president's table.

Mrs. J. H. Smith, the president, called a short business session, at which it was decided to hold the meetings of the club this year at the M. E. church as a more central location. An invitation was received from Miss Farman to visit her school at Adrian as a club some time during the month. The invitation will be voted upon next Monday. Mrs. R. S. Moore led the company in several songs, using new song books "I Hear America Singing," which the club has just purchased. Mrs. Moore followed this with a rollicking solo "Good Morning, Brother Sunshine," Mrs. F. B. Wood accompanying through the musical numbers.

Mrs. Smith with a few words of hearty welcome introduced the dainty little lady, the speaker of the afternoon, who by her charm, persistence and goodly pep has revolutionized things in the Industrial Home at the county seat.

"The Value of Recreation," which Mrs. Hunzicker took for her subject, she has proven completely in her work with the girls. When she went there a short five months ago, she found the residents unresponsive, every bit of play having been punished out of them. She would ask them to join in games and they would stand around like bags of sand and it was ten days before they really grasped the fact that she meant for them to play like real girls. She said in her ten years of teaching people to play that first ten days in Adrian was the hardest bit she ever put in. The girls had not been permitted to even hum at their work, not to speak to one another, only to sing hymns one hour each night, so no wonder they had forgotten how to play. Now she has changed things thanks to the new administration, and has the girls playing all sorts of games. They had baseball teams, playing a scientific game which would do credit to the league teams, and they don't slump around any more, but display as much pep as the soldiers. The director of all this play is a missionary at heart, bringing out the real value of wholesome recreation.

The girls had been dressed in the institutional blue, skirt drooping in the back, hair pulled back until the eyes bulged out and with shoes to cripple one, no wonder they were criminals, they certainly looked the part. Now through the intercession of the little missionary, they dress like other girls and are accordingly acquiring self-respect, the change taking them far from the old criminal, not-caring attitude, "little forlorners," as Miss "Huney" terms them.

White middys and black skirts with comfortable shoes and their hair becomingly combed worked a remarkable change. No more do they say "Oh Gee! what's the good!" Then, too, all this time they've lived in this glorious air, not like Detroit's filthy atmosphere, and none in their lungs through being trussed up in corsets till they look like spooks. These came off, too, and though they seemed to have no back-bone at first setting up exercises and drill are giving them, good healthy bodies.

At first through so much starchy food the girls' muscles were soft. A different diet helped out the play until now they can take hikes with the best of them.

Besides teaching them how to dress and eat the girls are being taught to care for their bodies. New brain cells are being developed, they are taught to think and act quickly, another value of play, the value of time. Instant obedience is another lesson taught which they will need in playing the great game of life. And never to whine! They get hurt in their games frequently but Mrs. "Huney" says "Never cry out" and they often tell each other that and bravely get up and go at it again. Also are they taught to hold their head up and when they go out in the world and the fact of their being "reform school girls" is thrown at them, to not whine but live it down.

They are instructed to play fair, and not to argue with the referee and "when the Great Referee decides a point against us we are to abide by His decision and not talk back." In all the whole story is "Play the game." The loyal little speaker made a heart-touching plea for "the girl not to blame" saying educated people today study into the case and care for the girl not to blame that her children need not fill our lunatic asylums and prisons.

"The biggest bit of reconstruction work being done in America is that at the Industrial School, for we are doing it for the generations yet unborn. Just a little training and sympathy makes them star-women, and our biggest asset there is the recreation work," the speaker declared.

Harold Lowry then came in and closed the program with two fine solos, accompanied by Mrs. Wood. Mrs. H. S. Temple and her committee served delicious coffee, sandwiches and cakes. Dr. Pauline Bredow is leader for next Monday with a paper on "The Child Welfare Movement" by Mrs. E. S. Tate and an address by Atty. F. B. Wood an "Michigan's Laws Regarding Women and Children."

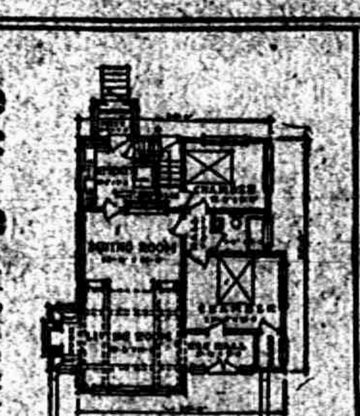
Double the Value and Pleasures of Your Old Home



A STUMBLING - BLOCK front stoop was made into a comfortable porch, with a vestibule entrance and a triple front window. Cell-like living and dining rooms were converted into delightful living quarters by a bookcase colonnade opening. A "homey" nook with a cheerful fireplace and window seats was added to the living room. Housework was made easier by a built-in sideboard in the dining room and by permanent cupboards in the kitchen. The rear stoop was converted into a usable screened porch. A medicine cabinet was built-in over the bath room basin. The front bed room was given a daylight closet.

These things were done to this old house—and they double its value and comforts.

Perhaps your old house needs to be made new. Let us help you do it. We will give you some suggestions for doubling the value and pleasures of your old home. And we will tell you how much it will cost.

Electricity is Your Willing Servant

With electricity available there is no need to worry about the servant problem. This silent force will do most of the housework in a highly satisfactory manner and without a murmur.

Why struggle through the household duties laboriously when electricity is so capable and adaptable for all sorts of work and its use will make the household duties so much lighter.

And no matter to what use it is put there is no feul necessary and no cleaning up to do after. Simply touch a button and electricity begins its work instantly. When the task is completed a second touch and the energy is held in check.

There are now so many electrical appliances which lighten the duties of the housekeeper that it is folly to struggle along without their assistance. And they are especially helpful in winter.

Isn't it up to you to avail yourself of these conveniences? Just phone us and we will be pleased to talk the matter over with you.

Weage, Ernest Taylor, "Billy" Beardsley, A. W. VanDoren, Robt. Quackenbush, Ralph Hagadorn, Louis Howe, Gordon Bailey, Billy Fisher, Miss Beth Satterthwaite, A. W. Anderson, Ed Pritchard, Miss Vera Daniels, Clarence Alderdyce.

Some of the men who were formerly in the service of the United States have gained the impression that the American Legion is an organization for the purpose of keeping the ex-sailors, soldiers and marines under obligation to the government. The officers of the American Legion desire to emphatically deny this and those former service men who have been reading the newspapers have been fully informed as to the objects of the organization. It aims to promulgate Americanism at all times and has let it be known that it will work for anything that is for the benefit of the United States. Those who have failed to join because they were laboring under this wrong impression are uged by the officers of the local post to disabuse their minds and affiliate with the organization.

SCHOOL NOTES

Oh! Boy! Talk about a bunch of busy kids, you ought to see those seniors get busy on the Lyceum course. The first one is October 25 and it is a hummer. The seats go on sale Monday morning and they are to be all sold. Hurry and avoid the rush.

Last month in the second grade there were twenty-one children who were neither tardy nor absent out of a possible thirty.

The other day in the United States history class a senior called Alexander Hamilton a willy secretary instead of a wily secretary. Never mind, everybody makes mistakes.

Mrs. J. H. Smith is substituting in the fifth grade during the absence of Miss Stone.

The Tecumseh high school foot-ball team went to Addison last Friday and was defeated by a score of 47 to 7. Manchester plays here tomorrow so everybody come and yell for Tecumseh.

Smoke House Bowling Alleys Are Now Open for Business

Bowling enthusiasts in Tecumseh and vicinity may now gratify their longing to indulge in this health producing recreation as three alleys have been installed in the basement of the Smoke House and are now open for business.

The equipment is of the high grade Brunswick-Balke-Collender make and those versed in such matters have pronounced these alleys the best lighted in this part of the state.

Great care has been taken in installing these alleys and they have been classed as perfect. They will be in condition for play at all times and offer young and old of Tecumseh and the surrounding territory opportunity for real indoor sport.

To accommodate the many women who have expressed a desire to bowl, every Thursday afternoon will be Ladies' Day, when they will have exclusive use of the alleys. There will be a lady attendant on these occasions.

Ladies Only Thursday Afternoons

Automatic pin setters are a part of the equipment, assuring the bowler perfect "spotting" of every pin.

Ample room is provided the players as the runways are two feet longer than the regulations require. The lighting system is so arranged that no shadows are thrown on the alleys, the bowler having every advantage for making big scores.

A number of bowling leagues are to be formed here this winter, some of the proposed organizations already having started to make arrangements for games. Other leagues contemplating to use these alleys are advised to call and discuss plans as soon as possible. A Sterling Silver Loving Cup will be the trophy for which the teams will play.

Now is your chance to get into the game, anxious bowlers, so get busy.

"Every Article Purchased Carries Temple Service Insurance"

You know this has been our slogan for years, and it means a lot to every Overland owner, whether his car was bought of us or not.

"Service Insurance" on Overlands

To give this "Service Insurance" we are carrying a large Parts Stock, which is increasing all the time.

We also have a well equipped Garage with modern appliances, including battery charger, etc. We have the best of mechanics to work on the Overland cars. Our system is different. Call and have it explained to you.

"Service Insurance" on Tractors

We realize what the future in tractors will be and have selected the SAMSON line, believing it will give you more for your money than any other. We realize the farmer of the future will want "to keep agoing" and for that reason have a good stock of parts and are increasing this stock all the time.

"Service Insurance" For All

Our spring plan is to have competent mechanics for each of the three lines—Autos, Tractors and Farm Machinery—for we realize [illegible] handle only one line and do justice to the same.

At the present time we are more than doubling our parts room and it will be placed in charge of a competent man who will keep it up so we can invariably have the part you need in our different lines.

Call and talk over your plans for spring and, by the way, watch for our advertisements on the new car soon to appear.

A timely suggestion is to order your spring Tractor now, as there will again be a demand far greater than the supply the coming spring.

The many young friends of Miss Florence Knodle of Bloomdale, O., will be interested to learn that on September 27 she became the wife of Victor E. Baker also of Bloomdale. She had only that week returned home from a visit with her grandfather, James Elliott, and other relatives here and her marriage was a great surpise to the Tecumseh people.

E. J. Abersold started to carry mail on R. F. D. No. 1, Monday after sixteen months overseas. Mr. Abersold was inducted into service in May, 1918, and went overseas with the Eighty-Fifth division. Upon his arrival he was made a replacement for the first division, having been put into Co. B, sixteenth infantry. He was in active service at St. Mihiel, Meuse and Argonne, also took part in the parades in New York and Washington when the first division was in those places.

Surprise Party.

A jolly crowd of about seventy-five very pleasantly surprised Mr. and Mrs. Edwin Barnes Tuesday evening. The time was spent in games and music. The feature of the evening was the "Blowing" game in which the ladies pioved they could out-blow the men. A potluck supper closed the happy evening.

OBITUARY

Mrs. Mary Hindes.

Mary Elizabeth Smith, eldest daughter of Mr. and Mrs. Chas. F. Smith, was born in Ridgeway township Sept. 11, 1848, and departed this life at her home in Ridgeway Oct. 2, 1919.

She was united in marriage to Meeker Hindes March 18, 1866, he preceding her in death twenty-eight years ago. To this union were born 7 children, Charles N. and Harvey A. of Ridgeway, Mrs. W. C. DeLisle of Detroit, Mrs. Clifford Flower and Mrs. Otto Marks, of Jackson, Mrs. Harry Hite of Chicago and Horace who died in infancy. Besides these children are left ten grandchildren, two great-grandchildren and three brothers, Albert Smith of Adrian, Horace Smith of Tecumseh and Shirley Smith of California, together with a number of relatives and friends.

Thy children, dear mother, this
sweet autumn day
Are grouped in a cluster on the
homestead sod:
Thy trees, beloved, round them
their shadows lay—
Sad shade—but crowned by sun
light cheer from God.

Low voiced your children, their
dreamy eyes bedewed,
Recall to mind thy kindly words
and deeds,
And one by one dear memories are
renewed,
And sweet as waftings from
your clover meads.

We loved thee, dear mother, and
our thoughts of thee
Through years to come will
blest and helpful be;
Thy beaming kindness, like the
sunlight free,
Sure, Memory's eyes must spar-
kle as they see.

Unmurm'ring fortitude when pain
oppressed,
The songs which in the night
thy maker gave—
They'll live, they'll live to bless
us when depressed.

Card of Thanks.

As far as words can give expression, we wish to acknowledge with gratitude, the assistance rendered and sympathy manifested by our many friends during our recent great trial and affliction.

The children of Mary E. Hindes.

Miss Minnie Lowry was home from Jackson Sunday.

Mr. and Mrs. Leon Temple spent today in Toledo.

Miss Pearl Pocklington was home from Jackson over Tuesday night.

BRADLEY OPERA HOUSE ATTRACTIONS

Douglas Fairbanks in His New Production Sunday.

Sunday evening, October 12, the management of the Bradley opera house will offer Douglas Fairbanks in his new production "He Comes Up Smiling" which is best described as a complete knockout! "He comes up Smiling" was made to order for Fairbanks and was taken from the stage play of the same name in which Doug. himself, was starred for over a year. Many of Doug's admirers probably did not know that Douglas Fairbanks was a real stage actor but he was on the stage several seasons before going into pictures.

Doug. puts new joy into life in this big production of "He Comes Up Smiling." There is surprise after surprise, from start to finish and just about the time you think there is an end to unexpectd situations another one is introduced. The same rapid-fire action prevails throughout that is characterized in all of Fairbanks pictures. "He Comes Up Smiling" will make you gasp and laugh and applaud for more and you'll talk about it for weeks to come, say those who have seen it.

As an extra attraction the first two reel Capitol comedy will be shown on the Bradley program, featuring smiling Bill Parsons "Dad's Knockout," also the Ford weekly and the special orchestra which is making quite a hit with the Sunday evening patrons of this popular playhouse.

Kitty Gordon, the Best Dressed Woman on the Screen, Saturday Evening.

The usual big, high class program of feature pictures will be presented at the Bradley Saturday evening, Oct. 11. The main feature for the evening will be Kitty Gordon, known from coast to coast as the best dressed woman on the screen, in a wonderful six act feature "Playthings of Passion."

Apropos of the elaborate gowns and costly wardrobe which it is announced Kitty Gordon displays in this latest screen superfeature the following items culled from an authentic list is of interest to feminine readers: Miss Gordon wears in one scene an ermine cloak valued at $15,000, and accompanying the ermine in this scene is a fan of ostrich plumes priced at $5,000. In the same picture this popular actress' neck is adorned by a rope of pearls said to have cost Miss Gordon $100,000.

Many of Miss Gordon's gowns are of her own designing. A hat with bird of paradise feathers costing $1,000; earrings valued at $26,000; a pin with fifteen diamonds of over two carats in weight and thirty small stones, a diamond lavalliere with garnet centre; a gold mesh bag priced at $2,500, and a sable coat bought for $25,000 are among the astonishing adornments revealed by Miss Gordon in "Playthings of Passion."

One of the scream producing Sunshine comedies "The House of Terrible Scandals" will complete the Saturday program and they do say it is just an scream atter another.

Remember how the big house is packed every Saturday night and try and come as early as possible. It will save you standing and waiting for seats.

FAMOUS CARTOON PLAY AT BRADLEY, MONDAY

"The Captain and the Kids" next Road Attraction.

If you want a real old-fashioned laugh, an evening of genuine amusement, don't miss that sparkling medley of fun and music "The Captain and the Kids" which is coming to the Bradley opera house, Tecumseh, next Monday, October 13. You have all seen the cartoons of these fnny youngsters and the captain, now is your chance to see the cartoons of these funny youngsters and the chance to see them come to real life, making things hot for the captain and the inspector the same as they do in the funny page of the Sunday paper.

The play is woven in an exceptionally humorous vein, and you are certain to have an uproarious time.

A carload of scenery and stage effects are carried for the production, and the company numbers about thirty people, with some eighteen musical numbers. Arrangements are under way to have the Adrian orchestra, which played the show Tuesday evening, furnish the music for Monday night at the Bradley.

There is not a serious moment in the entire piece, "The Captain and the Kids" like the cartoons in the papers, is for laughing purposes only and is said to fulfill its mission admirably.

A large package of wearing apparel has arrived from Camp Dix, N. J., from Guy Yates, who has returned from overseas. His friends here are expecting him home most any time now. He is the last one to return from this vicinity.

Mrs. Will Dettman was agreeably surprised Monday by ten of her lady friends who reminded her in this way that it was her sixth wedding anniversary. The afternoon was spent in various ways. A fine pot luck supper was served.

Mr. and Mrs. Geo. Putman were delightful entertainers Monday evening to a company of friends who they had invited in to see two other buds of their night blooming cereus unfold. Refreshments were served at the close of the evening.

Farmers south of town have combined and are placing "no hunting" signs on their farms. This is done in order to stop the ruthless distruction of quail and squirrels which has already started. They will punish to the fullest extent any one caught disregarding the notices.

The regular meeting of the Community Improvement Society will be held in the school auditorium Monday evening. An interesting program is being prepared and a cordial invitation is extended to all to attend. The society meetings are for the public and worthy of your attention.

Mrs. Will Dettman entertained a company of relatives Tuesday evening honoring her husband's natal day. The affair was planned and effectively carried out as a surprise on Mr. Dettman, who after recovering from the "shock" proved himself a genial host. A fine pot luck supper was served and the evening quickly passed in a gay time.

A quiet wedding took place Friday in Adrian when Miss Arretta Smith, daughter of Mr. and Mrs. Lewis Smith, became the wife of Leverett DenSlowe. They have won many friends during their short stay here, who extend hearty congratulations. Mr. DenSlowe is our hustling confectionary man. They will reside above the store, still continuing in that business.

A number from here were in Ridgeway Sunday attending the funeral of Mrs. Mary Hindes.

Mrs. Albert Tonnenberger is assisting in the postoffice in the place of Miss Mary Oliver, resigned.

Lucian Bannister, a civil war veteran, 74 years old, died quite suddenly Tuesday morning at his home in this place. Death was due to a stroke of apoplexy. He is an old resident of this place and is survived by his wife, one daughter, Mrs. Nettie Curry, and four grandchildren. The funeral services are being held this afternoon, (Thursday) at the home. Full obituary next week.

Common-Sense for Corns, "Gets-It"

The Great Painless Corn Loosener. Simple as A. B. C. Never Fails.

If you have ever tried to get rid of a corn by bundling up your toe with bandages, or by using salve that made your toe red and almost raw, or tried to dig your corn out with a knife, there will be a surprise waiting for you when you use "Gets-It." Imagine peeling your corn off gloriously, easily and painlessly, just like peeling off a banana skin. Well, that is what happens when you use "Gets-It." There is nothing else that will give you this same result. Millions of folks have had the same blessed experience. Why putter and suffer, limp, and spoil a good time for yourself and your friends, or your peace of mind while trying to attend to business? Use "Gets-It," the simple common-sense way. "Gets-It," the only sure, guaranteed, money-back corn-remover, costs but a trifle at any drug store. M'f'd by E. Lawrence & Co., Chicago, Ill.

For Middle-Aged—Men and Women

It isn't always on-coming old age that causes men and women in the middle years of life to slow up and feel a loss of ambition and energy. Weak or disordered kidneys do not filter waste matter and impurities out of the blood as they should, and backache, tired feeling, lameness, stiff joints, sore muscles, rheumatic pains, biliousness, irritation of the bladder, puffiness under the eyes or other symptom or ailment appears.

SHE WAS GREATLY BENEFITED

"I feel so much better than I did before I got Foley Kidney Pills. They are fine and you may use my name in your advertisement. I am glad to help you, as your medicine helped me greatly. I truly hope some one else who needs it will get some of your medicine. Your Kidney Pills are wonderful. I cannot thank you enough for them." Laura Perry, 1540 Twiggs St., Augusta, Ga.

FOLEY KIDNEY PILLS

strengthen the kidneys, stimulate the bladder and tone up the liver. They help the kidneys remove the accumulated poisons and soothe and heal the passages. JACKSON COMMUNITY SERVICE BUREAU

"A Community Can Prosper Only by the Support of Its People"

The World Takes What Jackson Makes

Jackson Industries form a magnet that attracts dollars from every quarter of the globe where civilization attains.

The industrial development of the city of Jackson is of vital importance to the entire district of which it is both the industrial and commercial center. This district, embracing a radius of 50 to 75 miles unsurpassed from an agricultural standpoint, and is productive enough to furnish food materials for many times the number of people living within its border.

MOTHER EARTH IS THE FOUNDATION OF ALL WEALTH

In some form or other she must produce the very means of sustenance, as well as the luxuries for the whole people of the entire world.

Employees of Jackson industries are producers for the world and consumers for the district.

The more industries we have the larger the consumption of the district products.

The more industries we have the more dollars produced by "Mother Earth," in other districts, than our own, will come rolling into Jackson.

OUTSIDE MONEY WILL COME INTO THE DISTRICT

In addition to the various manufacturing industries we already have, there is about to be located in Jackson an automobile tire plant that will employ at the start about 1500 people. To house these employees there will have to be erected 600 houses, representing an outlay of more than $2,000,000. This means the immediate development of at least 225 acres of land.

Ninety-nine per cent of the money required for the purchase of this land, the erection of the factory buildings and homes for employees, also the wages for employees both at present and in the future will come from outside our District through the world distribution of the finished product of this factory.

EVERY DOLLAR OF THIS MONEY WILL BE VELVET TO OUR DISTRICT

It's up to us as just how much we will be benefited by this additional revenue. If we immediately carry or send it away the benefits accruing to the district will be very small, where if we spend it with our own business interests it becomes a permanent asset to the community for all time. The only way in which we can reap the greatest benefit from industrial development is by BUYING EVERYTHING IN OUR DISTRICT THAT WE USE OR CONSUME.

BUY IT IN THE DISTRICT

EVERY DOLLAR you spend in your own district increases the value of your property and labor.

Encouraging Bolshevism

Everything that falsely encourages unrest also encourages bolshevism.

Misunderstanding of American industrial organization, and of its benefits to mankind, leads to unrest, dissatisfaction, and radicalism.

For example, the Federal Trade Commission tells the public that the large packers had an agreed price for lard substitute (made of cotton-seed oil.)

It reproduces letters taken from the files of one of the packers, showing that such agreed price existed.

But it failed to mention that the agreed price was determined at the request of and in co-operation with the Food Administration!

Even the Department of Justice, in its unjust attempt to create prejudice against the packers, has made public these same letters, with no explanation.

How long must this kind of misrepresentation continue? In so far as it is believed, it not only breeds discontent, but results in injustice to our industry.

MRS. JOHN S. TEMPLE DESCRIBES INTERESTING PROCESS

Also Relates Experience While at Mackinac Island, Where no Automobiles are Allowed—Scenery Here is Very Beautiful, Place Abounding With Picturesque Spots.

Tecumseh, Mich., Sept. 25, 1919.
Editors Tecumseh Herald:

As the Herald printed my hurriedly written letter forwarded from Calumet I'll venture to come again and tell of some other good times.

Sept. 16, Mrs. Pascoe entertained several ladies in my honor. We enjoyed a very pleasant afternoon which ended with a dainty lunch.

The next morning, Mrs. Pascoe Mr. Temple and myself took the ten to nine (as they say) car for Lake Linden, 4 miles away where the stamp mills are. This is where the rock (copper) is crushed. The office was a large, beautiful building, where we obtained a pass to explore the different mills belonging to the Calumet and Hecla Mines. There were three large mills besides several other buildings, In the mills the copper rock is taken in on cars high up in the top of the mills and dumped down into different shoots.

A man stood at the bottom of each one and hoed it into the fire box of the engine. In the mill we were in there were eleven engines each operating a crusher. This was a mammoth iron pipe about two feet in diameter that raised and lowered very rapidly. They called it a drum. After being crushed the ore was carried by pipes to tables where a constant stream of water was running, cleaned it, carrying the copper in one direction and the waste in another. This washing process was continued on several tables, some showing large pieces of the ore and some only the very fine. The per cent of the copper for August in the different mines ranged from 13 to 40 pounds to the ton, the Champion being listed the highest. It seemed a small amount, but they said just let them have the ore.

We took a buss and went on to Hubbell, a mile away, where the smelting mills are. This is where the copper is melted and run into moulds. We saw this liquid fire made into ingots, weighing 20, 40, 50, 100 and 500 lbs. For the first three sizes the men carried the "fire" from the furnaces in long handled iron scoops to the moulds that were set in a long tank where running water passes. Another man follows the "fillers," and with a crow bar inverts the mould and it drops into the water, which is boiling although the cold water is continually pouring in. The third man hooks them from the water upon the floor, a solid mass. It is about five minutes from the time the liquid leaves the furnace until it is complete.

The moulds that are used for the 500 lb. ingot are about 2x8 ft., 4 inches deep, with hooks at the two upper ends. These moulds are placed flat upon machinery that operates from a wheel in the center, and causes these moulds to revolve. The furnace that fed this was opened while we were there and contained eighty tons of the melted copper. These moulds are filled by machinery, and when one is filled it passes on and another stops under the spout, on reaching ¼ of the circumference, water from over head is dripped on the "fire" automatically, until they reach one-half of the circle, there they dump into a large vat of water on platform which is kept in constant motion and is on an upward incline. This platform carries the now hardened copper to the top where a man adjusts two rings to the hooks or horns of the ingot. These rings are fastened to chains that are operated by an electric crane that is running on rails high in the peak of the mill. These cranes are wonderful. They can do everything but talk. These ingots are carried a few feet, where a train of cars is waiting. Each car is a platform with a large crate filling the entire top and divided into compartments, each large enough to hold one ingot upright. When each division is filled the little engine steams up and another car comes into position. These ingots are taken to another electrical mill where they are remelted to obtain the silver, of which there is quite a quantity.

The moulds, as they are emptied are brushed, treated to a coating of a lime mixture and lastly one of soft soap. It was all a wonderful experience to me and I hated to leave.

The following day we rested and Friday morning the Pascoe family accompanied us to Calumet where at 10 a. m. we embarked for St. Ignace enroute for Tecumseh. Houghton and Hancock are fine towns, especially the latter. The only other cities of imnotance along the line are Ishpeming, Negaunee and Marquette. The others are insignificant, some of them consisting of only three or four houses. At Baraga is an Indian reservation. Several squaws boarded the train and I saw one male Indian.

We arrived at St. Ignace at 8:30 p. m., where we remained over night. We enjoyed a fish breakfast, which by the way was our first mess of fish.

At 8 a. m. Saturday we boarded the D. P. Perry, a small steamer for Mackinac Island. This is a high elevation, rising 321 feet above lake level. From the wharf we look up on a beautiful park, containing a large statue of "Father Marquette." This park rises to a great height and upon the summit is the fort, block house, etc.

The island consists of 1,000 acres belonging to the government, and 1,100 acres owned by individuals. 800,000 tourists registered there this past season, but only 700 are winter residents.

Hundreds of beautiful homes are built on the terraces. One street is called the millionaire row. There are two palaces side by side owned by the Swifts of Chicago, another by Cudahy. They told us every state was represented. It has one unique feature, not an automobile is allowed on the island. There are two reasons for this. The roads leading up the mountain are narrow, formerly Indian trails, and very curving. Reason number 2 about 100 men make their living driving the tourists about the park. There is a drive of nine miles around the island right at the water's edge and innumerable ones in the interior. We chose the latter. Nine miles in, out, around, but always higher. We stopped at Arch rock, which is a huge pile of stone about 100 feet above the lake, a large opening eaten out of the center so you can look through it into the lake. Thirty-five years ago when visiting there Mr. Temple stood on the top of the arch and had his picture taken. Money would not have tempted me. Next stop was at Sugarloaf rock. This is 90 feet high, a small cave, high up in the granite pile that is reached by steps. I snapped a picture of this. We drove on rounding curve after curve through beautiful forests. They have had light frosts north and the foliage is exquisite. The hill is all heavily wooded, maples and all kinds of evergreens, here and there an opening with clusters of houses. We finally arrived at a small plateau and standing on the edge, we looked down over 100 feet. Far below us was the top of Sugarloaf Rock, I mentioned, surrounded by a vast area of the most beautiful trees that I ever saw. In the distance was the water.

We were t the pinnacle, 321 feet higher than where we started. Snap went my camera. A little farther on was the wireless station, but out of operation since Sept. 1. A few rods beyond were the remains of the old, old fort. Here an embankment of earth was throw in entirely surrounding the building. I have lost my notes so can not tell the year when this was built. This island was first in possession of the French, then the English, then the Americans conquered it, but it was retaken by the English and named Ft. George. Americans wrested it away again and renamed it Ft. Holmes. From this eminence one can see both North and South Michigan, Round Island also which is 16 miles in length. The old frontiersmen well know what advantage they had when they built upon this hill top.

On the way down we passed through cemeteries side by side, Protestant soldiers and Catholic. Men were busy constructing a cement wall for the enclosure. Lower down came an Indian village, another fort, golf links, and more beautiful houses and the Grand Hotel, 600 feet long, accommodating 1,000 guests. This was closed as were other hotels and stores, the season being practically over. After dinner, Mr. Temple preferred to rest, so I wandered down the one main street, visiting the curio stores,

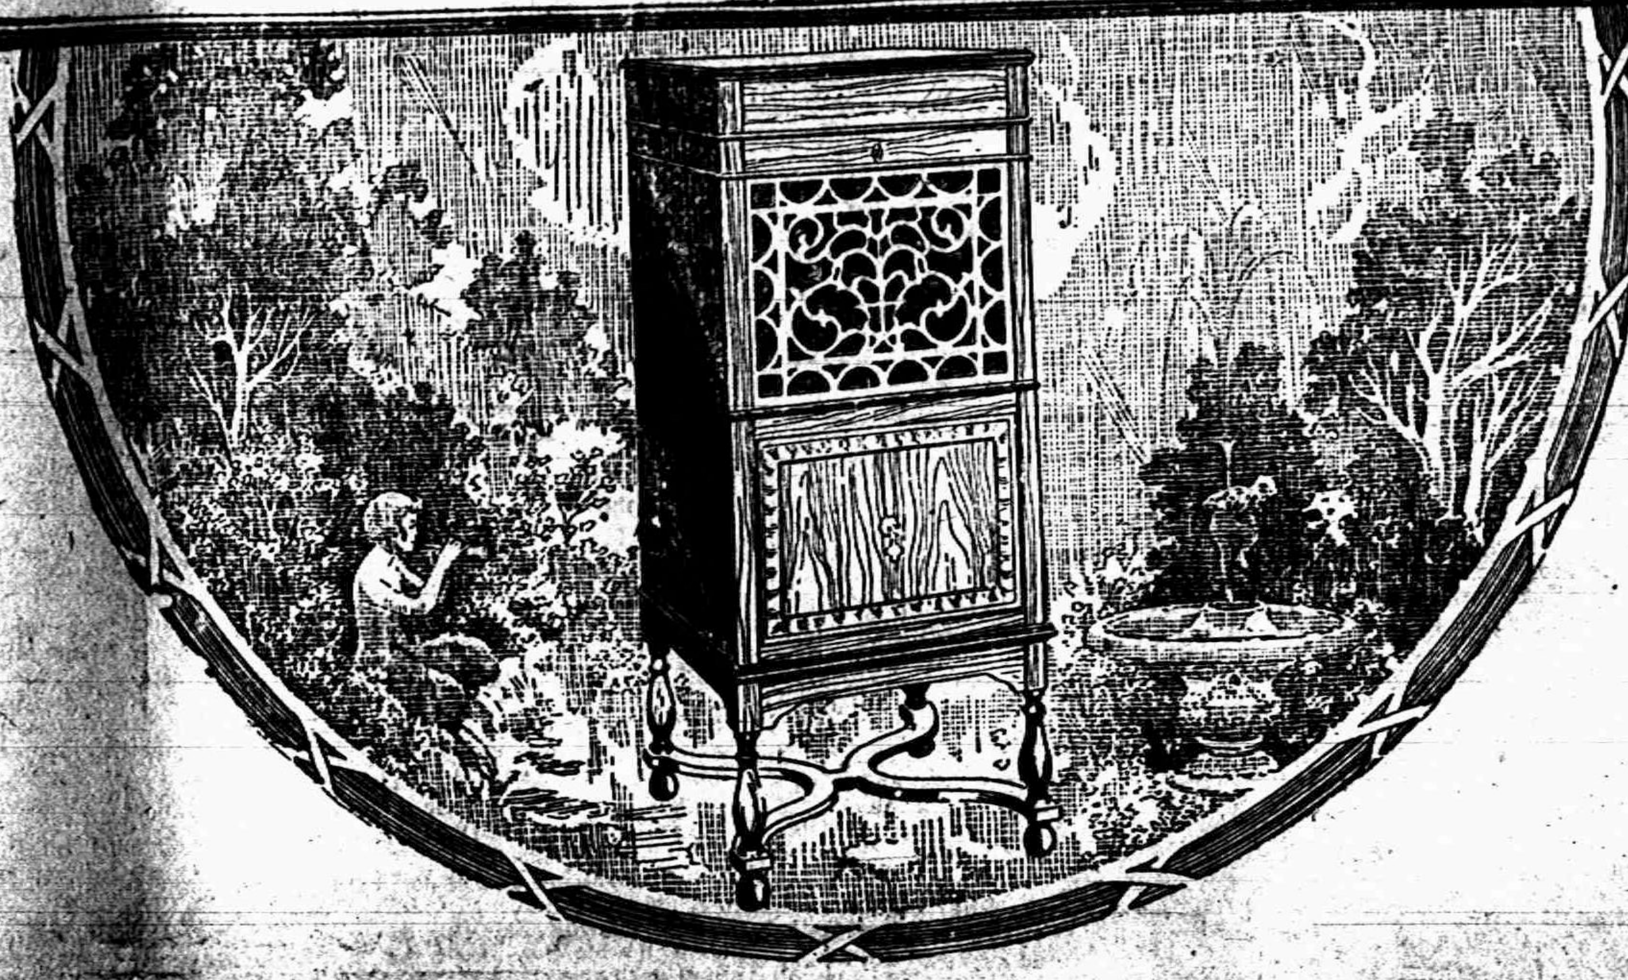
The NEW EDISON



No needles to change. Even records of all other makes sound more human when played on The New Edison.

Re-Created Music Is Music Plus Personality

THE music of a great artist thrills and stirs us, where the same music rendered by another may leave us utterly cold—

Because—

Into *his* music the true artist has woven his whole soul—has made his music the expression of his Personality—made it a living thing.

And right there is the distinction between the *New Edison* and *all other phonographs.*

The genius of Thomas A. Edison has caught the music *plus* the Personality of the artist. It is wonderful. It is true music *Re-Creation.*

Close your eyes when listening to the *New Edison* and it is the living artist you hear. The artist *himself* speaking through music.

Music plus personality! Such music The New Edison and *only The New Edison* gives you.

Without Personality music is mere sound. With it, music is something vital that strikes at one's very depths, summoning memories, hopes long buried, and tender feelings. That is what music with Personality means, and that is the music the New Edison gives you.

If you delight in beautiful furniture, then by all means see the charming exhibit of *New Edison* Period Cabinets. It includes Sheraton, Jacobean, Chippendale, William and Mary and Eighteenth Century English Cabinets illustrative of the very finest examples of the craftsmanship of these golden ages of furniture designing.

Miss Elsie De Wolfe, America's foremost interior decorator, after examining this new line of Edison Period Cabinets volunteered this unqualified endorsement of them:

> "The Period Cabinets which Mr. Edison has adopted are in pleasant contrast to the rather grotesque cases one so frequently sees. From the characteristically diminutive and graceful Hepplewhite to the costly replicas of historical pieces, the superior furniture value of the Edison cabinets can scarcely fail to impress the lover of good furniture."

So come in today. See these beautiful new cabinets. Hear the marvelous music *Re-Creations* of the New Edison. Both will delight you. Come—*today.*

TELLS OF VISITING COPPER SMELTERS

(Continued from Page Seven)

of which there are great many, shopping a little, and asking prices; most of them were fabulous.

Our steamer, City of Mackinac, was late and did not leave until 4:30. First stop was at Cheboygan where they loaded several automobiles. Here the wharf was crowded, both coming and going, with children, shouting "Shoot us a nickle", "shoot us a nickle." A great many pennies and nickles were tossed to the eager children, then a perfect scramble ensued. Their repository for their gains was their mouth.

In the night the wind raised and rain came in gusts. The boat rocked dreadful crossing Saginaw Bay. They said nearly all of the female contingent were ill. I won't describe my sensations, but tell of more pleasant things. Will just mention I did not get up Sunday until noon, and made four attempts to dress before I finished. Torrents of rain fell until about 5 p. m., just before reaching Detroit.

Brother Herbert again met us, and we visited with them until Wednesday. Monday afternoon Mrs. Herbert Temple and myself visited Palmer Park. In the evening we attended the Alhambra theatre. Tuesday we were in the large stores down in the city and later entered the Broadway theatre, where we witnessed "The Eyes of the World" by Harold Bell Wright. This was fine.

Wednesday morning they motored with us to Delray where we boarded the "D. T. & I." (or as one little girl phrased it, a 'D T' with one eye) for Tecumseh, which some say is "The Biggest Little Town on Earth."

IT'S NOT YOUR HEART IT'S YOUR KIDNEYS

Kidney disease is no respecter of persons. A majority of the ills afflicting people today can be traced back to kidney trouble.

The kidneys are the most important organs of the body. They are the filterers, the purifiers, of your blood.

Kidney disease is usually indicated by weariness, sleeplessness, nervousness, despondency, backache, stomach trouble, pain in loins and lower abdomen, gall stones, gravel, rheumatism, sciatica and lumbago.

All these derangements are nature's signals to warn you that the kidneys need help. You should use GOLD MEDAL Haarlem Oil Capsules immediately. The soothing, healing oil stimulates the kidneys, relieves inflammations and destroys the germs which have caused it. Do not wait until tomorrow. Go to your druggist today and insist on GOLD MEDAL Haarlem Oil Capsules. In twenty-four hours you should feel health and vigor returning and will bless the day you first heard of GOLD MEDAL Haarlem Oil.

After you feel that you have cured yourself, continue to take one or two capsules each day, so as to keep in first-class condition and ward off the danger of other attacks.

Ask for the original imported GOLD MEDAL brand. Three sizes. Money refunded if they do not help you.

SEVENTEEN ARE TAKEN FOR RIDE IN LARGE PLANE

(Continud from Page One.)

was being made and was much surprised latter on learning that the plane even in breasting the wind was traveling at the rate of about sixty miles an hour. After going about 4 miles the ship was swung back toward the city and it was then that it is fully realized what a pretty place Tecumseh realy is. Just now, after the recent rains, the meadows and the lawns are remarkably green and after viewing them from the air one can understand why neither poet or painter can picture nature in its true color.

that The Herald representative had the one and only sensation that he might have to part with his dinner. To vary the journey a little the driver cut the letter S in the air a few times and it was while making the first one that the passenger feared for just an instant that he was about to lose his most recent meal, but it lasted just a moment. Afterward the only sensation experienced was one of complete enjoyment.

The return to the field was the only regretable part of the trip—that it had to be so soon. Making the desent is far from the breath-taking experience that many expect it to be. The plane is made to glide down gradually, skims along just over the ground for a short distance and then settles down, there being just the slightest jolt when it comes in contact with terra firma.

After climbing out of the machine The Herald man was asked to give an estimate of how fast he had been traveling when the plane was riding with the wind and when he stated he did not believe it was very speedy was astounded when told he had been carried through the air at a rate of about ninety miles an hour. It is very difficult to judge speed so high up, as the plane seems to be moving at a very moderate rate. There is just the slightest tilting to the machine when it is in motion, first gently to one side then to the other, but not enough to cause one to worry.

The Canadian J. N. 4 plane was the type used here and with Mr. Fawcett at the helm it seemed almost as safe as speeding along in an auto, the airships now having been prefected to such a remarkable degree that marvelous stunts can be performed in them with comparative safety. Mr. Fawcett was formerly instructor at the government aviation station at Love field, Texas.

Among those to be taken up were a local woman and two of Tecumseh's aldermen, also a retired undertaker from Clinton, J. B. Hause, who is nearly 80 years of age. He had a close second so far as age was concerned in A. VanValkenburg, who has spent 75 years on earth and made his first aerial trip Monday, saying he thoroughly enjoyed it.

There were a large number of people at the landing field from the time the aviators arrived until late Monday evening, they coming on foot, in horse-drawn vehicles and in autos.

Those taking rides were as follows, they being taken up in the order named: Ruford Anderson, Charles A. Ihrkey, Alderman R. J. McCoy, Eugene Rosacrans, Alderman B. J. Pulver, William Daisher, J. B. Hause of Clinton, G. L. Tansley, W. E. Service, J. H. Smith, Albert Clark, G. H. Church, Amenzo VanValkenburg, Lester Sloan, Percy VanValkenburg, Sidney Hall and Mrs. J. H. Smith. None regretted having taken the trip and some were eager to go up again.

The aviators remained in town over Monday night. Their machine was covered with canvass during the night and was fastened so that the wind would not damage it. A guard was stationed with the plane all the time that it was in Tecumseh. The birdmen came here from Ann Arbor and left for Milan, their next stop, Tuesday forenoon. Pilot Fawcett and Mr. Hensler, the mechanician, were well pleased with their reception here and expressed their thanks and appreciation for the courteous treatment received.

Airplane News Notes.

The airplane has a gasoline capacity of twenty-five gallons and there are always five gallons in reserve.

Two of Tecumseh's city officials were among those to make flights, Alderman Pulver and McCoy being taken for trips into space.

After each passenger left the plane friends would crowd around him to hear him tell of the thrilling experience and many were the questions which had to be answered.

Soon after Amenzo VanValkenburg was returned to the ground his grandson, Percy VanValkenburg, was a passenger and was as enthusiastic about the trip as his grandfather.

Wearing the leather coat which the passengers is handed before he climbs into the machine has no bearing on the safety of the trip The coat is donned simply to protect the passenger's clothes from grease. In the summer a linen duster is used.

The leather helmet worn by the passengers during the flight is to help muffle the roar of the motor and to keep the air from rushing against his ear drums. If the helmet was not worn there would be a disagreeable ringing in the passenger's ears after coming down.

The aviators were particularly pleased with the splendid treatment accorded them by the owner of the field where the plane was stationed, Frank Bradley. Every courtesy was shown them they report, and they said their visit here was one of the pleasantest of the season.

Only one flight was made by Pilot Fawcett Tuesday morning but no passenger was carried. About 9 o'clock the aviators' equipment was placed in the plane and they departed, expecting to stop in Clinton for a short time to take up any who might have the flying fever over there.

Pilot Fawcett's graceful ascents and landings demonstrated why he was chosen as an instructor at the government aviation station at Love Field, Texas, during the war. He gave many a young man the instructions in flying which resulted in their becoming hero-birdmen over the trenches in Europe.

That the old people were not to be outdone by the young was proven when J. B. Hause of Clinton and A. VanValkenburg of this city went up. Mr. Hause, who is a retired business man, is about 80 years of age, while Mr. Van Valkenburg is 75. Both were game to the core and will now have have a wonderful experience to remember during their declining days.

Many people wonder how the pilot, on arriving at a city where he is to make flights, is able to locate a field from high in the air. The field is located for him several weeks before he arrives. The advance man who makes the preliminary arrangements in the town to be visited picks out a suitable field and then arranges with some one in the place to mark the landing station the night before the birdman is due to arrive. The marking of the spot where the plane is to alight is done with a large cross made of white muslin or some other suitable cloth. The cross is placed in the center of the field and is weighted down and then no matter how early the aviator comes in the morning his landing place is clearly marked for him.

State of Michigan—The Circuit Court for the County of Lenawee in Chancery.

Walter Exelby and Edgar J. Exelby,
Plaintiffs,
vs.
William McFetridge, John Herritage, Peter C. Vrooman, Martin Vrooman, Addison J. Comstock, William W. Murphy, George Oxeloy, Witter J. Baxter, John Exelby, Charles Underwood, Britton Oil Company, Phineas Spencer and the unknown heirs, devisees, legatees and assigns of each and every such named defendant,
Defendants.

At a session of said court held at the court house in the city of Adrian on the 13th day of August, A. D. 1919.

Present, Honorable Burton L. Hart, Circuit Judge.

Upon reading the bill of complaint filed in this cause, (duly sworn to by the plaintiffs from which it satisfactorily appears that the defendants hereto have some titles, interests, claims, liens or possible rights to the premises described in said bill of complaint and hereinafter described; and said plaintiffs averring that all of the titles, interests, claims, liens or possible rights of said defendants and each of them are barred by the open notorious, exclusive and continous possession of said plaintiffs or their grantors for more than fifteen years last past, and for more than fifteen years since the several rights to the possession thereof accrued to said defendants and that such possession has been during all of said time and still is adverse and hostile to the titles, interests, claims, liens or possible rights of the respective defendants and their predecessors in title; that plaintiffs have not been able to ascertain whether the said above named defendants and their unknown heirs, devisees, legatees and assigns or any of them are living or dead, or where they or any of them reside, if living or whether the title, interest, claim, lien or possible rights of said parties or any of them has been assigned to any person or persons, or if dead whether they or any of them have personal representatives or heirs living, or where they or any of them reside, or whether such title, interest, claim, lien or possible right may have been disposed of by will, although they have made diligent search and inquiry ,

On motion of John C. Howell attorney for plaintiffs, it is ordered that the above named defendants or their several unknown heirs, devisees, legatees and assigns, cause their several appearances to be entered herein in the manner provided by law on or before the first day of December, A. D. 1919.

It is further ordered that this order be published or served as required by law.

Burton L. Hart,
Circuit Judge.

Examined, countersigned and entered by me
Emery B. Root
Clerk of said Court.
John C. Howell
Attorney for Plaintiffs,
Adrian Michigan.

The above entitled suit involves the title to and is brought to quiet and clear the title of land described in said bill of complaint as follows:

That certain piece or parcel of land situated in the township of Ridgeway, Lenawee County Michigan, described as the West one-half (½) of the Northwest quarter (¼) of Section Fifteen (15), Town Six (6) South, Range Five (5) East, containing 80 acres of land more or less. 10-9

Farwell, to secure Eleven Thousand Dollars ($11,000.00) payable five years after date with interest at six per cent per annum until maturity and seven per cent per annum after maturity; interest to be paid semi-annually, which mortgage was recorded in the office of the Register of Deeds in and for the County of Lenawee and State of Michigan on the 20th day of January, A. D. 1919, at 4:20 o'clock p. m. and recorded in Liber 213 of mortgages, on page 168; and

WHEREAS, it was in and by said mortgage expressly agreed, that should any default be made in the payment of the said interest, or any part thereof, on any date whereon the same was payable, as expressed in said mortgage, and snould the same remain unpaid and in arrear for the space of thirty days then and from thenceforth, that is to say after the lapse of the said thirty days—the principal sum of Eleven Thousand Dollars mentioned in said mortgage with the arrearage of interest thereon should, at the option of the said Edwin R. Farwell, his executors, administrators or assigns, become and be due and payable immediately thereafter, although the period limited in said mortgage for the payment thereof might not then have expired, anything thereinbefore contained to the contrary thereof in any wise nothwithstanding; and

WHEREAS, it was in and by said mortgage further expressly agreed that the said mortgagors, within forty days after the same became due and payable would pay all taxes and assessments, special or otherwise, which should be levied upon the lands described in said mortgage; and

WHEREAS, it was in and by said mortgage further expressly agreed that the said Mortgagors would keep all buildings erected upon said lands insured against loss and damage by fire with insurers and to an amount approved by the Mortgagee as a further security to said mortgage debt and assign and deliver to the Mortgagee all insurance upon said property; and

WHEREAS, said Mortgagors have neglected and refused to pay the interest which became due on the 17th day of July, A. D. 1919, or any part thereof, and have neglected and refused to pay taxes levied upon the said lands described in said mortgage within forty days after the same became due and payable, and have neglected and refused to procure the said insurance against loss and damage by fire as stipulated by and in said mortgage; and

WHEREAS, More than thirty days have elapsed since said interest became due and payable pursuant to the provisions of said mortgage, and since said default in the payment of taxes and the procuring of insurance and the undersigned has elected and hereby, elects that the whole principal sum shall become and be due and payable immediately, and

WHEREAS, there is due on said mortgage at the date of the first publication of this notice the principal sum of Eleven Thousand Dollars ($11,000.00), together with interest thereon from the 17th day of January, 1919, in the amount of Three Hundred and Ninety-Three & 84-100 Dollars (393.84); Taxes paid by the undersigned in the amount of One Hundred and Fifty-six & 12-100 Dollars ($156.12) and interest thereon from the 16th day of June, 1919, in the amount of one & 97-100 Dollars ($1.97); and Two & 30-100 Dollars ($2.30) paid by the undersigned to procure insurance on the 27th day of June, 1919, making altogether the sum of Eleven Thousand Five Hundred & Fifty Four & 23-100 Dollars ($11,554.23), and no suit or other proceeding has been instituted at law to recover the debt secured by said mortgage or any part thereof; and

WHEREAS, by virtue of said defaults in the conditions of said mortgage the power of sale therein contained has become operative:

Notice is therefore hereby given that by virtue of said power of sale and for the purpose of realizing the moneys above claimed to be due, together with interest thereon and costs of this proceeding, including a lawful attorney fee and any sums which may be hereafter expended for insurance or taxes upon the property in said mortgage described and conveyed, I will, on Saturday, the 15th day of November, A. D. 1919, at the East front door of the Court House in the City of Adrian, in the said County of Lenawee and State of Michigan, that being the place where the Circuit Court for said County is holden, at ten o'clock in the forenoon of said day, sell at public vendue to the highest bidder all that parcel of land described in said mortgage and situated in the township of Seneca, County of Lenawee, State of Michigan, described as follows, to wit:

The East half (½) of the Northwest quarter (¼) and the East half (½) of the Southwest quarter (¼) of Section Eight (8) in Town eight (8), South of Range two (2) East, containing one hundred and sixty (160) acres of land more or less.

Camel
CAMEL
TURKISH & DOMESTIC BLEND CIGARETTES

18 cents a package

CAMELS are in a class by themselves—easily the most refreshing, the most likable cigarette you ever smoked. You can prove that! Simply compare Camels puff-by-puff with any cigarette in the world at any price! Put *quality*, flavor and *cigarette satisfaction* to the utmost test!

Made to meet your taste, Camels never tire it, no matter how liberally you smoke them! The expert blend of choice Turkish and choice Domestic tobaccos makes Camels delightful—so full-bodied, yet so fascinatingly smooth and mellow-mild. Every time you light one you get new and keener enjoyment!

Freedom from any unpleasant cigaretty after taste or any unpleasant cigaretty odor makes Camels as unusual as they are enjoyable.

In fact, Camels appeal to the most fastidious smoker in so many new ways you never will miss the absence of coupons, premiums or gifts. *You'll prefer Camel Quality!*

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

Fulfilling the vision of its founder, this institution serves and will continue to serve its double function in (1) grinding feed for the farmers of northern Lenawee and in making flour for the housewives of Southern Michigan.

Promoting the prosperity of Tecumseh, by drawing patrons here from miles around, the "Globe Mills" is regarded today as one of the most important trade factors in upbuilding the prosperity of Tecumseh and surrounding country.

More so than ever before the aim of this mill is to give the farmers the best of service and the cooks the finest of flour.

CHANNING D. BEEBE VISITS HOME AFTER LONG, MYSTERIOUS ABSENCE

Remembers Being Attacked By Thugs In Toledo While On Way Home From Buffalo—Incidents Which Caused Him to Go to Nebraska Obscure in His Mind.

After mysteriously disappearing eight months ago, during which time his whereabouts could only be surmised, Channing D. Beebe, former manager of the Tecumseh Co-Operative Association, was home the latter part of last week but is still unable to give a coherent account of what caused him to absent himself so strangely. Mr. Beebe is now connected with the Port Huron Machinery Company and makes his headquarters at Lincoln, Neb., but the incidents which led to his locating in the west after leaving here last February on what was to be only a few days' business trip to Buffalo are not clear in his mind and have been a puzzle to his friends. Just prior to Mr. Beebe's unexplained disappearance he had suffered two attacks of influenza and the theory has been advanced that his mind might have been affected.

Last Friday Mr. Beebe returned to this vicinity, visiting his relatives at Tipton and also met several from here with whom he was most intimate before he made the eventful trip to Buffalo. He has informed friends that it was his intention to return to Tecumseh as soon as his business was completed in the east and those who knew the most about his plans corroborate this. He says he started back to this city from Buffalo as he had planned to do but that in passing through Toledo on his way home he was assaulted and robbed. He remembers walking along the street in Toledo and being struck a blow on the head. His mind is not clear as to the subsequent events, but he does recall that of the money he had with him when he left Buffalo he had but a small portion when he regained consciousness. Indistinctly he recalls hastening to a depot to board a train to get away from the scene of his encounter with the highwaymen. The train he boarded took him to Chicago, he discovered, and what caused him to go on west to Nebraska, why he has failed to communicate with his relatives and friends during all the time he has been away are still a puzzle which he seems unable to solve. Some are of the opinion that the blow on the head which he received in Toledo and his illness prior to his going east brought about the peculiar mental condition under which the long absent man has been laboring.

Mrs. Beebe for some months has been a matron at an industrial school for girls at Geneva, Ill., but will join her husband in Nebraska as soon as he can make the necessary arrangements. Both have been visiting relatives in Lansing. Mr. Beebe's stay in this vicinity was very brief as he had to hasten back west for business reasons, but he intimated that he may return for a longer visit at a future date.

FORMER TECUMSEH MAN WEDS A QUINCY GIRL

Friends here of Harold Tribolet, who was formerly manager of the local 5 and 10 cent store, will be interested in the fact that he has taken a popular Quincy girl as his bride and that they are to reside in their own home in Coldwater where he is now in business. Mr. Tribolet and Miss Belle Crouch, daughter of Mr. and Mrs. A. T. Mallory of Quincy, were united in marriage the morning of October 8 in the new home of the young couple in Coldwater. The ceremony was performed by the Rev. Mr. Wright, pastor of the Methodist church in the last named city. The parents of the bride and the father and two sisters of the groom witnessed the ceremony which was decidedly simple. Following the ceremony a wedding breakfast was served. After spending two weeks at the lake near Colwater the young people will reside at their home in that city. Miss Crouch is very popular in her home town and Mr. Tribolet has many friends in Tecumseh and is held in high esteem by his business associate.

KRYL'S ORCHESTRA SEXTETTE HERE OCT 25

Kryl's orchestra sextette, which appears here on the high school Lyceum course Saturday evening, October 25, consists of a company of real artists selected by Bohumir Kryl, famous bandmaster and cornetist.

The program given by this sextette is one of exceptional merit. While the ensemble work of the company is always a delightful part of the program, the work of the artists in solos, duets, trios and quartets is equally notable.

Miss Irene Stolofsky, well-known violinist, is leader of the sextette. She is one of the promising younger violinists of today.

Mr. Kryl states that this is one of the best companies that he has organized in years.

Card of Thanks.

Appreciating the kindness of the many friends during our terrible affliction, we wish in this manner to express our thanks.

Especially do we thank the Rev. W. R. Curtis for his comforting words, and those who furnished flowers and the use of autos.

Two Seriously Hurt When Auto Skids

MR. AND MRS. F. M. MULVANEY ACCIDENT VICTIMS WHILE ENROUTE TO MIDLAND

Former's Spine Injured While Mrs. Mulvaney Suffered Broken Collar Bone—Were On Way to Visit Daughter.

Reports from Mr. and Mrs. F. M. Mulvaney, who were so seriously injured in an auto accident near Northville last Thursday, are encouraging. They had started for the home of their daughter at Midland and were about a mile out of Northville, when, going down hill, the auto skidded on the wet pavement and turned over. Mrs. Mulvaney suffered a broken collar bone, while Mr. Mulvaney was jammed behind the steering wheel hurting his back and neck badly. His forehead was also cut terribly.

They were taken to the home of Mr. and Mrs. Adelbert Westcott, parents of Mrs. Maynard Mulvaney, and are being cared for there. Mrs. Mulvaney is able to sit up but Mr. Mulvaney is suffering much from the injury to the back of the neck. It is feared the vertebrae are injured. Maynard was with them Friday and Saturday.

Mr. Mulvaney is a prominent business man of the village, being the senior member of the Lenawee Lumber & Supply Co., and both have many friends in the city who are anxiously awaiting further news from Northville.

DELEGATE FROM JAPAN SPEAKS HERE MONDAY

The Rev. Dr. Irvin H. Correll of Tsu, Japan, will speak at a mass meeting in St. Peter's Episcopal church on Monday evening at 7:30.

Dr. Correll is a delegate from Japan to the general convention of the Episcopal church at Detroit. At this time when the condition of affairs in Japan and the far east is at the forefront of world matters it will be interesting to have the opportunity of hearing of these things at first hand from one of Dr. Correll's standing. Dr. Correll is a compelling speaker, and the author of a number of works in the Japanese language. The meeting is open to all.

MISS KYLE'S CLASS HAS ITS ANNUAL MEETING

Miss Kyle's class held its annual meeting Tuesday evening at her home, it being also the first meeting of the season. There were 26 present. The election resulted in the continuance in office of the old officers as follows: President, Mrs. J. J. Orr; vice president, Mrs. Martha Nye; assistant secretary, Mrs. Ethel Mathias; treasurer, Mrs. James Cupples; assistant treasurer, Mrs. Will Dickinson; treasurer of flower fund, Mrs. R. J. W. Bowen. The roll call was answered by suggestions for the welfare of the class and some much needed charity work will be accomplished by that class this winter.

The November meeting will be with Mrs. Fred Aldrich.

LOCAL K. OF P. OFFICER IS AWARDED PRIZE

It has been the custom in the grand lodge of the Knights of Pythias for the grand keeper of records and seals to award prizes to the first three keepers of records and seals getting their reports into his office in July and January. This term one of the prizes fell to the Adrian and one to the Tecumseh lodges and at the meeting last night in Adrian Mr. Line presented the K. R. S. of that lodge his prize and tonight G. J. Ziehr, the efficient K. R. S. of the local lodge, will be so honored. A big crowd is expected and degree work with a banquet and smoker are also on the program.

TROOP NO. 1 TO GIVE A MINSTREL SHOW

A minstrel show is to be given by Troop No. 1 of the Tecumseh Boy Scouts, it having been decided at Monday evening's meeting of this organization to present such an entertainment. The show will be given at the Royal theater but the date has not been set. The members of the troop are practicing almost daily for the performance, which they predict will be of a highly entertaining character.

The Monday evening meeting of the troop was a spirited session all showing marked interest in the various phases of the work.

Rally Day Brings Many to Churches

SPECIAL SERVICES ARE WELL ATTENDED BY TECUMSEH PEOPLE

Congregations and Sunday School Classes 27½ Per Cent Larger Than Usual—Unique Features Mark Day's Observance at Some of Houses of Worship.

Rally Day, observed by the Tecumseh churches last Sunday, resulted in an average increase of 27½ per cent in attendance at the various houses of worship, the special effort to have an usually large number present at the service on this occasion proving very gratifying to the pastors and church officials. Some of the churches extended their Rally Day activities over the various services of the day while others concentrated their efforts to the Sunday school classes.

The Presbyterian church members responded to the "large attendance" plea in greater numbers than did the Tecumsehites who worship in the other edifices. There was a 35 percent increase in the attendance at the sermon in the morning as well as at the Sunday school.

At the Baptist church Rev. W. R. Curtis fused the Rally Day idea into all the services. There was a 25 per cent increased noted in the attendance at all the services.

Rev. C. M. Thompson's Rally Day efforts were also markedly fruitful, he reporting an increase of 25 per cent in attendance at the various services.

The Friends church also experienced a noticeable increase in attendance.

As Rev. J. G. Widdifield occupied the pulpit in the Clinton Episcopal church Sunday morning no extensive effort was made by St. Peter's church to observe Rally Day.

MERRY-GO-ROUND CLUB OPENS ITS SEASON

The Merry-Go-Round club held their first meeting of the season Tuesday evening at the farm home of Mr. and Mrs. Lavern Russell, when Mr. and Mrs. R. S. Moore assisted in the entertainment. The forty present played "500." Mrs. Thomas McCann winning the men's prize and Mrs. B. J. Pulver, the woman's. Following the games refreshments were served. Mrs. Glover of South Bend was the only guest from away.

Show Well Attended.

A packed house greeted "The Captain and the Kids" Monday evening at the Bradley. And the pictures in the funny papers of the little fellows and the troubles of Mrs. Katzenjammer and her admirers were delineated splendidly. The antics of "the Angels" kept the audience in an uproar throughout the performance. The gowns of the chorus were new and bright and their songs and dances clever.

To Have Safety Drive.

A national railroad accident prevention drive is to be conducted by the New York Central from Oct. 18 to 31 and it will extend to all towns along the road including Tecumseh. Safety rallies will be held at many of the important terminals and every effort made to prevent accidents in this line in the future.

WARNING!

Hunters, we will allow no hunting, shooting or trapping on any of our property.

Eight friends of Mrs. P. G. Heidenreich gave her a farewell party Tuesday evening at the home of Miss Ethel Keyser. A picnic supper was the principal feature and as a token of their friendship they presented the guest of honor with a pretty spoon.

J. R. Nyland Will Lead Fund Drive

Campaign to Raise Money for Memorial to Roosevelt Will Open October 20.

J. R. Nyland, president of the Tecumseh Commerce Club, will conduct the drive in this city and township for contributions to the Roosevelt Memorial Fund, he having been named chairman for this territory at a meeting held in Adrian Friday. The session was attended by F. J. Temple and R. K. Anderson of this city.

The Roosevelt Memorial Fund is for the purpose of erecting a suitable memorial to our far-famed former president, this township's quota being $350. All subscriptions to the fund go directly toward the construction of the memorial, the money needed to defray the publicity and other expenses for the drive coming from other sources. No one is forced to give toward the fund and none of the contributions are expected to be large, the hope of the county committee being that there will be popular donations. Each one who contributes will receive from the headquarters at Washington a membership certificate to the Roosevelt Memorial Association.

The fund campaign is to begin October 20 and will close October 27, the anniversary of Roosevelt's birthday.

Dr. F. A. Perry of Adrian is chairman for Lenawee county, the quota for the whole county being $3,000. The plans, as made at the meeting at Adrian Friday, provide for an organization in the various townships similar to that formed during the Liberty Loan drives. Solicitors will call an all the people and give them an opportunity to contribute. It is anticipated there will be no trouble experienced in securing this township's proportion of the fund.

Arrived Home Safely.

Mr. and Mrs. Grant Schreder have received a letter from their daughter and husband, Dr. and Mrs. Lochner, saying they arrived safely in St. Petersburg, Fla., their new home, on Oct. 7. They were held up at a farm house near Columbus three days on account of a broken axle but otherwise made the trip O. K.

MRS. HARRY MARTIN, WELL KNOWN HERE, EXPIRES

Mrs. Harry Martin passed away Saturday evening at her home in Chicago. Surviving are the husband, three children, one brother, Ed Kirchgessner, of Detroit and three sisters, the Misses Gusta, Ida and Anna Kirchgessner, of Jackson.

Mrs. Martin was formerly Miss Libbie Kirchgessner, a popular clerk at the Anderson dry goods store, leaving here about 1890, when she became the wife of Mr. Martin, a bookkeeper for the same company, when they went to Chicago which has since been their home.

The remains were brought to Clinton yesterday and the funeral held at 10 o'clock from the Catholic church in that village, with burial on the family lot.

Among the Tecumseh friends attending the services were Mr. and Mrs. Fred Rosacrans, Mr. and Mrs. J. J. Orr, Frank Wallinger and family, Miss Alma Tansley, and Miss Lucy Train.

Cafeteria supper served by ladies of St. Peter's Guild next Tuesday at 5:30 p. m. at Grange hall.—adv

Editorial Comment

Local admirers of that striking American character and remarkable citizen, former President Theodore Roosevelt, will next week have an opportunity to contribute toward a fund to erect a memorial to this unique figure in American history. From October 20 to 27 a national drive will be conducted to raise money to erect an appropriate structure to the memory of this nation's former energetic president. Tecumseh township being given the privilege of donating $350.

Everybody will have an opportunity to subscribe, it being hoped to make it a popular contribution. All of the funds donated will be used directly for the memorial, as the expenses incident to publicity, etc., are secured by other means. Each person who makes a subscription is to receive from Washington a certificate of membership in the Roosevelt Memorial Association. J. R. Nyland will direct the drive in this city and township.

"T. R." always had a host of supporters in this vicinity and now that his followers are to have an opportunity to make a contribution toward a memorial for this world-famed man it is likely that the sum sought here will be secured in record time.

Religious fervor is not on the wane in Tecumseh. This was evidenced Sunday when the local churches observed Rally Day, the atendance at all of the services showing a marked increase over what it has been during the past few months.

There was an especially encouraging response from the young people, the Sunday school classes and the other junior societies being attended by all of those usually present and by many who had not been at a meeting in some time. This was particularly gratifying to the pastors and other church officials as the young people will be the future congregation members and attendance at the services now will instill in them the desire to be present as they grow older.

It is the hope of the expounders of the gospel that the people of Tecumseh will consider every Sunday Rally Day and continue to come to the houses of worship in the same large numbers as they did October 12.
